Preface.

ORMSKIRK is a pleasant country town situate on the North Road from Liverpool through Preston, and is about midway between those two towns, and vies with its neighbour Wigan in the possession of a handsome church.

Ormskirk Church is known to have certainly existed in the reign of Richard I., and is dedicated to SS. Peter and Paul. Its ancient parish—a vicarage—comprised 31,000 acres and included the townships of Ormskirk, Bickerstaffe, Burscough, Lathom, Scarisbrick, and Skelmersdale.

The parishes surrounding Ormskirk are Rufford, Eccleston, Wigan, Prescott, North Meols, Halsall, and Aughton. At the time of the commencement of the present Registers there existed chapels at Scarisbrick and Skelmersdale, and a domestic chapel at the Manor House—as it was then called—of Lathom. **1353092**

The Register which is here transcribed is the earliest extant. It is contained in a volume of 225 parchment leaves, each leaf measuring 13½ in. by 6½ in., strongly bound in parchment, and is a monument of careful preservation on the part of its successive custodians. It appears to have been transcribed for the most part by one hand, and to judge from the entry in the Register (printed herein) the cost was not excessive.

Enquiry has been made at the Ancient Chapel-ries but no separate Chapel Registers are known to exist for the period covered by this volume.

Search for Episcopal Transcripts has been made at Chester and every important variation or addition found there has been embodied and noted in this volume. The most striking features of this volume are the enormous varieties of surnames, representing so many Lancashire and Westmorland townships, and the large number of Burials in the church itself. The latter have been counted and number 2,442 in 69 years.

The total number of entries in this volume is

Christenings	...	...	4,003
Burials	...	...	5,423
Marriages	...	...	1,456
Total			<u>10,882</u>

The whole of the present volume has been carefully collated with the Original, and it is believed that every unusual spelling not accounted for in the Table of Errata is a correct copy of the original.

The Society is under sincere obligation to the Rev. J. E. Woodrow, the Vicar of Ormskirk, who has most kindly facilitated the transcription of the original Register.

The compilers of the Index—which it will be noted, is unusually long and most careful in detail—desire to put on record their obligations to Miss Amy Wilson, of Wigan, and our member Miss Fanny Wrigley, for their enthusiastic help in its compilation.

Indexes.

I.

Of Christian Names and Surnames.

<i>Christenings</i>	<i>pp.</i>	1—128	<i>inclusive.</i>
<i>Burials</i>	,,	129—252	,,
<i>Marriages</i>	,,	253—288	,,

Where a name has variants the Head-name has been selected which now exists or which most closely resembles the modern equivalent. All variants are separately Indexed with cross references to the Head-name.

Where a Surname has an *alias* each form of the Surname is Indexed under its initial letter.

The Christian names are, with some few exceptions, Indexed under their modern form—the first spelling of the name having generally been continued in connection with the same Surname.

Illegitimate children are Indexed under the Surnames of both Mother and putative Father.

“N.X.N.” signifies “No Christian Name.”

An asterisk following a page number signifies that that combination of Christian and Surname occurs more than once on the page number asterisked.

The name “Johne” proves to be written both for “Joan” and “John,” and accordingly when it was impossible to determine which of these two names was intended “Johne” has been printed.
