THE FIRST NATIONAL BANK

OF ANGOLA

Established in 1903 with a capital stock of \$50,000. This has been increased by adding to the business a large share of the profits until we have

Capital and Surplus, over \$ 80,000.00

Resources, over \$500,000.00

Never before equalled by any bank in Steuben County

☐ Our steady growth is evidence that the banking institution that throws the greatest safeguards around its business in order to protect its customers, merits the confidence of the public.

☐ Constantly under the most rigid Federal Government Supervision, and subjected to most thorough examinations by National Bank Examiners, make a National bank an ideal one to trust with the handling of your account. When you have a surplus of money deposit it with us. We will protect it for you and return it to you on demand when you need it.

☐ We pay **Three Per Cent. Interest** on certificates of deposit.

☐ When you are in need of money come to us. We loan money all the time. No customer of ours has ever been refused a loan when proper security was offered.

☐ When sending away money always buy our bank drafts because they are the cheapest, safest and best way to remit funds.

☐ When taking long journeys carry our self identifying Travelers' Checks, absolutely safe and good any time, anywhere in the world.

☐ Protect your valuable papers by renting one of our steel safety deposit boxes in our strictly fire proof vault.

☐ We are a legal depository for the funds of all Postal Savings Banks, U. S. Postoffice, Steuben County, Townships and Angola Schools.

Steuben County State Bank

Angola, Indiana.

One of the substantial **State** Banks of northern Indiana, subject to frequent thorough examinations by the State Banking Department. Customers of Indiana **State** Banks are afforded the protection of the most rigid examinations by state officials which any state in the union exacts. In the twenty three years this bank has been in business it has never been criticized for hazarding its assets. This is largely because the **directors** and **stockholders** of this bank are more than **doubly responsible** for their private investment in capital stock, and they do only a strictly banking business. The directors own every dollar of their property wholly under their own names.

THE SERVICES

rendered by this bank to its customers are marked by the highest degree of promptness, thoroughness and a due regard for mutual satisfaction in all business relations.

You will find that our facilities are adequate.

Highest Rate

of
interest paid on time
certificates

LOSS IS OUT OF the question when your valuables are in a safe deposit box in this bank's strong vault.

We rent private safes as low as \$1.00 a year.

