Krell-French Piano

The Real Musician

The person whose ear is trained to pure tone, tone that is correct; whose fingers are skilled to detect proper touch of a piano—proper dip and depth of the keys—is quick to recognize in the

KRELL-FRENCH

an instrument far above the ordinary piano and to be classed among the very few really artistic instruments.

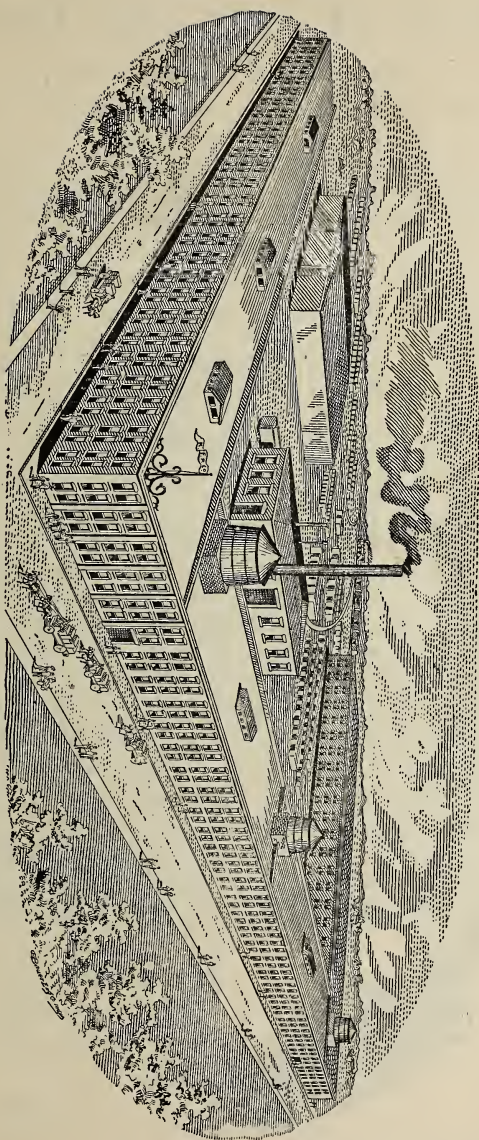

The KRELL-FRENCH aim from the beginning was the production of an instrument possessing every point of excellence, one that for musical qualities and beauty in appearance should be unexcelled. KRELL-FRENCH pianos have everything about them that good pianos ought to have. There is not a single honest claim of goodness made for any piano which cannot be justly claimed for the KRELL-FRENCH. It combines the best features of the best pianos with special improvements of its own.

We would sell you a KRELL-FRENCH piano for but little more than you would have to pay elsewhere for a "cheap" or medium grade piano, the same easy terms of payment, and you may choose from the newest 1907 models. You have not necessarily to take the word of any person—you are not buying a piano for some other person, you are buying it for yourself. Come in and test the KRELL-FRENCH—try it for yourself. If you can not call, we will gladly mail to you, free, pictures of the entire KRELL-FRENCH piano family, together with full and accurate descriptions of each style, with prices of each. We also make the French & Sons and Lagonda Pianos.

Farmers, do you study Mutual Insurance? With my more than twenty years experience as agent and officer of Mutual Insurance, I am convinced that they give it very little or no serious thought. The late Ex-Governor Mount, of Indiana, some five years ago, at the Farmers' State Insurance Union at Indianapolis, said that during a period of 25 years the farmers of Indiana paid the old line insurance companies \$54,000,000.00, and paid back to the policy holders and agents of the state \$28,000,000.00, thus taking out of the state \$26,000,000.00 But, farmers, Mutual is reduced to actual cost and none of your money goes out of the county, much less the state. So I would say again—Farmers, study your own best interests along the lines of Mutual Protection.
