1. The first part of the book is devoted to a general introduction to the subject of the history of the English language. It discusses the various factors which have influenced the development of the language, such as contact with other languages, internal changes, and the influence of social and cultural factors. The author also discusses the importance of the study of the history of the English language for the understanding of the language itself and for the study of other languages.

2. The second part of the book is devoted to a detailed study of the history of the English language from its earliest beginnings to the present day. It discusses the various stages of the language, from Old English to Middle English to Modern English, and the changes which have taken place in the language over time. The author also discusses the influence of other languages on the English language, such as Latin, French, and German.

1. The first part of the book is devoted to a general introduction to the subject of the history of the English language. It deals with the various stages of the language from its earliest forms to the present day. It also discusses the influence of other languages on English and the role of English in the world today.

2. The second part of the book is devoted to a detailed study of the grammar of the English language. It covers the various parts of speech, the structure of the sentence, and the rules of grammar. It also discusses the differences between the grammar of English and the grammar of other languages.

3. The third part of the book is devoted to a study of the vocabulary of the English language. It discusses the various sources of new words and the meaning of many of the most important words in the language. It also discusses the differences between the vocabulary of English and the vocabulary of other languages.

4. The fourth part of the book is devoted to a study of the pronunciation of the English language. It discusses the various sounds of the language and the rules of pronunciation. It also discusses the differences between the pronunciation of English and the pronunciation of other languages.

5. The fifth part of the book is devoted to a study of the history of the English language. It discusses the various stages of the language and the influence of other languages on English. It also discusses the role of English in the world today.

6. The sixth part of the book is devoted to a study of the literature of the English language. It discusses the various types of literature and the role of literature in the world today. It also discusses the differences between the literature of English and the literature of other languages.

7. The seventh part of the book is devoted to a study of the culture of the English language. It discusses the various customs and traditions of the language and the role of culture in the world today. It also discusses the differences between the culture of English and the culture of other languages.

8. The eighth part of the book is devoted to a study of the social history of the English language. It discusses the various social factors that have influenced the development of the language and the role of the language in society. It also discusses the differences between the social history of English and the social history of other languages.

9. The ninth part of the book is devoted to a study of the future of the English language. It discusses the various factors that will influence the development of the language in the future and the role of the language in the world of the future. It also discusses the differences between the future of English and the future of other languages.

10. The tenth part of the book is devoted to a study of the English language in the world today. It discusses the various uses of the language and the role of the language in the world today. It also discusses the differences between the English language in the world today and the English language in the world of the future.

1. The first part of the book is devoted to a general introduction to the subject of the history of the English language. It deals with the various stages of the language from its earliest forms to the present day. The author discusses the influence of different cultures and languages on the development of English, and the role of the English language in the world today.

2. The second part of the book is devoted to a detailed study of the history of the English language. It deals with the various stages of the language from its earliest forms to the present day. The author discusses the influence of different cultures and languages on the development of English, and the role of the English language in the world today.

1. The first part of the paper discusses the importance of the study of the history of the United States. It is argued that the study of history is essential for a full understanding of the present and for the development of a sense of national identity. The author then discusses the various methods used by historians to study the past, including the use of primary and secondary sources, and the importance of critical thinking in the evaluation of historical evidence. The paper concludes by discussing the role of the historian in society and the importance of the study of history for the future of the United States.

2. The second part of the paper discusses the importance of the study of the history of the United States. It is argued that the study of history is essential for a full understanding of the present and for the development of a sense of national identity. The author then discusses the various methods used by historians to study the past, including the use of primary and secondary sources, and the importance of critical thinking in the evaluation of historical evidence. The paper concludes by discussing the role of the historian in society and the importance of the study of history for the future of the United States.

1. The first part of the book is a general introduction to the subject of the history of the English language. It deals with the origin of the language, its development, and its present state. It also discusses the influence of other languages on English and the influence of English on other languages.

