United States and Mexican Trust Company

FISCAL, LAND AND TOWNSITE AGENCY FOR THE
KANSAS CITY, MEXICO & ORIENT RAILROAD.

The new and short transcontinental line now under construction from Kansas City to Port Swill on the Pacific Coast offers many opportunities for profitable investment, both in new and established enterprises. These embrace Real Estate in new towns, Farms, Ranches, Timber, Mines, and similar Properties.

This Field Includes Kansas, Oklahoma, Texas and Mexico. There are Many Good Towns Here, and more new ones are being started.

A Great Field for the Farmer, Ranchman, Merchant, Miner and Investor. This is the heart of the Southwest and the most rapidly growing region of the United States.

1904

INTRODUCTORY.

The publishers place this, the 1904 edition of Polk's Kansas State Gazetteer and Business Directory, in the hands of its patrons with a confidence based on the knowledge that they have striven to fulfill their duty toward the State, its institutions and its individual citizens. No effort has been spared to make the publication a model of careful, conscientious work and they believe that everything relating to the development of the resources of the State or that tends to give local importance to individual interests will be found in its pages.

No material change has been attempted in the general plan of the work, but a very large increase is noticeable in each department of the volume, making the work of collecting and compiling the necessary data very much more laborious, and at the same time involving a largely increased outlay.

The directory of the city of Kansas City, Missouri, which is incorporated in the work, follows Kansas City, Kansas, where in alphabetical order are given the names, occupation and addresses of each business establishment in the city. The first 72 pages of the Gazetteer are devoted to valuable miscellaneous information, comprising lists of State and county officers, terms of court with names of judges, etc., a Bankers' Directory of Kansas, useful selections from the statutes relating to commercial law, lists of all State institutions, railroad lines and transportation companies, etc. Following this, pages 95 to 1175, will be found the Gazetteer portion, which embodies a list of all the postoffices in the State, with a description of the geographical position of each, the population, manufacturing, financial, religious and educational interests, the banking, shipping and stage facilities, and the name and occupation of every person engaged in business. This is supplemented by the Classified Business Directory printed in the most compact manner known to the art and giving lists of all trades, professions and pursuits, classified under their respective headings and arranged in alphabetical order by postoffices.

It is intended to continue the issue of Polk's Kansas State Gazetteer and Business Directory at regular intervals, and the publishers trust that the same spirit of interest and business activity that has been so conspicuously exhibited during the prosecution of the work on the present volume may greet them in the future.

ADDRESS

R. L. POLK & CO.,

DETROIT, MICH., CHICAGO, ILL.

Our Lists are Fresh, Reliable and Accurate.

POLK'S

Lumber Directory

OF THE UNITED STATES.

Numerous inquiries for a complete and reliable Directory of the Lumber Interests of the U. S. have induced us to utilize our unequalled facilities in the publication of the work. It is the most complete publication of the kind ever issued, and invaluable to all interested in Lumber and kindred lines. Among the more important features are

LIST OF ALL LUMBER MANUFACTURERS IN U. S.
POWER AND CAPACITY OF MILLS.
LIST OF ALL WHOLESALE LUMBER DEALERS.
LIST OF ALL RETAIL LUMBER DEALERS.

LISTS OF LARGE CONSUMERS OF LUMBER

Furniture Manufacturers,
 Piano Manufacturers,
 Box Manufacturers,
 Agricultural Implement Manufacturers,
 Wagon Manufacturers,
 Car Builders, Planing Mills.

Special Lists

OF

Lumber Exporters and Importers.	Shingles, Lath, Etc., Etc.
Hardwood Manufacturers.	Ship Timber.
Hardwood Dealers.	Mahogany, Ebony, Dog Wood, Etc.
Telegraph and Electric Poles.	Saw Mill Machinery.
Railroad Ties.	Saw Mill Supplies.
Timber Lands—Poplar, Oak, Hickory,	Boiler Manufacturers, Belting, Etc.
Walnut, Spruce, Gum, Cypress,	
Etc., Etc.	

The above are the most prominent features of the work. It is replete with information valuable and of interest to all connected with Lumber interests and allied trades.

PRICE OF DIRECTORY, \$10.00.

THE TIME

HAS NOW COME FOR YOU TO USE

BANKERS INK

We manufacture the Finest White Cream Paste that can be made.

ONE TRIAL MAKES A CUSTOMER ALWAYS.

If Your Stationer does not carry BANKERS INK write direct to the manufacturer.

IN FIVE FEET OF WATER.

BANKERS INK COMPANY, Kansas City, Mo.

TOPEKA, KANSAS, June 17, 1903.

GENTLEMEN:—We are using Bankers Ink and regard it better in every respect than any other ink we have used. It does not corrode the pen, and we find it a delightful task to use an ink that keeps the pen clean. The Bankers Ink cannot be improved upon in this respect.

The durability of Bankers Ink is firmly established: During the recent flood in this city, the books of our bank were in water five feet deep and were covered with mud to a depth of twenty inches for a period of six days. The books were on wooden shelving, and the water tilted the shelving, thus causing the books to drop on edge and remain partially open. As a result, when the books were removed from the vault, there was mud on practically every page. This mud was sponged off with water, and, notwithstanding the fact that the books had been soaked for six days, the ink did not efface or fade a particle. Every account was as clear and distinct as though it had been burned into the paper. We are naturally very enthusiastic in our praise of Bankers ink. It cannot be commended too highly.

Yours very truly,

THE SHAWNEE STATE BANK, by F. P. ELMORE, Cashier.

VERY SATISFACTORY.

KANSAS CITY, Mo., July 30, 1903.

We are using Bankers Ink and find it very satisfactory. It flows freely, writes distinctly and does not corrode the pen. We are pleased with it. C. S. JOBES, President American National Bank.

KEEPS THE PEN CLEAN.

We are using Bankers Ink and find it satisfactory in every respect. It is far superior to many other inks that we have used heretofore. The Bankers Ink flows freely and has good staying qualities. It writes nicely and does not corrode the pen. There is not only satisfaction, but economy in time and speed in using an ink that keeps the pen clean. We are pleased with the ink.—The State Savings Bank, Topeka, Kas., Wm. Macferran, Cashier.

THESE USE BANKERS INK.

KANSAS COLLECTION LAWS.

Acknowledgements.—All conveyances and other instruments required to be acknowledged, if acknowledged within this State, must be acknowledged before some court having a seal, or some judge, justice or clerk thereof, or some justice of the peace, notary public or county clerk, register of deeds, or mayor or clerk of an incorporated city. If acknowledged out of the State the acknowledgment must be before some court of record, or clerk or officer holding the seal thereof, before a commissioner to take the acknowledgment of deeds appointed by the governor of this State, or before some notary public or justice of the peace, or before any consul of the United States, resident in a foreign country. The acknowledgment before a justice of the peace of another State must be accompanied by a certificate of his official character under the hand of the clerk of some court of record and the seal of the court.

