RULES OF THE SOUTH BRANDYWINE CO. OF VOLUNTEERS

THE SOUTH BRANDYWINE CO OF VOLUNTEERS having organized itself, in consequence of the danger of invasion with which the Country is threatened and with the view of contributing to the security of the neighborhood; and the said Company having since been sanctioned by the Governor of the State, We the committee appointed by the said company on the 12th instant for the express purpose of making the rules and regulations which are necessary to the best organization of the Company. Considering that the best means of promoting the good of the Institution and of obtaining the object in view is to bind together the members of the association by laws which will insure good order and discipline in the company as well as due obedience to the Officer with respect to military orders, have agreed upon the following rules and have made them fundamental laws of the Association.

1st: Each and every member of the company engages himself to repel invasions and oppose attacks of the enemy in the neighborhood, as also to pay due respect to the laws of the Company and proper obedience to the officers in all military respects.

2nd: Such member of the Company as will not conform himself to the laws and regulations of the Company shall be punished or fined as hereafter stated.

3rd: Every offence against the Company rules shall be brought before a court martial.

4th: The members of the Court Martial will be elected by vote of the company. The said court will be composed of one officer, one Sergeant and three Privates, one half of whom are to be replaced by others at the end of every two months and the said court martial shall be presided by the Captain.

5th: The decisions of the court martial will be the result of a majority of votes, the Captain, as president, having the casting vote, the court will appoint a secretary chosen out of its own members and a treasurer chosen out of the whole Company.

6th: In case of some offence committed against the rules of the Company, the Captain will convene the court martial and state the case, witnesses will be heard upon the evidence of whom the court will decide; and the decision of the court shall be notified to the offender. If the said offender is sentenced to a fine, the same must be paid in the course of a week after the said notification; or else shall be double. The Sergeant of each platoon shall collect the fines agreeably to orders of the court, deposit the same into the hands of the Treasurer or report to the court in case he has not been able to collect the same.

7th: The decrees of the court martial shall be read at the head of the Company on the next parade day, and, if the offence is not a second fault, the Captain will have his option as to remitting the fine or punishment, in case of a sincere repentance on the part of the offender.

8th: Every member of the Company shall pay due respect and obedience to his superior officer in all military respects; should any body act contrary to this article he shall be fined or dismissed from the Company according to the nature and extent of the fault; the fine in this case not to be under 25 cts. nor above Ten Dollars.

9th: Differences or quarrels having for object religious or political opinions shall on no account be tolerated. An attempt to infringe these first and most sacred rights of a freeman, being the greatest offence which can be committed in a free country, shall be considered as an attempt to disorganize the present association, and, as such, shall be severely punished the fine in such a case not to be less than Five Dollars and not more than Thirty Dollars—

10th: Every Saturday afternoon the Company shall parade. The rendezvous hour shall be three hours before sun setting; and the precise hour when the roll shall be called will be fixed by the Captain, and notified to the company on parade every other month, or oftener if necessary. The fines of non attendance shall be for the officers two dollars; for the Sergeants Fifty cents, the Corporals, Thirty seven cents and a half and for the privates Twenty five cents. The roll shall be called precisely at the appointed hour, when the absent members will be docked; the roll shall also be called prior to dismissing and the members who will be present at one time and absent at the other shall be half fined.

11th: The 4th of July shall be a grand parade day, intended for the celebration of the anniversary of the Independence of this Country. The Captain will notify the time and place when and where the Company shall meet.

12th: The Afternoon of the first Saturday of every two months to begin in July next shall also be a grand parade day. The rendezvous hour shall be two O'clock, and want of attendance to grand parades shall be fined double the amount afore specified in Art. 10th.

13th: There will be once a week a drill for the officers, Sergeants and first Corporals, non attendance to it shall be fixes as non attendance to the Saturdays parade in Art. 10th.

14th: Each platoon shall be drilled once a week; the fine for non attendance shall be half the amt. of the fine fixed for want of attendance to the Saturday's parade.

15th: The fine for appearing on parade with a musket not clean or not in good order is fixed to 12 cents and a half. The same to be doubled, if the same offence is repeated on the next parade day.

16th: Firing a gun out of the rank, or in the rank without order to do so, shall be fined no less than 12 cents and a half and not more than one dollar.

17th: For being intoxicated on parade, quarrelling in the ranks or creating disorder in any manner whatever shall be punished as the court will think fit.

18th: Non attendance to extraordinary calls of the Company duly notified by the Captain's order, to be fined from one to a Hundred Dollars as the court will decide.

19th: In case that an offence is committed which has not been foreseen and² provided against in the present regulations, the case will be stated before the court martial who will inflict such punishment as will be thought proper by the said court.

20th: In case of Absence on the part of some members of the court martial, the court will select another member of the same rank or grade to fill up the vacancy.

21st. In case of some member of the court martial being guilty of an offence brought before the court, such member shall be replaced by another person of the same rank or grade selected pro tempore by the court.

PETITION TO GOV. HASLET TO CHANGE 2nd LIGHT INFANTRY INTO A RIFLE COMPANY

To his Excellency JOSEPH HASLET Esq.

1813

Governor of the State of Delaware

The Undersigned Officers, and members of the 2d Company of Light Infantry attached to the 2 Bat. 2 Rgt. 1st Brigade Del. Militia

Respectfully

represent, that we deeply impressed with the importance of Rifle Corps, when opposed to the enemies of our Country in that maraudering species of warfare which they have of late, and are now waging with such pernicious and destructful effects upon our Citizens, and believing from every days experience that that species of force which, at present, we are in this State alone able to oppose to them will not be found to afford an efficient defence.

Therefore request that your Excellency having the power by law, would change the Said Company from a Light Infantry, into a Rifle Com. by an issue of New Commissions for the same officers which are now attached to the Compn. and that your Excellency would, as we humbly conceive you have the power, furnish us with Public Rifles, either by loan from the General Government, or in any other way which your Excellency shall deem most proper and expedient and with as much promptness as is compatible with your convenience;

And as in duty bound we will ever pray.

ADJ. GENL. WM. DUANE TO CAPT. PHIL. GREEN

Adjutant Gen. 4th District
Phil Oct. 18, 1813

CAPT. PHIL. GREEN

commdr. at Lewis,

Sir,

I have the honor to acknowledge the receipt of yours of the 16th. and thank you for your intelligent Report. In my first orders I wished to be made acquainted with the number of the Pilot corps, as I had no returns of their number; I regret this was not attended to. However, the season is now too far advanced to be apprehensive of any seroius attempts of the Enemy on the shores of the Delaware, and all we shall require will be a garrison to preserve the Public Property, and serve as a rallying point in the event of any appearance of the enemy; where we can send from this quarter any number necessary of the 32d Reg. who are now tolerably well disciplined.

Your company will be inspected on or before the 29th instant, and duplicate inspection & muster rolls forwarded to this office, in order that your corps may be paid off to the first of November, beyond which time it is not contemplated to retain any of the Militia or either those from their homes. The Pilot corps, being residents will take charge of Lewis and the Public Property there, which you will be so good as to deliver over to them on the last day of this month.

I am with Respect your obd. sevt.

FORMATION OF AN ARTILLERY COMPANY

Wilmington 16 Nov. 1813

Sir

A sufficient number of men in this place and its vicinity, having associated themselves together for the purpose of forming an Artillery Company, and having elected David C. Wilson to be the Captain, Benjamin H. Springer, to be first and Jacob W. Robinson to be second Lieutenant thereof, we beg leave to recommend them to your excellency, as suitable persons to fill the places to which they have been appointed by the association; first having ascertained, to our perfect satisfaction, that the organization of another Artillery Corp in this place, will not in any manner whatever interfere with the District companies, so as to reduce the number of either of them, below that which is required by law, there being within the limits in which the present Company is formed, at least five hundred men liable to do duty under the provisions of the present existing militia laws.

We are with respect

His Excellency

Your Obt. Humb. Servt.

LETTER FROM GOV. RODNEY TO SECY. OF WAR

Extract from Governors Register January 25th 1814.

The Governor directed the following letter to the Secretary of War to be Registered

Lewes Jany the 25th 1814.

Sir,

I have taken the earliest opportunity since the duties of Governor of the State of Delaware, devolved upon me, to represent to you the exposed and defenceless State of our Sea Coast, every point of which, from the Ocean to New Castle including above one hundred Miles of Sea, Bay and River Shore, is also assailable by the Maritime force of the Enemy; by which the last season from the 14th of March till the 28th of November we were very much harassed.

I do therefore Sir earnestly request you to make our Situation known to the President of the United States, and that his Excellency may Authorize Me, to call into service for the next six Months, one Battalion of Infantry, with a small proportion of Cavalry, and Artillery; or such amount and description of Military Force, as you may deem proper; And the President may think he can grant for our protection and security, having respect at the same time to the more pressing demands, on the resources of the General Government, from other parts of the Union. If Sir this application should be favorably received, our Fellow citizens would be much gratified to know that some measures would be speedily adopted for this security.

I would further suggest for the consideration of the President the propriety of employing a part of the Flotilla in the Delaware, to protect our trade with Philadelphia from the numerous creeks or small rivers, which empty into the Bay and River, Between Reedy Island and Lewes.

The Gun Boats and Gallies are peculiarly fitted for that service; in the Shallop or Western Channel, extending forty miles above Lewes Creek, no vessel of force drawing more than six feet, can approach them, and their Barges and small tenders, will not risk an attack upon our boats that are well manned. With the assurance that all the assistance in my Power will be given to ensure success to our Military & Naval operations on this Coast

I have the Honor to be

Sir Your most obedient Humble servant

DANIEL RODNEY

RESIGNATION OF MAJOR KENNEDY

Peter Robersen Esq

Sir,

Permit me through you to ask of His Excellency the Governor permission to resign my commission of Major of Cavalry attached to the 2nd Brigade of Delaware Militia—when obtained you will please to consider this as my resignation—

Understanding that the last Legislature authorized His Excellency to distribute at his discretion the arms and apperattus now at the different depots in this State—I take the liberty of suggesting the propriety of immediately supplying this company with arms—As the training of the Militia commences next month, the men will doubtless enter into the thing with more surity &c—if supplied—We had last year 125 stand, this number is perhaps an over proportion.

Yours

W. KENNEDY

GOV. RODNEY TO JESSE GREEN (Orders)

"Extract" Governors Register March 11th 1814.

The Governor issued the following order to Jesse Green Adjut. General of the Militia of the State of Delaware, which was handed to the Secy. of State on the 13th & forwarded

Lewes Mar. 11th 1814.

Sir,

I recd. this day a Letter from A. Genl. Duane, in which he informs me "The Command of the 4th Military district which devolved on him as Senior officer after the departure of Brig. Gen. Bloomfield, is now in the hands of Col. Bromwell Pearse of the 16th Regt. of U. S. Infantry, who is Senior to him in Rank."

That every attention, which was necessary and possible, has been paid to the Military circumstances of the State of Delaware, and from his knowledge of the disposition of the Government, that nothing will be omitted, within the means and power of the War Department, to contribute to its security, and to enable them to Judge of the mode, and to direct and apply the best means of Defence, he requires from you, for the information of the Commanding Officers of the District, the following information which you are hereby directed to furnish, and transmit to the A. Genl. as promptly and fully as it is in your power to do. Viz.,

1. The Militia Laws now in force in the State.

 Note to comply with this request if separate laws cannot be obtained of the Secretary, or Prothon'y a reference to the dates in the Bound Vol. may answer. The resolution for the appt. of Military commissarys should be added.

2. A return of the ordinance and arms of every description belonging to the State.

3. A return of the Militia of the State, exhibiting the Number, and headquarters of each division, and each Brigade; the names and residence of the General and Staff officers. The Regiment and the names of their field officers. The number of Officers of Battalion, non-commissioned officers, musicians and Rank & file.

4. A return of the volunteer corps if any designating each as Cavalry, Number of troops, names of Captains, place of residence, and the effective strength of each.

The Artillerists with the like particulars as above.

The Infantry and the like particulars and to note such as are uniformed and disciplined, and those that are not—

Those returns being made in the most expeditious manner, will enable the Commanding officer of the District to prepare and pursue the Means best adapted to any exigency which may arise, or the public service require;

And

Sir

Permit me to recommend your early attention to the Discharge of this duty—

I am Sir with much respect

RESOLUTIONS SENT CONGRESS FOR REIMBURSEMENT

Resolved by the Senate and House of Representatives of the State of Delaware in General Assembly met that three copies of the following Address be signed by the Speaker of the Senate and by the Speaker of the House of Representatives, that one Copy be sent to the Senators of this State with a request that they will present the same to the President, that another copy be sent to the said Senators to be presented to the Senate of the United States, and that the third copy be sent to the Representatives of this State to be presented to the House of Representatives of the United States.

To the President and the Senate, and the House of Representatives, of the United States of America, the General Assembly of the State of Delaware, respectfully represents

That early last spring the British Commodore lying in the mouth of the Delaware with a considerable naval force, made a demand of the inhabitants of Lewes, for a supply of provisions and water, and in case of a Refusal, denounced the destruction of the Town that the novel and alarming situation in which not only the people of that Town but the Citizens of the whole State were thrown by this threatened attack and by the actual bombardment of Lewes (Provisions and water being refused to the enemy) and invasion of other parts of the State, made it the duty of the Governor to call out the Militia for the protection of our citizens and repulsion of the Enemy. That in pursuance of the power vested in the Governor by Law, he called into service the whole Brigade of Sussex County and Companies from Kent & New Castle, that the State was obliged to make large advances of money for the immediate sustenance of the troops and for a supply of arms, ammunition and other warlike apparatus that the occasion was so urgent that the Governor could not make timely applications to the President for National Assistance nor his authority in placing the Militia in the service of the United States, that the unavoidable expenses of the State in this unexpected warfare in the pay and support of the Militia and in Warlike Stores have exceeded the sum of Thousand Dollars their actual amount as far as they have yet been ascertained being and demands of some Thousand Dollars being still unsettled.

The General Assembly further represents the propriety and indeed the necessity that these expenses should be reimbursed by the Government of the United States authorizes them to expect this measure of expediency and justice

The General Assembly thinks it their duty further to represent, to the President, and to Congress the great probability of another invasion of the State, the ensuing spring or Summer and their unprotected and defenceless condition. The Militia is not half armed, the Military are not sufficient to enable any serious resistance and the finances of the State will not admit the Legislature to procure such supplies as will promise security. The funds may be exhausted, the people may be exposed, they may be harrassed in marching and counter-marching but effectual defence cannot be made without the aid of the United States. By the time the Militia could be reasonably equipped and prepared for action they would be obliged to retire, the revenue of the State would be consumed without the least possible benefit

The President and National Legislature are therefore earnestly entreated to take into consideration this representation to reimburse to this State the expenses that has already incurred and to provide means of further Defence and Protection.

Your esteemed favour of 25th ult. was duly recd. and altho pleased at hearing from you, I regret the cause that made it necessary. I well recollect the circumstances of a detachment, of your honourable corps having been despatched to the places you have mentioned, in persuit of deserters, who had left their posts in the Garrison at Lewis Town, and I also recollect, with peculiar and secret satisfaction with what apparent cheerfulness, those Gentn. recd. and obeyed the order, which was issued on that occasion.

Rest assured Gentn. no exertions on my part, shall be wanting, in this, or on any other occasion, to render you satisfaction, if that satisfaction is not beyond the reach of my ability. May I be suffered to suggest to you, the propriety of having your acct. stated against the U. States, specifying the charges, and the dates as near as you can. I will then put a certificate upon it, and return it to you again, together with information where it is probable it will be recd. The claim I think a just one and should unequivocally be paid.

Lewes May 20th 1814

Sir,

If an application should be made at Geo Town from the Officers at Indian River for a supply of powder or arms, in a case of emergency, I wish you to supply them with such a number of arms or such quantity of powder as you may Judge necessary, taking care at the same time, that one company should not take an undue proportion, as there are some arms in that district. Mr. Hudson will deliver them to your order by Mr. Batsons directions, and take a rect. for the same from the Commissd. Officers who receives them.

