## TWENTIETH KANSAS VOLUNTEER INFANTRY.

## HISTORICAL.

The Twentieth Kansas Volunteer Infantry was organized at Topeka, May 9 to 13, 1898. The companies constituting the regiment were to a large extent raised in counties as designated below:

Company A, in Shawnee county, May 9, 1898.

Company B, in Wyandotte county, May 9, 1898.

Company C, in Leavenworth county, May 13, 1898.

Company D, in Crawford county, May 11, 1898.

Company E, in Anderson, Coffey and Woodson counties, May 10, 1898.

Company F, in Bourbon county, May 12, 1898.

Company G, in Wilson and Montgomery counties, May 12, 1898.

Company H, in Douglas county, May 9, 1898.

Company I, in Miami, Shawnee and Bourbon counties, May 12, 1898.

Company K, in Franklin and Linn counties, May 11, 1898.

Company L, in Geary and Dickinson counties, May 10, 1898.

Company M, in Saline, Ottawa and McPherson counties, May 10, 1898.

The regiment broke camp at Topeka and moved by rail to San Francisco, Cal., where it arrived May 20, 1898, and was assigned to Camp Merritt. Until June 18, the regiment was under command of Lieut. Col. E. C. LITTLE; at this date, Colonel FREDERICK FUNSTON arrived and assumed command of the regiment. During June the regiment was recruited to its full complement of enlisted men. On August 5 the regiment moved station to Camp Merriam, San Francisco, Cal. The regiment remained here, undergoing constant drill and military instruction, until the latter part of October.

On the 27th of October the field and staff and second and third battalions embarked on the United States transport *Indiana*, and at four o'clock P. M. sailed for Manila, P. I., *via* Honolulu. The first battalion, under the command of Lieut. Col. E. C. LITTLE, sailed from San Francisco for Manila by the same route at eleven o'clock A. M., November 9, on the United States transport *Newport*.

The *Indiana* arrived at Manila on December 1, and the *Newport* on December 6, 1898. The third battalion landed on December 8, and the first and second battalions on the 11th. The first battalion was stationed at "La Rosa Tobacco Warehouse"; the second battalion, with regimental headquarters, at the "Administracion de Hacienda"; and the third battalion at "Aldecoa & Co.'s godown." The first battalion was moved, on January 8, 1899, to the "Cuartel de Infanteria," the tobacco warehouse being located in the smallpox-infected district, but moved back again on the 10th, and remained there until January 25, when it was moved to "No. 73 Lunetta." This battalion lost a number of men from smallpox.

On February 4, at about ten o'clock P. M., the outpost of the regiment was attacked, and the second and third battalions, under regimental commander, moved rapidly to its support. These outposts were on the extreme left of the American lines, and were being firmly held by Capt. A. G. CLARKE and Lieutenant KRAUSE with about sixty men from various companies. A sharp fire was kept up all night, and, intermittently, until noon of the 5th, when an advance of the entire brigade line was ordered and executed, the first battalion having, in the meantime, joined the command. The enemy were quickly driven back beyond two lines of entrenchments to their blockhouse, about two miles north of Manila.

Here our lines fell back about 1000 yards, but advanced, without opposition, and reoccupied the advanced point the following morning (February 6). On the 7th, Colonel FUNSTON asked and received permission to attack the insurgent forces in his front. He immediately moved against them with four companies (B, C, E, and I), driving them from their position, with heavy loss, after a sharp fight lasting about forty-five minutes.

February 10, at 3:30 P. M., orders were received to assault and take the town of Caloocan in conjunction with the First Montana Infantry and the Third U. S. Artillery (acting as infantry). The left was protected by two companies of the First Idaho Infantry, and the line reenforced by two guns each from the Sixth U. S. and Utah Light Artillery. After a half-hour's shelling of the town by the fleet the advance began, gradually swinging to the right. The enemy was rapidly driven through and beyond the town, where our line was halted and formed for the night. On the day following (February 11), position was taken about one-half mile beyond Caloocan church, and entrenched, where the regiment lay in the face of an almost continuous fire from the enemy until the evening of March 24, when it was moved to La Loma church, about a mile to the southeast.

March 25, at 6:30 A. M. the advance began—the Twentieth Kansas in the center of the brigade line—the entire division gradually swinging to the left until stopped by the Tuliagan river, where the enemy was strongly entrenched on the north bank. A crossing under the enemy's fire was finally accomplished by each company of the second and third battalions in its own front, company E, under command of Captain WILLIAM J. WATSON, meeting with especially strong resistance. The insurgents were driven from their position with heavy loss. The entire regiment had crossed to the north bank at about nine o'clock A. M. At seven o'clock A. M. the following day (26th) the command moved forward with little resistance from the enemy. On the 27th, shortly after noon, companies H and I were called into action on the left of the road, engaging the enemy across the Marilao river. Being unable to dislodge the enemy, the regimental commander, with one platoon of company C, crossed the river on a raft and attacked the enemy in the rear, capturing twenty-eight prisoners and rifles, in addition to a large number of killed and wounded. This platoon returned and the command moved down and crossed at the town of Marilao, where an attack by the insurgents was met and the enemy driven beyond the Santo Maria, Bigaa and Guiguinto rivers. Just north of the Guiguinto river the advance was checked by a spirited fire from the enemy. A line was formed, and, after a sharp action lasting twenty minutes, the fire of the insurgents was checked.

On March 30, at about 2:30 P. M., the advance was continued, with the first battalion in support, to the main road leading into Malolos, where, resistance being met with, the line was halted for the night. On the 31st the regiment, on the right of the brigade, advanced on the city of Malolos. Colonel FUNSTON, with a small detachment of company E, pushed forward in front of the command, and was the first to enter the public square of the city, meeting but slight resistance. A line was established about one mile north of Malolos, where the command rested.

April 25, active operations were again renewed, and the Twentieth Kansas, in conjunction with the First Montana, moved against the insurgent entrenchments north of the Bagbag river. After a spirited shelling of the enemy's works by the armored train from a position one-half mile away, company K, under command of Captain BOLTWOOD, advanced rapidly to the river and drove the enemy from their position. On the 26th the advance was renewed until opposite the town of Calumpit. An incessant firing was maintained for the remainder of the day and

a part of the 27th. It being too costly to force a passage of the river at the railroad, the regimental commander, with forty-five men from various companies, crossed the river one-fourth of a mile below the railroad bridge and attacked the enemy in the rear, driving them from their position. The remainder of the Twentieth Kansas, with the Montana regiment, crossed at the railroad bridge, and the insurgents were rapidly driven northward through the town of Apalit, where the regiment halted until May 4.

