To Mr. W. Pountney the reader is indebted for the long Marriage Register of Henbury, while Mr. R. M. Glencross undertook the tedious task of collating it with the Bishop's Transcripts at Bristol. Mr. J. N. Blood extracted the Marriage entries in the Huntley Register, and furthermore collated them with the Bishop's Transcripts at Gloucester; the Fairford entries were extracted by Canon Carbonell, while the Rev. A. O. Trotter made himself responsible for the Winstone Registers. To them the Editor desires to tender his best thanks. Thanks are also due to the parish clergy for leave to print the various Registers. Their names are mentioned under the respective Parishes.

The reader must bear in mind that these transcripts are not legal "evidence", and that for certificates the clergy in charge of the Registers must be applied to.

The Editor desires to impress upon the reader the fact that it is only volunteer assistance that renders the issue of these Registers possible. Lack of the needful "copy" has been the chief cause for the long interval which has elapsed since the issue of Volume XV. Further help in the work of transcription will be gladly welcomed.

Gloucestershire Parish Registers.

Marriages at Henbury,

1544 to 1812.

NOTE.—There are, in all, eleven Registers of Baptisms, Marriages, and Burials between 1538 and 1812. Ten of these contain Marriages in the Parish Church, and in the churches of Aust and Northwick (chapelries of Henbury), and before Commissioners. Each of these Registers was carefully examined in 1909, and a description of each has been left with the Vicar, the Rev. C. P. Way, by the writer, detailing all damage, missing leaves, erasures, strikings-out, interlining, etc., etc.

Volume I.—This volume, marked on cover “1 Henbury”, measures 10 in. by 6 in., and has limp folded vellum covers, enclosing forty-seven vellum leaves and one of paper. Entries are made from 1538 to 1658. The number of Baptisms is 486; Marriages 145; and Burials 534. There are a good many leaves missing. Marriage entries commence on leaf 34, p. 1, with the following heading:—“The Register Booke of all the Weddings for the P'she of Aust made in anno 1599 with a true repprt of the Old Register Booke which was begonne anno Dom. 1544 and so continued unto this time.” There were no Marriages entered in the Old Registers from 1554 to 1561. The following is amongst the list of Burials:—“William Kinnion, a soldier wounded in the fight at Cleeve Aust and dying was buried ye 4th Feb. 1646.”

Volume II Aust.—This book, numbered on cover “2 Aust Baptisms and Burials, 1709 to 1812”, is in excellent condition. Size 13 in. by 8 in. It is bound in calf, stiff covers, one paper leaf at front and one at end and thirty-five vellum leaves. Four vellum leaves are missing at end of book. It contains on p. 1, leaf 17, 13 Marriages, as well as 330 Baptisms and 270 Burials elsewhere. The early entries take the following forms:—“Thomas, son of George Martimore by Sarah his wife was Baptized December 11 anno Dom'i 1713.” Burials, sometimes name and date only, or thus:—“Maye the 7th was buried Jan Gorg 1730 at Aust churchyard.” Marriages in some cases with name of the man only, in some others with man's full name and christian name only of the bride.

Volume II Henbury.—This volume endorsed on cover “2 Henbury Baptisms, Marriages, and Burials, 1582 to 1644”. Measures 13 in.