Actions.—Common law forms of actions are abolished. Under the code there is but one form of action, which is called a civil action. Personal actions must be brought in the county where the defendant or one of several defendants resides. Real estate actions must be brought in the county where the real estate is situated. Actions against non-residents of the State or foreign corporations, may be brought in any county in which there may be property of or debts owing to said non-resident or foreign corporation.

Affidavits may be made before any person authorized to take depositions.

Allens.—No distinction between citizens and aliens in reference to purchase, enjoyment or descent of property.

Appeals may be taken from the decisions of the probate court to the district court of the county. Notice of the appeal must be given in open court and entered on the record, or by written notice to the opposite party or his attorney of record. The appellant, or his agent or attorney, must make and file

an affidavit that the appeal is not taken for vexation or delay, but because the affiant believes that the appellant is aggrieved by the decision of the court. The appellant must also give a bond in such sum and with such security as may be fixed and approved by the probate court, conditioned that he will prosecute the appeal and pay all costs and damages that may be adjudged against him. An appeal must be taken within the term at which, or within ten days after, the decision is rendered. Appeal lies from justice of the peace to the district court, except in judgments by confession and jury trial, when the amount claimed is less than \$20.

Arrest.—Debtor may be arrested by civil process before or after judgment, when it appears that he has removed, converted into money, concealed, assigned, or disposed of property, with intent to defraud his creditors, and when the debt has been fraudulently contracted.

Assignments and Insolvency.—Assignments must be for benefit of all creditors, and do not discharge the debtor. Must be executed and recorded like conveyances of real property. Creditors (above ten dollars) are notified by Clerk of District Court, and at the meeting held for choice of assignee, a majority of such creditors must be present, otherwise appointment rests with the court. Creditors who fail to appear are precluded. Assignee must pay out funds in his hands within one month of allowance of demands. Property must be appraised and assignee is in all respects subject to order of court and his accounts are passed upon by a commissioner before his discharge.

Attachments.—Attachment may be had against the property of a defendant debtor, in actions for the recovery of money at or after the commencement thereof, in same cases in which he may be arrested. An attachment may be obtained before a debt is due if the debtor has sold, conveyed or dis-

posed of his property or is about to do so, or is about to remove his property with intent to defraud or delay his creditors. But judgment cannot be rendered in the action until the claim is due. The order of attachment in such case may be granted by the court in which the action is brought, or by the judge thereof, or, in his absence from the county, by the probate judge of the county in which the action is brought; but before such action shall be brought or such attachment shall be granted, the plaintiff, or his agent or attorney, shall make an oath in writing, showing the nature and amount of the plaintiff's claim, that it is just, when the same will become due, and the existence of some one of the grounds for an attachment mentioned. See arrest for grounds for order of attachments. (See Garnishment.)

Chattel Mortgages.—Every chattel mortgage or conveyance intended to operate as such, which shall not be accompanied by an immediate delivery, and followed by an actual and continued change of possession of the thing mortgaged, shall be absolutely void as against the creditors of the mortgagor, and subsequent purchasers and mortgagees in good faith, unless the mortgage, or a true copy thereof, shall be forthwith filed in the office of Register Deeds of the county where the property is situated, or, if the mortgagor be a resident of the State, then of the county of which he is a resident. And every such mortgage shall be void against creditors of the mortgagor, or subsequent purchasers or mortgagees in good faith, after the expiration of one year after the same is filed, unless within thirty days next preceding the expiration of said year. And each succeeding year, the mortgagee, his agent, or attorney, shall make an affidavit exhibiting his interest in the property at that time and the amount yet due thereon, which affidavit shall be attached to and filed with such mortgage. After condition broken, the mortgagee may proceed to sell the mortgaged property, or so much of it as may be necessary to satisfy the mortgage and costs of sale, by giving ten days' notice. If such an affidavit be made and filed before any purchase of such mortgaged property shall be made, or other mortgage deposited, or

lien obtained thereon, in good faith, it shall be as valid to continue in effect such mortgage as if the same had been made and filed within thirty days next preceding the expiration of the term of one year from the date of the filing of the original mortgage.

Deeds need not be executed before witnesses. Valid without acknowledgment, but must be acknowledged to be entitled to be recorded or to be introduced in evidence. Acknowledgment of wife need not be taken separate from husband. Until duly deposited for record, deeds and other instruments affecting real property are not valid, except between the parties thereto, and such as have actual notice thereof.

Dower.—The estates of dower and by curtesy are abolished.

Exemptions.—To unmarried person, tools and stock in trade, \$400; or library and implements of professional men. To head of family, household furniture, \$500; also team, wagon, etc. Farming utensils, \$300. Stock and tools of mechanics, \$400. Libraries, etc., of professional men. Homestead, 160 acres farm land, or 1 acre in city, with improvements, without limit as to value.

Garnishment.—Earnings of resident debtor for personal services at any time within three months next preceding issuance of execution, attachment, or garnishment process, are exempt if necessary to support of debtor's family, affidavit of debtor conclusive as to necessity.

Interest.—Legal rate, 6 per cent. By agreement in writing, 10 per cent. Usury: The party forfeits double the sum in excess of 10 per cent.

Judgments in the District Courts of the United States, rendered within this State, are a lien on real estate of the debtors, situated within the county where judgment is rendered, and not a homestead from first day of term at which rendered, except judgments by confession, and judgments rendered at same term of court in which action was commenced, which become liens from date of rendering judgment. A judgment becomes dormant in five years after its rendition, or after the issuance of the last execution thereon, and ceases to be a lien upon the property of the debtor. It may be revived

by motion and notice within one year after becoming dormant. Justices' judgments become liens on filing transcript in District Court of the county in which they were rendered. Transcripts of judgments entered in one county may be certified to and entered in the District Court of any other county, and when so filed become a lien on the real estate not exempt situated in the county where the transcript is filed. The lien in such cases dates from the time of the filing of the transcript. Executions on such judgments can issue only from the District Court of the county where the judgment was rendered.

Justices' Jurisdiction.—For the recovery of money when the amount claimed does not exceed \$300. Justices of the peace have jurisdiction of actions for the recovery of specific personal property, replevin, not exceeding \$100 in value. (See License.)

License.—Commercial travelers are not required to procure a license.

Limitations.—Actions for the recovery of real property sold on execution, brought by the execution debtor by title acquired after the date of the judgment must be brought within five years after the date of the recording of the deed made in pursuance of the sale. The same rule applies to actions for the recovery of real property sold by executors, brought by heirs, etc. An action for the recovery of real property sold for taxes must be brought within two years after the date of recording the tax deed. An action for the forcible entry and detention, or forcible detention only of real property, within two years. Actions concerning real property not above provided for must be brought within fifteen years; on official bonds, within five years; on contracts in writing within five years, not in writing within three years; trespass to real property, detinue, replevin, fraud or torts, within two years. In cases founded on contract, payment of any part of interest or principal, or acknowledgment in writing of the existence of the contract takes it out of the statute. Per-

sons under any legal disability when the cause of action accrues have two years from date of removal of such disability to bring action concerning real property, and in all other cases one year.

Married Women.—Have same rights as men concerning property and business.