Yours

PETER ROBINSON Esq.

DANL. RODNEY.

"NOTES" FOR TRIAL OF MAJOR C. P. BENNETT

Sir. Major C. Bennetts orders to Lieut. Hamilton dated 30th May 1814. Knowingly in opposition B. G. Stocktons orders dated March 28th 1814. Capt. D. Wilson can testify as the Capt. showed Major Bennett the Genls. orders to parade with 1st Regiment on 6th June.

Major Bennett solicited Lieut. Hamilton to parade the artillery Battalion at the time & place directed by the Major in defiance of the Genls. order or his feelings would be very much hurt, if his order was not attended too.

Major J. Black arrested Major C. Bennett by my orders, and I wish Major Black to state to the Court, the conversation that took place at that time and after the arrest was made and Major Bennetts conduct on the occasion.

ROBERT DILL TO GOV. DANL. RODNEY

Milford July 8th 1814

Sir, I hasten to enclose to your excellency two letters received yesterday from Maj. Gl. Robinson and Capt. Vandyke. The absence of Capt. Vandyke will not produce any serious inconvenience as I immediately gave notice to Lieut. Rogers of his being detailed as Judge Advocate. And with regard to the Maj. General's opinion it is within the province of the Commander in Chief to determine whether the reason given that "the proceedings of the Court Martial may come before him to be approved or disapproved of" be a valid objection to his presiding over such Court. Your excellency will please to advise me as early as convenient by letter at Newcastle (at which place I shall endeavor to be on the 13th) of your views of the subject. If it is thought proper to relieve Major General Robinson from this service there will be no difficulty in arranging the details of the Court in a different form and in a manner that will be perfectly satisfactory to all parties. Lt. Col. Caldwell is particularly suitable for that duty, unless you should think proper to detail a Brig. General from the 2nd or 3d Brigades. Maj. Crow promised me that he would write to you in a few days whether or not he would be willing to accept of the appointment of Military Commissary Mr. Hamilton having declined altogether. I am assured by Maj. Purnal (formerly of the 6th Reg.) and others that Nos. 1, 2, 3, & 4 compose the 1st Battalion. Consequently Nos. 5, 6, 7, & 8 compose the second.

I have likewise transmitted to your excellency all the documents which were in the hands of the late Governor connected with the subject of Munitions of War.

Permit me once more to request the honor of a communication from you at Newcastle.

Your most Ob. Humble Serv.

HIS EXCY. DANL. RODNEY Esq.

GOVERNOR REGISTER JULY 15th 1814

The Governor on the 15th July issued the following General Orders

Head Quarters, Lewes July

To ROBERT DILL, Adjutant General.

The Secretary for the department of war, by a Communication, dated the 4th of this month, made known to me, that the President of the United States has deemed it advisable to invite the executives of certain States to organize and hold in readiness, for immediate service a Corps of ninety three thousand five hundred men, under the laws of the 28th of February 1795, and the 18th of April 1814. And that the quota of the State of Delaware under this requisition will be one hundred of Artillery, and nine hundred Infantry,

You will, therefore, cause to detailed and organized, and held in rediness, for immediate service, the whole of the second class & such portion of the third class of each Company of the several Regiments, as have not performed a term of duty under the orders of the late Governor, and which may be necessary to complete the quota above mentioned, including the proper number of Commissioned officers, to the Regiment agreeably to the Regulations of the United States.

In the mean time, you will cause it to be made known to the officers of the Several brigades that as volunteer uniform Companies will be preferred by the President of the United States, they will be cheerfully received by the Governor as part of this requisition. And when the organization of this force is completed, you will immediately make a return thereof to me, at which time the place of rendezvous, in the respective Brigades will be designated and the officers selected.

To avoid a resort to the extraordinary power provided by law for calling out the Militia or any portion of it, without respect to rule, in case of emergency, I must rely on your zeal and activity in performing this service.

The Adjutant General
of the State of Delaware

Sir, I have the honor to acknowledge the rect. of your letters of the 20 & 22d of July. Lt. Col. Davis arrived at Lewes the 3d instant and is endeavouring to raise a Compy of Sea Fencibles, about 30 have entered. One Company of the Detached Militia, which you authorized me to station at Lewes is now filled up and Col. Davis informs me that Major Charles Hunter will attend to muster and inspect them. If it meets your approbation, it is my intention to postpone calling out the Compy of Militia to N Castle for the present, as the enemy have no force now in the Delaware, and one Frigate only has been cruising off the Cape for three weeks past. A number of Gentlemen of N Castle have also represented to me that a considerable force is now stationed there, as a place of rendezvous viz. The Crew of the Guerrier, the Flotillas and Major Stocktons recruits amounting it is supposed to three or four hundred men. The organization of the Regt. to be held in readiness agreeably to the orders of the 14th July is in a State of forwardness. I shall cause a Return thereof to be forwarded to the Dept. of War as early as possible.

I have the honor &c.

HON. JOHN ARMSTRONG.

Captain Van Dyke detailed by the Adjutant Genl. by order of his Excellency, as a member of the Court appeared, and was objected to by Major Bennett. The objection was allowed by the Court.

Major Bennett now applied to the Court for permission to be heard by Counsel; which was refused by the Court. But the Court granted him permission to have counsel to prepare his defence.

It was moved by Major Moore (a member) that the Court be adjourned until the first Thursday in August next. Major Crow moved that the motion of Major Moore be postponed; and it was decided in the affirmative.

Adjourned until tomorrow morning at 10 o'clock.

The Court met.

Captain Frederick Leonard & Captain John Warner & Captain Bennett Downs having been detailed by the Adjutant Genl. by order of his excellency the Governor and Commander in chief;—Capt. Leonard appeared and was sworn.

Court adjourned until 3 o'clock P. M.

The Court met.

Capt. Bennett Downs appeared and was sworn as a member of the Court.

Major Bennett submits to the Court the following preliminary matter of consideration. "Major Bennett alleges that the arrest under which he is brought before this Court was illegal,—inasmuch as Major J. R. Black was not at the time he acted as arresting officer the Brigade Inspector according to law, as in the order to him for the arrest of Major C. P. Bennett, he is described to be; nor was he at the said time a militia officer recognized by the laws of the State of Delaware."

David Morrison a witness for Major Bennett—upon the preliminary question, was sworn.—

Question by Major Bennett. Has the 1st Company of Artillery been called out by Lieut. Black since the appointment of its late Captain to the post of Major? Answer. No.

Question by the same. Do you consider the company dissolved? Answer. I do.

Question by the Prosecutor. What number did the Company consist of for two years past?

Answer. Before they were detached it consisted of from 35 to 40.

Question by a member. What number did this company consist of for 1 month before the 31st of May last?

Answer. After the last of November I did not consider the Company as existing.

Question by a member. When Major Black was appointed Brigade inspector was the Company full? Answer. It was.

Question by Major Bennett. Had you notice by Capt. Steele to attend in the District Company? Answer. I had not. I am exempt as Postmaster.

Question by the President. Was there any proposition for this Company to unite with Captain VanDyke's.—Ans. Not to my knowledge.

Martin Kennedy sworn on same point.—

Question by Major Bennett. Did you consider the Company dissolved after November last? Ans. I did.

Question by Maj. Bennett. Did you receive notice from Captain Steele to attend the Battalion in his district Company? Ans. I did and attended.—

The Court having considered the preliminary question and the evidence in its support, adjudge & determine that James R. Black Brigade Major, was at the time of the arrest of Major Bennett a Militia Officer recognized by the laws of Delaware: and that the said Major Bennett was duly and legally arrested.—

Charges read by the Judge Advocate as follows, viz.

1st. For ordering Captain C. Rodney's and Capt. David Wilson's companies to parade the 6th of June 1814 at Mendenhall's old fields,—knowingly, in direct opposition to the orders of the Brigadier General.

2nd. After the Major's arrest, he then solicited the Officers to parade at the time and place ordered by him, in defiance of the General's Orders for those companies to parade with the first Regiment on that day.

To which charges the said Major Bennett pleaded "*Not Guilty*"

Capt. David C. Wilson sworn on the part of the prosecutor.

I received the orders from Lieut. Hamilton issued by Brigadier Genl. Stockton,—in this Court House. Major Bennett saw me with them, and asked me what they were and requested to see them. I handed them to him, which he read. He then said that he would let the Brigadier Genl. know whether he was a Major or no Major. Major Bennett after he was arrested, was at Brinton's corner in Wilmington, where I saw him. He then ordered me to obey the order he had given me before,—and if I did not, that he would arrest me, and also Captain Rodney, if he did not;—that if I did not own him as Major, he would not own me. He requested a copy of the Genl's. orders, which I furnished him.

I received the following orders of the Brigadier General, viz. No. 1

BRIGADE ORDERS.

"Sir, The company of Artillery under your command will attend the review of "the first Regiment in June next. It will form on the right of the second Battalion; "after the customary salutes are given, it will file off, and exercise either alone or with "Captain Rodney's Artillery.

"The Brigadier will expect to see it perform the 6th 7th & 14th (of the 19) man- "auvers laid down in Duane's Military Library."

I sent the following letter to General Stockton—viz—No. 3.

Sir, I have the honor to enclose you a copy of an order received yesterday from Major C. P. Bennett, thro Adjutant A. Hamilton and ask the favor of your special instructions on the subject, that I may give to Major Bennett a suitable and prompt answer.

May 31 1814.

I received in reply the following, viz.

Sir, I have received a copy of Major Bennett's orders to you and Capt. Rodney; and have to observe that you are not to obey his orders on this occasion; our Militia Law gives the Major no such authority, and that you may see in eighth Section of the law; therefore you are to parade your Company as directed in my order of April last.

May 31 1814.

JNO. STOCKTON, B. G.

CAPT. D. WILSON.

Question by Major Bennett. Did you complain to Major Bennett with respect to the late period you had received the order from the General? Answer. I stated that I did not think myself well treated as Capt. Rodney received his orders two weeks before, and there were some evolutions to perform.

Question by Major Bennett. Did the Major offer you a small field piece to remove the difficulty of want of notice of the Genls. orders?

Ans. He did & I said that I would send for it by the first opportunity.

Question by Major Bennett. In the conversation at Brinton's corner, did Major Bennett solicit or order you to attend? Ans. I understood it as an order; it was after I had received Major Bennett's written orders.

Question by Major Bennett. Did Major Bennett say to you in that conversation, that he was the responsible person, and that the orders should issue thro him?

Ans. He did say the orders should issue thro him.

Question by Major Bennett. Did Major Bennett inform you that unless you owned him as Major, you were not worthy of him?

Ans. It was something to that amount.

Question by the same. Did Major Bennett inform you that if the orders had come thro him, he would have been the first to have appeared in the field?

Ans. He did,— something to that amount.

Question by the same. Suppose you had obeyed the order of Major Bennett, could you then have marched to the place of parade of the Regiment soon enough?

Ans. According to the customary time of the meeting of the Regiment I could not.

Question by the same. At what time did the Regiment meet and form?

Ans. I do not know. It was later than customary on account of the rain.

Question by the Prosecutor. Do you think that Major Bennett intended to march the battalion to New Port?

Ans. The thing did not strike me.

CAPTAIN CASAR A. RODNEY

sworn I received the following order soon after its date, to wit, No. 4

New Castle 6, May 1814.

Sir, The Company of Artillery commanded by you will parade and be reviewed with the first Regiment of Delaware Militia on the first Monday in June next You will form the Company on the right of the first battalion; and after the line is reviewed and the salutes given, you will file off, & exercise your company either alone, or with Captain Wilson's Artillery. I communicated to Major Black that I would obey the order. Afterwards I received the following orders No. 5 viz.—

BATTALION ORDERS

Sir, You will parade in battalion with your Company on Monday next, the 6th of June, on Mendenhall's old field; on the Road leading from Wilmington to Clarke's corner; you will be on the ground precisely at 11 o'clock A. By order of MAJOR BENNETT,

CAPT. C. A. RODNEY Commanding the 2d Compy. of Artillery attached to the 1st Brigade of Delaware Militia.

I enclosed a copy of this order to Genl. Stockton, and recd. the following answer, to wit—No. 6.

Sir, I had received a copy of Major Bennett's orders to you & Capt. D. Wilson, ordering your companies to parade at Mendenhall's old fields the 6th of June next; that is the day of the review of the 1st Regiment, which you have been ordered to attend by the Brigadier Genl. thro his Major in April last; which is authorized by the 8th section of the Militia law; and I conceive Major Bennett is not clothed with power at any time to order out the Artillery Battalion without the consent of the Brigadier; therefore you are not to obey his order on this occasion; and have ordered his arrest this day.

I am Sir respectfully

your obt. servt.

CAPT. C. RODNEY.

JNO. STOCKTON, B. G.

Being informed that Major Bennett was under arrest, I did not auswer the said order. I attended the Regimental Review.

Question by Major Bennett. Do you think if your Company had obeyed the order of Major Bennett, there would have been time to attend the Regiment?

Ans. Not knowing the distance, I cannot say.

Question by the same. Did Major Bennett tell you that if the order had come thro him, he would have been happy to have attended, as he never had headed the battalion?

Ans. He did say so, and expressed his mortification that the orders had not come thro him.

LIEUTENANT ARCHIBALD HAMILTON

sworn— On May 29th last I was presented with a letter from Major Bennett, the letter enclosed contained orders as follows,—to wit, No. 7.

New Castle May 29 1814.

BATTALION ORDERS

Cpts. Rodney's and Wilson's companies composing the first battalion of Artillery, attached to the 1st Brigade of Delaware Militia will parade on the first Monday in June, on Mendenhall's old field, on the Road leading from Wilmington to Clarke's corner; to be on the ground precisely at 11 o'clock A. M.—when and where the undersigned Commandant will superintend the order and evolutions of the day.

Artillr. 1 Batt. D. M.

LIEUT. A. HAMILTON Adj. 1 B. A.

Having read them I said very well; but on looking at them observed it was the same day of the Regimental Review. I mentioned this to him, & he said he was determined to see whether he was to be Major or no Major.

The letter I received is as follows,—to wit, No. 8

LIEUT. ARCHD. HAMILTON

New Castle 29th May 1814.

Adj. 1st Batt. Artilly.

Sir, Thro you as the proper organ the enclosed Battalion orders will be disseminated to the Officers, non commd. Officers and Privates, attached to the 1st Battalion Artillery. Del. Militia attached to the 1st Brigade.—

I am with due consideration & respect,

C. P. BENNETT, Maj. 1st Batt. A.

Afterwards I gave in substance the orders to Captains Rodney and Wilson.

Question by Prosecutor. After the arrest of Major Bennett did he tell you that he would be much hurt if your company did not attend? Ans. I had several conversations with Major Bennett, one at Wilmington, but do not recollect that conversation, afterwards in New Castle we had some conversation. He then told me that he would be much hurt if the company did not obey his orders. I told him that I must obey my Captain.

Question by a Member. Do you think that it was the intention of Major Bennett to march from Mendenhall's old field to New Port, and do you think there would have been time?

Ans. Nothing was said about attending the Regiment. I do not think we should have had time.

In the conversation at New Castle, Major Bennett insisted on my supporting him. I told him that he was wrong, and I could not. He said if I would that he would stick by me until the last drop of his blood. He seemed to wish us to parade with him.

Question by Major Bennett. In the conversation with Major Bennett was it a solicitation to attend, or in the nature of an order? Answer. I did not consider it as an order but solicitation as Major Bennett was then under arrest.

Question by Major Bennett. Did you show Major Bennett's order to General Stockton & when?

Ans. The same evening that I received the order of Major Bennett, I showed it to the General and gave him a copy.

Question by Major Bennett. Did you ever say that Major Bennett would be broke?

Ans. I never did say so. I have said in jest to Captn. Wilson, that if Major Bennett should be broke, & if Captn. Rodney should be Major, and if I should be Captain, I would then apply to the Governor to commission us as the first company, and Captain Wilson's as the second.

Question by Major Bennett. In your conversation with Major Bennett, did you understand him as intending to influence you in uniting with him in open resistance of any orders of the Brigadier General?