2. The second part of the book is a detailed account of the history of the English language from the beginning of the 15th century to the present. It covers the period of the Middle English, the Early Modern English, and the Modern English. It discusses the changes in the vocabulary, the grammar, and the pronunciation of the language.

1. The first part of the book is devoted to a general introduction to the subject of the history of the English language. It deals with the various stages of the language from its earliest forms to the present day. It also discusses the influence of foreign languages on English and the role of the English language in the world today.

2. The second part of the book is devoted to a detailed study of the history of the English language. It deals with the various stages of the language from its earliest forms to the present day. It also discusses the influence of foreign languages on English and the role of the English language in the world today.

1. The first part of the book is devoted to a general introduction to the subject of the history of the English language. It discusses the various factors which have influenced the development of the language, such as contact with other languages, internal changes, and the influence of social and cultural factors. The author also discusses the importance of the study of the history of the English language for the understanding of the language itself.

2. The second part of the book is devoted to a detailed study of the history of the English language from the beginning of the 15th century to the present. It discusses the various stages of the language, from Old English to Middle English to Modern English, and the changes which have taken place in the language over time. The author also discusses the influence of other languages on the English language, such as Latin, French, and Greek.

1. The first part of the book is devoted to a general introduction to the subject of the history of the English language. It discusses the various factors which have influenced the development of the language, such as contact with other languages, internal changes, and the influence of social and cultural factors.

2. The second part of the book is devoted to a detailed study of the history of the English language from its earliest beginnings to the present day. It discusses the various stages of the language, from Old English to Middle English to Modern English, and the changes which have taken place in each stage.

3. The third part of the book is devoted to a study of the various dialects of the English language, and the factors which have influenced their development. It discusses the differences between the various dialects, and the reasons why these differences have arisen.

4. The fourth part of the book is devoted to a study of the various uses of the English language, and the factors which have influenced their development. It discusses the differences between the various uses of the language, and the reasons why these differences have arisen.

5. The fifth part of the book is devoted to a study of the various influences on the English language, and the factors which have influenced their development. It discusses the differences between the various influences, and the reasons why these differences have arisen.

6. The sixth part of the book is devoted to a study of the various changes in the English language, and the factors which have influenced their development. It discusses the differences between the various changes, and the reasons why these differences have arisen.

7. The seventh part of the book is devoted to a study of the various factors which have influenced the development of the English language, and the factors which have influenced their development. It discusses the differences between the various factors, and the reasons why these differences have arisen.

8. The eighth part of the book is devoted to a study of the various influences on the English language, and the factors which have influenced their development. It discusses the differences between the various influences, and the reasons why these differences have arisen.

9. The ninth part of the book is devoted to a study of the various changes in the English language, and the factors which have influenced their development. It discusses the differences between the various changes, and the reasons why these differences have arisen.

10. The tenth part of the book is devoted to a study of the various factors which have influenced the development of the English language, and the factors which have influenced their development. It discusses the differences between the various factors, and the reasons why these differences have arisen.

1. The first part of the book is devoted to a general introduction to the subject of the history of the English language. 1. The first part of the book is devoted to a general introduction to the subject of the history of the English language. It discusses the various factors which have influenced the development of the language, such as contact with other languages, internal changes, and the influence of social and cultural factors.

2. The second part of the book is devoted to a detailed study of the history of the English language from its earliest beginnings to the present day. It traces the development of the language from its roots in Old English to the modern English of today.

3. The third part of the book is devoted to a study of the various dialects of the English language. It discusses the differences between the various dialects and the factors which have influenced their development.

4. The fourth part of the book is devoted to a study of the various styles of the English language. It discusses the differences between the various styles and the factors which have influenced their development.

5. The fifth part of the book is devoted to a study of the various uses of the English language. It discusses the differences between the various uses and the factors which have influenced their development.

6. The sixth part of the book is devoted to a study of the various influences on the English language. It discusses the influence of other languages, social and cultural factors, and the influence of the English language on other languages.

7. The seventh part of the book is devoted to a study of the various problems of the English language. It discusses the problems of pronunciation, grammar, and vocabulary.

