CASE'S DRUG STORE

EVERYTHING in drugs, quality and quantity always right. Our prescription department is constantly under the charge of two registered graduates in pharmacy, and anything compounded there is sure to be correct.

WALL PAPER DEPARTMENT

We carry constantly from 10,000 to 20,000 rolls of all grades in stock, ranging from 5c a roll up. All the latest and newest styles are found in our stock and we are always glad to give information as to the proper thing in decoration. We have a large line of paper cheap, neat and strong for tenant houses, and can save money for the landlord. Look us over.

PAINTS & GLASS

Strictly pure White Lead and Linseed Oil always at the lowest possible market price. Heath and Milligan's Best Prepared Paint and a large line of Varnishes, Stains, Enamels, Floor Finishes, Calcimines, etc. It will pay you to figure with us on any of the above material you may need.

If anything coming from this store is not entirely satisfactory we would have you take it for granted that we will make it right as soon as you let us know of it. Our best advertisement is our pleased customers.

Introductory

1559676

In presenting this work to the public, I desire to express my appreciation of the courtesy, consideration and encouragement accorded my efforts. Without the advertising patronage which it received, the publication of the book would not have been possible. The public spiritedness which actuated the advertisers is indicative of business enterprise which presages success.

It has been my ambition, in this instance, to present to the people of Princeton, an exact, convenient, and complete auxiliary to business and social interests. To achieve this, no expense has been spared, no work undone, no care unexercised to make it satisfactory in the minutest details.

Princeton's pilgrim band of well nigh three quarters of a century ago, has, by kinship and adoption, increased to 3,715 souls. In company with its one colony church, sixteen houses of worship throw open their doors each Sabbath within the city's borders. Its single seat of learning has multiplied into three flourishing ward schools, a Township High School, and a Business College, while its public library, its recently established Sanitarium, its city waterworks and electric light plant and its numerous organizations, social and philanthropic, attest a desire on the part of its citizens to keep pace with the advance of effective effort and minister more and more fully to the necessities mental, physical and civic of those with whom they have to do. That this Directory may be accorded the general service for which such a work is intended and serve its day and generation acceptably is the sincere desire of

MINNIE AGNES PHELPS.

DO NOT LEND YOUR DIRECTORY.

It cost you money. Your next door neighbor is as well able to buy a directory as you are; his subscription was solicited, but he had "no use for a directory." You will find he has use for yours, and when you need it most the chances are you will have to go to him to get it back. We find out on every canvass that one of the regular questions put to us is, "Did Mr. ——— subscribe for a book? he is always borrowing ours;" but the gentleman doesn't have any more use for a directory than a balloon when it comes to paying for one. Every business and professional office needs a city directory and should have one. People who would be ashamed to borrow your daily paper think they have a right to borrow your directory.

Don't Lend It.

THE NEW YORK
PUBLIC LIBRARY
ASTOR LENOX TILDEN FOUNDATION
1215 Broadway, New York, N. Y.

The New York Public Library, Astor Lenox Tilden Foundation, is a non-profit corporation organized under the laws of the State of New York. It was founded in 1808 by John Jacob Astor, Lewis Tilden, and James Lenox. The library's collection is one of the largest and most comprehensive in the world, with over 50 million volumes. It is open to the public and provides a wide range of services, including lending, reference, and research. The library is located at 1215 Broadway, New York, N. Y. 10003.

THE MODEL STUDENT

THE MODEL STUDENT is a book which will help you to understand the meaning of the word "model" and to see how it is used in many different ways. It will also help you to understand the meaning of the word "student" and to see how it is used in many different ways. The book is divided into two parts. The first part is about the word "model" and the second part is about the word "student".

In the first part, you will learn that a model is a thing that is made to look like something else. For example, a model of a car is a small car that is made of plastic or metal. It is made to look like a real car, but it is not a real car. It is just a model of a car. You can use a model to see how a car looks and to see how it works. You can also use a model to see how a car is made.

In the second part, you will learn that a student is a person who is learning. A student is someone who is in school or who is taking a course. A student is someone who is trying to learn something new. A student is someone who is trying to become an expert in a certain field. A student is someone who is trying to become a professional. A student is someone who is trying to become a leader. A student is someone who is trying to become a citizen. A student is someone who is trying to become a person who is useful to the world.

"If you want to know what smartly dressed men will wear this season, ask to see Stein-Bloch Smart Clothes."

There is One Make of Clothes

that in every way equals the expensive custom tailor's products, yet costs but a trifle more than the common ready-made kind.

They are
the clothes
that bear *this*
label—

a label that has become famous throughout the country as the "imprint" of the makers of

THE MOST SUPERB APPAREL

that high class tailoring-skill and human ingenuity ever produced.

Having the exclusive agency for Stein-Bloch Smart Clothes here, we invite you to call and examine every feature of the garments as critically as you know how. You will be mightily pleased and sure to learn something about "fine clothes-making" that will be worth while knowing.

Stein Block Smart Suits and Spring Overcoats, \$15 to \$35.00 and other makes at \$3.50 to \$12.