Ans. My impression was that Major Bennett wished us to parade at Mendenhall's old field, and in opposition to the General's orders, as I suppose he then knew of them.

Question by Major Bennett. Did Major Bennett say that if the orders had passed thro him, he could have attended at the head of his battalion.

Ans. He did, saying it was the whole Battalion.

Question by Major Bennett. Did Major Bennett say that he was not well treated; that he ought to have had the orders, it being the first time he had an opportunity to appear?

Ans. He did.

MAJOR JOSEPH GRUBB sworn.

A short time after the orders of the Brigadier General, I heard some conversation with respect to the orders.

MAJOR JAMES R. BLACK

sworn.

I issued the Brigade orders for the June Review, on the 6th May; and the orders to the Captains of Artillery about the same time, in the manner directed by the Brigadier General. Hearing that Capt. Wilson had not received his, I issued a duplicate. Afterwards by the order of the Brigadier General, I arrested Major Bennett and afterwards received his sword.

Question by Major Bennett. Had you written or verbal orders from Genl. Stockton to order Captain Rodney and Capt. Wilson?

Ans. I had written orders.

Question by Major Bennett. Did Major Bennett ask you to permit him to see the orders?

Ans. He did. But I told him I would not, in consequence of a remark he made, in saying that I was the author of it all.

Question by Major Bennett. Did I say to you that I was grieved that I should be passed over, it being the first time of commanding the two companies?

Ans. I told him that the General intended no slight to him, but intended to order the Battalion of Horse & Artillery to parade at a future day; and that if the orders had passed thro him, it might have prevented him perhaps from ordering out his battalion as he intended. Major Bennett mentioned that it was not too late to issue the order to him. I told him that it was too late as he had given his orders to the companies.

Question by the same. Did you tell Major Bennett, that the order was issued in this case, as had been usual with respect to the Cavalry?

Ans. I did, and so thought until Major Crow convinced me to the contrary, by referring me to the order of the year preceding; and was so certain of being right that I offered to bet with him. The last year the order was issued to the Major of Cavalry by the express order of the Brigadier General in consequence of the whole battalion of cavalry being ordered out; two troops to the 1st Regiment, the whole 4 to the 2d and two to the 3d.

Question by the same. Did Major Bennett inform you that he would deliver his sword when he received a copy of the charges; and wished them much.

Ans. He did afterwards receive a copy on the 10th of June and the following day I believe he delivered his sword.

Question by the same. Did Major Bennett say to you, that if he would present his compliments to the General, and he would issue the order to him, as each of them had issued orders, he would not attend if it was unpleasant?

Ans. There was some such conversation; and I told him that it was too late, as he had issued his orders to the Companies to attend at a different place.

RICHARD E. COCHRAN

sworn for the Accused.

I indistinctly recollect a conversation between Majors Bennett and Captain Wilson. The arrest was spoken of.—Major Bennett told Captain Wilson that if he did not acknowledge him as his Major,—he would not acknowledge him; and that he would arrest him, if he did not turn out according to his order.

Question by Major Bennett, Did Major Bennett solicit in that conversation the attendance of the Artillery, or order it?

Ans. I did not consider it as a solicitation, nor as an order.

Question by the same. Did Major Bennett say he was under arrest,—but if they did not obey he would arrest them?

Answer. Yes.

GENERAL JAMES WOLFE

Affirmed.

In conversation at my door Mr. Hamilton stated that Major Bennett would be broke, and Captain Rodney would be made Major;—and if he were made Captain, he would try and get the Governor to appoint them as the first company and Captain Wilson's as the second; and then he would outrank Captain Wilson. I have heard such conversation more than once. I cannot say whether he was in jest or not; but it was my impression that Lieutenant Hamilton would have no objections. He seemed to calculate on it.

LEWIS B. BROWN

sworn

Some five or six weeks since I saw Major Bennett in Wilmington. He was much agitated; said he was under arrest. We went to Brinton's dining room; he showed me the letter from Major Black arresting him. On the pavement, in the conversation with Captain Wilson, Major Bennett said, that if his officers would not acknowledge him, he would not acknowledge them. I did not observe any solicitation by Major Bennett, to any officer, to disobey any orders.

Court adjourned until tomorrow morning at Nine o'clock.

Court met pursuant to adjournment. (Absent Major McConnaughey and Capt. Vandegrift.)

MAJOR JAMES R. BLACK.

Question by a Member. What were the orders issued in 1812 to the Brigade troops?

Ans. At the time of issuing the orders in May 1812—there was no Major of Cavalry, nor Major of Artillery. If I issued orders to the Brigade troops—the orders must have issued to the Captains of Cavalry and Artillery. The orders for the September parade of Cavalry were issued to Major Crow and Captain Vandegrift, and perhaps Capt. Stockton. Captain Miles was noticed by General Stockton.

There was a difficulty about issuing to Major of Cavalry. In July on the 22d day the Secy. of State informed me that Major Crow had been appointed a Major of Cavalry, but that he had returned his commission in June; afterwards I received notice from Major Crow that he had the commission of Major and it was after that to wit, 20th August, I issued the order to him as Major.

Question by a member. Was there any order issued to Mr. Crow, as Major of Cavalry, before the 20th of August 1812?

Ans. I do not recollect. But by referring to my book containing a copy of orders, I think there was not any. On the 23rd of July 1812, I issued an order to the Captains of Infantry Artillery and Cavalry stating that volunteers would be accepted—at which time the difficulty still existed with respect to the Major of Cavalry, Upon the 2nd of September following I issued an order to Major Crow to detach twenty four, including officers & men, from his squadron of Cavalry—and at same time issued blank returns to Major Crow. on the 29th of the said month there was an order issued, requiring a return of the persons detached.

Major Bennetts commission, as Major of Artillery, dated June 25th 1813, was read to the court, by the Judge Advocate, at the instance of Major Bennett.

Question by Major Bennett. Has Major Bennett ever received an order from the Brigadier General, directed to him as Major?

Ans. I have no knowledge of any except the order for arresting him, and for delivering the charges.

Question by the same. What has been the conduct of Major Bennett as a Militia officer, within your knowledge?

Ans. As to his general character, I have always understood he has always been ready & willing to perform the services his country might require.

Question by same. Was he always prompt upon duty and parade?

Ans. He was—and had the pride of the corps.

Question by the same. Did Genl. Stockton soon after his appointment, issue a pointed order to Captn. Bennett of the Artillery, to change the uniform of his company, which the company had fixed upon and established for years before he came into command? and what was the effect of the order on the meeting of the company?

Ans. The company was formed in 1807. Genl. Stockton was appointed early in 1808. On the 22d of February of that year, he fixed by general orders the uniforms of the Brigade corps. The Artillery uniform prescribed was different from that of the company. When the orders came out, there was some sensation in the company—but on application to the General, it was agreed that the same uniform should continue for that company, until they had worn them out. In May afterwards, there was an order that the Captain of Artillery and Captn. Covington should each wear but one epaulet.

Question by same. Was the company in uniform, when the order of the General was issued, prescribing the uniforms?

Ans. The officers were in uniform, and some of the men—how many I don't know. Notwithstanding the General's orders, there were several volunteer corps, permitted to retain their uniforms as established by them.

Question by same. After the General's order was issued what steps did the company take?

Ans. As I before said, there was some sensation. There may have been a meeting of the company—but do not recollect—there was an application, in some shape to the General. I had conversation with him on the subject.

Question by same. Did General Stockton issue an order for the arrest of Captn. Bennett if he appeared on service with two epaulets.

Ans. There was an order May 3d 1803 —before referred to, directing that captains of Artillery, should wear but one epaulet. Same order to Captn. Covington. The order stated that if it was disregarded without necessity, the General must do his duty.

Question by same. Did Captn. Bennett in a conversation with you, state that a request from the General would have been enough? And that he got two epaulets because it had been the custom of captns. of Artillery & Cavalry?

Ans. I recollect that Captain Bennett stated such a practice has prevailed with such Captains, the other part of the conversation referred to, I dont recollect.

Question by same. Did Captain say in that conversation the General would be gratified to drive him from the ranks—and did Capt. Bennett at same time write his resignation and put it in the post-office?

Ans. I recollect about that time Captn. Bennett did say so; and I endeavoured to satisfy him, it was in conformity with the United States uniform. Dont recollect of his writing his resignation—but believe he did so about that time.

Question by same. Did you and the company after the death of Mr. Bird, press Captain Bennett to take the command of the company—you stating that you did not wish the command of it, but preferred the Brigade Major's station?

Ans. I did press him & perhaps some of the company also—and he agreed to do so—it is probable he may have done so, because I did not wish the command, & that I might continue Brigade Major.

Question by General Stockton. What was the conduct of Captn. Bennett, when he received the order as to the epaulets?

Ans. He said that he thought it his right and would resign, if he was not permitted to wear them.

Major McConaughy & Captain Vandegrift appeared & took their seats.

EDWARD STURGEON sworn & deposeth as follows.

When the company was organized in 1807, they established their uniform. Shortly after there was an order issued by the General as to the uniform. It excited some sensation in the company, and we had our coats lengthened—we were permitted to wear scarlet vests. The company had a meeting & it was agreed to conform as near as we could. The meeting of the company was voluntary & not thro or by the Captain.

MAJOR PETER JAQUETT

sworn.

Question by Major Bennett. Did you ever hear General Stockton say, that he would break down the gostering Major Bennett, late commandant at New Castle?

Ans. I have been in habits of intimacy with them both & they have been intimate with each other. After the review last June was a year, I had some conversation with General Stockton—he then said he was not pleased at it, & thought Major Bennett was at the bottom of it & was too high & ought to be broke down—it was something about the place of the Artillery in the line. The General considered Bennett too high—this was the amount of what I heard.

There was some rupture between them at General Stockton's house as I understood. I endeavored to conciliate them & strived to keep up their friendship.

Question by same. Did the General say that if Major Bennett ordered his Battalion out, without permission, he would arrest him and come crow over him?

Ans. I heard something of the kind. He said we would not suffer any corps to be ordered without his permission.

Question by same. Did you hear the General say that he was wrong in issuing orders to the Captains?

Ans. I did not, I expressed my opinion that the orders should have issued to the Major. He did not either explicitly deny or acknowledge the correctness of my opinion.

Question by same. Did the General appear to come into your opinion, and was the chief difficulty with Major Black?

Ans. He did not accede to or deny my opinion. In a conversation afterwards with Major Black, we had some argument on the subject, & he contended the General's order was correct—& Stated the General neither admitted or denied my opinion. Major Black & myself appealed to Major Crow, as to how the order should have been issued, and I believe he was of my opinion.

Question by same. What is your impression of your conversation with General Stockton? Relate any tending to show that he wished to bring Major Bennett into contempt in a military view.

Ans. I do not think there was any intuition with either to bring the other into contempt. I never have been taught to believe there was any personal resentment—there may have been, but I don't know of any.

Question by same. What has been Major Bennet's character in the army and Militia?

Ans. He supported the character of a good & vigilant officer in the army. In the militia he has been a useful officer in training & other militia duties.

Question by same. In what capacity did Major Bennett enter the army?

Ans. As far as I have heard, I believe as a common soldier.

MAJOR JOHN CROW

a member, sworn Question by same. Did you ever receive orders as a Major of Cavalry from the General thro Major Black, to parade the whole or any part of your Battalion of horse?

Ans. I received the orders referred to by Major Black in 1812 & 1813. August 20th 1812 is the date of the first order, to parade on the 12th of September following and directed to me as Major.

I received on the 22nd of June 1814 a note from the General, as follows—

"Sir, The fourth of July is approaching and I suppose it would be agreeable for the "squadron of horse to parade on that day. Major Crow may order his squadron to "meet on that day and exercise in such evolutions, as he may cause to direct, at any "place within the Brigade most convenient—I am Sir

With resp't. your obt. Svt.

MAJ. J. CROW.

JNO. STOCKTON B. G."

Question by same. Did Major Black say that he had not issued to Major Crow orders to parade the cavalry—but issued them uniformly to the captains of Brigade corps?

Ans. Major Black in conversation with me, did say that he had not pursued a different course, than that of issuing orders to captains of Brigade corps—and he was so certain, that he offered to bet with me on the subject, and he continued to think himself right until I convinced him to the contrary.

Question by same. Did Capt'n. Israel of the Artillery, Capt'n. Alexander of the Cavalry, wear two epaulets?

Ans. They did. I wore two epaulets as a Capt. of Cavalry & put off one after the order, which I now wear.

CAPTN. NICHOLAS VANDYKE

sworn.

Question by same. Did you hear General Stockton say that if Major Bennett ordered out his Battalion without permission from him—by God, he would arrest him and come Crow over him?

Ans. The last fall I marched "The Union Guards" to Wilmington to parade with the military there—and we were invited to the Generals house. Major Bennett accompanied our company by invitation and was also at the house of General Stockton. Some altercation took place between the General & Major Bennett. I entered the room after it had begun—it was about right & the conversation was very warm. I do not recollect to have heard the expression of crowing—but I heard the General say, if he did (I not knowing what) he would arrest him. It might have been with respect to ordering out the Battalion of Artillery—but I rather thought it about the companies of that day—I heard something about a lieutenant commanding a Captn.

Question by same. Did you hear the General say, he would shoot me, by God?

Ans. I heard something about shooting connected with the controversy, cant exactly say what it was about.

Question by the same. Was there any thing in my conduct to justify the General?

Ans. There was nothing in your conduct or that of the General, I could blame as I know not the beginning.

Question by same. Did I say—General I am in your house?

Ans. I did hear you say so.

Question by same. Was I solicited by the officers to go with the company—and did I ride on Mr. Rogers' horse?

Ans. You were solicited to go & ride the horse of Mr. Rogers.

Question by same. Did Major Bennett call at your house with respect to his altercation with the General & did you advise or induce him to let the matter rest?

Ans. The morning after the dispute, Major Bennett called at my house, & stated the whole conversation & appealed to me as to my opinion. I told him I thought it a quarrel that might happen among friends & that the matter did not require any breach of friendship—that I considered neither of them injured by such a quarrel.

I have heard both of them before & after—every since the arrest, express themselves in a friendly manner of each other.

Question by same. Did the company under your command give me three cheers on their return to New Castle?

Ans. On our return we went to Mr. Doughtens where we had some refreshment & there General Stockton & Major Bennett were both cheered.

Court met pursuant to adjournment.

Major Bennett was called upon by the President of the court, for his defense—which was submitted as follows.

The Answer and Defence of Major Caleb P. Bennett, to the Charges exhibited against him, at a General Court Martial, by Brigadier General Stockton, for an alleged violation, of Military Law.

The Prisoner in his own proper person, comes into the said Court, and protesting that the arrest, under, and by which, he is brought before the same, was, and is illegal, inasmuch, as it was made by James R. Black, Esquire, calling himself Brigade Major and Inspector, when in fact by the plain letter, and intention of the Militia Law, of the State of Delaware, the said James R. Black, Esquire, was then, and now is incapable, of holding and exercising the said office, because he was not then, nor now is, one of the Line of subalterns, as by the said Law he is required to be, in order to his acting, as Brigade Inspector, all of which, to this Court, has been made fully to appear; and also protesting, that there is no charge, particularly alleged against him, to which he is, or can be bound, to answer, He offers in his Defence, the following observations, on the Facts, which have been in the Course of this trial disclosed.