8. The eighth part of the book is devoted to a study of the various methods of teaching the English language. It discusses the various methods and the factors which have influenced their development.

9. The ninth part of the book is devoted to a study of the various tests of the English language. It discusses the various tests and the factors which have influenced their development.

10. The tenth part of the book is devoted to a study of the various resources of the English language. It discusses the various resources and the factors which have influenced their development.

1. The first part of the book is devoted to a general introduction to the subject of the history of the English language. 1. The first part of the paper discusses the importance of the study.
2. It then goes on to describe the methodology used in the research.
3. The results of the study are presented in the following section.
4. A discussion of the findings is provided in the next section.
5. The paper concludes with a summary of the main points.

6. The first part of the paper discusses the importance of the study.

Jesse B. Shaffer	November 20 1881
Tillie E. Feighley	R. H. C. Myers
Henry L. Green	November 16 1881
Mary C. McCarty	Wm. T. Pratt
Charles Noble	November 17 1881
Jennie M. Smith	A. E. Mahin
Harrison Tilberry	November 17 1881
Maria O. Paxton	C. A. Zollinger Mayor
George W. Foulk	November 17 1881
Martha J. Plattor	Chester Scarlet JP
Henry Ellow	November 18 1881
Anna Meyer	Rev. E. Roley P
Adam Eling	November 20 1881
Katie Britche	Joseph W. Jones JP
James W. Allen	November 19 1881
Lottie F. Smith	J. M. Seymour
David Gephart	November 19 1881
Sophia Tagendear	*
Aggust H. Behrens	December 4 1881
Louisa Haina	S. F. C. F. Stock P
William Dooley	November 22 1881
Catherine A. Donahoe	Rev. B. Hartman
Max Claus	November 24 1881
Minnie Lenz	H. G. Lauer
John Larimore	November 24 1881
Nancy Litchfield	Y. S. Douglas
Thomas S. O'Keefe	November 23 1881
Mary McGuire	Jos. H. Brammer
John Downey	November 24 1881
Jennie Sallon	P. S. Cook
Simon P. Phillips	November 24 1881
Anna E. Daly	Jos. H. Brammer
George Gouser	November 24 1881
Effie J. Norries	M. Hoehn M
Allen Stirling	November 24 1881
Eliza Kell	Y. S. Douglas

June 22 1887
Samuel Wagenhals P

[illegible]

Henry C. Matsch
Sophie E. Mueller

June 23 1887
H. Juengel P

John L. Oettinger
Barbara Wilkens

June 22 1887
Sanuel Wagenhals

William H. Reinewald
Malinda Ostmann

June 23 1887
C. Gross P

William A. Aiken
Clara J. Hudson

June 23 1887
Rev. S. A. Northrop

Lewis Geiss
Mary Edith Brown

July 3 1887
Daniel Ryan JP

Louis F. Gerke
Lizette Miller

June 23 1887
C. Gross P

J. D. Branstrattor
Emma E. Kress

June 23 1887
Daniel Ryan JP

William E. Fry
Louise L. Myers

June 23 1887
C. Gross P

H. Jacob Siebold
Chlora N. Eastwood

June 23 1887
W. M. Webbe

William H. Thompson
Catherine Neireiter

June 26 1887 -
E. O'Rourke-Judge

Frank Myron
Laura Wieman

June 27 1887
James A. Cupper JP

Joseph H. Bryant
May Thompson

June 29 1887
T. M. O'Leary

John M. Himbert
Christina Hake

June 30 1887
E. Koenig P

Frederick Doerhman
Louise Buck

July 14 1887
C. Gross P

G. Elmer Spake
Minnie Esther Nill

June 30 1887
A. J. Duglas P

William G. Beach
Dora B. Steinhauer

June 30 1887
C. Gross P

John March
Sarah H. Baker

June 30 1887
J. P. Steward P

Jacob M. Stouder
Mary E. Taylor

June 30 1887
Rev. S. A. Northrop

Henry Halter
Addie Cook

July 4 1887
