The Registers in this volume have been transcribed by the Rev. W. Symonds, the Rev. E. F. Eales, the Rev. T. C. Johnson, Mr. W. R. Storr, the Rev. H. Urling Smith, and the Rev. W. Wynn Lloyd, and to them all the Editor desires to tender his best thanks. Thanks are also due to the parish clergy for leave to print the various Registers. Their names are mentioned under the respective Parishes.

The reader must bear in mind that these transcripts are not legal "evidence", and that for certificates the clergy in charge of the Registers must be applied to.

The Editor desires to impress upon the reader the fact that it is only volunteer assistance that renders the issue of these Registers possible. He will gladly welcome further help in the work of transcription.

Two volumes annually ought to be issued for Gloucestershire if the same rate of progress is to be maintained as in some other counties of this series.

Gloucestershire Parish Registers.

Marriages at Thornbury,

1550 to 1812.

NOTE.—Besides “the Borough”, Kington (Kyneton), and Morton, which now constitute the parish, Thornbury formerly included Oldbury, with the hamlet of Cowhill (Cowell), Rangeworthy, and Falfield, with the hamlets of Whitfield and Buckover, and contained upwards of 10,000 acres of land with 3,000 acres of water, as compared with the 4,482 acres of the reduced modern parish.

Oldbury-on-Severn has an ancient church, with its own separate Register, dating 1538 to 1740. It was constituted a separate parish 1863.

Rangeworthy, formerly a chapelry or curacy under Thornbury, has a fifteenth century church. Its separate Register dates from 1690.

Marriages at Oldbury-on-Severn,

1538 to 1733.

NOTE.—Oldbury-on-Severn was anciently a chapelry of Thornbury, from which it was separated ecclesiastically September 15, 1863, and civilly, in or soon after 1894. Its ancient church, dedicated to St. Arilda, was unfortunately destroyed by fire in 1897, when the register from the year 1700 perished. The two earliest volumes of the register (1538-1740), which are still extant, are in the care of the Vicar of Thornbury. It is from them, as far as they go, that the Marriage entries have been transcribed.

Volume I has large parchment leaves, 2 ft. by 11 in., and has been carefully rebound in a stiff parchment cover. It contains Baptisms, Marriages, and Burials, 1538-1644, with marginal letters to distinguish the three classes of entries.

Volume II (1645-1740), with parchment cover and leaves, 13 $\frac{1}{2}$ in. by 4 $\frac{1}{2}$ in., has this title:—"Anno Domini 1648. Bought this booke the 4th of August of Mr. Thomas Thoms, of Bristoll, cost 10s." The entries commence 30 March 1645. They are incomplete, 1650-1662, wanting 1701, 1726, 1727, for 1728 there are entries only Dec. 16 to Feb. 22; 1729 wanting up to Oct. 9; no Baptisms 1739, and there are no Marriage entries after 1733. It is very remarkable that the Marriages, which are fairly numerous till 1649, fall off after 1649 to a negligible quantity. Probably the Vicar of Thornbury discouraged marriages at this chapelry, and had them solemnised at the parish church.

The Marriage entries have been copied by Rev. W. Symonds, M.A., with the sanction of the Rev. A. W. Cornwall, M.A., Vicar of Thornbury. The Rev. Edmund R. Nevill, of Salisbury, has kindly solved several doubtful readings.

[No more Marriages in Vol. II, though the Register of Baptisms and Burials is complete to the end of 1740.]

Marriages at Naunton,

1545 to 1812.

NOTE.—The older Registers of this parish, which is styled in the ancient Register Nawnton uppon Cottesold, consists of three volumes.

Volume I contains forty-six perfect parchment leaves followed by one that has been cut out and destroyed. At the end there are eleven perfect paper leaves preceded by three imperfect ones, and five or six that have been destroyed. The leaves are $11\frac{1}{2}$ in. by $7\frac{1}{2}$ in., and are bound together with leather and thread between oaken boards, one of which is broken. The period covered is from 1540 to 1762, and the entries include Baptisms, Marriages, and Burials, with some other matters. It is certain that the entries prior to 1564 were copied from an older book which has perished, and quite probable that the copy was made at a later date.

Volume II is calf-bound, and consists of four blank leaves of paper, followed by twenty parchment leaves, $12\frac{1}{2}$ in. by 7 in., containing Baptisms and Burials, but there are two Marriages on page one. There is one blank parchment leaf after this, followed by the remains of twenty that have been cut out, and the Book ends with two paper leaves, the first of which contains entries of Churchyard Fees; the last is blank. The period covered is from 1743 to 1809.

Volume III consists of twelve unbound leaves of printed Marriage forms, containing ninety-six Marriages, dating from 1762 to 1804, and is in perfect order.

The next Marriage entry is in 1813.

These extracts have been made by the Rev. E. F. Eales, Rector of Naunton, and are now printed under his supervision.

Marriages at Sevenhampton,

1605 to 1837.

NOTE.—The Marriages registered at Sevenhampton are contained in three volumes.

Volume I is of parchment, in limp covers, about 10 in. square. Its bulk has been increased by additional leaves at least once; there are now 122 pages. What was probably its earliest cover (now in the middle) bears an inscription, faint, but quite legible, though covered by some entries of 1806: "The Register book of the Parish of Sevenhampton, beginning in ye year of our Lord God 1555." There is another heading to the same effect on what is now the first page of the Register dated 1588. The entries in it are from 1588 to 1808. They are badly arranged. Baptisms are in an enormous majority, Burials fewer, Marriages very few and intermittent, only forty-four from 1588 to 1754, but it is noteworthy that eight of these are during the Commonwealth, and recorded in the same way as all the rest. The writing throughout is of various styles and qualities.

Volume II (under Lord Hardwicke's Act of 1753) contains Banns and Marriages combined from September 1755 to November 1812.

Volume III (under Rose's Act of 1812) has Marriages from January 1813 to January 1837.

No Banns records survive from 1812 to 1824.

These Marriages have been transcribed by Mr. William R. Storr, B.A. Oxon., and checked by the Rev. J. Storr, B.A. Lond., Vicar, by whose kind permission they are printed.

Marriages at Prestbury,

1633 to 1837.

NOTE.—The Registers of Prestbury begin in 1633, and prior to 1837 are contained in four volumes.

Volume I, bound in smooth brown leather, is written on parchment leaves, and contains the Baptisms, Marriages and Burials down to 1754. The Marriages from 1633 to 1662 are together in consecutive order, but from 1663 to 1699 they are included amongst the Baptisms and Burials. The Weddings from 1700 to 1754 are also in this same Volume but are entered at the end of it, the book being reversed.

Volume II is the usual book of printed forms, bound in vellum, and contains the Marriages from 1754 to 1784.

Volume III is of similar character, but bound in leather, and contains the Marriages from 1785 to 1812.

Volume IV, a parchment bound book, contains the Marriages from 1813 to 1837.

These extracts have been made by the Rev. H. Urling Smith, Vicar of Prestbury, and are now printed under his supervision.