by 9 in., and has the original limp vellum covers and eighty-three remaining vellum leaves. The front and back covers are worn, torn, and mended; many leaves are stained and curled up at corners, and at end of volume are badly stained and rotten. The Rev. Francis J. Poynton, in his book "Some Account of the Registers of Aust and Henbury," 1888, suggests that this book has been rebound, as the earlier dates are in the last half of the book, the later dates preceding them. This, I think, is a mistake. On examining the binding it will be seen that where the first and second batch of written entries meet it would have been impossible to have separated the leaves to bind them wrongly, every two leaves being formed of one skin; therefore these skins would have had to be cut to alter the binding. They have *not* been cut. I am of opinion that two books, previously in existence, have been copied: the one of later date being the first available was copied into front of book. The Marriages from 1624 to 1635 at end of book, and those from 1636 to 1645 at beginning of book are in same hand writing. The first part of book is from 1636 to 1650, and the second portion from 1582 to 1635. There are 2,107 Baptisms, 517 Marriages, and 1,811 Burials. Many curious entries occur. The following are examples:—"John [——] a stranger that came hither from sea with Thomas Lister being most villainously murdered and two gerate stones tyed about him and thrown into a poole in Cockindge in the Twything of Stowick was burried 6th Maye 1612." "A poore travelling Reddinge man that died in the Church Porch was burried September 7 1629." [Note.—Redding or Ruddle is a coloured earth used for marking sheep.] "Mary the wife of William Nelme dying sodaynely buried ye xxv day of March 1618." Amongst the Baptisms and Burials are erasures of the names of the fathers of base-born children. It seems to have been the rule of the Vicar at this time to enter the father's name if possible—sometimes the mother's name is omitted. The most remarkable case I have found reads thus:—"John, the base-born son of Crahern Griffin by the wife of Edward Pearce was baptized 9th October 1621 being his Father's wedding day." Crahern Griffin's wedding will be seen under same date.

Volume III.—The endorsement on cover of this book is "3 Henbury. Baptisms, Marriages, and Burials from 1653." The latest date is 1668. Size 13 in. by 10 in. The covers were of limp vellum; only part of the first cover and eighteen vellum leaves remain. Many entries and sometimes whole pages are written upside down. On the first four leaves are 59 Marriages and elsewhere are 22. Three hundred and forty-one registrations of Births and Baptisms and 332 Burials complete the book. Much of the writing has faded away on first leaf of Marriages. The Marriages are mostly after contract and before a Civil Commissioner, but the Rev.

Henry Brereton signs some as "Vicar of Henbury" and by "Virtue of Banns", date 1656. The last remaining leaf has a list of collections for various purposes, made by churchwardens. Many entries are fading away at end of book from exposure. The following is an example of a Birth registered:—"Obadiah the son of Thomas Campe was borne two and twentieth day of February one thousand six hundred and fifty seaven." The appointment of John Fishpools as "Register" is endorsed on inside of cover and signed by "Willm. Webley, Justice of the Peace, 30 Jan'y. 1653."

Volume IV.—Cover marked "4 Henbury Baptisms and Marriages 1669 to 1711". Size of book 10 in. by 5 in. It consists of eighty-one remaining vellum leaves, bound in stiff vellum covers and flap with clasp. But for the missing leaves it is in excellent condition (the first leaf, ten leaves between (what are now) 52 and 53, and two leaves at end are cut out). The following note accounts for the ten missing leaves:—"Memorandum: What in this place is cut out being affidavits for Burials is Registered in ye great book of Burials." It contains 1,202 Baptisms and 306 Marriages. Page 1, leaf 79, headed "Weddings". Contains three Baptisms in 1709 and five in 1710, with a blank space between. The next three and a half pages are Baptisms 1710-1711. Two leaves cut out here—between 80 and 81. On the last page of the last remaining leaf, No. 81, is as follows:—"Memoranda: That on ye 27th of Novembr. 1703 between 5 and 6 o'clock in the morning ye Tyde broke in and drowned all ye marsh near 5 foot high it swept away some of ye fishermen's houses and drowned ye Inhabitants of 'em, abundance of cattle perished in ye Water, and several Hundreds of their sheep. The Tempest was so great that it blew down Steeples uncovered houses, and rooted up most of ye great trees especially ye high Elms, with a great deal of more damage. 1703. The moon changed the same morning. The same night the above inundation happened. The Bishop of Bath and Wells and his Lady were killed in the Palace at Wells by the fall of a stack of chimneys. His name was Richard Kidder and he was Consecrated Bp. Aug. 13, 1691." Two leaves are cut out here, end of book.

