More goods are bought and sold through the
Classified Business Lists of the Directory than
any other medium on earth.

758

(1922) R. L. POLK & CO.'S

Stability and Permanency

Do you realize that a City Directory advertisement is as permanent as the permanency, the stability, of the advertiser?

That's the sort of return all of us want to get for our money because we know when they tell us "we're better" they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "over-the-hill" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the City Directory are there again next year. 90% of its readership is retained.

Directory advertising, in profitable connection with the classified business heading, is doubly effective.

May we explain how and why it will pay you?