Mortgages.—A mortgage of real estate, to be valid as against subsequent bona fide purchasers or mortgagees, must be duly acknowledged and recorded in the office of the Register of Deeds of the county in which the land is situated. Mortgages are foreclosed by suit only. Attorney fee not collectable.

Proof of Claims.—Parties sending claims for collection should give full name or names of parties to whom the same belongs. If the claims belong to a firm, the full name of each member of the firm should be given, and whether a partnership or a corporation, all claims should be verified, thus saving other proof, when no other defense is made.

Redemption.—No redemption except of lands sold for taxes, then three years.

Revivor.—As relating to judgments. (See Judgments.)

Stay of Execution.—In Justice's Court, on \$20 to over \$100, thirty to one hundred and twenty days.

Wills.—No man, while married, shall bequeath away from his wife more than one-half of his property, nor shall any woman, while married, bequeath away from her husband more than one-half of her property. But either may consent, in writing, executed in the presence of two witnesses, that the other may bequeath more than one-half of his or her property away from the one so consenting.

Witness.—Parties to the suit, and persons in interest not disqualified. Husband and wife cannot be witness for or against each other in civil action, except in cases where one acted as agent for the other, or where they are joint parties, and have a joint interest in the action.

R. L. POLK & CO.'S KANSAS STATE GAZETTEER

AND
BUSINESS DIRECTORY
FOR

1903-1904.

In the following section of the work the cities, villages and postoffices of Kansas are arranged in alphabetical order, and a description is given of each place, with an alphabetical list of all persons doing business therein. In all the larger places the names have been procured by personal canvas, but in the smaller they have been furnished by postmasters. Great care has been taken to insure correctness as well as completeness.

ABBYVILLE. Population, 300. On the A., T. & S. Fe Ry., in Westminster township, Reno county, 18 miles s. w. of Hutchinson, the county seat. Has Methodist Episcopal and United Brethren churches and a bank. Stage daily to Pekin. Tel., W. U. Exp., W., F. & Co. Flora Oliverson, P. M.

Abbyville Grain Co.
Baggs Robert, hotel and justice.
Coffman F A, R. R., Exp. and Tel. Agt.
Copenhaver C T, meats.
Copenhaver & Sons, livery.
Davis D J & Sons, restaurant.
Eaton L W, notary public.
Evans C W, physician.
Fair D J & Co, hardware.

STATE BANK OF ABBYVILLE (Capital \$5,000), J H McSherry Pres, Frank S Hinman Cashr.

ABILENE. Population, 4,500. The county seat of Dickinson county, is located on the A., T. & S. Fe, the U. P. and the C. R. 1 & P. Rys. and on the Smoky Hill river, 23 miles e. of Salina and 163 w. of Kansas City. It dates its settlement from 1867, was incorporated as a city in 1869, and being in the center of a rich agricultural section is an excellent market for grain and live stock, of which large quantities are shipped. The city is lighted by electricity, has the Holly system of water works, a water supply that is not equaled for purity in the United States, a fire department and telephone exchanges. There are churches of the leading religious denominations, excellent educational facilities, a public library, an opera house with a seating capacity of 700, first-class hotels, 3 banks, with a combined capital and surplus of \$150,000, and with deposits

ATCHISON. Population, 18,000.
 This important city, the railroad cen-
 ter of the State, is situated on the left
 bank of the Missouri river, at the point
 known as the Great Bend of that
 stream, and near the n. e. corner of
 Atchison county, of which it is the
 judicial seat, 22 miles n. of Leaven-
 worth, 23 miles s. w. of St. Joseph,
 Mo., and within 100 miles of the geo-
 graphical center of the United States,
 and is surrounded by an exceedingly
 fertile tract of country, producing all
 kinds of grain and live stock, which

are exported in large quantities. As a railway center the following lines of railroad center at this point and radiating to all parts of the United States: The Eastern Division A., T. & S. Fe, the B. & M. R. R.; the C., R. I. & P. R. R.; H. & St. J. R. R.; K. C., St. J. & C.B. R. R., and the main line A. & O. div., the A. & St. J. extension and Central branch div. of the M. P. Ry. For the accommodation of these roads, a Union Depot, at a cost of \$140,000, has been constructed. Atchison is also one of the chief manufacturing cities of Kansas. Amongst its industries are car shops, foundries, furniture, an artificial ice plant, woodenware, and one of the principal branches of Baker-Vawter Co., mfrs of Loose Leaf Ledgers and Account Books of every description, harness, broom, carriage, cigar, overalls, planing mills and pressed brick yards. Extensive coal mining operations are being developed here by local capital, and with home coal it will attract other manufacturing interests at this point. The grain trade done here is immense, and the lumber trade is also extensive. There are four elevators, with an average capacity of 200,000 bushels, roller flouring mills capable of grinding 4,000 bushels of wheat per day; also wholesale drug, grocery and hardware firms are located here. There are 2 National banks and 1 State savings bank. There is 1 daily evening paper—Atchison Globe. The Champion, weekly, is the oldest paper in the state. There are 6 hotels, The Byram being one of the best in the west, and is the recognized commercial headquarters. Twelve church edifices, representing the principal religious denominations, many of them being large and handsome structures. The educational facilities are of a superior order, and the city is becoming notably prominent for the liberal and careful manner in which such matters are supported and maintained, there being 10 public school buildings. These buildings are well constructed and furnish accommodation of upwards of 3,000 pupils. In addition to these public schools there are 2 private academies, Mt. Scholastica and the Atchison Institute, and 3 colleges, the St. Bene-

dict and the St. Louis (Catholic) and the Midland University (Lutheran). There is a large public library containing several thousand volumes. The city has a full representation of the secret and benevolent societies, a complete and effective system of water works, a paid fire department, street railways, opera house, 2 telephone exchanges, arc and incandescent systems of electric lighting and gas works; a handsome iron bridge, on stone piers and nearly 1,200 feet in length, spans the Missouri river at this point and connects the city with East Atchison, Mo.; 2 telegraph companies. Tel. W. U. and Postal. Exp., Adams, Pacific, U. S. and W., P. & Co. James M. Cris- ham, P. M.

CHERRY CREEK. A flag station
 on the A., T. & S. Fe Ry., in Woodson
 county. The postal name is Lomando.

CHERRYVALE. Population, 4,000.
 An incorporated city on the A., T. &
 S. Fe. and the St. L. & S. F. Rys. (de-
 pots adjacent), in Montgomery county,
 10 miles n. e. of Independence, the
 county seat, 82 from Fort Scott, 153
 from Topeka, and 180 from Kansas
 City. Is located in the midst of a
 rich agricultural section and has water
 works, fire department, churches of
 the Baptist, Catholic, Christian, Meth-
 odist and Presbyterian denominations,
 excellent educational advantages, a li-
 brary, telephone service, 2 banks, the

largest zinc smelter in the United
 States, 4 brick yards, glass factory,
 flouring mill, foundry and machine
 shop, barrel factory. There is an abun-
 dance of natural gas found in the vi-
 cinity, and is used for fuel by the
 manufacturing industries; also for do-
 mestic purposes. There are many
 good producing oil wells operated; coal
 is also found in good quantities. The
 press is represented by 2 daily papers
 —The Cherryvale News and The
 Clarion, and 2 weeklies—the Republi-
 can and News. Ships live stock, grain,
 flour, fruits, etc. Tel., W. U. Exp.,

CHEAP FARMS and CHEAP HOMES

in the Vicinity of Clyde, Kansas.

