PREFACE.

THE thanks of the subscribers are due to the Rev. J. R. Bowden, of Goadby Marwood; the Rev. J. S. Gardner, of Long Clawson, the Rev. F. Murray Symonds, of Saxelbye and Mr. Wm. Tudor, of Thorpe Arnold, for assisting to transcribe the Registers of those parishes, and to the Rev. R. C. Green, of Wymeswold, for doing the early part of Nether Broughton, and the Rector of that parish, the Rev. H. W. Fitch, for helping with the latter part. The remainder have been done by Mr. E. K. Elliott, by whom the abstracts of all the parishes have been checked and the volumes collated.

Thanks also must be accorded to the incumbents of all the parishes for kindly giving permission to print these abstracts.

1379164

It should be remembered that previous to 1752 the year was calculated as beginning on the 25th of March, instead of the 1st of January, so that a marriage taking place on say 20th February, 1625, would be on that date in 1626, according to our reckoning; but as the civil and ecclesiastical year were both used, this is sometimes expressed by 20th Feb., 162 $\frac{1}{2}$.

The same contractions are used as in the earlier volumes of the series; *f.w.k.* signifies "frame-work knitter."

In all cases where the marriage is stated to have taken place by Licence, that fact is recorded, as the searcher thereby knows that further information as to the age, parentage and vocation of the parties is probably recoverable from the Allegations in the Archdeaconry or other office from which the Licence issued.

After 1753 it is to be assumed that all parties not otherwise described are stated to be of the home parish, and bachelor and spinster respectively.

It might be well to remind the reader that these printed abstracts of the Registers are not legal "evidence." For certificates application must be made to the local clergy.

Leicestershire Parish Registers.

Marriages at Goadby Marwood,

1657 to 1837.

NOTE.—This is one of many parishes which has lost its early Register, which covered the period 1542 to 1655.

The existing first Volume begins in 1656 and registers Burials and Baptisms from 1656 to 1789, and Marriages 1657 to 1790. It consists of 3 blank paper fly-leaves at the beginning, none at end, 34 parchment leaves measuring about 12 by $7\frac{7}{8}$ inches; length varies somewhat; bound in parchment boards, in which the book is loose.

The first entry is—"Katherine, the daughter of St. George Villiers and Dame Margaret his wife was buried Jan: 9th 1656."

Under 1739, Nov. 14th, occurs—"Mary (daughter of a beggar who said her husband was one Jacob Myers, first a Jew and afterwards a Convert, and killed and buried at Doncaster) baptised; without sponsor. Myers (no Hebrew) but a Yorkshire name" **[sic.]*

1751. Aug. 4th (Sunday) is a Memorandum of a Private Ordination by the RR. John Thomas, Lord Bishop of Lincoln, when the Rev. Nathanael Smith, Vicar of Hough, co. Linc., was admitted into Priest's Orders.

The writing is generally good, especially that of the Rev. Francis Peck, vicar, who would seem to have been a Surrogate judging by the number of licensed marriages of non-residents, which may easily make this register important.

Volume II. Marriages 1754-1812, printed forms.

Volume III. Baptisms and Burials, 1795-1812; 9 parchment leaves in parchment boards.

Volume IV. Marriages 1813-37. Printed forms.

The Bishops' Transcripts exist for the years (those marked * at Lincoln) 1593, 1604*, 1607 to 9*, 1612-13-18-21-2, 1625 to 9, 1633-4,

* Of course "Meyers" is a common surname among German Jews.

1636 to 8, 1660-2, 1665, 1672, 1674 to 80, 1683-5-7-8, 1690 to 2-3, 1694, 1696 to 1700.

These abstracts have been made by Mr. E. K. Elliott, of Leicester, and the Vicar, the Rev. J. R. Bowden, by whose permission they are printed.

Marriages at Long Clawson,

1558 to 1837.

NOTE.—Properly spelt Claxton, the name of this village, a large one of over 700 inhabitants, is now spelt as pronounced ; the letter "x" never being sounded in Leicestershire place-names.