On the morning of May 4 the Twentieth Kansas and First Montana marched north along the railroad. At about nine o'clock A. M. the third battalion, leading the advance, encountered the enemy entrenched on the north bank of the Santo Tomas river, and promptly engaged them. Company H, supporting a battery of one Hotchkiss and one Gatling gun, deployed on the right of the railroad, and later company C deployed to the right of H. Company H running out of ammunition, was relieved by company I. Company D advanced along the line of the railroad, firing on the enemy to the left. After a sharp engagement of an hour's duration, the insurgents retreated to their entrenchments north of Santo Tomas station and made a determined stand. Companies C, D and I crossed upon the broken railroad bridge, and, reenforced by companies G and E, of the second battalion, charged the enemy and drove them from the field. The regiment rested at Santo Tomas.

On May 6 the command occupied San Fernando. On the evening of May 8 the outposts were attacked by the enemy in force, who were driven off after an hour's engagement, in which companies B, C, D, H, I and M took part. On May 24, at 8:30 A. M., the regiment moved out under the command of Major WHITMAN to attack the enemy north of San Fernando, the third battalion being left in reserve. The first and second battalions made a detour to the right under cover of the woods, and arrived within 150 yards of the enemy before being discovered. The first battalion, consisting of companies A, B, and L, deployed, and attacked the enemy in front. The second battalion, companies E, G, K, and M, deployed at nearly right angles with the trenches and pushed the enemy in a southerly direction along the trenches, completely routing and driving them from the field in disorder. The first battalion followed the enemy through and beyond Bacolor.

May 25, at six o'clock A. M., General FUNSTON, with a reconnoitering party consisting of companies D, H, and one platoon of I, and two companies of the First Montana, marched through Bacolor to Santa Rosa, engaging the enemy in a skirmish of about an hour's duration. Having accomplished the object of the movement, he returned to San Fernando at four P. M. At this hour, our outposts being threatened on the north, companies A, B, C, D, E, F, G, I, and K, sent out to reenforce, engaged the enemy and drove them north beyond Calulit, our forces retiring to that point. On the morning of May 26, the outposts being attacked, companies B and F reenforced company L and drove off the enemy. Until the 16th of June the outposts were quiet, although rumors of an attack on San Fernando caused extra vigilance to be observed.

On the morning of June 16 a large body of insurgents attacked the Kansas and Montana lines, the assault extending around the city. Companies D and G were on duty at the outposts, and were promptly reenforced by companies C and H, followed shortly by the entire regiment. Companies C and E, under command of Major BISHOP, moving under cover of a strip of timber, surprised a body of insurgents, and, moving by the left flank, drove them to the west and north in the greatest disorder, killing and wounding a large number. After an engagement lasting an hour the enemy retreated, having suffered a heavy loss.

The forces at San Fernando were again attacked during the night of June 22, the firing beginning on the east side of the city. It was heavy for a time, but by the time it reached the Twentieth Kansas it became half-hearted and was easily repulsed.

On June 24 the first and third battalions, and on the 25th the second battalion, were returned to Manila, having been on the firing line since February 4—140 days. Those had been days of hardship and misery, beneath a tropical sun, whose intense rays beat down on the heads of the struggling lines as they fought their way forward across marshy rice-fields, through stagnant pools and over innumerable rivers, and through almost impassable bamboo jungles; it was a period of constant discomfort. Yet, with all this, every duty was cheerfully performed. The first and third battalions were quartered at the "Cuartel de Espana," and the second battalion at the "Cuartel del Fortin," where they remained, performing provost duty, until the 12th of July. On this date, companies C, D, H, and I, constituting the third battalion, were moved to Paranaque, and there reported to General LAWTON, relieving a detachment of the Fourteenth U. S. Infantry. This battalion remained performing duty at this station until August 9, at which date they were marched back to Manila and assigned to the "Cuartel de Espana."

The foregoing sketch has made no reference to the losses that the regiment suffered. During those days of constant fighting the regiment suffered a loss of 3 officers and 30 enlisted men killed and 10 officers and 120 enlisted men wounded. The entire loss of the regiment by disease was 35 enlisted men. During that period on the firing line the regiment always advanced, driving the enemy before them—never making a retrograde movement.

On the 2d of September, 1899, the regiment embarked on the United States transport *Tartar*, and sailed out of Manila bay on September 3, at 5:30 P. M., arriving at Hong-kong on the morning of September 6, and remaining at this port until the afternoon of September 14. On this date the *Tartar* sailed by way of Maji and the Inland sea to Yokohama, arriving on the evening of the 20th. On the morning of the 25th the transport sailed for San Francisco, reaching that port on the evening of October 10.

On the morning of October 11 the regiment disembarked and marched to camp at the Presidio, and on the 28th of October was mustered out and discharged from the service of the United States.

On the 3d of November, at Topeka, a reception was extended to the members of the regiment by the people of Kansas, who came in vast numbers from all quarters of the state to do honor to the brave boys who had added a new luster to the name of Kansas.

## Twenty-first Regiment, Kansas Volunteer Infantry.

Regiment Mustered Out December 10, 1898.

## FIELD, STAFF, AND BAND.

## TWENTY-FIRST KANSAS VOLUNTEER INFANTRY.

## HISTORICAL.

The Twenty-first Kansas Volunteer Infantry was organized and mustered into the United States service at Topeka, Kan., on May 12-14, 1898. As indicated by the muster-out rolls, the several companies were recruited at points indicated below:

Company A, Great Bend, May 14, 1898.

Company B, Garden City, Dodge City, and Larned, May 14, 1898.

Company C, Wichita, May 12, 1898.

Company D, Smith Center, May 14, 1898.

Company E, Hutchinson, May 12, 1898.

Company F, Winfield, May 13, 1898.

Company G, Osage City, May 13, 1898.

Company H, El Dorado, May 13, 1898.

Company I, Hays City, May 14, 1898.

Company K, Kingman, May 14, 1898.

Company L, Wellington, May 14, 1898.

Company M, Marion and McPherson, May 13, 1898.