Also a complete and up-to-date
Stock of Gents Furnishings.

It is a fact that the world is full of people who are not satisfied with the things they have, and who are always looking for something better. This is the case with the people of New York City, who are always looking for the latest and best in everything they buy.

There is One Place in New York City

where you can find everything you need for your home or office. This is the place where you can find the latest and best in everything you buy. It is the place where you can find the things that you need for your home or office, and where you can find the things that you need for your home or office.

It is a fact that the world is full of people who are not satisfied with the things they have, and who are always looking for something better. This is the case with the people of New York City, who are always looking for the latest and best in everything they buy.

Insurance Agency of C. H. Fish.

I represent some of the soundest Insurance Companies doing business in Princeton, among which are the Continental, Germania and Westchester of New York, Northwestern National and Milwaukee Mechanics, of Milwaukee, Wisconsin, American, of Newark, N. J., Farmer's Fire of York, Pa., and the German, of Freeport, Ill., the last three writing on farm property as well as city customers. There is no better indemnity offered than given by these Companies, none more liberal in writing lines, or more prompt in meeting their losses; none more liberal as touching rates, or in paying what they pledge when losses occur. All these Companies have made good records for promptness in adjustments of losses. They write against loss by Fire, Lightning and Cyclones.

Always consult your interests by seeing me before you buy a policy.

The above is a dim picture of threshing wheat, July 2, 1902, taken at Thayer, Kansas, also picture of an oil well gushing over a 70 foot derrick 2 miles west of Thayer, Kansas, where an oil company has over 20 wells with pipe line capacity of carrying 90 barrels a minute to the refineries at Neodesha, Kansas; they also have a gas pipe line to Parsons that they refused \$175,000 for from that city. They have gas wells that yield 8,000,000 cubic feet of gas every 24 hours. With all this wealth of gas and oil beneath its surface this locality is very productive. Will grow corn, wheat or grain of any kind, grass, fruit or vegetables that can be grown anywhere in any state of the Union. I have a few bargains to offer there in farm properties that any home loving farmer would be proud of owning. If in need of home or investment, call on me at Princeton, Ill., and I will get you low railroad rates to see them. I will locate at Thayer, Kansas, as soon as I can make arrangements to get there, as it is the best country for the price I ever saw.

Yours for business,

Studio 44 (mimic)

The first thing I noticed when I stepped
 out of the car was the smell of
 fresh air. It was a relief after the
 stuffy interior of the vehicle. I looked
 around and saw a few people walking
 on the sidewalk. They seemed to be
 in a hurry, but I didn't mind. I was
 just starting my first day at the
 studio. I had heard that it was a
 great place to work, and now I was
 here. I took a deep breath and
 smiled. I was ready to start.

I walked into the building and
 saw a large sign that said "Studio
 44". I felt a little nervous, but I
 knew I was going to do well. I
 went to the reception desk and
 spoke to the woman who worked
 there. She was very friendly and
 showed me to my office. I sat down
 at my desk and looked at the
 papers in front of me. I felt a
 little overwhelmed, but I knew I
 had to get started. I picked up the
 phone and dialed the number. I
 waited for a moment and then
 spoke to the person on the other
 end. I felt a little better now.

I continued to work on the project
 and everything went well. I was
 happy to be part of the team and
 to be working on something that I
 was passionate about. I knew that
 this was just the beginning of my
 journey, but I was excited to see
 where it would lead. I was going to
 make a name for myself and I was
 going to do it.

This Store Preaches Economy.

There is but one true economy in money spending. This store continually preaches it. This economy consists in buying good reliable merchandise and in paying for that merchandise the lowest legitimate price for which it can be sold. Every section of the store teems with object lessons in money-saving. Not to test the truth of all this is to be careless of your own best interests

How to Use Your New Year

What are you going to do
this year? What are your
goals? What are your dreams?

It is a new year and a new day. It is a time to start over, to begin again. It is a time to set new goals, to dream new dreams. It is a time to make new resolutions, to promise yourself new things. It is a time to start over, to begin again. It is a time to set new goals, to dream new dreams. It is a time to make new resolutions, to promise yourself new things.

It is a new year and a new day. It is a time to start over, to begin again. It is a time to set new goals, to dream new dreams. It is a time to make new resolutions, to promise yourself new things.

Chlorine Water

U

Chlorine Water is a solution of chlorine gas in water. It is a powerful oxidizing agent and is used in many chemical reactions. It is also used in the treatment of water and in the production of many chemicals. Chlorine Water is a colorless liquid with a strong, pungent odor. It is highly corrosive and should be handled with care. It is stable in the dark but decomposes rapidly in the presence of light. Chlorine Water is used in the synthesis of many organic compounds and in the analysis of many inorganic compounds. It is also used in the treatment of wastewater and in the production of disinfectants. Chlorine Water is a valuable reagent in many chemical laboratories.

Do You Want to Buy Land?