The Registers here are early, fine, and exceptionally well kept. Volume I. contains 54 parchment leaves, of which 51 measure $13\frac{7}{8}$ by $5\frac{7}{8}$ -6 inches. The last three leaves measure $13\frac{3}{4}$ by $5\frac{1}{4}$, but apparently belong to the original book, the edges being trimmed *before* the entries were made. The fourth leaf has a piece cut out of one side, or a hole in the skin ; a parchment patch cut to shape is firmly pinned over the hole, and the entries are neatly written partly on it to fit. Leaf 7 is shorter (an original defect in the skin) by about 3 in. than the rest ; leaf 8 is *cut* $3\frac{5}{8}$ in. shorter than the others, but no entries seem to be missing. On a parchment leaf stitched inside the back cover various briefs are recorded. At the beginning are two paper fly-leaves. The first contains a list of briefs for "poor Protestants" and other charities ; the second is blank. Binding limp parchment in good order except that about an inch has been torn off the bottom of both covers. The heading is : "The register booke of all the Weddings Xponing(s) and burying(s) who have been made or donne (wi)thin the p(ar)ishe of Claxton since the xxvth day of Marche in the first yere of the Queen's maj(esty's) Reagne Elizabethe according to the accompt that hath bene kept there."

This volume registers Weddings 1558-1724, Baptisms 1558-1659 and Burials 1558-1733. There seems to be no loss nor missing period of entries.

"Christenings" is always written "Xponings" or "Exponings" to 1653.

Entries are strictly classified, all the Weddings coming first.

It is noteworthy that the name "Mary" is always so spelt, never "Maria" in this Register.

The writing of the transcript [Marriages to 1629] is clear, excellent and methodical ; entries always headed, "Weddings Ao dni [15. .]" and dates entered in ruled columns. It is in excellent preservation ; only the first page has faded. Later writing varies much, but is generally, except a few difficult or doubtful entries, easily legible.

- After the last burial Wm. Turville, vicar, writes:—"Omne capax tenet ue[?]na nomen"; also "Dico virtule[m] monitus; fugaces Te moneut anni. . . . I mortis memor insequo I pete fausto." Other Latin maxims are on back of the last (inserted) leaf.
- Vol. II. contains Marriages from 1725 to 1733, and Baptisms, 1660 to 1733, it consists of 13 parchment leaves nearly $7\frac{1}{2}$ - $\frac{5}{8}$ by $7\frac{3}{4}$ inches; bound in limp parchment. All the leaves are badly stained; the first is badly faded and rubbed. Writing is poor, generally legible, but often bad. The general condition is very fair, no leaves cut, cut out or defective.
- The heading is:—"Baptizings in Claxton otherwise called Clawson in the County of Lei[ceste]r in the Yeare of our Lord 1660 according to the Accompt wch hath beene there kept."
- This is another instance of an ostensibly "baptismal" Register recording Marriages also. There are no Burials in it.
- Vol. III. Marriages, 1734-53; Baptisms and Burials, 1734-1812; 33 parchment leaves (in parchment boards) $13\frac{3}{4}$ by nearly $6\frac{1}{2}$ in.; seven leaves at least cut out after the 2nd from the Marriages end. On the next is a neat table of inhabited houses, families and occupations, males, females, &c., in Clawson for 1811, 1821, 1831. Writing good and legible throughout. A few pages stained or discoloured, the 4th leaf of Burials (at end inverted) torn across, several others slightly torn; otherwise condition is good.
- Vol. IV. Marriages, 1754-1813. Printed forms, rough, tooled calf; in good condition.
- Vol. V. Burials, 1813-71. Parchment binding, good.
- Vol. VI. Baptisms, 1813-52. Parchment binding, good.
- Volume VII. Marriages, 1813-37 (July) printed forms.
- There are 7 later Vols. (some banns) mostly now in use. The abstracts here given have been made by Mr. E. K. Elliott, of Leicester, for the period 1558-1753, and by the Vicar, the Rev. J. S. Gardner, for 1754-1837, and are now printed under their joint supervision.

Marriages at Old Dalby,

1725 to 1837.

NOTE.—Old Dalby, otherwise known as Dalby-on-the-Wolds, has long lost its earliest Registers, those remaining being as follows :—

Volume I. contains Marriages, Baptisms and Burials from 1725 to 1813. Three blank paper fly-leaves at beginning; 24 parchment leaves $14\frac{5}{8}$ by nearly $7\frac{1}{2}$ in., bound in parchment boards; condition excellent, but back almost broken. The heading is: "Old Dalby Register." Many entire pages are blank. The consecutive years for Burials are entered and spaces left, but in many years there are no entries, and often only one; a healthy spot!

The first entry is: "Mary, daughter of Roger Johnson and Ann, his wife, Baptis'd March 28th, 1725."

On p. 2, under heading "Progenies Roberti Harrisoni, Cler et Barbaræ Uxoris ejus," are registered, on a page to themselves, the births and baptisms of the (then) vicar's 12 children; 7 daughters and 5 sons. Barbara, the wife and 2 daughters, all died in June and July, 1730, and were buried in the South Aisle of the Church.