On the 17th of May, 1898, the regiment left Topeka by rail for Lysle, Ga., where it went into camp at Camp George H. Thomas, and remained at that station until August 25, 1898. During the time spent at this camp, the regiment was given constant and thorough military instruction, and soon became a well-disciplined body of troops; and the officers and men waited anxiously for orders that would take them into active field service. Much sickness prevailed in the regiment during this time, and the twenty deaths from disease that the regiment suffered were nearly all at this camp, and from typhoid fever.

On August 25 the regiment was moved by rail to Camp Hamilton, Ky., arriving there on the 26th. The regiment remained at this station until September 25, 1898, on which date it was ordered to proceed to Fort Leavenworth, Kan., preparatory to the muster-out of the regiment.

Arrived at Fort Leavenworth September 27, and immediately went into camp. On the succeeding day the regiment was furloughed for thirty days. This furlough was extended to November 10, 1898.

The regiment was mustered out and discharged from the United States service on December 10, 1898.

This regiment was made up of sturdy material, well officered, and it is a source of regret to officers and men that they were not given an opportunity to demonstrate their efficiency in the field.

# **Twenty-second Regiment, Kansas Volunteer Infantry.**

**Regiment Mustered Out November 3, 1898.**

## TWENTY-SECOND KANSAS VOLUNTEER INFANTRY.

## HISTORICAL.

The companies constituting the Twenty-second Kansas Volunteer Infantry were made up from the local county and the counties adjacent to the several recruiting stations designated below:

Company A, at Parsons.	Company G, at Norton.
Company B, at Concordia.	Company H, at Emporia. <sup>1</sup>
Company C, at Beloit.	Company I, at Clay Center.
Company D, at Holton.	Company K, at Seneca.
Company E, at Emporia.	Company L, at Atchison.
Company F, at Columbus.	Company M, at Blue Rapids. <sup>2</sup>

Immediately after organization the various companies proceeded by rail to Topeka and went into quarters at Camp Leedy, where the men of each company were re-examined and mustered into the service of the United States, on the several dates from May 11 to 17, inclusive, for a period of two years, unless sooner discharged.

The regiment remained at Camp Leedy until May 25, when it broke camp and proceeded by the Missouri Pacific and Baltimore & Ohio railways to Camp Alger, Virginia, where it arrived May 28. While at Camp Alger the War Department directed the regiment to be recruited to a maximum of 106 enlisted men to each company. For this purpose a limited number of officers were detailed to return to Kansas on recruiting service, where the needed number of men were obtained to fill the regiment to its maximum strength of 1272 enlisted men.

After a little more than two months of incessant drill and other military instruction necessary to fit recruits for active service in the field, the regiment marched from Camp Alger to Thoroughfare, Virginia, a distance of about fifty miles, camping by way at Burke's station, Bull Run, and Bristow, arriving at Thoroughfare on August 9.

On August 27 the regiment was again moved, by rail, to Camp Meade, near Middletown, Pa., and on September 9, from thence to Fort Leavenworth, Kansas.

At Fort Leavenworth the regiment was furloughed for thirty days, preparatory to being mustered out of the service. The regiment was mustered out and discharged on November 3, 1898.

The Twenty-second Kansas was composed largely of farmers' sons, with a liberal percentage of young men from the various institutions of learning of the state. With such material, had the exigencies of the service called the regiment to the field, its record would not have discredited the fair name of the state it represented.

---

1. Company H was known as the "College Company," and was made up of students of the State Normal School, the State University, and the State Agricultural College.

2. A majority of Company M were from Manhattan.

## Twenty-third Regiment, Kansas Volunteer Infantry.

Regiment Mustered Out April 10, 1899.

## TWENTY-THIRD KANSAS VOLUNTEER INFANTRY.

## HISTORICAL.

The Twenty-third Kansas Volunteer Infantry was a two-battalion organization, of eight companies, and was composed entirely of colored men. Lieut. Col. James Beck commanded the regiment during its term of service. The membership was well scattered through the towns in the eastern part of the state. A majority of each company was recruited in the vicinity of the towns specified below: the date given is the date of the muster-in of each company:

Company A, Topeka, July 2, 1898.

Company B, Lawrence, July 5, 1898.

Company C, Kansas City, Kan., July 9, 1898.

Company D, Fort Scott, July 9, 1898.

Company E, Wichita, July 14, 1898.

Company F, Parsons, Coffeyville, and Fort Scott, July 16, 1898.

Company G, Kansas City, Kan., July 16, 1898.

Company H, Atchison, July 19, 1898.

The regiment broke camp at Topeka on August 22, 1898, and proceeded to New York by rail.

It sailed from New York on August 25, on the steamer *Vigilancia* for Santiago, Cuba, arriving there August 31, 1898. The regiment proceeded immediately by rail to San Luis, reaching that point on September 1. Hostilities having ceased, the duties which devolved upon the regiment, though arduous, were of a peaceful character. Excellent discipline was maintained and all duties were cheerfully and faithfully performed.

The regiment camped in the vicinity of San Luis until February 28, 1899, when it proceeded by rail to Santiago, where it embarked on the steamer *Minnewaska*, on March 1, 1899, and sailed for Newport News, Va., arriving there March 5, 1899.

On March 6 the regiment proceeded by rail to Fort Leavenworth, Kansas, reaching that point on the 10th of same month. The regiment was mustered out on April 10, 1899.

The Twenty-third Kansas was an organization that soon became thoroughly drilled and maintained at all times excellent discipline. The officers were all men of intelligence, and the enlisted men obedient and prompt in the performance of all duties required of them, and the regiment received the commendation of the officers under whose command it served. The state of Kansas may be well proud of the record of the Twenty-third Kansas.

## GENERAL ORDERS ISSUED BY THE WAR DEPARTMENT

PERTAINING TO THE MUSTERING OUT OF THE VOLUNTEER REGIMENTS,  
AND THE DISCHARGE OF VOLUNTEER SOLDIERS, 1898 AND 1899.

## WAR DEPARTMENT,

ADJUTANT GENERAL'S OFFICE,

GENERAL ORDERS, (

No. 124.

*Washington, August 20, 1898.*

I.—The following instructions for the muster out of the service of United States Volunteers are published for the information and guidance of all concerned:

1. Only officers of the Regular Army will be detailed by the War Department to muster out troops, and in all matters pertaining to their duties as mustering officers the officers and men of organizations to be mustered out will be guided by the instructions of these officers, given in pursuance of authority conferred by the Secretary of War.