Volume V.—Endorsement on cover "No. 5 Henbury Burials, 1678 to 1758". This volume measures 14½ in. by 9½ in., is bound in stiff vellum covers with two metal clasps, and contains 64 paper leaves, some of which have been misplaced in repairing the book. In all it contains 173 Baptisms, 3,103 Burials, and 37 Marriages. Two detached quarto leaves contain many registrations, some crowded in between earlier entries and several written sideways in the margin, the dates being between 1698 and 1706. In the first part of the book are recorded Burials, under the "Burials in Woollen Act", and notably amongst those for which the fine of £5 was paid for burying in linen is that of Lady Elizabeth

Southwell, 26 January 1681. Some curious Marriage entries will be found copied from this volume.

Volume VI.—Endorsed on cover “6 Henbury Burials, 1759 to 1812”. This book measures 13 in. by 8 in., is bound in stiff vellum covers, and contains 128 strong paper leaves (the last 48 are blank), bearing alternately two very curious water marks—the words “Pro Patria” appear above one mark. The book is in good preservation, but becoming worn in back binding. The number of Burials registered is 1,847. On inside of front cover is written:—“We have nine Parish Registers anterior to the year 1813, marked 1,* 2, 3, 4, 5, 6, 7, 8, 9. The three first are not bound. The other six are bound. The first three, marked 1, 2, 3, contain entries of Baptisms, Marriages, and Burials promiscuously from the year 1538 to 1668. No. 4 contains Baptisms and Marriages from 1669 to 1711. No. 7 of Baptisms and Marriages, viz., Baptisms from 1711 to 1762, and Marriages from 1711 to 1812. No. 8, Marriages from 1754 to 1812. No. 5 contains entries of Burials from 1678 to 1758. No. 6 of Burials from 1758 to 1812, so that there appears a chasm in the Register of Burials from 1668 to 1678.” “1831, April. The above is an exact copy of an entry in the return made to The Right Reverend The Bishop of Bristol in persuance of an Act 11th Geo. IV., c. 30, for taking an account of the population of Great Britan and of the Increase or Diminution thereof.”

Volume VII.—Endorsement, “No. 7 Henbury Baptisms from 1711 to 1762”. This book contains, besides Baptisms, 387 Marriages. It is bound in calf and measures 13 in. by 8 in. The first nine leaves are paper, the next 39 are vellum, and the last 13 are paper. The binding at back is worn, otherwise the book is in excellent condition. On first page is written:—“Parish Registers owe their adoption to Lord Cromwell.” Then follows an extract from Stowes Ann, p. 575, showing Cromwell’s injunction as to Bibles and Registers being kept in the churches, the whole concluding with:—“In the year 1653 Oliver Cromwell’s convention made marriage a civil contract. Banns were published in Market Places on 3 market days following, and the parties were married by a Justice of the Peace, or by the Clergy in the Church, according to fancy.” Many front leaves are blank. The vellum leaves commence with Christenings for two years, then Marriages for two years to 1726. Then Christenings fill the remainder of vellum leaves. Weddings are entered again on leaves 51 to 58, with some blank pages between. Leaf 59, p. 1, reads: “1751. Excommunications were read against the following persons” (list follows). There are lists of persons confirmed every few years from 1743 to 1757. On the last page of book:—“21 January 1753.

* No. 1 belongs exclusively to Aust.

This day Stephen Baily did Penance standing in a white sheet during ye time of Divine Service for the crime of Fornication," and two similar entries.

Volume VIII is the book of usual printed forms, measuring 16 in. by 10 in., is bound in calf, and is in very good condition. It contains 549 Weddings from 1759 to 1812.

Volume IX.—Endorsed "No. 9 Henbury Baptisms, 1762 to 1812". This is a very large volume, containing 2,030 Baptisms and no other entries. The size is 17 in. by 11 in., and consists of 130 paper leaves with calf and board covers. Nearly all Baptisms are on one side of leaf only—there are a few exceptions. There are many blank leaves, amongst which are lists of confirmation candidates, 1763, 1766, 1770, and 1773. There is a notice of a flood 20 January 1606, which is also recorded in Registers of St. Bennet's Church, Glastonbury.

These extracts have been made by Mr. William Pountney, of 49, Cavendish Road, Clapham Common, whose family formerly resided at Henbury, and they are now printed under his supervision by leave of the Rev. C. P. Way, vicar of Henbury.

Marriages at Huntley,

1583 to 1837.