The First charge, viz. “for ordering Capt. C. Rodney’s and Capt. D. Wil-
“son’s Companies to parade the 6th of June 1814, at Mendenhall’s old field, know-
“ingly in direct opposition to the Orders of Brigadier Genl. Stockton, alleges the op-
“position of the Prisoner, to the orders of the General and the Second charge,
“viz. “After the Major’s arrest, he then solicited the officers to parade, at the time
“and place ordered by him, in Defiance of the General’s orders, for those Com-
panies to parade with the first Regiment, on that Day,” further alleges that
the Prisoner solicited other Officers, to support him in that opposition. These
charges are considered so uncertain, vague, and unsubstantial, that the Prisoner
feels no little difficulty, how to discover their precise import, so as to meet them
fully, and fairly. If *Disobedience* of Orders, and a design to engage other Officers, to
support him, in that *disobedience*, had been alleged against him, as a Military man
he should have understood the charges. If such be the import of the charges, (and
if it be not, he is at a loss to discover, how the words can be made to convey any
charge at all;) He answers, by denying all Disobedience of Orders, and in support
of his denial, appeals to the Testimony before the Court, by which it most clearly
appears, that no order has ever been received by him, as Major, from General Stock-
ton, except the one for his arrest. It will, it is presumed, be readily conceded that
the Rules and Articles of War, were intended to ascertain, and define the duties of
Officers, and soldiers, and to mark, with precision, what Acts, should be treated, as
Military offences. With this view, a great number of Offences have been specified,
as Breaches of Military Law. The inference is an obvious one, That offences, not
specified, could never have been within the meaning of the Law, nor could be sub-
jected to its penalties. We look in vain, after the most careful examination, for
any provision as to *an opposition to orders*, such as the Prisoner stands charged
with.—Such an offence, is neither within the letter nor the spirit, of a single article
of War: and for this obvious reason, it is always contemplated that every officer,
who has any connection with the subject of any order, will of course receive that
order, officially, from the proper source, and if he neglect it, or oppose it, will be
guilty of what is clearly marked out, as an unmilitary Act, viz. Disobedience of
Orders. It seems therefore, to the Prisoner to follow, that in whatever light, this
Court may view his conduct, as, he has not violated any of the Rules, which our

Legislative authorities have prescribed for the Government of the Militia, he is certainly not amenable, at this Tribunal. The contrary doctrine, would change the whole effect, as well as intention, of our system of Laws; which being intended, for prisional security, are, and ought to be plain, in their enumeration of offences, and not susceptible of strained or artificial constructions. It is proper to add, that not only there was no *official* notice, of the order of the 6th of May 1814, given to the Prisoner, but that there existed no intention, on the part of the superior officers, to intimate inofficially even, his wishes in relation to the Artillery, to the Major of that Battalion. If the General had, (as the Prisoner in the course of this defence, will show he ought to have done,) ordered out the Battalion, or any part of it, thro Major Bennett, then the Major, being officially informed of the order, would have been guilty of unmilitary conduct, in his disobeying it. In this Case, the Facts are avowedly different. No order was issued to the Prisoner, nor were those which were directed, to his inferior officers, communicated to him, by the direction of the General. Any official Act, therefore, of the Prisoner can never be construed into a breach, of Military Law, because in its effect, it might happen to interfere with the orders of another officer, not addressed to him, and of which as an officer, he knew nothing. If the General, should issue his orders to the Captains, instead of to the Colonels, would any order of the Colonels which interfered with the arrangements of the General, be unmilitary? and, if the Major of Artillery, in the exercise of an undoubted authority, over his own Battalion, could interfere, in any possible way, with the arrangements of the General, does not this very Fact demonstrate, that the General ought to have prevented, any possibility of collision, by addressing his orders, in the usual and regular mode, to all officers who might be affected by them? Such a course, which the Prisoner hopes to show is dictated by Military Law, is certainly, according to the principles, of sound common sense. It follows from what has now been urged, that the Prisoner having no information, in the proper mode, of General Stockton's orders, could not have been guilty of opposition to, or Disobedience of them. The prisoner calls the attention of the Court, to the proof which is adduced of his alleged opposition. The only proof is his order of the twenty eighth of May last. He alleges, that this order proves nothing, unless it could have been connected, with such subsequent conduct, of his, as evidenced an intention of preventing the companies under Captains Rodney and Wilson from attending the Review of the first Regiment. The Prisoner, having been arrested immediately after the the issuing of the order refered to, and previous to the day of Review, no Act of his, can be, or has been shown to this Court, as evidence of his intention to oppose the orders in question. He might very easily, from the proximity of the two places designated for parade, in the several Brigade and Battalion orders, have marched the Artillery Companies, to the ground occupied by the Regiment and have been quite in time, for the forming of the line. It ought now to be presumed, that such would have been his conduct, from his own frequently expressed intentions, so to do: and if, by arresting the Prisoner, the General deprived him, of the opportunity of manifesting his intentions by his conduct, no inference ought to be drawn from his orders, which, if he had not been arrested, might by him, have been perfectly reconciled, to those of the General.

It becomes now material, in reply to the Charges of having opposed the orders, of the Brigadier General, and solicited others, to assist in that opposition, to enquire into the nature of those orders, and to consider how far they are regular, and legal. An attentive consideration of them, the Prisoner believes, and is advised, will sufficiently evince their total irregularity. And, if they are not such as they ought to

have been, issued improperly, and without a due regard to Military Rules, and, to the Militia Law of this State, then opposition to them, or, to put the Case more strongly Disobedience of them, is no offence, according to the letter or the spirit of the Law. The Prisoner claims some acquaintance with the practical part of Military Law. His situation at different periods has afforded him opportunities of acquiring some knowledge of military arrangements, and usages—all his ideas, on these subjects, he confesses, are at variance with those doctrines, under which the Orders of the General were issued:—And the surprize, with which he first learned their nature, and direction, has only yielded to a deliberate opinion, of their total irregularity. An Army is an admirably connected system upon the proportion of the parts of which, and the symetry of the whole chiefly depends its discipline and glory.—In its arrangement and organization, no link is wanting in the great chain of relative rights and duties. Command, flowing from the Chief, regularly diffuses itself by means of perfectly well settled channels, till it pervades every part of the Army, and reaches the lowest subaltern.—Any deviation, from the established course, must be, and very frequently has been, very detrimental to the public service, and whenever it has occurred, has been opposed and reprobated as a private, as well as public injury. The opposition of the Individual officer, who has been overlooked, or neglected, becomes an incumbent duty, from a regard to his own honor, and the good of the army. The Division of Brigades, into Regiments, of those Regiments into Battalions, and those Battalions into Companies, will serve to exemplify, the ideas of the Prisoner. Of the Companies the Captains have the Charge to them are responsible their respective subalterns, and to them alone the subalterns look for orders,—the Captains look to their respective Majors, those again to their Colonels and the Colonels to the Brigadiers, Here is an intelligible, well organized system, vary but a single relation of it, and all order is at an end. Let the Brigadier issue his orders to the Majors,—Let the Majors detail the subalterns.—The Colonel will be ignorant of the orders, nay, he will be injured by the direction of them, the Captain will have equal cause of complaint;—all becomes one scene of jarring, of collision and confusion. All intermediate grades in the Army are lost, and a Lieutenant General may become the immediate Superior of a Corporal.

The Provisions of the Militia Law of the State of Delaware, do not impugn, any of the principles, hereinbefore stated. Tho, in many places, the phraseology be somewhat obscure, the meaning may be developed, by a comparison thereof, with well ascertained military usages. Our Law does not contemplate, the organization of the Artillery into Regiments, but under certain circumstances, allows them to be formed into Battalions, and so formed, gives them a Major. These Battalions being the largest masses into which either Cavalry, or Artillery can be formed, are in this shape equivalent to; and to be considered in the same light as, Regiments, and are attached to Brigades.—The Major of the Artillery, is to the Brigadier General, in the Combined relation of Co'onel and Major, being the only officer between the Brigadier General, and the Captains of his Battalion and of course he is the channel, thro which flow, all orders to the Captains of his Battalion, in the same manner, that the Colonel and Major are the channels, thro which, similar orders flow, to the Captains of their Regiments. If then it be the duty, and the Practices of the Brigadier General, (and that it is both his duty and practice, the Prisoner appeals, to show, to military usage and unvarying experience) to issue all orders for the Companies composing Regiments, thro the Colonels of the respective Regiments, it inevitably and necessarily follows, that, in issuing orders for the Companies composing artillery Battalions, he is bound to issue them thro the Major of the Battalion. The Prisoner is aware that the concluding Clause of the 8 Sect. of the Militia Law, 4 Del:

Laws, 131, has been urged in support of the orders of the General, and as forming an exception, to the principles, as before stated in this defence. That Clause is in these words. "And any Company of Artillery most convenient to the place of Regimental Review appointed by this Act, may be ordered to attend the same at the discretion of the Brigadier." To a Military eye, this Clause, which is so fondly calculated upon, to support the orders in question, will present little difficulty. It ought, it will doubtless be admitted, to be so construed, if practicable, as to be consistent with general principles, and not hastily thrown out as an anomalous irregularity. So to construe it as to make it a part of the regular system, which, he has attempted to explain, is now proposed by the Prisoner. It will readily occur, to the enquirer, that this clause was intended, to vest in the Brigadier, either some new right, or perhaps more correctly, some right not before very clearly defined. This right was, at his discretion, to have at the Regimental Review, any Company, most convenient to the place of Review. The mode of procuring this attendance, that is, of issuing his orders, for that purpose, is not defined by this Clause, for this clause merely gives the discretion, without ever declaring the *mode*, of carrying it into practice. The Company of Artillery may be ordered out.—how ordered out?—the clause is silent as to the mode, it may be done, if the General choose it, but it directs not how.—Then if the Law is silent, we must enquire why it is so. We arrive by the answer to this Question, to a full solution of the difficulties, which have arisen on this clause of the law. The Law was and is silent as to the *mode* in which the General shall exercise his discretion because that mode was well ascertained and fixed before, and because the Framers of the Law did suppose, that the *only mode*, of ordering out any Company of a Regiment, or of a Battalion, was by orders, thro the Colonel or Major. The Law gave to the General a new right, or it more explicitly ascertained to him the exercise of an old one, but the Prisoner submits that it left the mode of exercising that right precisely upon the same ground on which the exercise of simalar rights, depends. The ideas suggested above are strongly supported by the manner in which the Law is expressed in this very clause. The words are not, the Brigadier may order, but "such Company *may* be ordered out," and not, by the Brigadier, "but at the discretion of the Brigadier." This very mode of expression, strongly negatives the construction, which, the General appears inclined, to put upon this Clause. Further, the Practice, under the Law referred to, in relation to the Cavalry, which Corps is similarly situated as the Artillery, shows plainly that the view, even of the Brigadier General himself, has, until this order to the Artillery, been in conformity with the ideas of the Prisoner. This usage, the Prisoner refers to, as it has been fully shown to this Court, and cannot for a moment conceive that it will sanction a deviation from it. It will not escape the attention of this Court that tho' the orders of the General purport on the face of them, to be merly orders, to a single Company, yet in fact and in truth, they were orders to the whole Battalion of Artillery, in as much as all the Companies constituting that Battalion, were ordered out. Thus by a forced construction on an isolated paragraph, it is attempted (and has so far succeeded) to call out the whole Battalion, and leave the Commanding Officer of it, at home. This would be going beyond even what the General is proved to have declared to be his intention "that he would not suffer any corps to be ordered without his permission," it would deprive the Major of Artillery who, alone is responsible for the Conduct of his Battalion, entirely of Command, and so reduce him to a mere nominal and inefficient Officer. And in adopting the novel course which, he has pursued, the General has not only departed from the letter, and spirit of the Clause, which has been referred to in the respect, which has been mentioned, but has also exceeded that power, which, his own construction of the Law, could give him, by ordering out not *one*, but *two*

companies of Artillery, to attend the review of the First Regiment. The words of the Law are, "any Company most convenient, etc." It requires no comment to show, that, in ordering out two companies, and those forming the whole Battalion, the General has violated both the letter and the spirit of the Law; which can only mean one Company and not the whole Battalion. The natural construction of the whole Clause which has now been presented to the attention of this Court is, that one Company of Artillery may be ordered, by its proper officer, the Captain, under the orders of his Major, at the discretion or according to the orders of the Brigadier, to attend the Review of that Regiment, to which it is most convenient.—

In the observations which, have now been submitted, it it will be remembered that, the orders of the Prisoner are not otherwise a subject of complaint, than as they interfered with those of the General. If they did not necessarily collide with those orders, if, so far from opposing, they were calculated to effect, the object of those orders, by curing them of that irregularity which attached to them,—then clearly the Prisoner is not guilty of the first charge;—or if the orders of the General were irregular, unmilitary, and illegal, and not officially notified to the Prisoner, then unquestionably, he was not bound to recognize them, and must stand entirely free from censure.

There is before this Court scarcely the shadow of Testimony, in support of the second charge. It may in truth be affirmed, that it rests upon the misconceived statements of one witness, of the Conversation held by him with the Prisoner. That witness is not free from the imputation of interested views, in relation to the decision of this Court; and it has appeared in evidence, that the dismissal of the Prisoner was often spoken of by him, as the removal of an obstacle to his promotion, which, if not, to him a much wished for event, was at least a much favored topick of Conversation. All the other witnesses, who have been examined to this point, have concurred in the Fact that the preemptory tone and manner of the Prisoner in relation to his orders, negated all idea of solicitation.

It is painful to advert to Facts, which have disclosed to this Court, temper and feelings over over which the memory of former Acts of Courtesy and kindness, would gladly throw the mantle of oblivion. Nothing could compel the prisoner to notice them, but that duty, which he owes to his own Character, when that Character is unjustifiably assailed. The Prisoner believes that enough appears before this Court, to justify him in asserting that his arrest was not entirely the effect of a disinterested view, to the good of the Public service. Declarations of the General have been proved, going to the full extent of showing a settled design, on the part of the General, to involve the Prisoner in difficulties, under the pressure of which, he might be obliged to submit to Arbitrary power, or if he disdained to yield, be driven from the ranks of the Militia. threats, even of such a completion might be placed by a Charitable interpretation, to the account of momentary irritation, were they not viewed in connection with subsequent acts, so well calculated to carry them into execution. Whence else could have originated the Orders of the General, so unusual and unprecedented, and so well adapted to mortify the Prisoner. It must be allowed that however little intention there may be alleged to have existed, in these threats, that at least as far as the agency of the General could operate, they have been seriously executed. This Conduct on the part of the General, becomes still more strongly characterized, when the Prisoner refers, to the communication held by the General in writing, with the officers of the Prisoners Battalion, after *his* Orders were issued to those officers, and the General's direction to them *not to obey* their proper officer. Upon this topick the Prisoner refrains from dilating, the testimony is before the Court, and they will doubtless give it, its due weight; he has only to add, his con-

fidant expectation that this Court will not suffer itself to be made the instrument of private animosity or personal resentment.

In occupying the time of the Court to this extent, the Prisoner would feel that an apology was due to them, if this were merely a question of personal concern. He knows how difficult it is to identify our feelings with those of persons to whom we are united, by no peculiar ties; How difficult it is to feel with him the mortification he has experienced in the origin and progress of the present affair,—in being passed over as an officer,—in being prevented, by an irregular order, from appearing at the head of his Battalion—in the protracted course of his trial, during which his sword is taken from him, and his services as an officer proscribed.—But these considerations so interesting to him have not alone impelled him to this defence,—a higher motive and one as important to all officers as to himself, has actuated him to make this stand. He sees, in the Course attempted to be pursued by the General, the disorganization and prostration of the natural force of the State. He sees, that the effect of its success, would be to overturn all the established Rules of Military Law, to subvert all distinction of Rank, and to introduce and foment endless collisions and Jealousies among officers, If his resistance can prevent the adoption of such a Course, he will be highly gratified, if not he hopes for consolation under censure in the perfect consciousness of having discharged his duty, to himself and to the public service.

C. P. BENNETT, Maj.

1st Bat. Art. Mil. Del.

Court adjourned until 2 o'clock P. M.

Court met pursuant to adjournment.

The Court taking into consideration the charges exhibited against Major Bennett, and the evidence in support of the same and also the evidences upon the part of the prisoner and his written answer and defences against the said charges—and having maturely weighed and deliberated upon the same—the court is of opinion that the first charge is proved and the prisoner is therefore Guilty of said charge.

Of the second charge the court acquit the prisoner.

The court in deciding that the facts specified in the first charge, are proved; feel it incumbent upon them to pronounce the conduct of Major Bennett to have been unmilitary. The court therefore consider adjudge and determine, that Major Bennett be reprimanded, in such manner as may be directed by his Excellency the Governor and commander in chief.