2. The mustering officer, proceeding according to a well-considered plan, suited to the situation, will make full use, under the supervision of the company or other commander, of the men of each company or other organization possessing clerical ability, so that the transfer of property, preparation of physical record blanks, correction and completion of organization records, preparation and comparison of property returns, statement of charges, and muster-out rolls may be accomplished with the least possible delay, each individual engaged in the work of comparison being required to initial the paper compared, in order that the responsibility for errors in comparison may be fixed.

3. To avoid expense to the Government and hardships and annoyances to individuals concerned, by unavoidable delays that will occur in the final payment of officers and enlisted men absent from their commands on muster out, commanding officers will make every effort to effect the return of all absentees and detachments prior to muster out of the organization, and if for any reason an officer or an enlisted man absent is unable to join his command, a full report of the facts will be made to the Adjutant General of the Army for further orders.

4. The mustering officer, from the daily reports of his staff assistants, and his own notes, will telegraph to the Adjutant General of the Army, in brief, daily progress in the preparation of returns, vouchers, muster-out rolls, transfer and disposition of property, physical examination of troops, muster out, payment, and departure from the camp or station, with designation of the organization, and statement of the number of officers and men separately.

5. Officers who at any time were responsible for public property of any description must obtain certificates of nonindebtedness before their final payment can be made. Commanding officers will therefore forward at once to the Paymaster General a complete list of *all* the officers of the organization to be mustered out, and to the Quartermaster General, Commissary General of Subsistence, Surgeon General, Chief of Engineers, Chief of Ordnance, and Chief Signal Officer, a list of those officers who are, or at any time have been, responsible for public property. Chiefs of the supply departments mentioned will cause immediate examination of returns to be made and transmit the result thereof to the Paymaster General.

6. Officers who have not at any time been responsible for public property will be required to furnish the mustering officer with their affidavits to that effect, certified to by the commanding officer of the regiment, independent battalion or company. The affidavits of such officers will be transmitted with the muster-out rolls to the paymaster designated to make the payment to the organization.

7. All officers will be held to a strict accountability for the discipline of their commands and the preservation of public property. Mustering officers are empowered to prefer charges against officers who neglect in any manner to take the proper measures to insure the Government against loss of property or to keep their commands together and under proper discipline.

8. Officers of the staff departments of the Regular Army will be detailed, when practicable, to receive public property, supervise the preparation of all returns and papers relating thereto, and for the performance of this duty will receive special instructions from the chiefs of the supply departments of the Army.

9. The supply departments of the Army will continue to furnish organizations with needful supplies until date of final payment and discharge.

10. The mustering officers, upon arrival at the camp or station of the organization to be mustered out, will make a careful examination of the regimental and company records and cause any omissions found to be supplied in order to complete the records.

11. Five muster-out rolls will be prepared under the supervision of the mustering officer by the proper commanding officers with the greatest care, to avoid any injustice being done to the Government or to persons who at any time were members of the organization, special attention being given to the requirements of the last paragraph of Circular No. 31, current series, from this office, being careful to note that settlement of clothing may involve different fiscal years, and all concerned in their preparation will initial the same and carefully read the "Instructions for the preparation of muster-out rolls" printed on the back of the rolls.

12. All persons borne on the muster-in and on all other muster rolls, and all who have joined or belonged to the organization at any time since its muster in, *must be accounted for on the muster-out roll*, which is required to be a complete record of all the officers and men who ever belonged to the organization.

13. After the muster-out rolls have been prepared they will be carefully examined by a board of officers, to be appointed by the commanding officer, which will be furnished with the retained copy of the muster-in roll, with copies of all the muster rolls of the organization and other necessary data. Under the supervision of the mustering officer the board will compare rolls and data with the muster-out rolls to insure their absolute correctness in all respects.

14. Discharge certificates will be prepared for every officer and man present and absent, except absent officers and men held in service by proper authority and deserters. These will be signed by the commanding officer for the field, staff, and band, by company commanders for their companies, and all will be countersigned by the mustering officer at place of departure, who will forward them by registered mail to the mustering officer at the State rendezvous for delivery to the paymaster, who will stamp and sign them as required by paragraph 1383, A. R. The certificates will then be delivered to the regimental and company commanders.

15. The discharge from the United States Volunteer service in the case of all absentees (except in special cases otherwise provided for or such as may be held in service by proper authority) will take effect on the date of muster out of the organization.

16. In all cases of absentees, where the officer at the time of executing the certificates of discharge is not aware of the date of muster out of the organization, he will set forth in writing thereon that the same take effect as of the date of the muster out of the United States service of the company or other immediate organization upon the muster roll of which the individual's name appears.

17. In the case of enlisted men absent, who on account of sickness are unable to join their commands, the discharge certificates, with carefully prepared descriptive lists of account of pay and clothing, giving the address of the soldier, will be given to the mustering officer for transmission with the muster-out rolls to the Adjutant General of the Army, and the soldier will be officially notified to apply by letter to the Paymaster General of the Army for final payment. In cases of soldiers absent on detached service who are held in service by proper authority, descriptive lists, if not already furnished, will be sent to the officers under whom they are serving, and when such men are ordered to be mustered out (on detachment muster-out rolls) the proper officers will prepare and sign the discharge certificates after the medical examination has been had, as provided for in paragraph II of this order.

18. Officers absent from any cause will be furnished discharge certificates (unless specially held to service) and will be notified to apply to the Paymaster General for certificates of nonindebtedness and settlement of their accounts.

19. In the cases of enlisted men absent sick and of officers absent on muster out of organizations, the required examination will be made under special instructions to be issued by the Adjutant General of the Army.

20. As a rule, the muster out of organizations and their final payment will take place at the State or regimental rendezvous, except when otherwise ordered by the War Department. The preparation and completion of the muster-out rolls, returns, and papers, and the inspection and transfer of public property to the officers of the supply departments of the Army, except as hereinafter provided, will take place before the organization is ordered to its State. The only property that will be allowed to be retained until muster out, unless otherwise ordered by the mustering officer, is the rifles, cartridge belts, cups, canteens, meat cans, knives, forks, and spoons, necessary *medical supplies* and tent equipage, the colors, and the regimental and company records.

21. The supply departments concerned will arrange through the Chief Commissary and Chief Quartermaster of the department within which the State rendezvous is located for meals, camp ground, shelter, transportation, and quartermasters' supplies for the time of the encampment of the organization at the State or regimental rendezvous.