This town being located near the intersecting corners of four counties, viz: Cloud, Clay, Republican and Washington, has advantages enjoyed by no other town of like proportion in Kansas. The climate is delightful, the water unsurpassed. The quality and lay of the land show for themselves to be the equal of any under the sun.

ASSETS, OVER \$28,000,000. INSURANCE, OVER \$125,000,000. SURPLUS, OVER \$2,000,000. Some folks use sawdust for sand in making mortar. There is no substitute for sand in a business man. Insurance, however, puts in more grit. NATIONAL LIFE INSURANCE CO. OF VERMONT (Mutual). Organized 1850. 64th year, doing business in 27 States. Wm. B. Henderson, Gen'l Manager, Suite, 459 Kemper Bldg., Kansas City, Mo. Over \$3,000,000 invested in Kansas, only \$2,000,000 invested in Vermont. Kansans should take note of this.

GET Your Share of the PROFITS of Plate Glass Insurance by patronizing THE AMERICAN PLATE GLASS INSURANCE CO. OF KANSAS CITY, MO., U.S.A. See page 4. Not in the Trust or Combine.

Chayer E. meats.

Desserden J. general store.

SHERMAN & MARCOTT, General Store.

Wyer C W. general store.

CONCORD. A discontinued postoffice in Sumner county, 10 miles s. e. of Wellington, the county seat and banking point, and 2½ from Rome, whence it has rural free delivery.

CONCORDIA. Population, 4,008. A prosperous and enterprising city, the judicial seat of Clond county, is on the A., T. & C. Fe Ry., the M. P. Ry., the B. & M. R. R. R., and on the J. C. & Ft. K. br. of the U. P. Ry. 70 miles n. w. of Junction City, and 208 from Kansas City, Mo. It is picturesquely situated on the right bank of the Republican river, at a point which will allow an indefinite extension along the level bottom land. The southwestern part is undulating and high, affording magnificent building sites, and giving a fine view of the surrounding country. The city is easily drained, thereby insuring a healthy condition at a moderate cost. Concordia was first settled in 1870, was incorporated as a city a year later, and now contains Methodist-Episcopal, Baptist, Presbyterian, Catholic, and Swedish Baptist 2 Christian and United Brethren churches, a new High School, 3 graded public schools employing 18 teachers and having an enrollment of 1,200 pupils, a select library of 2,000 volumes, a Catholic convent and school, numerous handsome substantial and commodious business blocks and elegant residences, an opera house, 3 banks, good hotels, 3 elevators, a creamery, a large flouring mill, a handsome court house, and 3 newspapers, the Blade and Empire, Kansan Press—and stone for building purposes are found in abundance in the vicinity. There is no city in the state which has better advantages for manufacturing and the certainty of a ready market for its products. Its location

in the midst of one of the richest agricultural districts in the world and railroads radiating to all points of the compass, make the city a most inviting field for capital. It is lighted by electricity, has an excellent system of water works, telephone system, a well-equipped and efficient fire department, and all the facilities and appointments of a prosperous commercial center. BUTLER COUNTY

Is in the timber belt of Southern Kansas, having about one-fourth timber and bottom lands to three fourths prairie land; has more streams and more fine grazing land than any county in the state. Its dark loam limestone soil is not surpassed in products. It has three resources—that of stock and grain in abundance and produces from three to four crops of alfalfa per year without irrigation. Alfalfa is a better all around feed by 25 per cent. than timothy or red clover and produces more than twice the quantity. We have all classes of lands for sale, in any sized tracts, including first-class ranches. Low prices, easy terms. Prepared to make any kind of farm loans.

Call on or address,

ESTABLISHED 1881.

INCORPORATED 1891.

A Leading College of Commercial and Shorthand Training

Building newly arranged expressly for this college. Finest and most pleasant in the West. It is the school to attend or recommend. Far greater demand for graduates of our complete course than we can supply. Best systems. Moderate rates. Students enrolled from all parts of Kansas and from adjoining states and territories. Enter any school day. Elegant catalogue, etc., free to all who mention the Gazetteer. Send direct to us for office help, whether you are one or one thousand miles away.

ERIE. Population, 1,700. Is situated on the e. bank of the Neosho river, about 40 miles n. w. of the s. e. corner of the State, in Neosho county, one of the best agricultural counties in the State, of which it is the judicial seat. The city is lighted and heated by natural gas, has numerous oil producing wells and abundance of natural gas for manufacturing purposes. The city has good schools, churches, water and steam flouring and saw mills. The M., K. & T. and A., T. & S. Fe Rys. (depots 1 mile apart), cross here, giving the town the best of railroad facilities. Has 2 banks, a commodious court house and a first-class hotel, and its quota of all business houses go to make it really one of the most prosperous towns of its size in the state. It has also a number of churches and a fine public school and 2 weekly newspapers. Ships live stock, grain and produce. Telephone connection. Tel., W. U. Exp. Pacific. J. A. Eaton, P. M.

INSTITUTE

Fort Leavenworth

KANSAS STATE GAZETTEER.

Fort Scott

329

FORT LEAVENWORTH. Named in honor of General Henry Leavenworth who established the site in 1827, is located 3 miles n. of the city. The reservation comprises 6,000 acres and is the most valuable military possession of the government. It is the seat of the general service and staff college, and the United States Penitentiary is also located at this point. To the college are annually sent many of the subaltern officers of the army to obtain a practical education in the art of war. Those who prove the most efficient are then sent to the War College at Washington for another course of instruction. The garrison of the post is fixed at 3,000 enlisted men. It consists of four companies of engineers, three batteries of artillery, four troops of cavalry and twelve companies of infantry. Brigadier General J. Franklin Bell, an officer distinguished by his conduct during the Spanish-American war, is commandant of the post and college. The post is now undergoing many improvements. More than two million dollars have already been expended to meet the requirements of the government, and, when completed, it is expected that Fort Leavenworth will be the largest single military establishment in the world. At least another million dollars will be expended during the next two years to complete the improvements. The post is reached by an electric line from the city bearing the same name, cars running every twenty minutes. The former military prison is now the United States Penitentiary, in charge of Major W. R. McClaghrey. A new prison is being constructed in the southwestern part of the reserve by convict labor and when completed will cost three million dollars. It will be the model prison of the world. Recently four hundred convicts were transferred to it, sufficient buildings having been completed to permit. The prisoners sentenced by the federal courts in Kansas, Colorado, Oklahoma and Indian Territory and Arkansas and Texas are sent to this institution. The average number of convicts confined is 1,000. Telephone and electric cars connection. Tele-

graph Postal-Cable. Population, 3,500. Miss L. Goodfellow, P. M.