I do hereby certify, to His Excellency Daniel Rodney Esquire, Governor of the State of Delaware and commander in Chief of the Militia of said state, that the preceding pages are true minutes of the proceedings of a General Court martial, assembled pursuant to general orders. In testimony whereof I have hereto set my hand & seal this 11th day of August A. D. 1814.

JAMES ROGERS

Judge Advocate.

COMMITTEE OF CITIZENS OF PHILA. TO GOV. DANL. RODNEY

Philad. 27th Aug. 1814.

Sir

We have the honor to inclose to your Excellency a copy of resolutions adopted by the Citizens of Philadelphia for the purpose of defence—The urgency of the occasion, and the necessity of immediate measures, will suggest to your excellency the inducements to this appointment, and the resolutions themselves will more particularly explain the object—We are now making all the exertions in our power—It is of course essential that there should be a correspondence & co-operation with our fellow citizens in the State of Delaware for the purpose of mutual assistance—And we therefore request that your Excellency will communicate to the committee with as little delay as possible every thing coming within your knowledge that may appear to be material for the purposes of our appointment—We should be particularly glad to be informed what force from the State of Delaware may be expected to unite with us in repelling the attempts of the enemy to approach either by land or water, where that force will be stationed and how soon it may be brought into the Field.— There will immediately be established a chain of Videttes extending to the State of Delaware by whom intelligence may be safely and expeditiously conveyed—(They will be directed to inform your Excellency of their stations) In the meantime should any thing material occur, we beg that we may be informed of it immediately by one or more expresses the expence of which we shall be willing to pay—

We will keep your Excellency advised from time to time of our proceedings and request that you will be pleased to address your communications to George Latimer Esqr—

We are very respectfully

Your Excellency's most ob. Servt.

JOHN CALDWELL TO GOV. DANL. RODNEY

Wilmington Aug. 30th 1814.

Dear Sir:

Mrs. Stockton has just put into my hands a letter from your Excellency of the 24th Inst. to Genl. Stockton relative to the organization of the detachment from the first Brigade. We are making but slow progress in the business—the Adj. Genl. in the first place has ordered a return from the Captains of companies of their class lists containing the names &c. of the men, although every exertion has been made in the first Regt. this service has not yet been entirely performed—the Genl. himself with Rodney's, Wilson's, Leonard's & VanDyke's companies have left this on Saturday last to oppose the enemy in Maryland. It is probable you will have heard before this time that the enemy have effected the destruction of all the publick property at Washington & have retired unmolested to their shipping. Our troops are at Elkton waiting for orders—the Pennsylvanians are marching daily through this place to Kennet square there to form a camp.

Some of the officers of this Regt. are anxious to resign; whenever they can be replaced I do not object to it as by this means we get clear of some that are unfit for service in either peace or war.

In the first company Capt. Sharpley & his subalterns have resigned & the Company have chosen Jacob Hooten Capt. Jacob Vandever Lieut. & Isaac Poulson Ensign.

It is expected that the Genl. will return in a day or two when I suppose he will immediately attend to your instructions, although the command has devolved on me you will perceive from my statement it is altogether out of my power to effect the objects of your Excellency's letter.

I am with great respect

Sir

Your most ob. St.

DANIEL RODNEY Esq. Gov.

JOHN STOCKTON—GOV. DANL. RODNEY.

Wilmington Delaware
Sept. 14th 1814.

Dear Sir,

Your letter of the 10th Instant received by mail and observe what you say with respect to calling out the detachment of Militia, if they are only to hold themselves in readiness, they will be of little use when ordered into Service until train'd & drill'd for some time; My Idea was taking exigences of the times into consideration they would be at the expense of the United States.

You can't conceive the agitation of the people in this place, the British fleet are now in Potapsica River 46 sail and have made a landing at Sparrow point six miles below the Fort,—to what number is not ascertained, our Videt last evening brought information that our troops had been engaged and fought well. There is a line of videts stationed at certain distances between this & Elkton that give information twice a day. The night of the 11th Instant express arrived from Elkton and solicited assistance as the enemies Vessels at that time were standing up the Bay and some of them above Pools Island, Capt. C. Rodney's company was ordered to march with 2 twelve pounders to their aid, the commisary supplies with rations at the expense of the United States and I suppose you have the power to continue them in Service, as Capt. Vandykes company has not united with Capt. Leonards, in cases of emergency the delay of drafting is not to be regarded, the commander in chief, Major Genl. or Brigadier Genl. have power in such cases, it is not my wish to extend my authority further than I am authorized by the commission I hold, two companies in the 2d Regiment Volunteered their Services and march'd to Elkton, Capt. Thompson & Capt. Bolden without fee or reward. This morning I shall send for the 2 brass 6 pounders & their apparatus Genl. Bloomfield has let Capt. Rodney have, this Company will furnish the number of artillery required, that is in the Capt's. opinion. Capt. Vandykes company is return'd to the adjutant Genl. as a Regimental company & will take its draft with the rest. Therefore in opinion as well as the opinion of the Council of Safety that Rodney's company may be received in Vandykes place as the Co. early volunteer'd

This day we expect to hear the fate of Baltimore, I hope for the best and seem to have a presentment the British will be beat.

I am Sir

COM. THOS MACDONOUGH TO SECY. OF NAVY WM. JONES.

U. S. Ship Saratoga,

Plattsburgh, Sept. 3rd, 1814.

Sir, I have the honor to acquaint you with the arrival of the Squadron at this place—as an attack on this place is threatened by a land movement of the enemy and their fleet evincing no immediate signs of coming out, Brigr. Genl. Macomb and myself considered this movement of our vessels proper and necessary. The enemy say, when their ship is finished (which will be in a few days) he will come out, and it is supposed Plattsburgh will be attacked by land and water at the same time, and that their Army at Champlain is waiting only for their fleet.

COMMODORE THOS. MACDONOUGH'S REPORT TO HON. WM. JONES
SECY. OF NAVY

U. S. Ship Saratoga

Plattsburgh Bay

Sept. 13th 1814.

Sir,

I have the honor to give you the particulars of the action which took place on the 11th inst. on this Lake.

For several days the Enemy were on their way to Plattsburgh by Land and water, and it being well understood that an attack would be made at the same time by their land & naval forces, I determined to await at anchor the approach of the latter.—

At 8 A. M. the lookout boat announced the approach of the Enemy. At 9 he anchor'd in a line ahead at about 300 yards distance from my line. His ship opposed to the Saratoga—his Brig to the the Eagle, Capt. Rob. Henly, his Gallies, thirteen in number, to the Schooner, Sloop, and a division of our Gallies. One of his Sloops assisting their Ship & Brig—the other assisting their Gallies.—Our remaining Gallies with the Saratoga and Eagle.

In this situation the whole force, on both sides, became engaged—the Saratoga suffering much from the heavy fire of the Confiance. I could perceive at the same time, however, that our fire was very destructive to her. The Ticonderoga, Lt. Commt. Cassin, gallantly sustained her full share of the action. At 1/2 past 10 the Eagle, not being able to bring her Guns to bear, cut her Cable and anchored in a more eligible position, between my ship and the Ticonderoga, where she very much annoyed the Enemy, but unfortunately leaving me exposed to a galling fire from the Enemy's Brig.—

Our Guns on the Starboard side, being nearly all dismounted, or not manageable, a Stern anchor was let go, the bower Cable cut, and the ship winded with a fresh broadside on the Enemy's ship, which soon after surrendered. Our broadside was then sprung to bear on the Brig, which surrendered in about fifteen minutes after.—

The Sloop that was opposed to the Eagle had struck some time before and drifted down the line—the Sloop which was with their Gallies having struck also.—Three of their Gallies are said to be sunk, the others pulled off. Our Gallies were about obeying with alacrity the signal to follow them, when all the Vessels were reported to me to be in a sinking state it then became necessary to annul the signal to the Gallies, and order their men to the Pumps.

I could only look at the Enemy's Gallies going off in a shatter'd condition, for there was not a Mast in either squadron that could stand to make sail on; the lower rigging, being nearly all shot away, hung down as though it had been just placed over the mast heads.—

The Saratoga had Fifty five round shot in her Hull—the Confiance One hundred & five.—The Enemy's shot passed principally just over our heads, as their were not 20 whole hammocks in the nettings at the close of the action, which lasted without intermission Two hours & twenty minutes.—

The absence and sickness of Lt. Raymond Perry left me without the services of that excellent officer—much ought fairly to be attributed to him for his great care and attention in disciplining the ships crew, as her first Lieutenant—His place was filled by a gallant young Officer Peter Gamble, who I regret to inform you, was killed early in the action.—

Acting Lt. Vallette worked the 1st & 2nd divisions of Guns with able effect.—Sailing master Brum's attention to the springs, and in the execution of the order to wind the ship, and occasionally at the Guns, meets with my entire approbation,—also Capt. Youngs, comm'g. the acting marines, who took his men to the Guns—.

Mr. Beale, Purser, was of great service at the Guns, and in carrying my Orders throughout the Ship, with midshipman Montgomery.—

Masters' Mate Joshua Justin, had command of the 3d Division—his conduct during the action was that of a brave and correct officer.—Midshipmen Monteath, Graham, Williamson, Platt, Thiving, and Act. Mids. Baldwin, all behaved well, and gave evidence of their making valuable officers.

The Saratoga was twice set on fire by hot shot from the Enemy's ship.

I close, Sir, this communication with feelings of gratitude for the able support I received from every officer and man attached to the Squadron which I have the honor to command.—

U. S. Saratoga, at Anchor
off Plattsburgh Sept. 13th 1814.

Sir,

By Lieut. Comm't. Cassin I have the honor to convey to you the Flags of his Britanic Majestys' late Squardon, captured on the 11th Inst. by the United States squadron under my command.—

Also my despatches relating to that occurrence which should have been in your possession at an earlier period, but for the difficulty in arranging the different statements.

The Squadron under my command now lies at Plattsburgh—it will bear of considerable diminution and leave a force sufficient to repel any attempt of the Enemy in this quarter. I shall wait your order what to do with the whole or any part thereof and should it be consistent, I beg you will favor me with permission to leave the Lake and place me under the Command of Commodore Decatur at New York.—My health, (being some time on the Lake) together with the almost certain inactivity of future naval operations here are among the causes for this request of my removal.

B. Ship, President, with Stores do the 24th, not in the know.

The Surrogue was twice over on the 1p too shot from the church ship. The number of men in the American squadron was 820.

Sept. 17th 1864 For several days the enemy were on their way to Plattsburgh by land and water, and it being well understood that an attack would be made at the same time by their land and naval forces, I determined to wait at anchor the approach of the latter.

At 7 A.M. the *Isaboult* *borec*, announced the approach of the enemy. At 9 he anchored in a line about at about 300 yards distance from my line. In this situation the whole force on both sides became engaged.

At half past 10 the *Eagle*, anchored between my ship and the *Trem* *Sergeant*. Our guns on the starboard side being nearly all dismounted, and not manageable, a stern anchor was let go the bow- cable cut, and the ship was towed astern by a fresh hawse- line on the enemy's ship, which soon after our ship was rendered. Our *Isaboult* was then sprung to bear on the brig, which surrendered in about 15 minutes after. The ship took some time before she drifted down the line; the ship which was with their gallies having struck also. Three of their gallies are said to be sunk, the others pulled up. The *Saratoga* had 35 round shot in her hull, the *Confluence* 105.

The action lasted without intermission, 2 hours and 20 minutes.

14th Septr. 1814

Sir

I have the honor to transmit for your information the letters of the Officers commanding divisions of Gallies, also that of Lieut. Comm. Budd of the Preble to me on the subject of the behaviour of the officers and men on board their vessels in the action of the 11th inst.

I have the honor to be

THOMAS MACDONOUGH Esq.
Sir

U. S. Galley Allen
Plattsburgh Bay 13th Sept. 1814

Permit me to report to you the conduct of the officers of my Division of Gallies in the action of the 11th inst. The moment of the Enemy heaving in sight they were got under weigh with a promptitude which could only be equalled by the bravery and good order with which they continued the Action, S. M. Hazard of the Centepid—distinguished the cool determined conduct of an experienced Officer and assures he received a Valuable Support from Mr. Slocum his officer S. M. Keteltas of the Burrows kept up perhaps the best fire of his Division—and such was the attentive conduct of his Officer Mr. Winslow that the order of Battle was at no time broken until the Enemy struck.

On the Signal for "Close Action" I noticed an alacrity in my Division highly honorable to every Officer & Man—to Mr. Stephen. G. Clark I feel myself much indebted he is an excellent seaman and a fine officer.

I have the honor to be

Sir your Obed. Servant

On board the Wilmer Galley 13th Sept. 1814.

Sir,

In congratulating you in the signal victory obtained over the Enemy on the 11th inst., I beg leave to recommend the Gentlemen commanding the Gallies of my division, as also their men for their Zeal and steadiness while under my immediate notice, during the action, particularly Mr. Holland of the Ballard, who kept up a well directed fire from the commencement of it—

Permit me to recommend to your notice John James my Gunner whose good conduct during the action, as well as heretofore, has been such as to merit my highest approbation.

I have the honor to be Sir

Very respectfully

LT. COMMD. CHAS BUDD TO COM. THOS. MACDONOUGH

U. S. Sloop Preble off Plattsburgh

13th Sept. 1814.

Sir,

I have the honor to express to you the satisfaction which the officers and men of the U. S. Sloop Preble under my command afforded me in the late action of the 11th inst. When the Enemy's fleet were standing in for the purpose of laying their larger vessels alongside of those of ours, the sloop Finch of 11 guns with several gallies outside of her made for my sloop with her Peak down and Jack.....up; when within shot the fire was opened on her from the Preble with coolness and deliberation—the gallies having taken in their sails and lying at long gun shot—the Finch continued edging down on my starboard quarter with an intention of getting a raking position which I prevented with my spring, which proving too short in consequence of the wind having shifted 2 or 3 points more to the Eastw'd was obliged to let it go entirely and keep her broadside to bear with 2 sweeps out of her stern port.—about this time my boatswain Joseph Rose was killed on the Fore-Castle I could now perceive confusion on board the Finch, when wishing to avoid the incipient and well directed fire of the Preble. She endeavoured to go about but failed, which gave me a chance and I did not miss it of raking her—at this instant 4 Gallies were coming down on my weather bow within grape distance with a visible intention of boarding me and which the officers Commanding those Gallies have since assured me when I was down to the lines with the Flag of truce was actually their intention and that "*in five minutes they would have been along side of me,*" which is the fact—to prevent which, as each galley had more men than my whole Crew I thought it best, with the Concurrence of all my officers to get underway, more especially as my having been obliged to slip one of my Cables when the Saratoga drifted on board of me in consequence of the sudden shift of wind from South to North the preceding evening which occasioned me to be so far to leeward that no assistance could be afforded me from any of the rest of the Squadron—I accordingly cut my cable and wore round under my jib toward the Finch, who at the same time wore from me and stood out of the bay—in the act of wearing I manned my larboard broadside and gave the Gallies its contents of grape which from their short distance from me must have had good effect—at this time sailing Master Rogers Carter was severely wounded with a grape shot from one of them of which he has since died—I then got my mainsail on her and brought her by the wind—the gallies pursuing me closely and firing immense quantities of grape which fortunately being directed too high did no other damage than cut my sails very much—I made one stretch in shore then stood off, in the mean time the gallies had left me to assist the Finch, who I afterwards understood was aground—whether she ever got there accidentally or purposely I will not pretend to assert—After the ship Confidence had struck and the gallies left the vicinity of the Finch who had her colours still flying, I prepared for lying alongside of her and bore up for that purpose, which she perceiving, struck her flag—I still stood down for her and discovered she was ashore—She has 4 nine pound shot below the surface of the water which impresses me very forcibly with the opinion that she was in a sinking condition when she grounded.