22. As soon as the muster-out rolls have been fully and satisfactorily completed, the mustering officer at the place of departure will fill in the date of the muster out *as of a date ten days later* (the probable time necessarily required to transfer the organization to its State rendezvous, the making of the physical examination of officers and men, etc.), and forward at once by registered mail two copies to the paymaster designated to make the final payment, and the remaining three copies of the rolls to the mustering officer at the State rendezvous.

23. The duties with which mustering officers and officers of the supply departments of the Army are charged by this order will be so systematically performed that the organization can proceed to its State rendezvous without delay (*for which timely transportation and subsistence will be provided*) freed from all property accountability, except that mentioned in paragraph 20; with

all rolls, returns, and papers completed to date in order to avoid unnecessary delay when it reaches its home station in carrying out the following instructions:

II. As soon after the arrival of the organization at its State rendezvous as possible the physical examination of all officers and men will be made, before muster out and payment.

PHYSICAL EXAMINATION OF OFFICERS AND MEN.

1. To facilitate the settlement of pension claims that may be made on account of disability incurred in the United States service and to protect the rights of persons who may be entitled to the benefits of the pension laws as well as to guard the interests of the Government, it is ordered that a thorough physical examination be made of all officers and enlisted men of Volunteers, except general officers and officers of the general staff, immediately prior to their muster out of service or discharge. For this purpose a blank form will be supplied by the Adjutant General of the Army.

2. When an organization is about to be mustered out of the service each officer and enlisted man will be required by his company or other commanding officer to answer the questions on the blank form "Declaration of person to be mustered out," which, when completed, will be signed by him and duly witnessed by said officer. This officer will then make the required certificate, which follows the declaration, based upon the official records of the organization and on his personal knowledge of the facts in the case.

3. When the physical examination papers of the officers and men of a company or other organization are so far completed, they will be given to the mustering officer, who will cause the physical examination to be made and said papers to be completed by a medical officer of the Regular Army, whenever the services of such an officer are available, and when not, then by a medical officer of Volunteers *not belonging to the organization of which the officers and men are members.*

4. The mustering officer will report to the Adjutant General of the Army any person under examination who claims to have a disability of which the medical officer can find no evidence, or claims to have a disability incurred in line of duty, whereas the medical officer is of the opinion that the disability was not so incurred, such person will not be discharged until after he shall have been examined by a board of three medical officers, to be convened by the Adjutant General of the Army, which will make a full report of the case in accordance with the terms of this order. If the medical officers fail to agree with regard to the case, a separate minority report will be made by the dissenting officer.

5. Upon completion of the medical examination the papers in the case will be turned over to the mustering officer, who will forward them with the muster-out rolls to the Adjutant General of the Army.

6. The physical examination having been completed, the regimental and company records and blanks, and the colors, will be packed and marked, showing the organization to which they pertain, and forwarded to the Adjutant General of the Army the day before the muster out and payment takes place. On the same day or earlier, as may be deemed advisable by the mustering officer, the ordnance and other public property in possession of the organization will be turned over to the proper officers of the supply departments, to be disposed of in accordance with the special instructions received by them, and all returns finally completed and rendered, and all supplementary charges entered on the muster-out rolls.

III. On arrival of the paymaster at the State rendezvous the mustering officer will deliver to him the discharge certificates for the purpose indicated in

section 14 of this order, and on the day of payment the organization will be paraded and the mustering officer will cause the names of all officers and enlisted men present and absent to be called out, requiring those present to answer and step briskly five paces in front of the line. As soon as the muster of a company has been completed the mustering officer will direct it to be marched to the pay table for payment and discharge, handing a copy of the muster-out roll to the company commander. On completion of the payment of the organization the mustering officer will send one copy of the muster-out roll to the Adjutant General of the State and the remaining copy to the Adjutant General of the Army.

Mustering officers will make daily notes of the progress of the work accomplished and require staff assistants to do likewise, keeping careful and convenient records of all correspondence, properly indexed, and upon completion of the duty cause said staff assistants to render through him, for transmittal with his own to the Adjutant General of the Army, full reports of the work accomplished, with recommendations as to the solution of the problem involved in the muster out of service of troops of the United States Volunteer Army.

IV.—Upon an honorable muster out and discharge from the service of the United States, all volunteer soldiers, desiring to do so, are hereby authorized to retain their arms and accouterments upon the value thereof being charged to them on the muster-out rolls at the following rates:

Springfield breech-loading rifle or carbine, caliber .45.....	\$10 00
Colt's revolver, caliber .38.....	10 00
Colt's revolver, caliber. 45.....	10 00
Saber.....	3 60
Blanket bags with straps complete.....	1 15
Bayonet scabbard for rifle.....	50
Cartridge belt (single row of loops).....	75
Cartridge belt (double row of loops).....	1 00
Canteen with strap.....	43
Gun sling.....	24
Haversack and strap.....	72
Waist belt and plate.....	30
Meat can.....	14
Tin cup.....	08
Knife.....	04
Fork.....	03
Spoon.....	01
Revolver holster.....	50
Cartridge box.....	50

BY ORDER OF THE SECRETARY OF WAR:

H. C. CORBIN, *Adjutant General.*

#### WAR DEPARTMENT,

ADJUTANT GENERAL'S OFFICE,

*Washington, August 29, 1898.*

GENERAL ORDERS, {  
No. 130. }

The following additional instructions amendatory of those contained in General Orders, No. 124, August 20, 1898, from this office, are published for the information and guidance of all concerned:

1. Except the officers and men required by paragraph 5 for the necessary guard details, etc., leaves of absence for sixty days and furloughs for the same period will be granted all officers and enlisted men of organizations which have served beyond the limits of the United States, and thirty days to officers and

men of organizations which have not served beyond the limits of the United States when such organizations are ordered to be mustered out of service.

2. Such leaves of absence and furloughs will be granted by the commanding officers after organizations have arrived at State rendezvous, all to take effect on *one date* for thirty days or sixty days, as the case may be, and all officers and men must without fail report at the rendezvous on the *thirtieth or sixtieth day thereafter*. Any officer or man failing to so report will be considered and reported as a deserter, unless prevented from doing so by sickness, which must be satisfactorily explained by the certificate of a reputable physician and the fact noted on the rolls.