NOTE.—The earliest register book possessed by the Parish is inscribed “The Register Book of Huntley from the year 1679”. It is in good condition, the leaves measuring $14\frac{1}{2}$ in. by 6 in., and bound in parchment. It contains (a) six paper leaves not numbered, the first two pages blank, the remainder containing copies of old documents dealing with the history of the Parish Charity Lands, an account of the accidental burning of the old Registers, and extracts from them; (b) thirty-six parchment leaves, containing the registers from 1679 to 1775.

Volume II is also in good condition, bound in parchment, and measures $13\frac{1}{4}$ ins. by $8\frac{1}{2}$ ins. It contains the Marriage Registers only from 1754 to 1806.

Volume III is in the statutory form, and contains the Marriage Registers from 1813 to 1836. The Marriages from 1806 to 1813 have been copied from the transcripts in the Registry.

Volume IV commences in 1837, is in statutory form, and is in use to-day.

These extracts (by permission of the Rector) have been made by and are printed under the supervision of Mr. John N. Blood, V.D., M.A., B.C.L., Churchwarden of Huntley, who has also collated them with the transcripts in the Bishop's Registry at Gloucester. Such additions as are made therefrom are here printed in italic type.

Marriages at Fairford,

1619 to 1837.

NOTE.—Volume I.—Bound in leather. Parchment leaves, $8\frac{3}{4}$ ins. by $7\frac{1}{2}$ ins., numbered 1 to 62, the number 61 being omitted (accidentally); the leaf is *not* missing. The last seven leaves are loose. The Register contains “Christeninges, Weddings, and Burialles” from the year 1617 to 1678. The first entry is:—“Fairford—The Register Booke of the parish of Fairford made in the year of our Lord God One Thousand Six hundred and seaventeene. Christopher Nicholson Vicar, Edward Cripps and Walter Stokes Church Wardens the same year.” The Baptisms of four children of the Vicar *before* 1617 are entered together just under this heading. It is probable that on the purchase of a new Register volume the Vicar took the opportunity of entering Baptisms of members of his family altogether in one place. At the end are twelve entries, belonging to the year 1679, which are crossed out with a pen, and are re-entered at the beginning of Register Vol. II. A portion of the last leaf has been cut away, but no entry has been cut out.

Volume II.—Bound in parchment. Parchment leaves, $16\frac{3}{4}$ in. by 8 in., pp. 146, 73 leaves. Pages 1 to 65 numbered, with one error, 61-2 being omitted in the numbering; the other pages are unnumbered. This Register contains:—Baptisms from 1679 to 1788 (Dec. 31); Marriages from 1679 to 1754; Burials from 1679 to 1788; “Collections” from 1738 to 1768. The first entry is:—“Fairford Register—Anno Domini 1679. John Shipman, Vicar.”

Volume III, containing Banns and Marriages only. 100 parchment leaves, $12\frac{1}{8}$ in. by 8 in. Bound in rough calf. Red leather label attached outside, with “Fairford Marriage Register, March 25th, 1754”, in gilt letters. The pages are numbered from 1 to 200. Pages 1 to 40 contain entries of Banns of Marriage. Pages 41 and 42 are blank. Pages 43 to 59 contain entries of Marriages from August 12th, 1805, to April 23rd, 1811. Pages 60 to 200 contain entries of Marriages from March 27th, 1754, to July 24th, 1805.

The first 172 Marriages are numbered consecutively, the rest are not numbered. The total number of Marriages solemnized each year is entered in the margin throughout. The first entry is “Register Book for Banns and Marriages in the Parish of Fairford, Gloucestershire, from March 25th, 1754”. The latest entry is dated April 23rd, 1811.

Volume IV contains about 160 paper leaves, $14\frac{1}{2}$ in. by $9\frac{3}{8}$ in. Bound in parchment, with red leather labels attached to the back and the cover :—"Fairford Marriage Register Book".

The Title Page reads :—"A Register Book for Marriages in all Parish Churches and Chapels conformable to the Act of the twenty sixth of King George II, entitled 'An Act for the better preventing of Clandestine Marriages'."