FORT RILEY. A 12 company military post on the U. P. Ry., in Geary county, 3 miles from Junction City, the county seat and banking point.

FORT SCOTT. Population, 15,000. Is the judicial seat of Bourbon county, and is situated on the Marmaton river and on the M. P., the M., K. & T. and the St. L. & S. Fe Rys., 100 miles s. of Kansas City, Mo., and 130 from Topeka. The city is lighted by gas and electricity, has good water works, an electric street railway, churches of all the leading denominations, a high school and 11 grammar and primary school buildings, 3 banks, an opera house with a seating capacity of 800, convention hall with a seating capacity of 3,000, 3 daily and 1 semi-weekly newspapers. Underneath and around the city are found large deposits of cement rock, the finest beds of flagstone, valuable coal veins, pottery and fire clays, and building rock and common clays are abundant. These raw materials have developed foundries and machine shops, cement, pottery, pressed brick and tile works, several costly hotels, flour mills and grain elevators. It is the center of the coal fields of Kansas and Missouri, and recent discoveries of rich lead and zinc ore indicate that it is in the mineral district which has so prospered the towns 40 and 60 miles north. The city is built in the valley of the Marmaton river, which furnishes ample water power for all purposes. Good drainage and pure drinking water render it exceptionally healthful, the death rate being among the lowest in the state.

The first gas that was discovered in Kansas was here in 1867, which is still flowing and is being used for domestic purposes. 2 cement mills. With its great natural resources and rich surrounding country, Fort Scott is destined to become a great manufacturing and jobbing center. Tel., W. U. Exp., American, Adams and Pacific Eldon Lowe, P. M.

GALENA. Population, 7,000. Situated on Short creek, in Cherokee county, on the St. L. & S. P. and M., K. & T. Rys, (depots ½ mile apart), 19 miles s. e. of Columbus, the county seat, 167 from Kansas City, Mo., 233 from Topeka, and 214 from Atchison. It contains within a radius of three miles the richest lead and zinc deposits found in the United States. Galena, unpretending and unassuming, has risen from a mining camp in 1877, with tents and shanties for dwellings, to a first-class city with all the comforts of modern civilization—good streets, water works, electric light, electric street railway, substantial business and dwelling houses, opera and public school buildings; and its business men, mine operators, and miners, mechanics and artisans are a class of people liberal hearted and social, whose energy and push and money making faculties have become proverbial. The imposing public school buildings, stately water tower, conservatory of music, handsome opera house, the never-ending and ever-changing panorama of derricks, shafts, concentrating mills, crushers, jigs, steam pumps, foundries, etc., impress the stranger with ideas of solidity, wealth and enterprise. Galena has 3 banks, 1 daily and 1 weekly newspaper and 2 good hotels. An electric railway connects the city with Joplin, Carthage and Webb City, Mo. Exp., Adams, American and W., F. & C. Tel., W. U. William Smith, P. M.

HOLTON. Population, 3,600. The county seat of Jackson county, is a prosperous incorporated city, located on the C. R. I. & P., the K. C. N. W. and the L. K. & W. Rys., 56 miles northwest of Leavenworth and 30 north of Topeka. This is the seat of Campbell College with a faculty of 18 professors and about 500 pupils, one of the most prominent institutions in the State, pleasantly located and conveniently connected by rail with all parts of the country. The main building is a magnificent gray stone structure which may be seen for miles from the surrounding country. The college is under exceptionally able management, who can justly claim to have brought the university to as high a degree of perfection as any institution in the West, for the acquirement of

the higher grades of education, classics and the fine arts. The city has churches of the Baptist, Catholic, Christian, Evangelical, German Presbyterian, Methodist Episcopal, Presbyterian, African Baptist and African Methodist Episcopal denominations, good schools, 3 banks, an electric light plant, grain elevators, etc. Four weekly newspapers, the Kansas Sunflower, the Recorder, the Signal and the Tribune, are published. There are 4 hotels, of which the Teer House deserves special mention. It is first-class in every respect and conducted on the most liberal scale. Tel., W. U. Exp. Pacific. A. H. Williams, postmaster.

KEYS WM M, Live Stock Breeder

HUSCHER. A country postoffice on the A., T. & S. Fe Ry. in Cloud county, 5½ miles s. e. of Concordia, the county seat and banking point. Exp., W., F. & Co.
 Hostutler W, general store.

HUTCHINSON. Population, 10,675. First settled in 1872. The county seat of Reno county, the center of the Kansas wheat belt, is located on the A., T. & S. Fe, the M. P., the C., R. I. & P. and the H. & S. Rys., and on the Arkansas river, 168 miles s. w. of Topeka, 218 s. w. of Atchison and 234 s. w. of Kansas City. It is supported by a rich agricultural section and is one of the leading fruit counties of the state, containing 550,500 fruit trees. The live stock industry is also very large. The city is underlaid with a vein of pure rock salt, 300 feet thick and found at a depth of 375 feet. It is reached by bored wells, and fresh water is forced through pipes to the bed of salt, causing it to dissolve, and is pumped up as brine into evaporating pans. This industry gives employment to 1,000 men, and the production of salt averages 5,000 barrels per day. There are churches of the leading religious denominations, 7 public school buildings, a street railway, an excellent system of water works, a well-equipped fire department, electric lights, gas works, 3 banks and 2 daily and 5 weekly newspapers. The manufacture of salt is the chief industry, in addition to which there are 2 planing mills, 2 ice factories and cold storage plants, 3 flouring mills, office and furniture factory, packing houses, foundries and machine shops, creamery, boiler works, numerous jobbing houses, 2 first-class hotels, a Carnegie

public library, a \$50,000 court house. A government building is to be erected here this year to cost \$50,000. This city is widely known as a convention city, and more public gatherings take place here than at any other point in the state. This is an exceedingly favorable location for manufactories. Principal shipments are salt, grain, live stock, butter, eggs, poultry, flour and produce. Telephone and telegraph facilities. Exp., Pacific, U. S. and W., F. & Co. John B. Vincent, P. M.

Adams Mrs W A, dressmaker.
 Ainsley George, painter.
 Ainsley & Gallup (George E Ainsley, Thomas E Gallup), painters.
 Albright Walter S, mngr Western Pacific Tea Co.

INDEPENDENCE. Population, 7,000. The county seat of Montgomery county, is located on the A., T. & S. Fe and the M. P. Rys (depots $\frac{1}{4}$ apart) and on the Verdigris river, 85 miles s. w. of Fort Scott and 161 s. of Kansas City. It dates its settlement from 1869. Has churches of the leading denominations, high and ward schools, a \$65,000 court house, an opera house, an excellent system of water works, fire department, first-class hotels, 3 banks, 2 daily and 3 weekly newspapers. The business of the town is on a solid basis, and there are many fine business blocks and handsome residences. The Montgomery county high school is also located here. In the vicinity of Independence there is an abundance of natural gas furnished to the manufacturing industries as well as for domestic use. The city is also lighted with it. There are also many oil wells, and are good producers. Has 2 flour mills, brick plant, cracker factory, cotton twine factory, window glass factory, paper mill, sorghum factory and 2 planing mills, and 2 cement mills in process of construction. Ships grain, live stock, flour, produce, etc. Tel., W. U. Exp., Pacific and W., F. & Co. Edwin Foster, P. M.