Under 1795, Sept. 11, is, "Buried Stephen Greenaway, A M., Clerk Minister of this Parish, Rector of Nether Broughton, and Vicar of Cropwell Bp., Notts. He was Domestic Chaplain to the late Right Honble. Lord Feversham. And afterwards Chaplain to the Right Honble. Robert Earl of Harborough. John Morres, Clerk Minister."

On the last leaf, p. 1, are 12 entries of baptisms, "omitted to be regist'd in their proper place" for 1755-72.

No Marriages are registered for 1739-53.

Writing is clear and legible all through; no badly faded entries.

Vol. II. Marriages 1754 to 1782. Ruled parchment leaves in stiff paper covers. Three Marriages, as noted *in loco.*, are registered on pieces of paper pinned into the register. Half the leaves are unused. Condition is good.

Vol. III. Marriages 1783-1812. Parchment leaves bound in tooled calf. Printed forms.

Vol. IV. Marriages 1813-37. Printed forms.

The Bishop's Transcripts extant prior to the year 1700 are only four in number, for the years 1633, 1634, 1637 to 1639.

These abstracts have been made by Mr. E. K. Elliott, of Leicester, and are printed by consent of the Vicar, the Rev. F. Murray Symonds.

Marriages at Nether Broughton.

1577 to 1837.

NOTE.—Volume I. comprises forty-two parchment leaves, measuring $13\frac{1}{2}$ inches by $5\frac{1}{4}$ inches, stitched together; with four loose leaves (two apparently at the beginning and two at the end) forming covers and fly-leaves, also a fragment of a fifth leaf at the beginning. The two leaves at the end are quite loose; those at the beginning partially loose.

The period included ranges from 1571 to 1653. On the initial fly-leaf occurs the following title or table of contents, partly illegible: “. . . . names of them that was baptised wedded and buried . . . the XXXth day of November the yeare of our Lord God a thousand five hundred and fifty-nine, the fyrst yeare of the Raygne of our most dread [soveraigne] lady Elizabeth of England France and Ireland queene. Anno Dni M.CCCCC.LIX. Elizabethæ primo.” This is a very difficult register to read, the writing is bad and often faded.

The entries for the first twelve years, 1559 to 1570, are now missing. The entries on the face of leaf one belong to 1571, and consist of christenings and burials only. The first wedding belongs to 1577, called Elizabethæ decimo nono.

There are no marriage entries in 1644-53, when this first volume breaks off; christenings and burials continue to be recorded.

Under date 1601 is a statement, with a boldly written signature below it: “. Ext^d apud Stamford . . . die Julii 1601 juxta mandatum gardianis de Broughton in ultimâ Visitatione Dni[Episcopi] de Lincoln per . . . Willum Stirropp datum.” This appears to be the certificate of the accuracy of the transcripts. As W. Stirropp, whose similar certificate appears in several widely distant parish Registers, certifies this one at Stamford, and the writing in the various Registers differs decidedly it would seem that the various scribes brought their copies to him to be examined and certified (E. K. E.).

Volume II., from 1653 to 1683, containing thirteen leaves (parchment) whereof the seventh is mutilated and blank on its back, and the eighth is blank on most of its back. Leaf thirteen contains all the marriages. This volume has no covers. Leaf one

(face) begins by stating that Thomas Burstall was sworn "Parish Register" of Nether Broughton before Will^m Hartopp, January 17th, 1653.

From 1684 to 1706 inclusive, 23 years, the Register is missing.

Volume III., from 1707 to 1738-9, containing, within parchment covers, four paper leaves, fifteen parchment leaves, and a sixteenth mutilated and with writing upside down, ending with two more paper leaves, one mutilated.

One of the initial paper leaves is inscribed with names of some rectors, curates, and churchwardens; M^r Robt. Harrison (rec.), John Voakes (cur. 1716); M^r Theoph. Burdett (rec.), John Pick (cur.), Chamberlain Atton (cur. 1719), John Cheselden (cur. 1721), M^r Charles Parice (cur. 1726). Another is inscribed with Latin Hexameter lines and English translations, on the uncertainty of Life, and on Living well, from Juvenal ix. 126 and Horace Epist. i. 1-59; also an Elegiac Couplet on the raising of Lazarus. In one instance "Emmanuel College" is subjoined to M^r Voakes's name.