The Preble I have the pleasure to state is not materially injured—She has got 2 eighteen pound shot through her hull about a foot from the water—her larboard wales considerably started—1 eighteen pound shot lodged in her stern, having carried away the head knees and shattered the stem—one 24lb shot through her quarter bulwarks & the dents of two 18lb shot from the Finch's Columbiads.

I have the honor to be Sir

Sir

I have the honor to transmit herewith two lists of Paroled wounded Officers and Men making in all Sixty.—Owing to my Hospital Establishment being small, and having few surgeons, I thought it not improper to place these persons (being badly wounded) on Isle Aux Noix where they could receive the medical attendance so much needed, and feeling assured of your assent to any act of mine that might be dictated by feelings of humanity and liberality to a brave enemy, I have given to Capt. Pring the late Commander of his Majestys late Brig Linnet, his Parole, which also accompanies this.

Should this act, however, not meet with your approbation he will return to the United States by my request to him to that effect.

COM. THOS MACDONOUGH TO SECY. OF NAVY WM. JONES

U. S. S. Saratoga

Plattsburgh Bay, Sept. 20th 1814

Sir,

Having disposed of the Prisoners and wounded, and got the Vessels in a State to prevent their sinking, I am enabled to address you more particularly respecting the officers attached to the squadron on this Lake, and to solicit confirmation of those, who were previous to the 11th Inst. appointed to act as Lieutenants & masters—viz. Sailing master Vallette, Actg. second Lieut. of the Saratoga, & Mids. Silas Duncan, Actg. third.—Mids. Wm. A. Spencer, Actg. second Lieut. of the Eagle, and Samuel Kettletass, Acting Master, from Masters' Mate, command'g one of the Gallies. Also my acting Boatswain, Wm. Preston, who performed well his duty on the 11th inst. and permit me, Sir, to intercede for Masters' Mate, Joshua H. Justin, who commanded the 3d division on board this Ship. He merits in my opinion a warrant as master, or midshipman; also, actg. Mids. James M. Baldwin, who was wounded but continued his attention to his duty. Mr. Baldwin has been sometime acting, and I know of no young man more deserving of a midshipmans warrant.

Capt. Henly speaks in the highest terms of Lieut. Joseph Smith, Act. Master Jairus Loomis, and Mr. Danl. Ricard, who voluntarily acted as Master of the Eagle.

Lt. Commd. Cassin received assistance from Sail'g Master Joseph Lindsay—he is a brave man, and a good seaman.

Sail'g. Master Brum of this Ship gave the clearest evidence of a brave and good officer. Lt. Mitchell, Sail'g. Masters Robins, Hazard & Stillwagon, Mids. Conover & Breeze Masters' Mates Holland and Freeborn, & Actg. Master Bancroft, the Commanders of the Gallies, did their duty, and would have captured the remaining part of the Enemy's Gallies had they not have been recalled to keep the larger Vessels from sinking. Lt. Budd acted with propriety in getting under way with the Preble—he would otherwise have been boarded by the Enemy's Gallies, which his fire very much annoyed.

Doct. John P. Briggs of the Army, who was surgeon of this Ship merits my warmest approbation for his assiduity with the wounded—his science has saved the lives of a number of them. The attention of Dr. Brown of the Navy and Dr. Stod-

dard of the army was unremitted. Lt. Wm. B. Howell of the army, though sick, remained on Deck with his men, attentive to the Orders of Capt. Young, who commanded the Act'g. Marines, who were kept ready to receive the Enemy in the event of his attempting to board.

REPORT OF COMMITTEE ON COM. MACDONOUGH'S VICTORY

To the Senate and House of Representatives of the State of Delaware.

The Committee appointed by the Resolutions of the Senate & House of Representatives, of the tenth of February last;

RESPECTFULLY REPORT;

That in pursuance of those resolutions they addressed to Commodore Thomas MacDonough a letter expressive of the sentiments and feelings of the General Assembly, on his victory over the British squadron on Lake Champlain a copy of which marked A accompanying this report, to this communication they had the honour to receive the answer herewith transmitted marked B.

That they have procured for the Commodore an elegant tea service of plate with the following devices—On one side of each piece, were engraven the arms of this State, with this sentence under them.

“The gift of the General Assembly of the State of Delaware to Commodore Thomas MacDonough the hero of Champlain, presented by C. A. Rodney, Jesse Green and C. P. Comegys.” On the other side of each piece was engraven the signal made by the Commodore when the British fleet first hove in sight.

“Impressed Seamen Call on Every Man to Do His Duty.”

They have also presented to him an elegant sword, on one side of which were the arms of this State, and on the other side, the second and last signal the Commodore made to his squadron *“Close Action”*

They have had his portrait taken by an eminent artist Mr. Sully but the frame not having been finished until the navigation was closed, they have been unable to obtain a conveyance for it to the seat of Government, so as to gratify the General Assembly with a view of it, at this Session of the Legislature.

They regret to state that such has been the situation of the gallant Jones, who has been constantly on duty at home, or Foreign service, that they have been unable to obtain his portrait, but they have a prospect of soon accomplishing this desirable object, thus finishing the gratifying task assigned them by the General Assembly.

They present herewith an account of the expenses thus far incurred marked C.

LETTER FROM COMMITTEE TO THOMAS MACDONOUGH

Sir—We have the honor of transmitting the enclosed resolutions, unanimously adopted by the Senate & House of Representatives of the State of Delaware; and of expressing their sentiments and feelings, on the subject of your late engagement, with a Superior fleet of the enemy, on Lake Champlain.

When the United States commenced the daring contest, with England, her invincible navy "Like a stupendous Colossus, bestrode the subject ocean;" and her "Meteor flag," truly emblematic of her sway, waved in triumph, over the waters of the Globe.

It was not rationally to be expected, that we could contend, on equal terms, with the mistress of the deep, on her own element. The most ardent and sanguine mind did not imagine, that in single combat, and in squadron, the science and tactics of the new world, would prevail over the discipline & experience of the old. Yet soon after war was declared, the unassuming Hull, who laid the van of our victories, to the surprise, & the joy, of his much loved country, by an exploit as gallant and decisive, as it was unprecedented broke the Talisman of British power, and furnished glorious proof, that ship to ship, we were more than a match for the foe. New triumphs followed in rapid succession, which firmly established our naval superiority, with an equal force, and immortalized the illustrious characters, who achieved them. In this dazzling train of conquests, the actions of the highminded Decatur, & of our honored fellow citizen, the intrepid Jones, appear eminently conspicuous. And "Last tho not least," the prodigy performed by yourself, in the capture of a fleet larger then your own in the peerless style of the valiant Perry.

A grateful nation has, with one voice, applauded the consummate skill and undaunted courage, you displayed, on that memorable day, when British prowess reluctantly yielded the palm of Victory to American valor.

Our Sister States have testified their approbation of your gallant conduct, on that signal occasion, in a manner worthy of themselves and of you.

Amid the scene of festivity produced by this auspicious event, the General Assembly of Delaware, excited by feelings of admiration, gratitude and affection for her distinguished son, most cordially join in the plaudits universally bestowed. With mingled emotions of pleasure and pride they claim the man, who has exalted the character of his native state; and raised an imperishable monument of national glory, in the temple of fame dedicated to the union.

In the bright constellation formed by the splendid achievements of our naval heroes, and brilliant beyond all example, they unquestionably are, the triumph on Champlain, shines with unrivalled lustre. The superiority of force on the part of the enemy was manifest. Confident of success, they boldly advanced to battle. But the cool & determined courage of our gallant tars overcame all disparity; and covered with glory, they terminated a contest, in which it is impossible to say, whether they acquired more fame or honor by their resolution and bravery in action, than by their humanity & kindness to a conquered foe. Such magnanimity exceeds our praise. It has gained the applause of the enemy, who, tho' vanquished, fought gallantly and vied in material spirit with their conquerors.

To contemplate the happy results is peculiarly gratifying. A fair portion of our country freed from the rude footsteps of a vindictive foe, & an extensive frontier perverted from the shocking barbarities of inhuman savages. And we may, with truth, add, that the glorious issue of this conflict greatly contributed to restore peace & repose to a bleeding country, at the very moment when the immortal Jackson had gathered, on the banks of the Mississippi fresh & unfading laurels, by a victory not only without an equal, but without a rival in military annals.

For these transcendant deeds and meritorious services we offer, with sensations we cannot express, the undivided & unfeigned thanks of the General Assembly of the State of Delaware, to yourself, your officers, and crews, we cannot conclude this part of the agreeable task assigned us, without observing that we rejoice to recognize, in you, a commander blending the character of a Warrior, with that of a Christian; a union of qualities too rarely combined.

That we may lose no time, nor opportunity, in executing all the duties enjoined by the legislature, we respectfully solicit of you the favor of sitting for your portrait, to be taken by some eminent artist, in Philadelphia, for the purpose of adorning the chamber of the House of Representatives, of your native State. We also beg you to inform us, as soon as convenient, when we may expect to have the pleasure of seeing you in that city.

We tender you our personal good wishes for your constant health & happiness, and remain with great esteem and regard

Yours very respectfully & sincerely

Camp Dupont 14 Oct. 1814.

Dear Sir,

General Bloomfield some time since informed me that you were authorized by him to supply my Command with any quantity of Powder that might be required for making blank cartridges.—I send Lieutenant Canary to enquire whether you can put him in a way of having 40,000 made speedily & if no hands can be spared from your factory, I will cause some men to be detailed from this camp; and have directed Mr. Canary in case a fit working place cannot be provided near your factory, to proceed to Wilmington to make the necessary arrangements there.

I am, with great esteem & respect

dear Sir

VICTOR DUPONT Esqr.

Your very Obliged & obt. sevt.

HON. J. A. BAYARD TO MR. C. A. RODNEY

Ghent 28, October 1814.

My dear Rodney

Here am I still at Ghent. When I wrote you by the John Adams which left us the latter end of August I expected at this time to be near the coast of America. The British Government have ordered it otherwise. They are not yet prepared to tell us whether the war shall continue or that peace shall be made. They are looking to events on both continents. They will be influenced greatly by the State of affairs in America at the end of the Campaign and also by the state of affairs which may result from the proceedings of the Congress at Vienna. If the campaign terminates badly with you and if things should settle down peaceably on this continent, we shall have no peace. Nothing exists here which would enable one to form a decided opinion. The negotiation is evidently protracted to take the chance of what may happen. Knowing this to be the fact we have done and mean to do, all that is in our power to defeat their project. But discretion confines us within certain bounds, and they will be enabled to take their own course.

I think you ought to count upon & to be prepared for another campaign, and a campaign in which the Government will exert its whole power against us. If we can weather the storm another year, they will give up the contest and we shall be safe and quiet for a generation to come. This continent is generally in our favor, but it is exhausted by long wars, and will reluctantly embark in new conflicts. We must depend upon ourselves and if the contest be maintained as I am sure it can be if we are united, America will establish a proud character throughout Europe, and the world.

You may rely upon it *we* shall not cede any point of national honor.

We may have much to suffer, but to an honorable mind no suffering is so great as that of disgrace.

It is better far to die than to exist in a state of ignominy. Such I hope is the sentiment of every American and if such be the sentiment of our citizens the United States cannot be subdued or disgraced.

I will not flatter you with vain prospects. Peace is not in our power, it depends upon our enemy. You are not to expect it unless events should render it the interest of the enemy to make it

You will not see me before the spring. Whether peace or war be designed, the negotiations will be protracted for some months to come.

I have long sighed to return to my family & friends. Europe may have its attractions for others, but everything which is dear & interesting to me is in America.

Adieu my dear Rodney and believe me sincerely & faithfully

Your friend & obt. Sev.

J. A. BAYARD.

MAJOR J. R. BLACK TO COL. DAVID NIVIN

Oct. 19, 1814.

Sir,

I have this day recd. your return of the officers in your Regiment. It is however so incomplete in it regards the dates of several of the Commissions, as to render it almost useless for the purpose for which the Adjutant General wished it;—he wished to ascertain the date of the appointment of every officer in the Brigade, in order that he might detach in the manner prescribed by Law the officers who were to command the Militia from this County that were to enter the services of the U. States;—I must therefore require of you to report to me without delay the dates of the Commissions of Lieutenants Ocheltree, McCay, Clark & Groves & also of Ensign Morton, Sergeant Miller, Guthrie & Chesnut—If they neglect or refuse to make to you their returns, they must be arrested and I will on your reporting to me this fact, demand from the Brigadier, a Court Martial to decide on their conduct.—The dates of the Comms. of Capt. VanDyke, Lts. Rogers & Colesbury & Ensign Riley I will obtain, as they are in New Castle.

Dear Sir:

Capt. Waples has agreed to send one of his Teams to George Town to get a couple of hundred muskets. There are three barges in the River well stowed with men. They have taken possession of personal vessels—and by the last intelligence were within one hundred or 200 yds. of Mr. Walter's House. We are without powder or Ball, or Firelocks, send us what you can raise of Powder, Flints & lead, & by all means let the muskets come—the waggon shd. come back this evening & make down to Batlimore Hundred say to Kimmey Hudson—Mr. Burton is bringing some lead & some powder. I need Bullet moulds if you have any & cartridges too—but these you probably have not.

Sir:

Supposing the Government of the U. S. had not yet found it convenient to spare troops for the defence of Delaware, and the British Frigate Niemen having anchored near the Cape, on the 20th ulto. sent 3 or 4 Barges with 60 men, into Indian River where they burnt 2 or 3 Coasters and Shallops, with Cargoes of Shingles and Boards, procured a ransom in money of two others, and ran some ashore on the Beach; I therefore, ordered a Company of Militia of fifty Men, to be stationed at Lewes to aid the Company under Captain Holland, in the defence of that place, and the adjacent shores; since which time none of their ships have anchored in the Delaware, till the 19th Inst. when the Belvedere Captain Byron come in and lay 3 or 4 days.

I am persuaded Sir, when you consider the situation of Lewes, that all ships of War coming into the Bay must pass, or anchor near it; that there are two Batteries here, with 18, 12 and 6 Pounders mounted on each, and a considerable quantity of powder, arms and other military stores belonging to the United States, You will deem it expedient to order some troops to this Station.

I have the honor to be with the
greatest respect, your most
obedient Servant.

HON. JOHN ARMSTRONG.

DANIEL RODNEY.

15, July 1814.

Sir:

I have the honor to acknowledge the receipt of your communication of the 4th July requesting me to organize and hold in readiness, this States quota of a Corps of 93,500 men, to designate the place of rendezvous, and make a report of the same to the Dep't of War. I shall use all the means in my power to comply with this requisition and will direct the Adj't Gen'l. to have organized, and make return of the detachment as soon as possible, in the meantime permit Me Sir, to renew the request, I made in my letter of the 25th ulto. that the President would authorize me to call into service, a part of the detached Militia of this State, to be stationed at most important and exposed points, which are in my opinion Lewes and New Castle.

I have the honor, &c.

HON. JOHN ARMSTRONG.

DL. RODNEY.

MAJOR E. P. GAINES TO COL. IRVINE

Head Qurs. 4th Militia Dist.
Philadelphia Nov. 14th 1814.

Sir,

You will be pleased to repair with the most efficient part of your Corps, to the Town of Lewis on the Delaware, assume the command and put the place in the best State of defence the means there will enable you.

His Excellency Governor Rodney will assign to your command such Corps of volunteer & detached militia as he may have assembled.

You are to confer freely with the Governor in relation to the means of defence, and report to me on your arrival, the strength and state of your Command, your Ordnance & Ammunition, provisions &c. & the strength and apparent designs of the Enemy near you—upon these subjects you will keep me constantly informed. Should the Enemy appear in such force as in your judgment would warrant the belief that he meditated an attack on this place, and should actually ascend the river toward point Penn, you will in that case have the command of Lewes with Major Stockton or one of your best qualified Militia officers, and make a rapid march with your regulars towards this place, so as to be able to act against the Enemy at his debarkation, or on his rear after he gets in march—the probability however is, that he will attack you at Lewes, where I feel confident you will give him a warm reception.

Your Deserters after the execution directed in the Order of this day will be sent to Fort Mifflin to receive their final sentence—your sick may at the same time be sent to Province Island—It is not expected that your Regiment will remain long at Lewes.