JUNCTION CITY. Population by the census of 1900 was 4,695. A present conservative estimate gives a population of over 5,500. The judicial seat of Geary (formerly Davis) county, is a prosperous city, located at the confluence of Smoky Hill and Republican rivers, near the center of the county, on the M., K. & T. and U. P. Rys. (depots adjacent), 71 miles from Topeka, 100 from Lawrence and 138 from Kansas City, Mo. It was first settled in 1858, was incorporated as a city in 1859, is rapidly growing in

wealth and importance, and now contains 2 banks with combined capital and surplus of \$200,000, and deposits exceeding \$500,000, 2 flour mills, one of which is run by water power and each with a capacity of 300 bbls. per day, a foundry and machine shop, an extensive artificial ice and cold storage plant, grain storage elevators and warehouses with a capacity of 500,000 bushels, a bottling works, a creamery, carriage and wagon factories, 4 hotels, one of which, The Bartlett House, which has recently expended \$25,000 in modernizing its conveniences, is considered one of the best hotels in the state and a favorite with commercial travelers, churches of the various denominations, good schools, many well-stocked general stores and others in special lines, a well equipped fire department, has an excellent system of water works, electric light plant, a handsome court house, city hall and an opera house. A daily newspaper, The Union, and 3 live weekly newspapers, the Republic, the Sentinel and the Union, are published. Grain, flour, live stock, fruit, grapes and produce are shipped. Telephone connection. Electric railway connection with Fort Riley every half hour. Tel., W. U. Exp., Am. and Pacific. J. R. Callen, P. M.

KANSAS CITY, KANSAS. Population 51,418. Lies on the Missouri river in the shape of a crescent, at its confluence with the Kansas river, at an elevation of 750 feet above the ocean. Nature appears to have designed it for a great commercial center. It is a well established fact that commerce travels in the path of the great waterways of a country. A ship dropped in the headwaters of either the Kansas or Missouri rivers naturally seeks the territory of this city, and so does the commerce of their great valleys flow within its borders. The development and prosperity of a city are largely dependent upon its facilities for transportation, and to its railroads is due more than to any other single agency the present prosperity of Kansas City. These lines are developing some of the richest agricultural, stock-raising and mining regions on the continent, and gathering in Kansas City an immense and growing traffic. The railroads centering here are the K. C. N. W. R. R., the M. P. Ry., the Inter-State Rapid Transit, the Kansas Belt Line, U. P. Ry., C. & N. Ry., K. C. Ft. S. & G. R. R., Rock Island, H. & St. Joe R. R., C. M. & St. P. Ry., A. T. & S. Fe R. R., K. C. & S. Ry., the C., St. P. & K. C. Ry., and the Suburban Belt Line. The Kansas river divides the city, and substantial railroad and wagon bridges connect the east and west sides, affording ample facilities to accommodate its trade and commerce. It is connected with Kansas City, Mo., by a double track elevated railway, a double track cable railway and a double track electric railway line, which afford ample facilities for rapid transit between the two cities. The elevated road, by means of its different branches and feeders, forms a belt line around the city. The west side railroad has four miles of double track running from the s. e. to the n. w. part of the city. The Wyandotte & Northwestern, the Missouri Pacific, the Union Pacific, the Chicago, Milwaukee & St. Paul, the Chicago, Rock Island & Pacific, the Inter-State Rapid Transit, the Chicago, St. Paul & Kansas City Railroads have all located their car shops and round houses in

609 Delaware St.,

KANSAS CITY MISSOURI.

its corporate limits. Its stock yards are the most commodious and best appointed in the Missouri valley, having a capacity unlimited for weighing, feeding and shipping, together with the best market to be found in the United States. It has the largest beef and pork packing establishments in the world. Kansas City, Kas., is pre-eminently a manufacturing center, and it is to the fostering of this industry that her present proud position of the foremost city in the State is due. Her natural facilities as a site for large factories and shops are unequaled, and with the great lines of the continent crossing railway systems centering at this point, it is no matter of amazement that the city is standing where it is to-day. It has a fine system of water works, with a capacity of 60,000,000 gallons per day, which cost a million dollars. The city has an efficient paid fire department, that stands high in the estimation of the people, and is second to none in the country. In the scramble for the almighty dollar, the people have not been unmindful of their spiritual welfare, and over thirty-five houses of worship are to be found in different parts of the city, with well organized church societies, and not less than \$400,000 being invested in church buildings at this time. Its public school system is the pride of its people. It has 100 miles of graded streets, over 60 miles of paved streets, and 180 miles of sidewalks. As it is the only rival Chicago has in the live stock trade, it is ambitious to rival the city on the lakes in the grain trade of the west, and is making rapid strides in that direction. It is growing rapidly in wealth and population, and is the largest city in the State, and is destined to become the great commercial center of the Missouri valley. Exp., Am., Adams., W., F. & Co. and Pacific. Tel., W., U. and Postal Tel.-Cable Co. U. S. Martin, P. M.

KANSAS CITY, MISSOURI.

The second city in commerce, population and wealth in the State is advantageously situated on the right bank of the Missouri river, at the confluence of the Kansas, where the former river makes its great bend from a southern to an eastern course. The city is possessed of exceptional railroad facilities, the following lines radiating from it and, with their branches, providing access to all parts of the United States: The A., T. & S. Fe., Burlington Route, the C. & A., the C. G. W., the Frisco System, the K. C., M. & O., the K. C. S., the L. K. & W., the M., K. & T., the M. P., the Q. O. & K. C., the U. P., the St. J. & G. I., the C. M. & St. P., the C. R. I. & P. the Port Arthur Route and the Wabash. These roads, stretching as they do in all directions, connect Kansas City with the trade of Missouri, Iowa, Nebraska, Kansas, Colorado, Wyoming, Utah, Arizona, New Mexico, Texas, Indian Territory, Arkansas, and all the States east of the Mississippi river and south of Kentucky and Virginia, and give the advantage of competing routes to St. Louis, Chicago, Toledo, Cincinnati, New York, Boston, Philadelphia, Baltimore, Louisville, New Orleans, Atlanta, Savannah, Charleston, Galveston, Denver, Santa Fe, San Francisco, St. Paul, Minneapolis, and all intermediate points. It is 283 miles west of St. Louis, 439 southwest of Chicago, 614 west of Cincinnati, 1,308 west of New York, 642 east of Denver, 881 north of New Orleans, and 2,122 east of San Francisco. Kansas City was first settled in 1838 as a point of exchange between boats and wagons for the Sant Fe and southwestern Indian trade. It made slow progress until 1846, when it received a great stimulus from the Mexican war, and 3 years later from the rush of emigration across the con-