Volume IV., marriages 1739 to 1753; baptisms and burials from 1739 to 1812. Bound in calf. Good condition.

Volume V., marriages 1754 to 1812, printed forms.

Volume VI., marriages 1813 to 1838.

These abstracts have been made as to Vols. I. to III. by the Rev.

R. C. Green, Vicar of Wymeswold, and as to Vols. IV. to VI. by Mr. E. K. Elliott, of Leicester, and the Rev. H. W. Fitch, the Rector, who also checked the whole. They are printed by the Rector's permission.

Marriages at Saxelbye,

1555 to 1837.

NOTE.—Saxelbye is a small parish N.W. of and near Melton Mowbray. It has a hamlet formerly called Sholeby or Sholby, but now Shoby, though the parish of Grimston intervenes, geographically, between the hamlet and the mother parish. The first volume of the Registers is early, interesting and important. It contains 25 parchment leaves of various sizes, $14\frac{3}{8}-\frac{3}{4}$ by $5\frac{3}{8}-\frac{3}{4}$ to $6\frac{1}{2}$ in., and one leaf all cut away but a fragment $3\frac{3}{4}$ by $5\frac{3}{4}$ containing a memorandum as to distribution of a legacy of £10 from Matthew Noble, of Wartnaby, to the poor of S. in 1672. The binding is limp parchment, much wrinkled and injured by damp. Condition fair, but badly needs repairing and binding, some leaves are quite loose. The writing is generally good and legible, but many entries are badly faded.

The contents are Baptisms and Burials from 1538 to 1691, and Marriages from 1555 to 1690. The portion which is a transcript of an earlier book comprises Baptisms to 1595, Marriages to 1601, and Burials to 1595. One side of leaf 6 is almost blank, no "entries"; leaf 7 is quite blank both sides. There are no Marriages registered in 1644-51, nor in 1691-1754. In 1680 occurs this :—"Viri verè sincèri vitæque integerrimi Mri Roberti Kirkby hujus ecclesiæ annorum viginti spatio pastoris pientissimi

{ Anima } in { Cælo } occluditur dic. { 28^o }
{ Corpus } in { Solo } { 30^o } Augusti."

[Vol. II., containing Baptisms and Burials from 1690 to 1806, and Marriages 1690-1754 is missing, though it was extant in 1831, when it is fully recorded in the Parliamentary Return. The present vicar has held the living 33 years, and has no knowledge of the missing volume, and is much concerned at the *hiatus*.]

Vol. III., Marriages 1755 to 1812. Paper leaves bound in tooled calf; printed forms; in good order.

Vol. IV. Parchment leaves in parchment boards. Only about 2pp. full of entries, Baptisms and Burials 1807-12; the rest quite blank.

Vol. V. Marriages 1813-37. Printed forms.

The Bishops' Transcripts exist for the following years (marked * at Lincoln):—1561-78-9-87-8, 1604*, '7 to '9*, '12-16-17-22, 162 to '29, '32 to '34, '37 to '39, '60 to '67, '72 to '80, '84 to '87, 1690 to '97, 1700.

These abstracts have been made by Mr. E. K. Elliott, of Leicester, and the Rector, the Rev. F. Murray Symonds, by whose permission they are here printed.

“ Begun the 29th Harry Eighth the year before the Bible was printed, order'd to be set up in Churches in English.”

[*The above note has been inserted by a later hand.*]

“The regester of Saxulbe in the year of the incarnation of Christ, 1538.”

[*The first entry is*] “Margaret Brokesby, the daughter of Anthonye, was baptized the 12th of Nove.”

Marriages at Asfordby.

1564 to 1837.

NOTE.—Volume I. is a very fine Register, it is headed, “This is the Inventory of all the names that were Christened, Marryed and Buryed in the p[ar]ishe of Asfordbye In the yeare of oʀ lord god 1564.”

Two paper flyleaves at beginning contain undated memoranda of payments to the church, also : “Mr. Joh: Airlie Procule (?)” and “Mr. [blank] Ratcliffe married Mrs. Anice Bersie” (no date).

The book contains 32 parchment leaves $11\frac{1}{4}$ by $5\frac{3}{4}$ inches bound in stout leather, and is in excellent condition except that the groups of leaves containing entries for 1587 (part)-1595 (part) and 1609 (part)-1616 (part) are rather loose. All classes of entries are registered from 1564 to 1635. On the last parchment leaf are several entries of Baptisms and Burials (no Marriages) in 1636 crossed out. (Volume II. begins in 1637.) Of 2 paper flyleaves at end the first bears two Baptismal entries in 1636. The whole book is so evenly and generally beautifully written that it seems like a transcript almost throughout, although the handwriting changes in 1596, again in 1597, and again in 1602 from which year up to 1620 it is not so good and varies, so that these entries were probably made currently. From February 1620 to 1636 all entries are in a beautiful hand, evenly, clearly and closely written. It is very legible throughout, no entry seriously rubbed or faded, and nothing seems to be cut out.

