IF BILIOUS, S

"Dodson's Liver Tone" Straighte
Salivating, Dangerous Calom
You—Don't Lose a Day's Wo

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated, breath bad, stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick you can't lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the greatest liver and bowel medicine you ever took, get a 50c bottle of Dodson's Liver Tone from any druggist or merchant. Take a spoonful tonight and you will feel fine tomorrow morning. Dodson's Liver Tone is a vegetable liquid. It is guaranteed to be perfectly harmless and to never salivate. Its action is mild but sure. Children like it. Adults should take two spoonfuls for a dose.
