Wiltshire Parish Registers.

Marriages.

EDITED BY
W. P. W. PHILLIMORE, M.A., B.C.L.,
AND
JOHN SADLER.

VOL. II.

London :
ISSUED TO THE SUBSCRIBERS BY PHILLIMORE & Co.,
124, CHANCERY LANE.
1906.

P R E F A C E .

The Editors have now the pleasure of issuing the second volume of the Wiltshire Marriage Registers, containing the records of Marriages at Marlborough, Yatton Keynell and Durrington.

They had hoped to include the Marriage Registers of Preshute as well, and so to make it a more complete Marlborough Volume ; but that was found to be impossible without very materially exceeding the limits it has been necessary to fix for these volumes. Although the two parishes of St. Peter's and St. Mary's include the whole of Marlborough proper, they are almost surrounded by Preshute, and consequently many marriages which we might expect to meet with in these Registers will probably have to be looked for in Preshute, and it is unfortunate that limits of space have prevented the publication of all these Registers together.

In all the four parishes the earliest Register is missing. At Marlborough the entries begin, in the case of St. Peter's in 1611, in that of St. Mary's in 1602. At Yatton Keynell matters are worse, the first entry being dated no further back than 2 Feb. 1653-4, and two leaves, which doubtless contained the marriage entries for 1679-83, are missing. At Durrington the earliest date is 9 Nov. 1591. It is useless now to indulge in regret for losses of this kind, but the fact that these records for periods varying from fifty to one hundred and fifteen years are absolutely lost to us, will serve to emphasize the necessity for the work attempted in this series ; and if this knowledge should but stir up some idea of the risks attending the peculiar position of Parish Registers—peculiar inasmuch as they are the only records of the events they chronicle, apart from the intermittent transcripts preserved in the Bishops' Registries—and induce a determination in

all concerned to do whatever is possible to correct the evil, by the transcription of the contents, some good may result.

The Editors desire to offer their thanks to the clergymen of the different parishes who have kindly given facilities for the transcription, and permission for the publication, of their Registers. They also desire especially to thank Mr. E. L. Gwillim, who has transcribed the whole of the Marriages in the Registers of St. Peter's and St. Mary's, Marlborough; the Rev. W. Symonds and the Rev. C. N. Wyld for the transcription of Yatton Keynell, and the Rev. C. S. Ruddle, who in addition to giving permission for the publication of the Durrington Marriages, has also made the transcript.

The Editors would be glad of further assistance in transcription, as it is only by voluntary work of that kind that their programme can be carried out.

Marriages at Marlborough

(Parish of St. Peter and St. Paul the
Apostles),

1611 to 1812.

NOTE.—There are nine volumes of Registers prior to 1813 here, seven of which contain entries of Marriage. The earliest, covering the period from 5 August 1611 to 1 March 1662-3, is a parchment book of forty-three leaves, bound in limp vellum. The writing and spelling are good until 1653, after which date the writing deteriorates and the spelling becomes bad. There are no Marriages registered between May 1643 and July 1647, or in 1652.

Vol. II consists of twenty-eight parchment leaves, bound in the original limp parchment cover, and contains the Marriage entries from 19 April 1663 to 18 February 1689-90. It is in good condition; the handwriting is, on the whole, good, but some pages are difficult to decipher.

Vol. III contains no entries of Marriages.

Vol. IV is of parchment, bound in leather, and contains the Marriage entries from 9 April 1690 to 14 December 1714.

Vol. V, also of parchment, is bound in vellum, and continues the Marriages down to 11 July 1743. In both these volumes the handwriting is fairly good, but the spelling is wild, and often evidently phonetic.

Vol. VI is of paper, bound in vellum, and contains the Marriage entries from 25 September 1743 to 23 March 1754. It has the appearance of being two books bound in one, as about one-half the leaves measure 12 ins. by 7 ins., and the remainder 12½ ins. by 8 ins., the larger leaves being ruled with money columns. The writing is quite legible, but the spelling is, in many instances, atrocious. The first leaf is imperfect, part being cut away; but on the part remaining are the following entries, which are printed here, as the Marriages do not appear to be registered:—

" 1707

" Richard Parfiet paid for being married to Sarah

" Pope of this parish

" Gorge Church paid for he and his wife

" Daniuell Tomlins paid for he and his wife

" William Hill paid for his dews for his wife

o 2 6

o 4 0

o 4 0

o 2 6

Then follow eight pages containing entries of Births from 1710 to 1723.

Vol. VII contains no entry of Marriage.

Vols. VIII and IX are made up of the ordinary printed forms introduced in 1751, but they are both of parchment; they contain the Marriage entries to 20 August 1789, and to the end of 1812 respectively.