There are about 320 pages, with spaces and forms for the entry of three Marriages on each page. Only thirteen Marriages, however, are entered; the remaining pages are blank. The earliest entry is dated June 5th, 1811, and the latest December 20th, 1812.

Volume V, containing Marriages only, consists of 100 paper leaves, 15 in. by 9 in. It is bound in parchment and tied with blue tapes. It bears the Royal Arms and the single word Marriages in black on the outside of the front cover. The Fly Leaf reads :—"Register of Marriages in the Parish of Fairford (script), in the County of Gloucester (script). There is a footnote :—"London. Printed by George Eyre and Andrew Strahan, Printers to the King's Most Excellent Majesty. In pursuance of the Act of Parliament, 52 Geo. III, Cap. 146 (passed 28th July 1812), a copy of which is prefixed to the Register of Baptisms.

There are spaces for entering three Marriages on each of the 200 pages; both pages and spaces are numbered by the printers. There are, however, only 220 Marriages entered; the rest of the book is blank. The earliest entry is dated January 28th, 1813, and the latest July 1st, 1837.

These extracts have been made by the Canon Carbonell, Vicar of Fairford, and are now printed by his permission and under his supervision, and the extracts have been collated with the original Registers.

Marriages at Winstone,

1540 to 1837.

NOTE.—Volume I consists of thirty-three leaves of parchment, 9 ins. by 6 ins., with parchment cover, of which one half is missing. The first page of the nineteenth leaf is exceedingly thin in the left hand top corner, due presumably to excessive use of pumice, but a Baptism is duly entered on the parchment adjacent thereto. Leaves twenty-six and twenty-seven are loose, the former containing Marriages only in two blocks, 1648 to 1670 and 1666 to 1668. Otherwise the volume is in good preservation and the writing generally is excellent.

Volume II has eighteen parchment leaves of varying thickness—some seem stout enough for a kettle drum. They measure $9\frac{1}{2}$ ins. by 6 ins. Leaf one has an excision in the middle measuring $2\frac{1}{2}$ ins. at an interesting entry, as follows:—"Francis ye sonn of John Abel & Elizabeth his wife was suddenly dead & secretly buried, but within 6 weeks after" (date, December 9th, 1666). The third leaf is loose, and leaf six is only two thirds the size of the others. The cover is missing.

Volume III has twenty-two parchment leaves, $6\frac{1}{2}$ ins. by $9\frac{1}{2}$ ins., with parchment cover, of which one half is missing; eight leaves and a half contain entries of Marriages only, and the volume is reversed for entries of Baptisms and Burials, but in this portion are found a few Marriages as noted in the list 1747 to 1753.

Volume IV has twenty-one very thin parchment leaves and five fly-leaves of paper with covers of parchment boards. Between the ninth and tenth leaves thirteen apparently blank leaves have been cut out. The volume has Marriages on nine leaves, and is reversed for twelve leaves of Baptisms and Burials.

Volume V, of one hundred pages, is of the usual printed form of the period, and is filled to page eight, number twenty-two, with the exception of numbers five and six which are left blank.

Volume VI is still in use.

These extracts have been made by the Rev. A. O. Trotter, and are now printed by his permission and under his supervision.

Marriages at Henbury

(Bishop's Transcripts),

1669 to 1794.

NOTE.—Since the Marriage entries, 1544 to 1812, were printed, Mr. Reginald M. Glencross, M.A., L.L.B., has availed himself of an opportunity of collating them down to 1794 with the Bishop's Transcripts at Bristol, and the result is shown below.

The Transcripts do not begin until 1669, and of subsequent years many are missing, viz., 1670, 1672, 1680, 1683, 1695, 1699, 1704, 1714, 1721, 1726, 1734, 1736 (marriages only), 1738, 1741, 1747, 1749, 1750, 1754, and from Easter 1787 to Easter 1788. Those of the following are either partially or quite illegible, viz., 1714, 1716, 1731, 1737, and 1776.

The variations and omissions are shown below. It will be observed that very many of the variations are of a most trivial nature. In some periods these variations are more numerous than in others, indicating doubtless that some transcribers for the Bishop's Registry were more careful than others.