3. Before organizations are granted furloughs, the preparation for muster-out, as required by General Orders, No. 124, August 20, 1898, from this office, will, in view of the foregoing, be carried out only so far as relates to the inspection and correction of records: inspection and transfer of such public property as may no longer be required; the preparation and comparison of property returns; the steps necessary to secure certificates of non-indebtedness, and for the return of all absentees, etc.

4. When possible all returns and papers relating to the muster out of organizations will be prepared during the period of furlough.

5. Each commanding officer, prior to the departure of his officers and men, will make arrangements necessary to verify and protect all public property pertaining to his command during the period of absence, and place the same under proper guard detailed from his command for the purpose. He will notify the Adjutant General of the Army of his arrival at rendezvous, and at the earliest possible moment the date on which leaves and furloughs expire.

6. In preparing muster-out rolls, the number of days while on furlough will be stated under the heading on the roll "Subsistence, No. of days," and the paymaster in the "pay account" on the roll will change the heading "for horses and equipments" to "Commutation for furlough rations," and credit each man at the rate of twenty-five cents per day for the number of days due and pay the same. The amount so paid for commutation of rations by the Pay Department will be refunded from the appropriation made for the Subsistence Department.

7. Mustering officers are empowered to administer oaths in all matters pertaining to the muster out of volunteers.

8. As soon as practicable the usual monthly pay-rolls will be made out for the month preceding departure on furlough, and sent to the chief paymaster of the military department in which the organization's rendezvous is situated. Upon these rolls alone can the officers and enlisted men be paid prior to departure on leave or furlough.

BY ORDER OF THE SECRETARY OF WAR:

H. C. CORBIN, *Adjutant General*.

## HEADQUARTERS OF THE ARMY,

GENERAL ORDERS, /  
No. 180.

ADJUTANT GENERAL'S OFFICE,

Washington, November 26, 1898.

1.—By direction of the Secretary of War, deserters from volunteer organizations that have been mustered out, or are being prepared for muster out of the service, who may surrender or be apprehended, when it is impracticable to bring them to trial before a general court-martial will be discharged *without honor*, with forfeiture of traveling allowances as soon after surrender or apprehension

as practicable by commanding officers of posts or mustering officers. In such cases, when muster-out rolls have not been closed, the deserters will be taken up on the rolls under the heading "Discharged," and their full record of service will be given as required by paragraph 1381, Army Regulations. When the muster-out rolls of the organization have been closed, a special report of action taken in each case will be made by the officer to the Adjutant General of the Army.

II.—By direction of the Secretary of War, enlisted men discharged in Cuba, Porto Rico, Hawaii, the Philippines, or other places outside of the United States, will be provided free transportation to the United States on Government transports upon direction of the commanding officers in the several localities, and will be subsisted by the Subsistence Department to the port of destination, and will not be entitled to travel-pay from port of embarkation to the United States, nor to commutation of rations for the time so subsisted on the transports. Upon arrival in the United States they will be furnished with travel-pay by the Pay Department to the places of their enlistment, as in all other cases of soldiers discharged on final statements.

The fact that such transportation and subsistence have been furnished must be noted on the final statements.

BY COMMAND OF MAJOR GENERAL MILES:

H. C. CORBIN, *Adjutant General.*

#### HEADQUARTERS OF THE ARMY.

GENERAL ORDERS, {  
No. 5. }

ADJUTANT GENERAL'S OFFICE,

Washington, January 11, 1899.

II.—By direction of the Secretary of War, enlisted men discharged in Cuba, Porto Rico, Hawaii, the Philippines, or other places outside the United States, will be provided free transportation to the United States on Government transports upon direction of the commanding officers in the several localities, and will be subsisted by the Subsistence Department to the port of destination. They will not be entitled to travel-pay from port of embarkation to the United States, nor to commutation of rations for the time so subsisted on the transports.

The fact that such transportation and subsistence have been furnished must be noted on the final statements.

Paymasters, when paying final statements of soldiers discharged under above conditions, will include in such payments travel allowances from station to port of embarkation and from port of arrival in the United States to place of enlistment or enrollment.

BY COMMAND OF MAJOR GENERAL MILES:

H. C. CORBIN, *Adjutant General.*

## HEADQUARTERS OF THE ARMY,

GENERAL ORDERS, 1  
No. 13.

ADJUTANT GENERAL'S OFFICE,

Washington, January 17, 1899.

I.—The following act of Congress is published for the information and government of all concerned:

AN ACT granting extra pay to officers and enlisted men of United States Volunteers.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That in lieu of granting leaves of absence and furloughs to officers and enlisted men belonging to companies and regiments of United States Volunteers prior to muster out of the service, all officers and enlisted men belonging to volunteer organizations hereafter mustered out of the service who have served honestly and faithfully beyond the limits of the United States shall be paid two months' extra pay on muster out and discharge from the service, and all officers and enlisted men belonging to organizations hereafter mustered out of the service who have served honestly and faithfully within the limits of the United States shall be paid one month's extra pay on muster out and discharge from the service, from any money in the Treasury not otherwise appropriated: *Provided*, That the discharge of all officers and enlisted men from the volunteer service of the United States shall, as far as practicable, take effect on the date of the muster out of the organization to which they belong, and that regiments and other independent organizations shall be mustered out at camps within the limits of the United States or at the rendezvous of the State, regiment, or independent organization.

SEC. 2. That officers who at any time were accountable or responsible for public property shall be required, before final payment is made to them on discharge from the service, to obtain certificates of non-indebtedness to the United States from only such of the bureaus of the War Department to which the property for which they were accountable or responsible pertains, and the certificate from the Chief of the Division of Bookkeeping and Warrants, Treasury Department, and such certificates, accompanied by the affidavits of officers, of non-accountability or non-responsibility to other bureaus of the War Department, certified to by the commanding officer of the regiment or independent organization, shall warrant their final payment: *Provided*, That officers who have not been responsible at any time for public property shall be required to make affidavit of that fact, certified to by their commanding officers, which shall be accepted as sufficient evidence to warrant their final payment on their discharge from the service: *Provided further*, That mustering officers are empowered to administer oaths in all matters pertaining to the muster out of volunteers.

Approved, January 12, 1899.

II.—The following instructions, based upon the foregoing act of Congress, are, by direction of the Secretary of War, published for the information and guidance of all concerned:

1. The muster out of service and final payment of organizations of U. S. Volunteers, serving within the present limits of the United States, will hereafter, as a rule, take place at United States military camps. Organizations returning from foreign service for muster out will be sent to either United States camps or State or regimental rendezvous, as may be for the best interests of the military service and of the organizations concerned.

