# Breeze Courier

Serving Over 40,000 People  
In And About Christian County

*Greetings To Our Farmer Friends From  
Christian County's Only Daily Newspaper*

Many Plat Book Subscribers already are familiar with The Breeze-Courier. They have, in fact, been among our constant readers for many years. The B-C appreciates this steady patronage.

Many others of our rural neighbors have not had an opportunity to get acquainted with The Breeze-Courier. For this reason, we are making a special offer (see preceding page).

We believe you'll find The Breeze-Courier offers a balance of reading of interest to urban and rural subscribers and of interest to every member of the family.

In the Breeze-Courier, for instance, you will find every Friday a page devoted intirely to the Farmer, in the name of the Christian County Farm Bureau Page. Early in the week the Farm Adviser submits his column. We give rainfall reports. Throughout the season on the editorial page we give crop yield reports, grain market reports from the U. of I. calendar of events about the state, grain and livestock markets, insect surveys, corn production reports, FFA and FHA and 4-H activities coverage, wide Home Bureau Activity reports, soil conservation, commodity credit reports, Engineering and Economic reports from the University of Illinois, and much other information of a timely nature, coming to you through the services of the columns of the Breeze-Courier.

Yes, there is great emphasis on farm and rural news, plus complete coverage of world and regional events. You also find your favorite high school team's results. And you'll enjoy the many outstanding feature writers. Why not take advantage of our special offer today?

# You Are Invited To Visit The Breeze-Courier

Here is an invitation to rural groups to visit your local newspaper plant. Get together with your friends in community clubs or organizations, or make up a group of neighbors, and plan a tour of this publishing building.

Throughout the course of a year a number of classes of school children are conducted through the plant and are given a lengthy explanation of anything pertinent to the business engagements of publishing a daily newspaper in so far as their questions can be answered.

It is our custom not to place any limitation upon the length of time that an individual or a group may be so engaged and sufficient force is delegated to see that you have made available to you every possible resource for information.

This courtesy is not limited to school children and other adults including teachers of the school have in the past availed themselves of this advantage to visit a publishing company.

We have held and firmly believe that you will enjoy the enormity of the process of this particular business which we profess is as interesting and as diversified as any other business on the face of the earth.

Be sure to come and see how your newspaper is produced.

At right is business reply card for your classified ad in The Breeze-Courier.

Turn page for special instructions on how to use this special service at reduced rates. Tear out card and mail as indicated.
