A Fable

Once there was a business man who was dissatisfied with the outlook in life. And he couldn't lay his finger on where the hitch came in. One day he got in touch with an up-to-date printer who was able to present his ideas to the public in an artistic and interesting manner. He was surprised to see what an improvement it made in his business and disposition.

Moral: When you've got the dumps consult a printer.

INTRODUCTION

WE take great pleasure in presenting herewith to the public our first Directory of DuPage County, comprising the City of Wheaton as well as the following cities, towns and villages: Naperville, Hinsdale, Elmhurst, Downers Grove, West Chicago, Glen Ellyn, Lombard, Bensonville, Roselle, Villa Park, Warrenville; Home Acres, Addison, Itasca, Winfield, Bloomingdale, Wayne, Lisle, Clarendon Hills, Eola, Meacham, Ingleton, Belmont, Warrenhurst and Cloverdale. The work has been compiled with the greatest care; it has been our ambition to produce an up to date county directory which exells any former publication of this character, and if we have succeeded we will feel well repaid for the expenditure of time and energy that were rendered necessary in the performance of the responsible and exacting task that part of the Directory devoted to the county seat of DuPage County which is the city of Wheaton, and has a population of 5,625. We herewith give cities, towns, and villages in the county the following population: Naperville 5,917, Hinsdale, 4,950; Elmhurst, 4,561; Downers Grove, 4,500; West Chicago, 3,667; Glen Ellyn, 3,037; Lombard, 1,924; Bensonville, 832; Roselle, 436; Villa Park, 308; Warrenville, 301; Home Acres, 267; Addison, 258; Itasca, 231; Winfield, 184; Bloomingdale, 157; Wayne, 151; Lisle, 137; Clarendon Hills, 83; Eola, 67; Meacham, 56; Ingleton, 40; Belmont, 31; Warrenhurst, 30; Cloverdale, 11; also Rural Routes, 6,975. We tender our thanks to the business and professional men of the county for their liberal patronage. Also we heartily appreciate the courtesy and support that has been given the directory by the newspapers of the county which has been of much assistance to us; in closing this brief introduction, we warn you to beware of directory borrowers and thieves.

Yours truly,

CONSIDER the calm and peaceful beauty, the wide avenues winding through the rolling lawns of green, the placid lake hidden by stately elms and eternal evergreens, a fitting and proper resting place of our beloved dead, that have made Elm Lawn the popular burial park of Elmhurst.

Space in this beautiful cemetery may be had at very reasonable prices on terms to suit any purse. Send for descriptive circulars and photographs.

GOOD PRINTING

THE ELMHURST PRESS is the finest job printing plant on the North-Western between Chicago and Aurora. Fully equipped with the latest type faces, ornaments and borders. If you want metropolitan style in printing, you can obtain it more easily at The Elmhurst Press and for less money than you can in Chicago.

**Noteheads, Letterheads, Billheads, Statements, Envelopes
and Business Cards, \$3.00 per Thousand
SALE BILLS, \$2 AND UP**

Send the money and the copy and state about what kind of stock you want, and we will return the completed job the next day.

Miss F. Hazel Malon, Operator of Unitype Machine

This is a picture of our new Unitype machine on which we set circulars, catalogues, price lists, etc. It sets foundry type, which has a more perfect face than the Linotype. Owing to the rapidity of the Unitype over hand-set type, we are able to offer you lower prices on the class of work enumerated above than our competitors.

Deutsche Druckerei

We are fully equipped for turning out high-grade printing in the German language. The operator of the Unitype, Miss F. Hazel Malon, is a German girl, and Mr. Lawrence Ellguth, head of the advertising composing room, is a German printer. What they don't know about German, the professors at the Elmhurst College are always willing to tell us. German printing at away below city prices.

**THE LEADING NEWSPAPER
OF DUPAGE COUNTY**

Subscription Price \$1.50 Per Year—Worth a Whole Lot More

YOU absolutely cannot do without The Elmhurst Press if you want to keep posted on what is doing in this part of Illinois. Invaluable to the farmer. Its weekly crop bulletin reports and weather forecast are worth thousands of dollars each season to the agriculturalists of DuPage County.

BE A BUSINESS FARMER

Plan your work like the banker does, and in a short while you will be the man who is lending money. The Elmhurst Press and the Farming Business, two large, handsome publications that will keep you thoroughly posted on how to run a farm and take care of stock, each week for a whole year, cost only two dollars. And if you send in the order NOW we will give you a valuable premium. This offer is guaranteed to save any farmer a hundred dollars a year if he will read the two publications and follow the expert information offered.

Richard E. Taylor, Editor The Press

Advertising

The advertising rates for The Press are 5c per line for reading notices and 25c per inch for display ads, with a discount of 10c per inch on display each time printed without change. Lay a rule on a newspaper column and measure off the size ad you want and you can figure the cost yourself. Want ads, 25c first insertion; two times for 40c; three times for 50c. If you want to become known in DuPage County, the BEST WAY to spread the information is through the

Elmhurst Press

Read the Pick-Ups

This very interesting feature of The Press is causing a great deal of favorable comment among the readers. Mr. Richard E. Taylor, editor and manager, writes the column, and his friends are insisting that he is putting it over Mr. Bert Liston Taylor, of the Tribune, who edits the famous "Line o' Type or Two." But R. E. T. refuses to be placed in the B. L. T. class. His head is not so swelled that he can dispense with the rear collar button.

Most of the people in West Chicago and vicinity are readers of THE PRESS. Are you? If not it's time to subscribe now. A postal card will do it.

PRINTING

NO matter what you may desire in the line of printing, this office is equipped to furnish it—from a calling card or wedding invitation to a sale bill or poster—and do it right, in point of quality, price and service.

It takes four things to make good printing: new, stylish type faces, the best grades of paper, good inks and, most important of all, the “know how.” To say we possess these requisites is superfluous. We respectfully refer you to any of our scores of satisfied patrons.

Everything in the line of engraving—cards, wedding invitations, birth announcements, stationery, greetings, etc.