These transcripts have been made by Mr. E. L. Gwillim, who has also collated the proofs with the original registers, and they are printed with the permission of the Rev. Canon Wordsworth, the Rector of St. Peter's.

Marriages at Marlborough

(Parish of St. Mary the Virgin),

1602-1812.

NOTE.—There are seven volumes of Registers here, all containing entries of Marriage. The earliest begins with an entry dated 3 May 1602, but the series is not complete; there are no entries between 30 September 1641 and 4 January 1653-4; between 13 February 1714-5 and 20 September 1738, excepting one dated 1720; and again between 13 January 1752 and 26 May 1754.

Volume I is a small paper book bound in limp vellum, 12in. by 8in., and contains the entries from 1602 to 6 April 1623. The writing is very neat and legible. The first leaf is covered on one side with writing and lettering, as if some one had used it for a copy book, and on the other, in addition to some random scribbling, are memoranda as to the times when Marriages are not to be solemnized, for instance:—

“No solemnization of marriage from

“Advent Sunday til the 8th day after Epiphany

“Septuagesima Sunday til ye first Sund. after Easter.

“Rogation Sunday til Trinity Sund. be past.

“This last tyne is not forbid, but onely 2 former by Counsel
“of Trent.”

Volume II contains the entries from 6 April 1623 to the end of 1687.

It is made up of eighty-eight leaves, all of parchment but two, which are paper, and is bound in limp vellum. The writing varies a good deal, but is fairly legible on the whole. In this volume occurs the first of the lapses already mentioned, from 30 September 1641 to 4 January 1653-4.

Volume III is of parchment, bound in leather boards. The writing is legible, and the entries are continued to 14 December 1702. There is in it an entry dated 2 January 1720.

Volume IV begins with a repetition of six Marriage entries of 1702 recorded in the last volume, and then goes straight on to 13 February 1714-5, after which date occurs the next lapse—of over twenty-three years, if the entry of 2 January 1720 is not considered. The writing is plain, but the spelling is bad. The Marriages take up nearly thirteen pages, one of which (the seventh) is blank. This volume is also of parchment, bound in leather boards.

Volume V commences on 20 September 1738, and ends on 13 January 1752 or 30 July 1751. It is of parchment, bound in
WILTS.—II.

vellum boards, and on the fly sheet at the end is the following interesting entry:—

“Sept. 26 and 27 1745. Forty-five Waggins loaded of Gold
“and Silver that we took from the French came
“through Marlborough.”

Volume VI begins with 26 May 1754, after another lapse. This Book and Volume VII are made up of the printed forms then adopted, both are bound in leather boards, and they bring the entries down to 26 July 1802, and the end of the year 1812, respectively.

These transcripts have been kindly made by Mr. E. Ll. Gwillim, with the permission of Bishop Mylne, the late Rector of St. Mary's; they have been collated with the original Registers, and are now printed with the permission of the Rev. A. G. E. Peters, the present Rector.

Marriages at Durrington,

1591 to 1812.

NOTE.—There are six volumes of Registers containing Marriage entries here. The oldest of them, from Michaelmas 1591 to 10 Sept. 1653, is of parchment, 14 in. by 6½ in., and contains 44 pages, some of which are loose, but will not bear re-stitching; the entries would be obscured even if stitching were practicable. The earliest entries are made on the cover, and seem to have been copied by the first writer, Henry Goodyer, before 1603. There is a loose leaf, on which are entries of quarterly sermons in the time of William White, 1603 to 1618—he being probably not a licensed preacher. Many of the entries are by Leonard Maton, 1623-1684; he was Registrar under the Commonwealth Act. There is no entry of a civil marriage here; the Squire is believed to have been a royalist and a churchman.

Volume II is of parchment, 18½ pages, 13½ in. by 8½ in., and one paper fly-leaf, in a parchment cover. The book begins in Jan. 1653-4; the last Marriage is dated 5 Dec. 1697, but the Baptisms continue till Apr. 1692, and the Burials till June 1691.

Volume III is a book of 36 parchment and eight paper pages, 15 in. by 6½ in. The Marriages were not kept separate from other entries. From 1740 to 1748 they are on paper.

Volume IV is a book of 70 pages of parchment. The Marriages from Mar. 1739-40 to 1754 are intermixed with the Baptisms and Burials. The entries on paper in Volume III are copied into this book.

Volume V contains the Marriages from 7 Aug. 1754 to 25 Sept. 1787, and Volume VI those from 21 Oct. 1787 to 3 Dec. 1812.

There was no resident clergyman here for a century or more, practically all through the eighteenth century; so that it is remarkable that the Registers have been so carefully preserved.

These transcripts have been made by the Rev. C. S. Ruddle, the Rector of Durrington, and have been collated with the originals by him. They are printed here by his kind permission.