If so, you will make no mistake if you call on C. H. FISH and look over what he has listed. He has an extensive list of City Property, also Farms that grade Good, Better, Best, and can sell you what you want at right prices, in sizes to suit: can put you on a farm in most any county in the State of Illinois; a high rolling farm, a gently rolling farm, or a bottom farm; a farm where you can raise anything this climate will produce, even CANE. Can place a loan for you if you need one and at as low rates of interest as any other broker. Am so situated that I can sell you Farms or Wild Lands in Iowa, Minnesota, the Dakotas, Nebraska, Kansas, Colorado, Texas, Arkansas, Missouri, Louisiana, Mississippi, or most any other state, yes over in Western Canada where land is dirt cheap, but it will raise the biggest kind of crops of wheat and flax. Call on or write me as to what you are wanting and I can help you out.

People Awake to Your Interest.

Don't go to sleep without a POLICY in one of the companies that I represent, which are among the BEST known to the PEOPLE that insure against loss occasioned by FIRE LIGHTNING, TORNADOES, HIGH WINDS and CYCLONES. We permit you to use Kerosene, Gas or Gasoline stoves and Kerosene, Gasoline, Gas or Electricity for lights. We protect your property while you are away on a visit, or out for health or recreation, just the same as if you were at home. We write at rates that are lower than you ever knew in this city, and adjust your loss as quick as we can get on the ground after the fire, and that without discount or taking 60 days time. If you have any doubts about these statements call on me and give me a chance to convince you—I mean just what I say. We gave Princeton these low rates and we would be pleased to have you remember this fact when you have business with an Insurance Agent.

This Store Preaches Economy.

There is but one true economy in money spending. This store continually preaches it. This economy consists in buying good reliable merchandise and in paying for that merchandise the lowest legitimate price for which it can be sold. Every section of the store teems with object lessons in money-saving. Not to test the truth of all this is to be careless of your own best interests

This Store Preaches Economy.

There is but one true economy in money spending. This store continually preaches it. This economy consists in buying good reliable merchandise and in paying for that merchandise the lowest legitimate price for which it can be sold. Every section of the store teems with object lessons in money-saving. Not to test the truth of all this is to be careless of your own best interests

Journal of the

Proceedings of the

1880

The first meeting of the Association was held on the 1st of January, 1880, at the Hotel de Ville, Paris. The President, M. de la Roche, opened the session by reading the report of the previous year's work. The report was a long and detailed account of the various projects and experiments carried out during the year. It was read with interest and attention by the assembled members.

The second meeting was held on the 8th of January. It was devoted to the discussion of the report of the Committee on the Theory of the Atom. The Committee had been appointed at the previous meeting, and its report was a valuable contribution to the knowledge of the subject. The discussion was a lively one, and many interesting points were brought forward. The meeting closed with a vote of thanks to the Committee.

The third meeting was held on the 15th of January. It was devoted to the discussion of the report of the Committee on the Theory of the Atom. The Committee had been appointed at the previous meeting, and its report was a valuable contribution to the knowledge of the subject. The discussion was a lively one, and many interesting points were brought forward. The meeting closed with a vote of thanks to the Committee.

Land! Land! Land! Plenty of Land.

Anywhere; East; West; North; South. In small farms or large ranches; well improved or virgin soil; ranging in value from \$1.50 to \$150.00 an acre. Land that is rolling, yes somewhat rough, but well set in Blue Grass and making the best kind of stock farms. Gently undulating land that makes the best combination grain and stock farms; level land that is easy of cultivation and grows the finest crops; never wears out; always pays big returns on investment; anything you want; anywhere you want it; any price you care to pay; any kind of reasonable terms.

Come and see me before you buy, or if you can't come in person, just write out what you want, and I think I have it just at hand, but if I do not, I can find it in a few days, for I know just where to look for it.

JOHN G. LOMAX CO.

ESTABLISHED 1891

NEW YORK BRANCH ESTD 1891

PRINCETON SANITARIUM and HOSPITAL

OWNED AND CONTROLLED BY

H. V. HICKMAN, D. O., M. D. AND L. D. HICKMAN, D. O., M. E.

Is now open to receive patients. The Latest Methods of Treatment
can be had at this Institution.

SURGICAL OPERATING ROOM.

The Surgical department is fully equipped with the latest and best apparatus. Physicians, both local and foreign, are invited to make use of the Hospital when their practice requires such facilities. Graduate trained nurses are always in attendance. Rooms all frescoed, light, airy and well ventilated. Plain baths free to patients.

We also occupy DOWN TOWN OFFICES at 446 South Main St. in the Oschatz building opposite Apollo Hall where we will practice Osteopathy and Electrotherapeutics. Here we have an X-Ray and Electrical Laboratory which is very fully equipped for either diagnosis or treatment. Cancers, Lupus, Eczema, Ulcers, Old Sores, etc. are successfully treated by the X-Ray process. We also have here the Violet-Rays apparatus as well as Galvanic, Faradic, Illuminating and Static Apparati.

FOR INFORMATION ADDRESS,

HOSPITAL, Princeton, Ill.

532 East South St.
