Sixty-Eight Diplomas To Record Class

CUTHBERT, Ga., May 18.—Andrew college, Cuthbert's old and well known female college, brought to a successful close its sixty-eighth commencement, graduating the largest senior class in its history. The year just ended has been a very pleasant and successful one at the college.

After devotional exercises, Charles H. Crisp, congressman from this district, delivered an appropriate address to the young ladies of the graduating class. After Mr. Crisp's address, Prof. C. K. Greene, of the chair of English, Wesleyan college, Macon, orator of the day, delivered the literary address.

President Branch, after an appropriate and touching baccalaureate address to the senior class, paying them high tribute, both as to their conduct, class standing and deportment, delivered certificates and diplomas to the graduates. During his address he announced a gift of $5,000 to the endowment fund of the college by ex-Governor B. B. Comer, of Alabama, as a memorial to his wife, who was Miss Eva Harris, of this city, and a graduate of this college. He also announced another gift of $2,000 to this fund from Mrs. Hendricks, of New York, who recently died in Italy. Mrs. Hendricks was a former Cuthbert girl and a graduate of this college. The thousand dollars of her gift was a memorial to her sister, and the other $1,000 to her mother.