I have the honor to be very respectfully

Sir, your obdt. Svt.

PATROL REPORT

Camp Lewistown Del. Dec. 2 1814.

Sir,

In obedience to your order of last night " to proceed to the Salt Works for the
 purpose of gaining information of the enemy, knowledge of the road &c., I started
 with a party of 2 non-commd. officers & 12 priv. In consequence of the Lewis-
 town bridge not being passable & a flood tide, we were obliged to pass some distance
 up the Creek in a boat where we landed on the opposite shore. For one mile in a
 North Eastern direction our left was covered by sandbanks & scrubby pines and our
 right by a marsh—the road generally flat & damp, or wet. At the end of a mile it
 obliques to an easterly course the right cover'd by woods & marsh the left by a woody
 flat—for 1/4 of a mile, then taking a southern course for a short distance with a
 marsh some distance on its right a thick wood intervening, & thick woods on the left
 & crossed by a shallow stream—then taking an easterly direction, continues with few
 deviations for at least two miles; flanked on either side & at about 40 paces by ap-
 parently impassable morasses then winding to the south & immediately crossed by
 a fordable stream, is at 1/4 a miles distance crossed by defiles the left leading to the
 light house Continuing its course it is intersected by another road leading to the
 light house & in one mile of tolerably level road brings you to the Salt Works—
 Crossing the stream, on the opposite side of the opposite side of which they are placed
 by a bridge. The ground on which those works are erected & for some distance
 below is flat and thinly covered with pine woods. The information of the enemy
 obtained there was that the frigate had put to sea toward evening. But I was in-
 formed by a person from the light house that she did not leave the Coast till 1 o'clock
 this morning.

I am Sir

Very respectfully

Your ob. Sev.

PHILIP MENDENHALL

Lt. 42nd Reg. U. S. Inf.

P.S. The computed distance from the
 salt works to Lewistown Bridge is four
 miles—the generally good.

Agreeably to your order I immediately proceeded on my march with a Corp. & four Privates to the Salt Works, I do not think it necessary to make any remarks of the road untill I arrive at the forks of the roads one leading to the light house and the other to the Salt Works, After proceeding a short distance from the forks I came to a small stream and a large morass South of the road, after passing it became a thick woods on both sides of the road I continued my march for some distance came to another shallow stream crossing the road with a large morass on both sides running nearly East & West I proceeded on within a mile & a half of the Salt works, I came to another morass and stream running the same course, all that distance it Continued a thik woods untill I came within a Mile & a Quarter of the Salt works I came to a cross Road running nearly north & south there it became open woods for some distance round from there I proceeded to the Salt works, when I arrived there I made particular enquiry for the enemy and I was informed they had not been seen since the 1st Instant, that is all the information I could obtain I then returned the same road to camp

REPORT OF A RECONOITERING PARTY DETAILED FROM CAMP LEWISTON ON THE NIGHT OF 4th OF DEC. 1814 BY CAPT. GEO. G. STEELE OFFICER OF THE DAY.

Sir,

In obedience to your Order I proceeded from the incampment at 12 o'clock at night for the Salt works. after crossing the creek at Lewis my way lay for about a mile thru a sandy plain destitute of timber it was very bleak & cold the sand being dry & loose made the march very fatiguing. I then entered the Border of a thin wood appearantly of scrub Pines on my left flank and on my right a marsh to all appearances impassible. My Rout was still thru a level sandy country but on leaving the marsh on my right I found my self enveloped by a thick wood on all sides the timber was of a larger growth and I think well calculated for a boddy of Rifle men to act in they might be secured by treese and very much harras an Enemy if attempting to advance, about half a mile further I observed on my left flank a small emenace which I think might be advantageously occupied by two or three six pounders I passed no raveines or water cources after I left Lewis untill within half a mile of the Salt works thru which I waded it was over my boots in the Channel but on my return the moon had risen I found a tree over the stream and passed the De-fily by single file I then proceeded to the Beach where I found several wooden Buildings—many long wooden troughs or sisterns some of which had salt in them. While I was viewing the works the moon rose which gave me an extensive view of the Beach which I traversed for a half mile—could see nor hear nothing but a tremendous Roaring of the waves on the Beach—the Buildings did not contain any inhabitants are made of wood and in my opinion not calculated to screen troops from the fire of grate guns—I saw no fences of any kind nor places for the security of troops of any corps but the trees I have mentioned. Permit me to suggest as the Country is Level it is well calculated for Dragoons to act in they might be employed to much greater advantage in facilitating the information if there is any to be gained by that Rout my Ignorance of inginering will excuse to you the rough hints I have suggested.

I have the honor to be

PATROL REPORT

Sir,

Camp Lewistown, Dec. 6, 1814.

In pursuance of your orders, I took up the line of march with my party at 1/2 past 12 o'clock A. M. for the Salt Works. The night being very dark, I had no opportunity of taking a correct view of the country—it was generally very level—soil sandy and I believe good water is scarce on the whole route. We advanced to the lane designated in your directions; then wheeling to our left, we passed through some light woods. After marching some distance we discovered a light, which had the resemblance of a large fire, and a number of people round it. It being foggy, I had to advance cautiously in order to learn what it was.—The nearer I approached—the more I had reason to be alarmed. I still advanced, and at length determined to leave my party and reconoitre myself. When I got within gun shot I distinctly saw that it was a house lighted up, and a number of people in it, which suggested the possibility of its being in possession of the enemy. Accordingly I returned to my party and took a file of men with me to reconoitre again. We advanced to the door and found a large family up, and busily employed in their lawfull avocations, I enquired the way to the Salt works—they appeared ignorant of the road and unwilling to give us much information. We then wheeled to the right and came to a marsh, pursuing our march thro' thin woods—half wheeling to our right and leaving thick woods in that direction, till we came to a farm house and then wheeled on our left—we took a direct course for a few hundred paces, and then came to a great road; wheeled to our right and passed through some light woods till we came to a blacksmith's shop. We then wheeled to our left, took a south eastern route till we came to Rehoboth, where lives a Mr. Rhodes.

From the out-skirts of Lewistown to Mr. Rhodes we counted 19 houses, right and left—we tried the water in a number of places, but found it always bad—The soil barren and no streams of importance, as we only went over one small run of water.—

After we had warmed ourselves at Rehoboth we proceeded to the beach and continued on that course till we came to some enclosed lands, there reconnoitered some distance and returned to the beach again. We then marched to the salt works—at this time a very severe snow storm came on, and I concluded to make the best way to camp. Accordingly, we set out and took a foot path over a rough country—through woods—over 3 creeks, hills & dales till we arrived at Camp, about 7 o'clock A. M.

42nd Inft. officer of the day

GEN. JNO. CADWALADER TO CAPT. GEORGE READ

Head Quarters 4th M. District

Philad. 3 Jany. 1815.

Sir,

Your letter of the 27th December was this day delivered to me by Lieut. McCollough. I have issued an order (dated tomorrow as the orderly hour is passed) directing that your Company shall retain its arms & accoutrements till further orders. a Copy of the order is enclosed.

During the short time I shall remain in Command, it will be impossible for me to make any arrangements in regard to a supply of ordnance for your Company. The Head Quarters of Major General Scott will be removed to this City about the 1st of February—when your application may be made to him: it does not however appear to me probable that the pieces promised by Gen. Bloomfield can be furnished and I should suppose that the Legislature of Delaware might be resorted to with a better prospect of success.

The General orders of 28th November calling your Corps into service must establish your Right to pay & the usual allowance for forage, etc. there can be no doubts on those points. I have no certain information as to the time when the Troops may expect their pay—in regard to forage, I will countersign your Return which will remove all scruples in the Qr. Master General.

I have the honor to be, very respectfully

Sir, your obt. svt.

Paynter Commandt. dated Garrison at Lewes the 19th day of May 1813 Requiring us to "March to the said Garrison with all possible despatch." We accordingly assembled there on the 21st and Continued on duty as per roll untill the 5th day of June when we receiv'd. our discharg through General Green. On that day we filed in the office of Mr. Kendl. Batson a regular roll of Services with an Account of Rations & forrage receiv'd. and due a Coppy of which with pay annexed is herewith mark A. The papers of this office as is understood by us was sent by afr'd Batson to General Green and by him in part returned, by which it is presumed the afr'd account was mislaid so as not to have been exhibited to the Comm'rs. Authorized to Settle such Accts. the Omission not having been discovered until after their last sitting—It will be recollected by a number of your Honbl. members that this was the second time we had obeyed the Call of our Country, at this time the services of almost all the volunteers under the State had expired, and before the detached Militia had Assembled so as to be organized, at a time when the Comisary had Closed or was about Closing his Acct. with this State and was preparing to Commence under the United States in consequence of which he was not prepaired and actuall could not furnish us with regular supplies of rations and forrage nor quarters all which we had at an advance price to provide for ourselves and receive them of him in such proportions and times as his circumstances would admit, by which there is a ballance yet due to most of us as pr. statement—We also be leif to represent to your Honours that shortly after we was called in as afr'd that Maj. Comegys of the detached Militia Assumed the Commant at the said Garrison Whose authority we considered ourselves bound to respect and Obey. In all things lawfull and possible in the Common Service. A number of the men attached to his Command who had met agreeable to General Orders had absented themselves without permission while a Still greater number had neglected or refused to attend. He considered it his duty and indispensibly necessary to prevent the practice from prevailing to have the former brought back and the latter urged to their duty for this purpose he gave written Orders dated the 24th May to Lieute. Derrickson who was then at the garrison with two privates to pursue (into Little Creed hund) and cause to return four persons therein named of the former description.

Also an order of the same date to Cornet Burton (who was called in for that purpose) with three privates to proceed to Kent County with dispatches to the Gov. who was then at Dover and in persuit of two persons of the former and to call on fourteen of the latter description in the said Order named. The Commisary was call'd on in presence of the Majr to furnish the means necessary to execute sd. orders who declared his inability to comply. On the representation of the Maj. of the necessity in his judgment of having the orders executed and under the impression of our duty to obey in all things possible where the Common Cause was the Object relying on a reimbursement when the Circumstances would permit the Officers of the Comp. Cheerfully made the necessary advance—

On the return of the detachments having executed their Orders the Bill of Expenses including these returned was presented to the Maj. and by him duly examd. & approved on the 27th and 30th day of May the former amounting to \$8.02½ the latter \$17.82.—

This Acct. with the vouchers was indorsed and laid before the Comm. afr'd at their last sitting and was by them returned indorsed "The within claim arrises from orders by an officer in Service of the U. States"

On representing this to Maj. Comegys he advised an application to Col. Wm. Leonard in Philada. the Accounting officer for this district and furnished us with Certificates for the Claim with a letter recommending the Justness of the demand and the necessity of the services—Application was accordingly made to him by Mr. R. Oliver of Philada. in our behalf who recd. for answer as per certificate Markd B "The troop of horse not being in the service of the United States he was not authorized to pay the demand

Thus it appears that for a sum two trifling to Justify the expence and trouble of repeated soliciting we have hitherto been placed in an uncertain situation.

To you then who when convinced of the justness of a claim are not bound by the narrow limits of instructions and forms, we confidentially look as the last resort, the amount tho small is now principally due to the Widows and Orphans of those who placed as we were, under a sense of duty to the Officer Commanding to our selves, and our Country, had not the leasure to inquire into the distinction of Orders from an Acknowledged Command'r. wheather he was in Service of this or the United States, we had the impression that he was the proper person to judge of the necessity of his Orders. *Ours* to execute his orders, in all possible cases, if we were rong it was our mistake, not our Crime. To your decision we cheerfully submit as in duty bound

Remarks

There are several Companies of Grenadiers, Light Infantry and Riflemen attached to the Militia of Delaware, but as the blank forms, for Brigade Returns do not correspond precisely with this, it was impossible for the Brigade majors in filling up their returns to designate them, they therefore necessarily fall under the denomination of infantry.

Sir, The above and foregoing return of the Militia of the State of Delaware is with great deference submitted to your Excell. Inspection.

JOSEPH WALLACE

WILLIAM BARNEY Capt.

JOHN STOCKTON TO GOV. DANIEL RODNEY

Wilmington, Delaware

December 31st 1815.

Dear Sir.

I must trouble you again on the Subject of the State Arms, that have been delivered to certain officers in the first Brigade Delaware Militia there has but two Companies given in their Arms & apparatus, two of our Wilmington Cpts & their Officers have resigned, of course their muskets should be returned or they will be lost to the State.

Major John Crow who was appointed Commissary of Military Stores tells me he has sent his resignation; but has not heard whether it was accepted the United States Stores at this place & New Castle are to be shut up and the Munitions of War Sent to Philada. Mr. Kirkpatrick the keeper of the Stores in this place asked me what was to be done with the State Arms, 39 or 40 in number. I observed he must apply to Major Crow, upon the application he received for answer that he would have nothing to do with them.

Since writing the above I have seen Capt. W. Shipley who had resigned and his Officers, he had 50-stand of arms & apparatus, which he Says is ready to be delivered to any person authorized to receive them.

There is a small account of mine on the files of the Legislation at Dover, which they aut allow me, instead of keeping the State Muskets bright I'd have them bronzed and have them oiled once in two or three months that would be a great saving of expense to the State

I am Sir.

DANIEL RODNEY Esqr.
Governor of the State of
Delaware.....

RESOLUTION

Whereas by a Resolution of the General Assembly passed at their Session in February one thousand eight hundred & fourteen the Governor was requested to forward to the Secretary at War of the United States an account of all monies which had been expended by this State against the then common enemy of the United States, with a request that the same should be laid before Congress. And whereas his Excellency Daniel Rodney Esquire, Governor, did in his message to the General Assembly at their Sessin in January last, inform the Legislature, that the Auditor, on the eighteenth day of March one thousand eight Hundred and fourteen, furnished him with an account of our expenditures in military operations during the year one thousand eight hundred and thirteen, amounting to thirty thousand, six hundred and nineteen dollars and seventy nine cents, and that he had transmitted the same to the secretary at War, with a request that the President would provide for the reimbursement of that sum to the State, or that the amounts should be laid before Congress. And whereas this State steadily pursuing military operations against the common enemy of the United States has expended considerable sums of money in addition to the sums mentioned in the Governor's message. And it is just that all monies thus expended for the common defence should be refunded by the General Government, and not suffered to operate as a burthen upon an Individual State when in all things promptly contributes its full proportion of Taxes towards the support of the National Government as well in War as in Peace.

Therefore

RESOLVED UNANIMOUSLY by the Senate and House of Representatives of the State of Delaware in General Assembly met, that the Governor be and he is hereby requested to forward to the Secretary at War of the United States a further and additional amount of all monies which have been expended by this State for defence against the common enemy of the United States during the late war, with a request that the same may be laid before Congress.—

WAR DEPARTMENT

15th April 1816.

Sir,

I have the honor to inform you that the evidence furnished by the correspondence between this Department, and the Governor of the State of Delaware, is concieved to be sufficient to entitle the State to reimbursement from the United States, for the money expended by it, in repelling the attack made upon Lewes Town—in the spring of 1813.

It may be necessary however to observe that the appropriation made to meet the arrearages of this department, was founded upon an estimate which did not include the sums which had been advanced for militia service by the States themselves should no appropriation be made to meet these arrearages they will not be discharged, until the elaims of individuals shall be satisfied.

I have the honor to be your

most obt. very humble servt.

