In the name of God Amen, I David Jackson being of sound and disposing mind and memory but fraught of body and aware of the uncertainty of human life, do make & ordainlate this my last will and testament.

57. (5)

First I desire that all my just debts shall be paid. Secondly I give and bequeath to the legal heirs of my dec'd daughter Polly Jamison the portion of my estate which I intended for my daughter Polly which is one equal share with all the rest (except the sum of one hundred dollars heretofore given her of my children, except David who for his trouble and expense and attention to my wants &c I intend to give two shares, the sum of one hundred dollars which I gave Polly is a part of the portion of her children, as my intention is to charge each child with whatever they have rec'd, I give to Thomas one equal share also but to be charged, with the sum of one hundred and fifty dollars, which I have heretofore given him. I give to Elijah one equal portion &c to be charged with the sum of two hundred dollars given him heretofore. I give to my daughter Nelly one dollar only, she having had her full share. I give to my son Hezekiah one equal share, I also to James one full share, not subject to any deduction, having given them heretofore little or nothing. I give one equal share to Nancy Allen & the heirs of her body. Also to Deborah and William an equal share, William to be charged with the sum of one hundred dollars, To my son David I give for reasons before stated two shares of my state and lastly I give and bequeath one equal share to my daughter Fanny. I further will and desire that my farm where I live be valued by two disinterested men, and David to retain it by paying within four years without interest after my decease, to the other children, whatever sum said land may be valued to over and above his two shares. David is to take care of my Daughter Fanny, she being the youngest child, free of charge. I appoint my dear sons David and James and my friend Geo S. Brown Executors of this my last will & testament, and my further wish is that the court will not require security of them. The negroes, stock, farming utensils, household & kitchen furniture &c to be valued and retained by the children of they choose to do so if not then to be sold at the discretion of my executors. In testimony whereof I have hereto fix my hand and seal this 6th day June 1851.