tinient to California. The settlement of Kansas, which began in 1854, gave a new impulse, so that at the outbreak of the war in 1861, the city had attained a population of about 8,000. This population dwindled to about 3,500 during the war, but had risen again to about 5,000 by 1865, after which the construction of railroads and the increased immigration into Kansas gave rise to rapid annual increase, and it has at present an estimated population of 250,000. The city is lighted by electricity, has finely paved and macadamized streets, an excellent system of sewerage and water works, miles of street railways, public halls, handsomely appointed theatres, libraries and reading rooms, excellent public schools, colleges and academies, a commercial exchange, commercial club, mining and stock exchange, building and loan associations, hospitals and homes, etc. The banks have a combined capital of \$10,875,000. The press has 4 dailies, and a large number of weekly and monthly publications. Of churches, there are Baptist, 39; Christian, 13; Congregational, 10; Methodist, 33; Episcopal, 9; Hebrew, 5; Evangelical, 5; Lutheran, 5; Catholic, 18; Presbyterian, 16; Unitarian, 1; Universalist, 1; Christian Science, 2, and miscellaneous, 19. The different secret and benevolent societies have a full representation, besides which there are numerous societies devoted to science, philosophy, music and pleasure. While the city's growth in population and building has been simply wonderful, it has not exceeded the progress in commerce, which has kept pace with the city's advancement in other directions. The wholesale interests of Kansas City have been developed wonderfully within the last six or seven years. In fact, the beginning of the

Kansas City, Mo

R. L. POLK & CO.'S

Kansas City, Mo

era of progress in Kansas City has been identical with the beginning of the development of the commercial advantages which the city possesses. Its growth has been steady, and at the close of each succeeding year, when the wholesaler looks over his books for the year, he always finds, not only a very handsome balance on the right side of the ledger, but a very gratifying increase in the volume of business. Into the States and Territories commercially tributary to Kansas City, is now pouring the accumulated surplus of the East, and the best, and most energetic and enterprising people of that part of the nation and of Europe. With the construction of the lines of railroad that this new population makes necessary, and the development of the country incident thereto, the city's trade must necessarily continue to increase at the present rapid rate. While Kansas City has a large and rapidly increasing trade in dry goods, groceries, hardware, drugs, and merchandise generally, in the States and Territories above named, it is also distinguished for its large trade in live stock, provisions, agricultural implements and lumber, and also among the cities of the Missouri Valley for its large trade in coal. Kansas City is fast taking the lead as the greatest live stock market and packing center in the United States. The stock yards are the best appointed and largest in the Missouri Valley, having an unlimited capacity for feeding, weighing and shipping, and is the best market in the Union. There is no city in the United States that presents as many advantages for manufacturing as Kansas City. Situated in the center of the finest timber, coal, iron and agricultural region in the world, it is, without doubt, destined to become the largest manufacturing center in the West. Instead of sending timber iron and coal in its crude state to the East to be manufactured and then sent back here to market, the freight could be saved if the implements were made here. It is the largest depot for agricultural implements in the world, and second to none in transportation facilities. It now controls the bulk of the implement

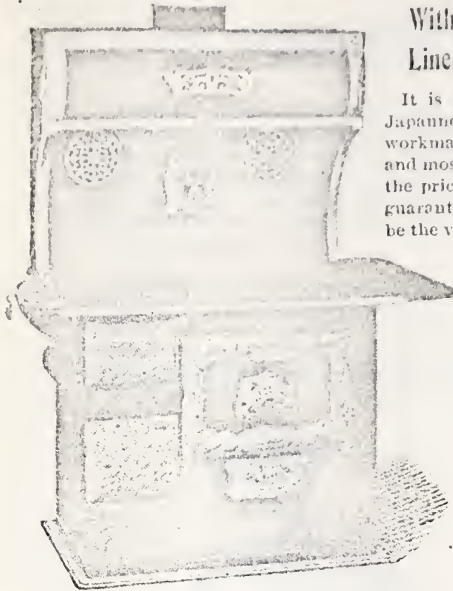

trade of western Missouri, Arkansas, Kansas, Nebraska, Colorado, New Mexico, Indian Territory, and Texas. There are inexhaustible quantities of the finest oak, hickory, yellow pine, ash and walnut in southwestern Missouri, which are made tributary to Kansas City by the direct lines of railroad which enter that section. It is estimated by geologists that there is enough iron within the boundaries of the State of Missouri to supply the whole world for three centuries. The coal supply tributary to Kansas City is inexhaustible. Through its many railroads it is the natural gateway to the great West and Southwest, and holding this vast area tributary, it is the avenue to market for the agricultural and mineral products of the whole section. The products of the great plains, the wool of the sheep, the hides and carcasses of the beeves, the wheat and other cereals, all must come to this point for market, while the mineral wealth that has been so greatly developed during the past year is being poured into her lap through the iron arteries that have barely kept pace with the rapidly developing country. Extensive coal beds have been discovered in several parts of Kansas, which, in addition to those already tributary to this city, have established the fact that there is sufficient fuel and raw material right at the doors of the city to supply the demand for all time to come. THE PERFECTION STEEL RANGE

With High Warming Closet and Enamel Lined Reservoir, Handsomely Ornamented.

It is complete in all its appointments, extra heavy Japanned Steel used in its construction. First-class workmanship throughout. If not as we say, the best and most complete Range ever offered by any house for the price, your money will be refunded. We not only guarantee this Range to do all work satisfactory, but to be the very best Range sold at our remarkably low price.

\$22.62

... TO ...

\$25.35

The Perfection Range is the result of many years' experimenting by one of the most progressive and successful stove and range manufacturers.

The Perfection Range is guaranteed by the manufacturers to do all work required of a range. We back this claim with our guarantee that it is all we or the manufacturers claim for it.

The Perfection, while it has large cooking surface and large oven, does not occupy as much room as an ordinary cook stove.

NOTE THESE SIZES:

	Size No.	Size of Oven	Size of Top	Weight	Price with Reservoir
Catalogue No. H21, 109.....	8x16	16x18x12 $\frac{1}{2}$	27 $\frac{1}{2}$ x35	240 lbs.	\$22.62
" " H21, 110.....	8x18	18x18x12 $\frac{1}{2}$	27 $\frac{1}{2}$ x37	355 lbs.	\$23.98
" " H21, 111.....	8x20	20x20x12	29 x39	370 lbs.	\$25.35

Note carefully the sizes of these Perfection ranges. They are all large. We do not handle the small sizes. Some houses cut the size down to make a cheaper range. The smallest sized Perfection Range has an oven 16 in. by 18 in. by 12 $\frac{1}{2}$ inches, and top 27 $\frac{1}{2}$ in. by 33 inches. Our long experience in stove and range selling has proved to us that the full sizes, while costing a trifle more, prove much more satisfactory, and satisfaction is our motto in building up our large stove and range business.

We will furnish the Perfection without Reservoir, High Closet or High Shelf at a reduction in price.

Ask for Our Large 500 page Bargain Catalog No. 9. It is complete in every department of general merchandise, and at prices which save you money. We send it free, postage paid.

THE UNITED MAIL ORDER CO.,

Retailers of Everything at Wholesale Prices,

KANSAS CITY,

MISSOURI, U. S. A.