2. As provided for by law, all officers and enlisted men, present and absent, stand discharged on the date of the muster out of the organization to which they belong unless retained in service by *special* authority of the War Department.

Officers accountable for public property who have not completed their returns for the same on the date of muster out of their organization will not be retained in the service for that purpose.

3. Only officers and enlisted men who belong to companies and regiments and whose service has been *honest* and *faithful* are entitled to the extra pay allowed by law. When the service of an officer or enlisted man has *not* been honest and

faithful it will be so noted opposite his name on the muster-out rolls and on descriptive lists or final statements, provided the rights of the individual have been considered under the requirements of paragraph 148, Army Regulations.

Mustering officers will add to their certificates on the muster-out roll the statement "Entitled to one (or two) months' extra pay under the Act of Congress approved January 12, 1899."

4. Commanding officers will prepare discharge certificates for all absent officers, and discharge certificates and final statements for all absent enlisted men, except deserters, on the date of muster out, and in such cases the physical examination is waived. To avoid overpayments being made in cases of men absent sick in hospitals, or on detached service, the immediate return to the commanding officer of the company of the descriptive list furnished, with payments made and clothing drawn while absent noted thereon, will be requested by telegraph by mustering officers in time to enable company commanders to prepare correct final statements. When such descriptive lists or statements of accounts are not obtainable, company commanders will prepare descriptive lists from the best obtainable data (instead of final statements) and, with the discharge certificate, turn them over to the mustering officer for transmission with the muster-out rolls to the Adjutant General of the Army, and the soldier will be at once officially notified to apply by letter to the Adjutant General of the Army for his discharge. The discharge certificates of officers and the discharge certificates and final statements of enlisted men will be carefully examined and forwarded by the mustering officer to absentees, inclosed in a letter notifying officers to apply to the Paymaster General for settlement of their accounts, and to enlisted men, giving the name and address of the nearest paymaster, with instructions to forward to him the letter of advice with the discharge and final statements for payment. Letters inclosing such papers will be sent by *registered mail* and the envelope marked, "If not delivered in ten days, return to the Adjutant General, Washington, D. C." The receipts for such mail will be forwarded by the mustering officers to the Adjutant General of the Army. Full note must be made on the muster-out rolls that discharge and final statements have been mailed to the man's address, which must be given. In preparing final statements great care must be taken to include the value of clothing issued by the State.

In view of the following decision of the Comptroller of the Treasury, the place where absentees may be at the date of discharge will be entered on final statements for the information of paymasters:

If the place where an officer or soldier, absent on leave, was at the time his discharge took effect, is shown, he will be allowed travel-pay and subsistence from that place to the place where he entered the service, unless the distance is greater than from the place where his regiment was, in which case he will be allowed only for the distance from the place where his regiment was.

5. Mustering officers and all others concerned in executing orders for the muster-out of organizations under the foregoing act of Congress will be governed by the published regulations, orders and circulars from this office applicable to the muster-out of organizations without furlough. Where organizations are to be mustered out at United States military camps, mustering officers will confer with the commanding officers with a view of making timely arrangements by which the troops can be transferred in a body to their homes (at their own expense) as soon as final payments have been made.

6. The final reexamination required to be made by section 4, paragraph 2, General Orders, No. 124, and paragraph 2 of General Orders, No. 164, Adjutant General's Office, 1898, must be made prior to discharge and final payment of the

organization, and the officers and men will *not* be retained in service beyond that date for such reexamination.

7. When a regiment has been ordered to be prepared for muster out of the service the Paymaster General will be duly notified and will thereupon detail a paymaster to make the final payment on the muster-out rolls and report to the Adjutant General of the Army the name and station of the officer so detailed, who will be notified by the mustering officer of the date when the muster out rolls will be completed, on or before which date he will report in person to the mustering officer, who will turn over the rolls and afford him every facility for preparing them for payment. In fixing the date of final payment, which will be the date of muster out of the organization, the mustering officer will confer with the paymaster as to the time necessary to prepare the rolls for that purpose, which, if possible, should not be more than eight days subsequent, and the muster out and payment will be made on the date fixed. Mustering officers are enjoined to exercise great care in fixing the dates for the muster out and payment of organizations in order that the work may be accomplished on such dates without unnecessary and embarrassing delays which can be avoided by systematic and well-considered arrangements being made in advance.

8. The U. S. magazine rifle, caliber .30, and the U. S. magazine carbine, caliber .30, are not for sale by the Government. The price at which these arms will be charged against men who lose, injure or destroy them through neglect or carelessness is \$13.69 for the rifle and \$19 for the carbine.

9. All quartermaster's property, including clothing and equipage, will be turned over to the quartermaster at the camp of muster out. The invoices and receipts should show the condition of the property, divided as follows:

*a.*—Articles that are new and fit for issue.

*b.*—Articles that have been worn, but are still in a serviceable condition.

*c.*—Articles that are worn out and unfit for further use.

All the serviceable quartermaster's property will be held by the quartermaster subject to orders from the Quartermaster General, and all that is unserviceable should be prepared for the action of an inspector.

BY COMMAND OF MAJOR GENERAL MILES:

H. C. CORBIN, *Adjutant General.*

## HEADQUARTERS OF THE ARMY,

GENERAL ORDERS, {  
No. 31.

ADJUTANT GENERAL'S OFFICE,

*Washington, February 21, 1899.*

11.—By direction of the Secretary of War, paragraph 1439 of the Regulations is amended to read as follows:

1439. When a soldier in hospital is detached from his company, his company commander will send to the hospital his descriptive list. The surgeon in charge will enter thereon all payments, stoppages, and the money value of all clothing issued, and when the soldier is returned to duty, transferred, discharged, dies, or deserts, a new descriptive list containing a complete statement of his accounts will be sent to his company or other commander, and the original will be retained by the officer in command of the hospital for his own protection. If the soldier is discharged from the service while in hospital, the surgeon will furnish him

with final statements and notify the Adjutant General of the Army and the company commander of the date, place, and cause of discharge. If the soldier die in hospital, the surgeon will take charge of his effects and make the reports required in paragraph 158.