HONBLE THOMAS COOPER

RESOLUTION RESPECTING CLAIM FOR EXPENDITURES

Whereas by the communication to this House from the late governor of this State dated the seventh day of January last, it doth appear that the evidence furnished by the correspondence between the Department of War and the governor of the State of Delaware is sufficient to entitle the State to reimbursement from the United States for the money expended by it in repelling the attack upon Lewis in the Spring of eighteen hundred and thirteen;

And Whereas by a resolution of the General Assembly passed at Dover on the tenth day of February eighteen hundred and sixteen, the governor of this State was requested to forward to the Secretary of war of the United States a further and additional account of all monies which have been expended by this State for defence against the common enemy of the United States during the late war with a request that the same might be laid before congress;

And Whereas other and additional accounts have been allowed and paid out of the treasury of this State under and by the authority of certain commissioners named and appointed in an act of Assembly passed at their session in January last of the year eighteen hundred and sixteen to liquidate and settle the accounts of all persons having demands against the State for articles furnished, for expenses incurred, and for services rendered under the orders of the governor or otherwise for the defence of the same;

And Whereas it is just and proper that all monies expended for the common defence should be refunded by the General Government and not suffered to operate as a burthen upon an individual State, which in all things promptly contributes its full proportion of taxes towards the support of the National government as well in war as in peace;

Therefore Resolved by the Senate and House of Representatives of the State of Delaware in General Assembly met, That the governor be and he is hereby requested to forward to the Secretary at war of the United States further and additional accounts of all monies which have been expended by this State for defence against the common enemy of the United States during the late war, with a request that the same may be laid before Congress.

GOV. JOHN CLARK'S MESSAGE JANU. 19th 1818.

I lay before the General Assembly a copy of a letter received from our Senators and Representatives in Congress dated on the 23 Decr. 1817, stating "that the claim exhibited on behalf of this State for expenditures during the late war remains in the same state that it was a year ago; and that nothing further will be done until the proper vouchers shall be produced and the original accounts and receipts be sent forward to the War office":—Under these circumstances, and considering that this is a matter of great importance to the State, I recommend the appointment of a special agent on behalf of the State, vested with full powers, to attend personally and constantly to this business until it shall be closed.

19th Jan. 1818.

JOHN CLARK.

Sir.

Washington, Decr. 23d, 1817.

Upon inquiry made at the War Department we discover that the claim exhibited on behalf of the State of Delaware for expenditures during the late war remains in the same state that it was a year ago.—We learn that nothing further will be done until the proper vouchers shall be produced, and it is expressly stated that the original accounts and receipts must be sent forward to the war office. Under these circumstances we believe it will be most advisable to employ on the part of the State a special agent to bring on all the papers relating to the claim, and to attend personally and constantly to the business until it shall be closed. Other States have been obliged to take the same course and have succeeded in obtaining settlement and payment of their accounts some time since.

We have the honor to be very respectfully

Your Excellency's Mo. Obt.

His Excellency,

JOHN CLARK

The foregoing is a true copy from the original letter remaining filed in this office.

J. GORDON BRINCKLE TO GOV. JOHN CLARK.

Sir,

Dover 17 Oct. 1818.

In pursuance of my appointment by you under the resolution of the General Assembly, of the 30th of January 1818, I proceeded to the city of Washington last week with all the original accounts, receipts and other vouchers and papers necessary to enable me to have liquidated and settled at the War department, the claim of this State against the United States for military expenditures made by this State in Support of, and in consequence of the late War. The examination and Settlement of our account having been referred by the Secretary of War to Peter Hagner esquire, 3rd Auditor, I filed in his office on the 12th inst. two Statements of the amount of our claim, one of which, marked B. contained the allowances made by the Second Set of Commissioners, amounting to \$8,505.25½, and the other marked A. contained the allowances made by the first Set of Commissioners and a Special Act of Assembly amounting to \$29,480.60, making together \$37,985.94½. I also filed all the vouchers that had come to my hands, which in any manner supported the different items of our claim. Finding it impossible to procure an *immediate* examination and Settlement of our account, I made an application to the Secretary of War for an advance on it and succeeded in getting a warrant on the Treasury for twenty five thousand dollars; for this warrant I obtained a check on the Bank of the United States at Philadelphia, which I this day endorsed and delivered to C. P. Comegys esquire, State Treasurer, as directed by the Second clause of the resolution of the General Assembly.

It is not probable that I shall be able to procure a final Settlement of our claim before the Spring, in consequence of the great pressure of business in the office of the 3rd auditor.

I have the honor to be

Your Excellency's

His Excellency,

JOHN CLARK Esquire

Governor of the State of Delaware

J. GORDON BRINCKLE TO GOV. JOHN CLARK.

Dover 3. Jan. 1820.

Sir,

I have not yet been able to affect the entire Settlement of the claim of the State of Delaware against the United States for Military expenditures during the late war.

I have however the satisfaction to inform you that so much of the claim as consists of the *pay* and *provisions* of the militia, the general government has agreed to adjust upon principles which appear to be unobjectionable.

The adjustment of most of the other items remains yet embarrassed by serious difficulties growing out of the want of proper vouchers.

REPORT AND ACCOUNT OF J. GORDON BRINCKLE.

Wilmington 7. Jan. 1823.

Sir,

The account of this State against the United States for moneys expended for purposes of defence during the last war with Great Britain having been examined by the 3rd Auditor and the 2nd Comptroler of the Treasury of the United States and settled, with the exception of a few items, it become proper for me to lay before the General assembly the result of that examination and settlement.

The account was stated in two schedules, the one of which embraced certain allowances made by the General assembly and also those made by the commissioners James R. Black, Andrew Barratt and Edward Dingle, esquires, and was marked with the letter A; the other embraced the allowances made by John Crow, John Mitchell and John Handy, esquires, and was marked with the letter B.

The items in the first amounted to.....	\$29,480. 69
Those in the second to.....	10,035. 78- $\frac{1}{2}$
Making an aggregate of.....	39,516. 47- $\frac{1}{2}$
From this sum however there must be deducted for the proceeds of powder remaining on hand at the close of the war & sold by the State	153. 83
Leaving a balance of.....	39,362. 64- $\frac{1}{2}$
Of which there has been allowed	34,545. 72
Items to this amount are suspended	768. 80- $\frac{1}{2}$
And disallowed to the amount of	4,048. 12
	39,362. 64- $\frac{1}{2}$

The suspended items consist principally of charges for cleaning and repairing arms, and await a decision on similar items in the account of the State of New York.

The accompanying paper presents a statement of the disallowed items arranged in the following classes: viz.—

1. Charges for cooking and for articles not allow- able to troops in service.....	}	386.46- $\frac{1}{2}$
2. Allowances to Military commissaries, for branding arms &c.....		
3. Charges for printing.....		51.—
4. Allowances remaining unpaid		105.28- $\frac{1}{2}$
5. Charge for bullet moulds.....		60.—
6. Unnecessary officers.....		201.20
7. Double payments.....	43.75	
8. Errors in addition and overcharges	65.42- $\frac{1}{8}$	
9. Previously paid by the U. States	311.72	
10. Errors in allowances of pay rations	398.76- $\frac{1}{2}$	819.65- $\frac{1}{2}$
11. Allowance to the commissioners.....		333.—
12. Miscellaneous.....		203.15
13. Loss on purchase of provisions.....		1628.71
		<hr/> 4109.84
Deduct for undercharges allowed.....		61.72
		<hr/> 4048.12

And a further deduction should be made for the following arms which ought not to have entered into the account; viz.—

Improper items in the 2nd class.....	206.16- $\frac{1}{2}$	
Amount of the 3rd class.....	51.—	
“ “ “ 4th do.....	105.28- $\frac{1}{2}$	
“ “ “ 5th do.....	60.—	
“ “ “ 11th do.....	333.—	755.45
So that the loss of the State on the various grounds mentioned in the accompanying statement and remarks amount to.....	}	3, 292.67

Although the loss has been so very considerable, I am constrained to say that the settlement appears to me to have been made upon most fair and liberal principles. Indeed such was the state of the vouchers that without the aid of great liberality almost the whole of the claim must have been disallowed.

Of the sum allowed, and received by me, twenty five thousand dollars has long since been paid to the State Treasurer; the balance of nine thousand five hundred forty five dollars and seventy two cents remains in my hands subject to the order of the General Assembly.

I have the honor to be

Very respectfully

Yr. Obt. Svt.

REMARKS ON THE PRECEDING STATEMENTS.

1. Class. This class clearly consists of items not properly allowable.
2. Class. Of this class there are items not connected with the war to the amount of \$181.16- $\frac{1}{2}$. There is also a double charge of \$7, and by mistake the sum of \$25 which forms part of another account is included in the last item. These sums amount to \$213.16- $\frac{1}{2}$.
3. Class. The printing was of blank commissions and general orders for the militia generally and for that part of it detached for the service of the States, and had it is believed no relation to the troops called out by the State.
4. Class. The items in this class were allowed but *never paid* by the State.
5. Class. The moulds are, or ought to be, yet in the possession of the State and so could not form an item of charge against the U. States.
6. Class. The principal item is the allowance of \$150 to the adjutant General, which was rejected on the ground that the number of troops in service did not require both him and deputy adjutant General Batson, whose allowance was admitted. The other two items were disallowed because such officers were unnecessary.
7. Class. }
8. Class. } These all include matters which need no explanation.
10. Class. }
9. Class. This item consists of the sum allowed Capt. Warner's troop of horse in lieu of rations and forage, which were in point of fact supplied to that company by the Borough of Wilmington and paid for by the United States.
11. Class. This consists of the various sums paid Messrs. Black, Barratt, Dingle, Mitchell, Crow and Handy for their services in liquidating the claims against the State.
12. Class. The Auditor refused to allow anything in the shape of interest. The expenses attending the apprehension of deserters should have been defrayed out of their pay. The allowance to W. Paynter was rejected for the reasons mentioned in the remarks upon the next class.
13. Class. The accounting officers of the U. States required regular vouchers to shew the distribution of the provisions bought in the year 1813. Such papers could not be shewn. It therefore became necessary to reject from the account all the charges for provisions purchased in that year; and it was agreed that in lieu of them the State should be allowed for the rations drawn by the troops in service. The only difficulty that remained was to fix on the price. It was represented to me by W. Hagner that the U. States contractors furnished rations at that time (1813) in Delaware at *fifteen* cents; but as it was perceived that the State would be a very considerable loser at such a price, it was agreed that it should be fixed at *twenty* cents, which was stated to be the maximum price allowed. This arrangement placed the State in the situation of a contractor, and all charges for procuring, forwarding and issuing provisions were also rejected.

The charges for provisions amounted to	7,726.94	
Those for procuring &c (besides the item in Class 12) to	327.97	8,054.91
The <i>drawn</i> rations were in number 32,131		6,428.20
		<hr/>
Difference		1,628.71

The "*undercharges allowed*" are of an opposite nature to these errors included in the 8th & 10th classes and were intended by the accounting officers of the U. States as a set off against them.

J. GORDON BRINCKLE

Agent of the State of Delaware.

REPORT OF W. P. BROBSON TO LEGISLATURE

Sir,

Dover Jan. 3, 1827.

In obedience to the resolution of the General Assembly adopted at its last session, appointing me the agent of the State to settle and adjust the military claims against the United States, the following report is respectfully submitted:

Having been instructed to demand the payment of interest upon the moneys expended by this State, in the common defence, during the late war with Great Britain, and understanding that such a demand would not be admitted by the accounting officers of the general government without the authority of an act of congress, I proceeded, shortly after the close of the last session of the legislature, to Washington, for the purpose of obtaining the passage of such an act. An act authorizing the payment of interest to the State of Delaware, was passed on the 22nd day of May last.

The act passed at the preceding session of congress, in favour of Virginia, formed the precedent of the act passed in our favour, and both contemplated and provided for the payment, by the United States, of interest upon loans which had been borrowed by the State, and upon which it had paid interest.

The moneys borrowed by this State, during the late war, according to the statement of the State Treasurer, were as follows:

1813, May 4.	From the Farmer's Bank	at Dover	\$20,000.—	
1814, April 12.	Ditto	" ditto " ditto	10,000.—	
" July 5,	Ditto	" ditto " ditto	5,000.—	\$35,000.00

In addition to these loans, there were sold by the State Treasurer—

1813, June 12.	To McEuen, Hale & Davidson, 74 shares of Phila	
delphia Bank Stock, nett proceeds, deducting borkerage &c.	9,480.74	

Which, added to the sum of \$35,000.—amounts to \$44,480.74 raised by this State, by loans and the sale of Bank Stock, and supposed to have been expended, in the common defence, during the war.

The claim of interest on the proceeds of the bank stock sold by the State, and amounting to \$9,480.74, was at once and decidedly rejected by the third Auditor, as a case entirely unprovided for by the act of Congress, which only looked to the payment of interest on moneys actually borrowed by the State.

In construing the act of congress, subject to this restriction, I regarded it as placing the United States and this State in the common situation of debtor and creditor, in which interest was to be paid for so long a period as the debtor has enjoyed the use of the principal. I, accordingly, prepared an account, charging the United States with interest from the date of the respective loan up to the several periods when the payments of the principal sums had been made to the late agent of the State, J. G. Brinckle Esquire, namely, in October 1818, \$25,000.—and in December 1822, \$9,545.47- $\frac{1}{2}$. This construction, however, was rejected by the Auditor, who stated the rules adopted by the War department in the settlement of the claim of Virginia, under an act precisely similar in its terms to ours, to be, as follows:—

1. The loans must have been borrowed and expended by the State, for the use and benefit of the United States.

2. The United States will pay or reimburse to the State, the interest the State has actually paid on these loans, and no more.

3. Under these rules, the claim of interest on the loan of \$20,000.—borrowed May 4, 1813, has been admitted.

This loan was repaid to the Farmer's Bank, November 4, 1818; five years and six months interest having been paid thereon by the State, amounting to \$6,600.—But

the United States having paid on the 13th of October preceding, the sum of \$25,000.—to Mr. Brinckle, a deduction was made for the intervening time, between the 13th of October and the 4th of November, leaving due to the State upon that loan, the sum of \$6,530.—which has been recently paid to me by the Treasurer of the United States, and is now in my hands, subject to the disposition of the General Assembly.

With regard to the balance of the account, embracing the loans made on the 12th of April and 5th of July 1814, amounting to \$15,000.—a doubt has arisen whether a claim of interest against the United States, can fairly be founded upon it. The claim has been suspended, and upon grounds which, I apprehend, will lead to a final rejection of it. It would appear, that this money was not borrowed and expended for the use and benefit of the United States, nor for any military purposes whatever; but to carry into effect an act of the legislature, passed February 15, 1814, authorizing the State Treasurer to borrow \$15,000.—for the purpose of paying the instalments due by the State upon its shares in the Farmer's Bank.

In relation to that part of the duty assigned to me as Agent, which refers to the settlement of the account of the War department of the United States with this State, "relative to arms and military supplies to be furnished under the authority of an act of congress, entitled—"An act for arming and equipping the whole body of the militia of the United States," I beg leave to state—that, during the last summer an agent was appointed by the War department to meet me at Wilmington for the purpose of settling this account; but that from circumstances connected with the public service of the United States, he was not able to arrive there before the month of November. He presented a very large account of arms and military stores issued to this State, during the late war with Great Britain, by the United States, as a sett-off against this State, in its claim for arms &c. under the act of congress. We were engaged, during the greater part of November and the early part of December, in the investigation and settlement of this account; and after having made considerable progress in this investigation, we were under the necessity of suspending our labours, for the purpose of obtaining certain necessary information not immediately within our reach. This information must be obtained, principally, in Kent and Sussex Counties, and my final report upon the subject must necessarily await the result of our inquiries.

I am, Sir, respectfully

To the honorable

Your obedt. Servt.

HENRY WHITELEY

W. P. BROBSON.

Speaker of the Senate of the State of Delaware.

To the honorable the Senate and house of Representatives of the State of Delaware,
In General Assembly met,

The memorial of the undersigned agent for settling the military claims of this State against the United States, respectfully represents, that he has, during the past year, been engaged at a considerable expense of money, time and labour in attending to the business of the agency; and that as it regards the claim of interest, he believes, his duties are terminated, and that no further claim on that account exists against the United States, on the part of this State:

He therefore prays, that he may be authorized to retain out of the money in his hands such a sum by way of compensation for his services as the General Assembly may deem right and proper.

And he will ever pray &c.

W. P. BROBSON.

Note. In June 1908 Atty. Genl. Robt. H. Richards finally succeeded in getting this claim settled, by the United States government paying to the State of Delaware the sum of \$83,250.50.