On a fragment of the parchment lining of the first cover is :—

“ Martinus Hill enter'd	1564	<i>i.e.</i>
He dyed Decbr 7th and was		years
buried Decbr 22th	1621	57
Francis Hill dyed A[nno]	1666	46
Regnavit annos 46 et 5 menses		—
he and his father reigned in all		103 years.”

Now Martin Hill, M.A., was not admitted to the Rectory of Asfordby until 16th January, 1581, it only becoming vacant in 1580 by the death of the previous Rector, Christopher Bersey, or Bardsey. The above note, therefore, is an excellent example of the error into which people fall by forgetting the fact that the 16th century portions of Registers are only transcripts of pre

existing originals and that the incumbents' signatures at the foot of the earliest pages are not contemporary but made at the time of the transcription (1597-1603).

The first entry is: "Imprimis John Hawkyn was buried the xth day of May 1564." 1590. "Agnes Mattyson a poore gath[e]ring wooman dyed 6th January."

Volume II. is very puzzling, with serious gaps. It contains 28 parchment leaves $14\frac{5}{8}-\frac{3}{4}$ by about $5\frac{5}{8}$ inches. Of three paper flyleaves at the beginning No 3 bears these memoranda: "The old Register begins in 1564 and ends 1636. The present one begins 1637 and is tolerably complete till 1652, when a memorandum is added in these words: (after the Burial entries in 1652) 'The names wanting here were taken by the parlia[men]t Register in Cromwell's tyme and I can give no account of them.' They begin again in 1660 after which fresh irregularities occur, partly perhaps by the binding up of loose sheets. From 1664 to 1694 are wanting" [*not so, see Volume III.*] "and from that period to 1731 the Register is tolerably well kept." No flyleaf at end.

This Register purports to contain all classes of entries from 1637 to 1731, but groups of entries are so erratically made that it is difficult to follow and elucidate them. Marriages 1637-65 (with gaps) are on leaf 1 at one end; $\frac{3}{4}$ of leaf 1, p. 2 and the five entire leaves following are blank. On leaf 7 are "Christenings" 1637-52 (none in 1653-59) then 1660-64; turn two leaves to Christenings 1665, then nearly $\frac{1}{2}$ -page, two whole pp. and half another are blank; none in 1666-79. All the existing entries of all classes for 1680-90 are in Volume III.; there are no entries whatever in 1691-3. Burials in 1637 are on leaf 20, and continue to 1644; there are none in 1653-59; then turn back nine leaves for Burials in 1660-65, none in 1666-79. Invert the book, and at the other end are mixed entries, all classes 1694-1710 (two baptisms only); turn on ten leaves for the remaining entries in 1710. Turn back ten leaves for mixed entries in 1711-19 (part); turn forward one leaf for the remaining 1719 entries and continuation to 1727; then comes a blank page and mixed entries in 1727 (part)-31. Condition is fairly good, and writing, faded in places, is legible; the binding is limp parchment.

Volume III. In a small paper pocket-book, bound in leather and marked on cover, "Rider 1680," measuring 5 by about 3 inches, are various memoranda and some Register entries, Burials and Baptisms 1680-90, and Marriages 1680-89. It is in a fragile, grub-eaten state, some entries being nearly eaten away; several leaves are loose.

Volume IV. Baptisms and Burials, 1731 (May)-94. Marriages 1731 (November)-54. A large book of thick parchment leaves in parchment boards, a model register, finely and widely written, in excellent condition.

Volume V. A small, square, paper book in papered boards

containing "Births, Baptisms and Burials, 1795-1812, made by Able Brett Brereton clk from certain papers left on record by the late Revd. Thomas Beaumont Burnaby, Rector of Asfordby, dec. Certified correct and complete 1826" by A. B. Burnaby, Minister of Ashfordby, and the two Churchwardens.

Volume VI. Marriages 1754-1808 (one). Printed forms.

Volume VII. Ditto. 1805-13. Ditto.

Volume VIII. Ditto. 1814-37. Ditto.

Volume IX. Baptisms 1813-65.

