INTRODUCTION

1915

This is the third edition of R. L. Polk & Co.'s Leavenworth City and County Directory.

Although Leavenworth has always had the advantage of experience and a thorough system it is more complete this year than ever and it is sixty pages larger than last year.

It is therefore presented with the assurance that it is an improvement upon its worthy predecessors, such as may naturally be expected from experience and practice.

The Leavenworth Directory contains a complete City Directory of Leavenworth, of Lansing, Bain City, Ft. Leavenworth and the National Military Home for Disabled Soldiers. Then the whole is classified by trades and professions making a special trade directory for each line of business.

Then, a complete list of the farmers and land-owners is included. The people of the cities, villages and farms are thus brought together in business and social interests and the commodities of each may be easily exchanged. The farmers and business men have the addresses of each other at a nominal cost and thus may buy each other's commodities with ease and facility.

The Leavenworth Directory is the greatest Buyers' Guide in the world. Everything that is made, bought or sold in the county is classified under a proper heading and under these headings the names of persons who make or sell them. A glance over the well arranged pages of the Classified Directory is like going to the market place—everything is brought to view at a glance and here one may buy intelligently and get the best of everything at the lowest price.

The present estimated population of Leavenworth is 23,000.

Respectfully,

R. L. POLK & CO.

POSTAGE.

The postage on letters to be forwarded in the mails to any part of the United States and Great Britain is 2 cents per ounce, prepaid by stamp.

The postage on drop letters at all free delivery offices is 2 cents per ounce, prepaid by stamp.

Immediate delivery by special messenger to any part of the city, 10 cents in addition to postage.

Canada and Newfoundland—Two cents per ounce; prepayment compulsory.

Newfoundland—Five cents per ounce; must be paid by stamp.

CLASSIFICATION AND POSTAGE RATES.

Domestic mail matter is divided into four classes.

FIRST CLASS.

Rate, 2 cents for each ounce or fraction thereof. United States postal cards 1 cent each; post cards, 1 cent each.

Includes: Letters, United States postal cards, post cards manufactured by private persons; all matter sealed or otherwise closed against inspection, and all matter wholly or partly in writing, whether sealed or unsealed.

Note—Typewriting and carbon and letterpress copies thereof are written matter and subject to the first-class rate.

SECOND CLASS.

Unsealed—Rate, 1 cent for each 4 ounces or fraction thereof. Full prepayment required. No limit of weight.

This is the rate which applies to newspapers and other periodical publications bearing notice of entry as second class matter, etc., when they are mailed by the public.

Note—The rates of postage on and the conditions applicable to second class matter, when mailed by publishers or news agents, are not treated in this article.

THIRD CLASS.

Unsealed—Rate, 1 cent for each 2 ounces or fraction thereof, up to 4 pounds. Four pounds or over, takes the Parcel Post Rates. Full prepayment required. Limit of weight 4 pounds, except it be a single book.

Includes: Books, newspapers and periodicals not admitted to the second class, circulars, miscellaneous printed matter on paper not having the nature of personal correspondence and proof-sheets, corrected proof-sheets and manuscript copy accompanying the same, and matter in point print or raised characters used by the blind.

PARCEL POST.

The Parcel Post was established by Congress and put into effect on January 1st, 1913, to take the place of fourth-class mail matter, including farm and factory products not previously embraced in mailable matter. The limit of weight is 50 pounds for delivery within the first and second zones, and 20 pounds for all other zones. In size the limit is 72 inches in length and girth combined.

Anything may be mailed that will not injure the person of any mail employee or damage the mail equipment or other mail matter and anything that is not perishable within a period required for transportation.

The rates for Parcel Post are as follows: 4 oz. or less, 1 cent per oz. Packages weighing 8 oz. or less, 1c for each 2 ozs. Packages weighing more than 8 ozs. containing books, seeds, plants, etc., those of miscellaneous printed matter weighing more than 4 pounds, and all others of 4th class, are chargeable according to distance or zone, at the pound rates shown in the following table, a fraction of a pound being considered a full pound.

Zones—Parcel Post Guide and Maps.—For parcel post purposes the United States is divided into units of area thirty minutes square. Such units form the basis of the eight postal zones. To ascertain in which zone a post office is located from the office of mailing, a parcel post guide, costing 55 cents, and map, costing 20 cents, are jointly used. The guide applies to all offices, but a separate map is required for each unit. A zone key is furnished with the guide for use in the units of area in which the 50 largest post offices are located, and makes the map for those units unnecessary. The guide and maps may be purchased by sending a money order to the Third Assistant Postmaster General, Washington, D. C. Stamps are not accepted.

Bain City. Population, 500. One of the oldest towns in Kansas, is situated about one mile north of the United States Military Home and south of the Leavenworth city limits. It may be reached by the interurban line or Leavenworth street cars. When Leavenworth was the foremost city in the west, Bain City was a hustling little hamlet competing for honors with its older and larger brother.

R. L. POLK & CO.'S Fort Leavenworth Directory 1915-1916

Fort Leavenworth is situated three and one-half miles north of Leavenworth, and is considered one of the foremost army posts in the United States. Its population varies, according to the number of troops stationed there. At no time, however, have there been less than 1,000 troops stationed at Fort Leavenworth, while there have been as many as 6,000. The Army Service Schools and Staff College at Fort Leavenworth are the most important of the war department. Student officers from throughout the United States are sent here for instruction. One of the most important wireless stations in the United States is situated at Fort Leavenworth, where messages have been received from the Atlantic and Pacific coasts and the Gulf of Mexico. Fort Leavenworth is on the Kansas City Western interurban line and the Missouri Pacific railroad. The troops are paid once monthly, the sums paid ranging from \$40,000 to \$80,000.

Directory of the

National Home for Disabled

Volunteer Soldiers

1915-1916

The National Military Home, one of the largest institutions of its kind in the country, is situated three miles south of Leavenworth, about midway between Leavenworth and Lansing, Kan. It is on the line of the Kansas City Western Railway and can readily be reached from Leavenworth or Kansas City. Upwards from 3,000 old soldiers who fought for the union in the Civil war reside at the Home; and, as the quarters now are crowded, it is not improbable additions will soon be necessary. At the Home during the summer months band concerts are given every Sunday evening, these being attended by music lovers from throughout Leavenworth county. Pensions are paid at the Home every three months, the average payment amounting to about \$100, 000.