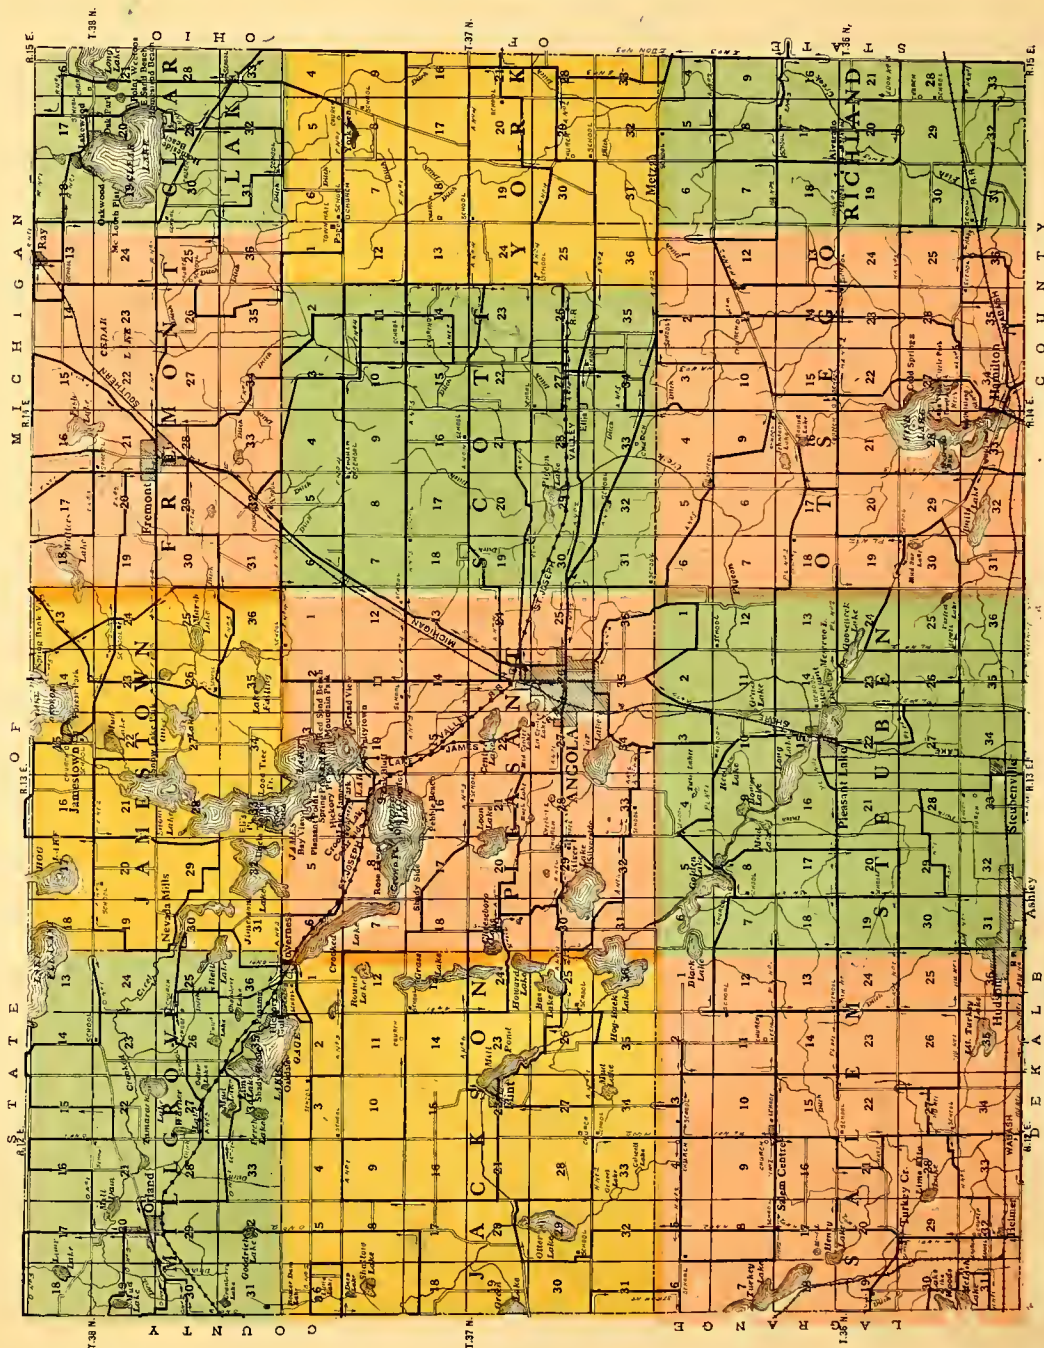

This means that you can have absolute safety for your important papers and other valuables for less than a cent a day.

You are invited to make this bank your bank; to open a small account with us and watch it grow. Savings depositors are given every courtesy, no matter how small the deposit. Little customers make big ones. Small accounts grow. A bank book is a great incentive to save. Come in and get an incentive.

Depository for City, County and Township Funds.

Testimonials from Home Folks

Prof. L. M. Sniff Letter

To WHOM IT MAY CONCERN:

I have just received word of the maturity of a Life Rate Endowment Policy in the Union Central Life Insurance Company. I would say that had I invested my all in such insurance as this, instead of the investments I have made, I think I would be worth twice as much as I am now worth. As I see it, a professional man better let such an Insurance Company as the Union Central invest for him. I have another policy in the same company and wish I had more.

Thos. Owens, Mayor of Angola

I am pleased to state that I carry a \$10,000.00 Twenty Payment Life Policy in the Union Central.

George W. Kemery

I have recently received check of over \$1000.00 in payment of my 20 Payment Life Policy now matured. My only regret is that I did not take a larger policy. Amount received \$1006.00. Paid \$735.00.

Elder C. W. McCord Letter

A close connection with one of the leading old line companies some years ago, made possible an "inside" comparison of companies and policies. After such comparison, I can frankly say that my policy in the Union Central is surpassed by no other policy in any other company in its breadth, its fairness and its safety.

C. W. McCORD, June 4, 1912.

Remember! Show us the Company that is superior to the Union Central in results to the individual policy holder, and we will pay your premium for a policy in that company. **Do not take Insurance in a New Company** because the Agent says it is good. He is paid to say that. It is all they have to show. Their results are still in the future. Do not buy an experiment when less money will buy a certainty.

Largest Annual Dividends

Lowest Premiums

President Taft carries a large Policy

of Life Insurance in the Union Central. So does W. J. Bryan and many other distinguished men. The Angola Editors carry nine different policies. The President and Professors of the Tri-State College carry more than 25 policies. The business men of Angola and farmers of Steuben county carry over 300 policies in the Union Central. My agency is writing more policies on old policy holders than on new.

Satisfied Policy Holders. We are paying endowments on Life Policies. No other company has such a record. If you want good insurance see the undersigned. Do not buy a policy 'til you understand it. If I cannot show you better results than any other company I will pay your premium in the company that excels us. The BEST is none TOO GOOD FOR YOU.

U. L. Wambaugh, Gen. Agt.

GET RIGHT DOWN TO BRASS TACKS

When you want to sell your native timber. Find out before it is cut just what it is worth. See me or call me up by phone and I will make an estimate for you at any time. Will buy it on the stump, cut it and haul it away. Will buy it on skids in your woods, or will buy it delivered. We work up your logs in our own mill, retail the lumber without shipping, and can thus afford to pay you the top price at all times. All there is in your tree and a square deal. I am constantly in the market for native timber. Bring us your logs and your bill.

One Way to Reduce High Living Costs

Is to build a home and then settle down to a contented life and make up your mind to pay for it. A little garden at the back of the house will work wonders in reducing your living costs---a few chickens will also help. Can't do these things when you're renting because you lack inspiration and either a garden or chickens must have careful attention. If you build a frame house you can start with only a few rooms and always add onto it when the family grows, and by the time your sons and daughters are large enough to take notice you will have a home respectable enough in size and appearance to make them feel pretty proud of "Mommer" and "Daddy." When you're ready for lumber we want to talk to you and help you off right, and we not only have material to supply your wants in lumber, but we carry everything you need in building material except hardware.