Volume X. Burials 1813-91. And the current volumes.

The Bishops' Transcripts for Asfordby exist in the Archdeacon's Registry (or marked * at Lincoln) for the years 1561-2 (from which it appears that the first page or pages of the original paper Register must have been lost before the transcript—the present Parish Register—was made, as that only begins in 1564) 1565-6, '87-8, 1604*, 1606 to 1609*, 1612-17-21-25 to '29, '32 to '34, '37-38-73 to '77-79-80-82-84 to '87-90-93 to '97, 1700.

These abstracts have been made by Mr. E. K. Elliott, of Leicester, and are printed by permission of the Rev. F. A. Gage Hall, the Rector.

[*Next Marriage in Sep., 1837.*]

Marriages at Thorpe Arnold with Brentingby,

1558 to 1840.

NOTE.— Volume I. is difficult to read, it is headed, “The Register Book of all the weddings Christenings and burialls within the p(ar)ishe of Thorpe Arnolde & Brentingbie from the firste yeare of the reigne of our soveraigne Ladye Elizabeth by the grace of god Queene of Englande France & Ireland defender of the faythe, &c. A(nn)o d(omi)ni 1558.”

The first entry is, “1558 The one and twentieth daye of November was Richarde Harris buried.”

“1598. This booke hitherto was examined and conferred (*sic*) w(i)th the olde by us Zachary Hawford minister, Wm. Warde, Wm. Crawborow, Churchwardens.”

The volume consists of 41 parchment leaves about $13\frac{3}{4}$ by $5\frac{7}{8}$ ins. It registers Baptisms 1558-1789; Burials 1558-1793 and Marriages 1558-1748. In 1601-2 about $2\frac{3}{8}$ inches is cut off leaf 10; whether it carried any entries or not is not apparent; p. 2 of this leaf is blank, save for the one birth and baptism of “Eliz. filia Johannis Elsey 29 & 30 Nov. 1612,” the only entry for that year. There are no entries whatever for 1602-11. Nor in 1678, although space is reserved; nor in 1681, where two-thirds of a page is blank. In 1715-19 the Register was badly kept, many entries were apparently crowded in as an after-thought. A piece of parchment 6 by $5\frac{1}{2}$ is pinned in, carrying 21 entries of baptisms, deaths and burials which are not entered in the Register. More than two-thirds of the last leaf, apparently carrying the entries for 1785-88 and perhaps part of 1789, has been cut out. The whole book is quite loose in its limp parchment binding, and many leaves are loose, dogs-eared and crumpled. Very poor ink makes some entries, especially in 1641-44, almost invisible. Many had to be revived before they could be read at all. The first page is badly rubbed. Re-binding and expert restoration is urgently needed, and the Vicar proposes to have it done. Two paper fly-leaves at beginning bear accounts, receipts for tithes, and a list of Vicars to 1841. No Marriages are registered in 1653-59; nor in 1749-54. The following note occurs:—“Palmer and Cave: Ashby and Bird Candidates. Memorandum: that upon the 1st of February 1714:

being the day of the election of the knights of the shire, there happened such a terrible wind as never was known in the memory of man."

Volume II., Marriages 1755-1811, usual printed forms bound in tooled calf. In very bad order, all the pages carrying entries are loose, crumpled and torn. The last 18 Marriages 1794-1811 herein are also registered in Volume III.

Volume III., a narrow book of parchment leaves, several of which are blank, bound in boards and in good order. It records Burials 1792-1812, Baptisms 1793-1812 and Marriages 1794-1811, all the latter ought, of course, to have been registered in Volume II., but two are omitted therefrom.

Volume IV., Marriages 1815-40, printed forms.

Volume V., Baptisms 1813, and still in use.

Volume VI., Burials 1815, and still in use.

The Bishops' Transcripts preserved in the Archdeacon's Registry, 29, Friar Lane, Leicester, or (marked *) at Lincoln, exist for the following years:—1577-8-79-80-81-82, 1604*, 1606-9*, 1613-17-18*-22-25 to '27-29-32 to '34-36 to '38-60 to '67-72 to '79-82-84-85-87-90-92-94-96-98-99-99 (*a variant*) 1700.

These abstracts have been made by Mr. E. K. Elliott, of Leicester, assisted by Mr. William Tudor, and are printed by permission of the Rev. W. L. Tudor, the vicar.

Marriages at Wyfordby,

1558 to 1837.

