The nuncupative will of James Masden deceased — The said James Masden in his last sickness called on the undersigned as witnesses to testify as to the way he wished to dispose of his property both real and personal: He stated that he wished that his two sons Hardin and John Masden should have the two Colts that they claimed and that his eldest daughter Ellen should have a sorrel Colt that was then in the plate; this last wish was made to the undersigned James Porter alone. The balance of the property real and personal he wished his wife Elizabeth Masden to have and keep in her possession during her widowhood and at the death of his two youngest sons, James and Felix were to have the plantation and land he then lived on: and his sons Hardin and John were to have his other plantation and land — He further wished that should his wife be disobedient to his wishes she should have them out. Said James Masden died on the 6th day of August 1833. Witness our hands and seals this 10th August 1833.