BY COMMAND OF MAJOR GENERAL MILES:

H. C. CORBIN, *Adjutant General.*

---

### HEADQUARTERS OF THE ARMY,

GENERAL ORDERS, {  
No. 54. }

ADJUTANT GENERAL'S OFFICE,

Washington, March 22, 1899.

By direction of the Secretary of War, the following instructions are published for the guidance of all concerned:

When volunteer organizations serving in Cuba, Porto Rico, Hawaii, and the Philippine Islands receive orders to proceed to the United States for muster out of service, officers and enlisted men of such organizations whose service has been honest and faithful, who desire to remain in those islands, may be discharged by commanding generals of departments upon written applications approved by their respective company and regimental commanders.

Officers and soldiers discharged under this order will be entitled to travel allowances for the *land travel* involved from the place of their discharge to the place of their enlistment. For the *sea travel*, the special orders issued by the commanding generals of the departments for the discharge of officers will state in each case that the officer is entitled to free transportation and in the cases of enlisted men, to free transportation and subsistence on any United States transport leaving the island for the United States within one year from the date of discharge. When transportation or subsistence are furnished on such orders, the fact will be noted thereon, and also on the discharge certificate by the quartermaster.

The discharge certificate for officers and men and the final statements will cite this order as the cause of discharge, and the final statements of enlisted men must show clearly the place from which *land travel* allowance is due, if any, to the port of embarkation and from the port of debarkation in the United States to the place of enlistment.

The physical examination required to be made of officers and men before discharge will be conducted under the supervision of the proper mustering officers detailed for the purpose by department commanders, and they will also be charged with the examination of final statements before they are delivered to the men.

Soldiers of the Regular Army, when discharged by reason of expiration of term of service or for the convenience of the Government, who desire to remain on the island where discharged will be entitled to the same travel allowances and to free transportation and subsistence as provided for in this order.

BY COMMAND OF MAJOR GENERAL MILES:

H. C. CORBIN, *Adjutant General.*

## HEADQUARTERS OF THE ARMY,

GENERAL ORDERS, {  
No. 67. }

ADJUTANT GENERAL'S OFFICE,

*Washington, April 11, 1899.*

By direction of the Acting Secretary of War, the following instructions are published for the information and guidance of all concerned:

When soldiers belonging to organizations, regular or volunteer, serving in Cuba, Porto Rico, Hawaii, and the Philippines, are discharged under provisions of General Orders, No. 54, March 22, 1899, from this office, immediately reenlist in the Regular Army, they will be entitled to travel allowances for land and sea travel involved from place of discharge to place of previous enlistment.

The commanding generals in Cuba, Porto Rico, Hawaii, and the Philippines are authorized to discharge such enlisted men of the volunteer organizations as may be selected by Signal Corps officers for service in the Regular Army, provided the men reenlist for three years in the Signal Corps. Men when so discharged will receive the allowances provided for in this order.

BY COMMAND OF MAJOR GENERAL MILES:

H. C. CORBIN, *Adjutant General.*

## HEADQUARTERS OF THE ARMY,

GENERAL ORDERS, {  
No. 85. }

ADJUTANT GENERAL'S OFFICE,

*Washington, May 2, 1899.*

By direction of the Acting Secretary of War, officers of the Volunteer Army who at any time were accountable or responsible for public property shall, on discharge from the service, be paid *only* the travel allowances due them, and no other payments will be made to them until they shall have accounted for the public property for which they were accountable or responsible, as provided for by paragraph 1, section 2, General Orders, No. 13, January 17, 1899, from this office.

BY COMMAND OF MAJOR GENERAL MILES:

H. C. CORBIN, *Adjutant General.*

## HEADQUARTERS OF THE ARMY,

GENERAL ORDERS, {  
No. 98. }

ADJUTANT GENERAL'S OFFICE,

*Washington, May 19, 1899.*

By direction of the Secretary of War, the following is published to the Army for the information and guidance of all concerned:

1. An enlisted man traveling on duty under orders on a vessel of the United States transport service will not be allowed commutation of rations for the time he is aboard. He will be quartered with the enlisted men aboard and will mess with them, and the proper transport officer will indorse upon the travel order in the possession of the soldier the dates between which subsistence was so furnished. The travel order so indorsed will be turned over by the enlisted man at the end of the journey to the commissary by whom commutation of rations for any portion of the journey is paid, who will file it with the voucher on which

payment is made. If commutation of rations is ordered paid in advance, the probable time on shipboard must be taken into account in determining the number of days' commutation to be allowed, and the paying officer will indorse the original order and make payment on a certified copy thereof in the manner directed in Army Regulations 1275 for paying commutation of rations in advance.

2. An enlisted man granted a furlough with permission to travel on a vessel of the U. S. transport service will be quartered with the enlisted men aboard and will mess with them. The transport officer will certify upon the enlisted man's furlough the dates between which subsistence was so furnished. In paying commutations of rations on the furlough these days will be deducted.

3. The medical officer on a vessel or the U. S. transport service will purchase from the proper transport officer on such vessel, paying for the same from the appropriation "Subsistence of the Army," such articles of subsistence stores as he shall certify are actually needed for the special diet of the sick on board. These stores will be accounted for by the medical officer in the same way as are other articles of diet procured by him for the sick.

4. An enlisted man a resident of the United States serving in the islands of Cuba, Porto Rico, Hawaii, or the Philippines, who, on being honorably discharged the service in those islands by reason of expiration of enlistment, is desirous of returning to the United States, will be allowed by the Pay Department the usual travel allowances for the land travel involved, and free transportation and subsistence by the U. S. transport service, the same as prescribed for discharged soldiers in General Orders, No. 54, March 22, 1899, from this office. No traveling allowances will be made to enlisted men in those islands who are honorably discharged to enable them to accept promotion.

5. An enlisted man a resident of the United States serving in the islands mentioned in paragraph 4 hereof, who is discharged the service in those islands by transfer to another branch of the service; on his own application, whether by way of favor or by purchase; or because of confinement by the civil authorities; or by way of punishment for an offense or for disability caused by his own misconduct; or on account of fraudulent enlistment, is, by the operation of section 1290, Revised Statutes, and the act of March 16, 1896 (29 Stat. Large, 63), prevented from being allowed the usual traveling allowances to the place of his enlistment, enrollment, or original muster into the service, but he will be brought by the Government to the United States on a transport free of charge.

BY COMMAND OF MAJOR GENERAL MILES:

H. C. CORBIN, *Adjutant General.*