Volume I. contains Baptisms 1557-1656 (one, the posthumous child of Wm. Cloudesley, Rector). Burials 1557-1655, and Marriages 1558-1653. It consists of 11 parchment leaves of irregular sizes about 13 by $5\frac{1}{8}$ - $\frac{1}{4}$ inches. Half the first leaf (blank) is cut away longitudinally. Leaf 9, most of which was cut away is now neatly restored; it is blank save a memorandum of the admission of William Cloudesley as Rector, Jan. 28th, 1645, followed by a line in Greek of which the meaning is obscure. Most of the last page is blank. The book is a transcript down to 1600; its condition is good, some faded entries, but mostly legible. Binding limp parchment, still whole. The present Rector, the Rev. James Tunbridge, has had Vols. I. and II. repaired and strongly and excellently bound in stout and ample parchment boards, and well protected by several blank leaves at each end; a most commendable achievement.

Volume II. contains Baptisms, or Births, and Burials 1654-1783, Marriages 1655-1751, and consists of 16 parchment leaves about $12\frac{1}{4}$ by 9 inches, varying somewhat. The first cover is lost, resulting in the first page being rubbed and badly faded, and a large piece torn out (now neatly repaired) with portions of several entries. It is rather stained, otherwise in fair condition; now rebound with Volume I.

Volume III. Marriages 1756-1812. Usual printed forms and one leaf of stamped paper. Sewn in at the beginning are 5 large parchment leaves, of which one and one-third record Baptisms 1784-1812, $1\frac{1}{2}$ record Burials 1784-1811, the rest blank. Also one loose stamped paper leaf of (duplicated) Baptisms 1784-97.

Volume IV. Marriages 1815-36, printed forms.

The Bishops' Transcripts preserved in the Archdeacon's Registry, 29, Friar Lane, Leicester, or (marked *) at Lincoln, exist for the years: 1577-8, 1604*, 1606 to 1609*, 1612-13-25 to '27-32 to '34-36 to '38-61 to '63-72 to '82-85-87-88-90 to '92-94 to 1700.

These abstracts have been made by Mr. E. K. Elliott, of Leicester, and are printed by permission of the Rev. James Tunbridge, the Rector.

Marriages at Saxby,

1680 to 1837.

NOTE.—Saxby is one of the many parishes which has lost its earliest Register, as plainly appears by the dates of the Bishops' Transcripts given hereunder.

The existing first Volume contains Baptisms 1679-94, Burials 1678-1728 and Marriages 1680-1728. It consists of 17 parchment leaves measuring 12-12½ by about 6⅞ inches, bound in stout parchment lined with paper. One blank parchment flyleaf at beginning, entries begin at the extreme top of leaf 2; there is no heading there but no sign of any leaves having been cut out, yet the entries look like a continuation. On the cover, in modern writing, is, "Saxby Register from 1678 to 1728." Only twelve Marriages are registered. There are a remarkable number of burials in woollen. Writing, good at first, is later mostly illiterate and bad but legible; many entries are badly faded and the parchment is cockled by damp (?). About 1¼ inches has been cut off the top of leaf 14 almost certainly carrying one, and probably two entries. Leaf 15 p. 2 is blank save for two Burials. Seven or eight next leaves are cut out, probably blank. More than half of leaves 16 and 17 are cut away; it is not evident whether they carried entries or not. Condition is fair except being stained and soiled.

The first entry is, "Cary Malchew buried Octob. the 3. Alice Boyfield made affidavit. Signed R. [?] Gerard."

A curious entry, "Faith, Hope, Charity, the daughters of John Dunsmore and Ann his wife was Baptized December the 11th and Buried Decemb[er] the 13th 1686."

Volume II. Registers Baptisms and Burials 1729-93, Marriages 1729-97 including one in 1754 and two in 1780 also registered in Volume II. Also two in 1796-7 on the paper flyleaf at end of the book which are not (as they should be) registered in Volume III. The book consists of 17 parchment leaves (in parchment boards) measuring 14 by 7⅝ inches. There is one blank paper flyleaf at the beginning and two at the end, the first of which carries the two Marriages in 1796-7. The second sides of the first two leaves are blank, the last leaf, parts of which are irregularly cut away but do not appear to have carried any entries, bears only two Burials on page 1. Several leaves, probably blank and used for Bishops' Transcripts, have been cut out at end. Its condition is

otherwise excellent and the writing is mostly good, widely spaced and very legible.

Volume III., Marriages 1754-1812, usual printed forms.

Volume IV., Baptisms and Burials 1794-1812; large parchment leaves neatly ruled in columns, giving unusually full details. Half the leaves blank, binding boards, excellent condition.