You know our reputation on lumber, and you will find our prices on Lime, Hair, Cement, Pulp, Etc., just as reasonable. Remember, we deliver if you wish, any place in the county.

We have moved our stock into our new yard which is located just one block south of the depot. We have the most up-to-date yard in Northern Indiana. Phone 36.

THE STORE OF EXCELLENCE

In no line of goods is it more necessary to be sure of quality than in the lines of watches, diamonds, jewelry and silverware. During the 40 years that we have been in business in Angola we have striven to handle dependable merchandise. You will find all the nationally known goods, articles of unquestioned superiority, such as Elgin, Rockford, Waltham, Hamilton and Howard Watches, Big Ben Clocks, Tiffany Diamonds, Rogers Bros. 1847 Silverware, Genuine American Cut Glass, Queen City Rings, Hull Umbrellas, Parker Fountain Pens, Etc., in our stock. Of course we handle many other lines, but the fact that the manufacturers of goods of such national reputation want us to take the agency for their lines, speaks volumes to the thinking buyer. Do as they do, tie up with the Store of Excellence.

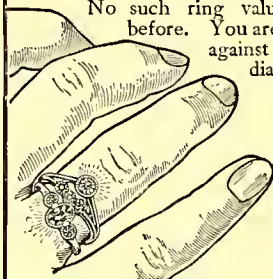

Our store is the best place to buy presents for Xmas, Weddings, Anniversaries, Commencement, Birthdays and all other occasions

Umbrellas Cut Glass, and China

Can you think of any present that will be prettier, more serviceable or acceptable than a nice Umbrella, a piece of Cut Glass or China? Well I guess not. With umbrellas bought here we give you an **EXTRA HANDLE FREE.**

Life Is a Battle

MAIN BUILDING

In which the trained man gets the laurels. In this day of specialists and specialties it pays to be prepared for the opportunities which come to all.

Great men, learned men, the so-called "Captains of Industry," may differ in politics and in religious belief, in systems and in methods, but on the question of education they are agreed. They advise the young man or woman to procure an education even at the cost of great inconvenience. The untrained man or woman goes through life with a sorry and often wholly unnecessary handicap.

The Residents of Stenben County are fortunate in having at their door an institution of learning which offers College Courses that are **standard**. The course leading to the degree of Bachelor of Arts requires twelve terms above the High School. The Pedagogical course leading to the degree of B. Ed. requires nine terms. A shorter scientific course is offered leading to the degree of B. S.

Students can also get the best High School and Preparatory work. The State Board of Education has approved the High School Equivalent Course.

There is always a demand for teachers in the Grades and High Schools. The Normal department of Tri-State College is its especial pride. The methods are modern and up-to-date, and the popularity is attested by the crowds of students that come from three states for Teachers Training work.

The technical world is asking for trained Chemists and Engineers. Tri-State College can make the student a Civil, Mechanical, Electrical or Chemical Engineer in two years, so that he can do actual engineering work.

The graduates of the College of Pharmacy have never failed at the state examinations. That is the best proof of efficiency that could be offered.

Book keeping, Short hand, Typewriting and all Commercial subjects are thoroughly taught. This department has more calls than it can supply, for students who are capable of keeping a set of books.

The courses in Public School Music and Drawing are to be recommended. The College could place many more graduates of these courses in good positions. The demand for teachers of music and drawing is increasing.

Piano, Voice and Elocution are taught all the year round by competent instructors and at extremely moderate rates.

The President will be glad to send detailed information to any persons who are interested. A complete catalogue is published yearly and can be had on request.

Universal Treads and Quick Repair Boots

YOU are paying for **"Universal"** treads whether you use them or not, with the wear, tear and repair to your tires!

Then why not use them and not only save your tires from the wear and tear of road contact but yourself from the annoyance, delay and expense due to tire injury?

"Universal" treads or tire protectors fit any and all makes of tires. They're as easy to install or remove as the ordinary quick or detachable tire.

With your car equipped with **"Universal"** tire protectors you can go and come when you please regardless of road conditions and be certain of getting back safe and sound. Real satisfaction in motoring is only arrived at by elimination of tire trouble. **"Universal"** treads eliminate tire trouble.

"Universal" Quick Repair Boots are made in three types: Ratchet anchor Armored, Armored Clincher and Plain or Unarmored Clincher as shown in cuts. All made in 9-inch, 12-inch, 15-inch and 18-inch lengths. We have a boot for every emergency and at a price to correspond.

You Need A Repair Boot. Every Autoist Does.

For the Steuben County autoist we have a special proposition. Ask us about it. If you want anything for your auto—tires, oil, jacks or tire savers pressure guages, we can supply you and save you money. If you have a casing that is badly cut, torn or blown out, bring it in to us. We can fix it and our charge will be nominal.