Volume V., Marriages 1813-36, printed forms.

Volume VI., Baptisms 1813 and still in use.

Volume VII., Burials 1813 and still in use.

The Bishops' Transcripts in the Archdeacon's Registry, 29, Friar Lane, Leicester, or (marked *) at Lincoln, exist for the following years:—1593, 1604*, 1606 to 1609*, 1612-13-16-17-22, 25 to 28, 32 to 34, 36 to 38, 60 to 62, 70-72, 74 to 79, 81-83-85-91, 94 to 1700.

These abstracts have been made by Mr. E. K. Elliott, of Leicester, and are printed by permission of the Rev. P. F. Gorst, the Rector.

Marriages at Stapleford,

1655 to 1837.

NOTE.—According to common experience, Stapleford has lost its earliest Register. The existing first Volume consists of 15 parchment leaves $12\frac{1}{4}$ by $5\frac{1}{4}$ inches, 2 others of poor parchment about $11\frac{1}{4}$ by $5\frac{1}{4}$ inches are loosely attached at the end, also a fragment of another, blank. It is strongly bound in leather with coarse canvas strings. The book contains Baptisms 1648-83, Burials 1653-83 and Marriages 1655-83; but besides these are registered one Burial in 1624 on (the present) second leaf, while on the last leaf proper of the volume appears one Baptism, "William the son of Matthew Stele was Baptized November the 21st, 1608."

On the present first page the first entry is:—"William the eldest sonne of Philip Sherarde Esq. and Margaret his wife was Baptized July 8th, 1648."

Apparently one or more leaves has or have been cut out at the beginning of the book; one, which it seems should be the first, is now sewn in again as leaf 2 and bears the heading "Stapleford Registr. Comit[atu] Lescest[rensis]." The second page of this is blank. Entries on the first three leaves disregard datal order and range from the one burial in 1624 to 1680.

Leaf 3 bears the heading "An extract of Births, maridges and Burialls since the 17 day of Januarie 1653" and begins regular entries from that year. Down to 1659 these appear to be a transcript from an older book. The writing varies much, but is generally good and legible, some entries have faded. After leaf 10 several leaves have been cut out but no *hiatus* appears in the entries here. About $1\frac{1}{4}$ inches has been cut off the bottom of leaf 11, but whether it carried any entries or not is uncertain.

Leaf 15 p. 2 records a brief for "his Majestyes distressed subjects lately taken by the Turkish Pyrates" in 1670, with contributors' names and their contributions from a penny to 2s. 6d., total £2 10s. Below is the one Baptism in 1608.

The two attached leaves at end carry all classes of entries 1680-83. The lower three inches of both are seriously damaged, cockled by heat or damp, and portions of several entries obliterated. The book's condition is generally good.

Volume II., 29 stout parchment leaves 13 by about $7\frac{1}{2}$ inches, bound in double parchment lined with paper, with strings, in very good condition but for being partly loose in its cover. It records Baptisms and Burials 1683-1761, and Marriages 1687-1758. At

the end of the book, inverted and dated 1733, is an Inventory of Utensils belonging to Stapleford Church.

Next follows [p. 2] a long recital of the Will of The Rt. Hon. Bennet, Earl of Harborough, dated 27th May, 1732, as to a bequest of an Annuity of £48 to six poor men, £8 each, chosen by the Person enjoying Stapleford [estate] inhabitants of "some of his Towns" [named] with divers provisions attached. These were called "Hospital Men" and were to inhabit "The Dog Kennel." Then follow seven pages of appointments of recipients of the charity.

Volume III., Marriages 1754-1812. Printed forms. The first seven Marriages registered here are also recorded in Volume II., see *in loco*. The pages containing the entries are loose in binding, but the Vicar promises to have this repaired forthwith.

Volume IV., Marriages 1813-37, printed forms.

Volume V., Baptisms 1813, present time.

Volume VI., Burials 1813, present time.

Here is an instance where the Bishops' Transcripts, preserved in the Archdeacon's Registry, 29, Friar Lane, Leicester or (marked *) at Lincoln, are of singular importance; they exist for the following years:—1577-8-9-80, 1604*, 1606*-9*, 1612-13-17-18*-21-22-25 to 29, 32 to 34, 36 to 39, 60 to 62 1664 to 67; 72 to 85, 87-88-93 to 1700.

These abstracts have been made by Mr. E. K. Elliott, of Leicester, and are printed by permission of the Rev. P. F. Gorst, the Vicar.