WE GUARANTEE TO SAVE YOU MONEY ON YOUR CLOTHING.

OUR CLOTHES FIT WELL, WEAR WELL AND ARE STYLISH,
AT A SAVING TO YOU OF 33 $\frac{1}{3}$ PER CENT.

of Des Moines, Ia. **B. P. SCOTT,** General Western Agent.

Junction City, Kansas.

PROF. CHAS. D. FATE.

BEFORE.

ORIGINATOR and INSTRUCTOR OF THE ONLY
NATURAL METHOD OF PHYSICAL
CULTURE EXERCISE.

The Fate System of Physical Exercise

as a newest way to attain perfect health and proper development. It requires but a few minutes in your own room just before retiring, without any apparatus whatever, and something that does not have to be kept up but a short time, and the benefits are everlasting.

I ALSO TEACH BY MAIL TO EITHER
SEX WITH SUCCESS.

AFTER.

TESTIMONIALS:

Kansas City, May 1st, 1903.

TO THE PUBLIC,

About two years ago my attention was called to the Fate System of Physical Culture through one of my pupils who took the course after a surgical operation which left him in a very weak state. He was entirely restored to health in about three months. Since then I have had occasion to observe the benefit of his system as shown in several pupils who took the course while studying with me. Without exception I found their progress in singing more satisfactory than before they commenced with Prof. Fate. Good physical development of all the muscles used for right breath control is an absolute necessity for progress in singing. I have been studying with Prof. Fate for over three months, and it is with great pleasure that I add my testimony to that of his many pupils as to the benefits I received. The work in his institute is invigorating, restful and healthful. Though I have had gymnasium training from some of the foremost instructors in both Canada and the United States, I consider Prof. Fate the best and most careful instructor I have ever had.

GRACE MACKENZIE WOOD.
THE STUDIO, Suite 505 University Bldg.

Kansas City, Mo., June 5th, 1902.

PROF. CHAS. D. FATE.

Dear Sir:—I take pleasure in saying a few words in praise of your system of "physical culture." When I came to you my nervous system

was badly shattered, my circulation poor, and a soreness in my lungs. I began to improve after the first two or three lessons, and am now enjoying good health once more. I think your system unsurpassed, and recommend it to all in search of health. Very truly yours,

MRS. H. G. POPE, 1812 Benton Blvd.

MR. C. D. FATE, 406 E. Ninth St., Kansas City, Mo.

Dear Sir:—The system of physical exercise you taught me in January has been of the greatest benefit to me. I was in bad condition from nervous prostration. The development of my body from this exercise and the increased circulation is wonderful, almost beyond belief. I would not give up this exercise under any consideration. I am so pleased with this system of exercise that I am having my children take the same course, and I can see they are greatly benefited by it. I would gladly recommend Mr. Fate to any one who may desire his system of exercise.

Yours very truly, D. L. COON, Pres. and Treas.

K. C. Mantle Co., 1020-22 Walnut.

Kansas City, Mo., April 8th, 1903.

PROF. CHAS. D. FATE:

Dear Sir:—I take pleasure in being able to testify that your system of physical culture training has considerably improved my health and reduced my superfluous flesh. I hereby recommend you to anyone that wants to improve their health and strength. Respectfully,

B. DANTZIG, 602 Independence Ave.

READ TESTIMONIAL.

MESSRS. HIGDON & HIGDON, City.

May 19, 1902.

GENTLEMEN—We have your esteemed favor of the 19th, stating that the patent on our process for preserving meats has been allowed. We wish to congratulate you upon the speedy solution of this matter and the promptitude with which the patent has been granted.

The writer will call upon you Monday forenoon and let you know whether or not we will apply for the patent in other countries.

Yours very truly,

ARMOUR PACKING CO.,

G. W. TOURTELLOT, Superintendent.

Little Gem Brand Book

C. V. SHEPLER, Sole Owner.

710 Wyandotte Street, KANSAS CITY, MISSOURI.

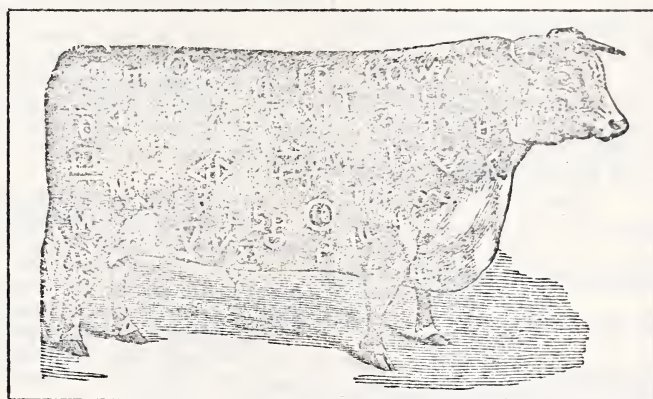

I publish Brand Books for the Western States, and will publish the official Brand Book for Kansas the Winter of 1904.

It will have about twelve thousand brands.

I want an agent in every county.

I also print Letter Heads at \$3.50 per thousand, and Envelopes at \$2.50 per thousand with your stock brand on them.

It will cost you nothing to put your Brands in my book. If I have no agent in your county send your brands direct to me.

Stock Raisers Commercial Bureau.

(UNPUBLISHED LISTS.)

Stock Growers of the West, Northwest and Southwest, representing the thriftiest Farmers and raisers of live stock, giving location and permanent address.

I furnish the best list of stock growers and will guarantee the delivery of same by paying a rebate on all unclaimed letters.

\$3.00 per hundred names. Eight cents rebate allowed for each unclaimed letter returned you within forty days.

THE NATIONAL MASONIC ACCIDENT ASSOCIATION

of Des Moines, Ia.

B. P. SCOTT, General Western Agent.

Junction City, Kansas.

FRANK BRASIER, INVESTMENTS.

Oil Stocks, Lands and Leases. I have some splendid propositions in oil leases in Southeastern Kansas, the Greatest Oil Field ever yet discovered. Leases range in price from \$1.00 to \$50.00 per acre. Nine out of every ten wells are producers. Oil can be produced in this field cheaper than in any other field in the world.

GENERAL FINANCIAL AGENT.

Everything pertaining to corporations.

Companies incorporated under Federal or the laws of any State or Territory desired.

Capital procured to install or enlarge and extend all classes of Manufacturing, Commercial and Mining Enterprises.

Corporations provided with gold bonds that will facilitate the sale of their stocks and bonds at par.

Issues of stocks or bonds underwritten on the American or London plan.

Properties bought. Partnerships of individuals merged in corporations and then financed.

Trade combinations effected.

Broker in Commercial paper.

BONDS—Whole issues bought. Government, Municipal, Railroad, Gas, Electric Light, Telephone and Street Railway.

STOCKS—Listed and unlisted Industrials and Utilities bought and sold.

INVESTMENTS—High-grade, dividend-payers in State, County, Town and School Bonds, Farm and City Real Estate, Mortgages, Miscellaneous Securities.

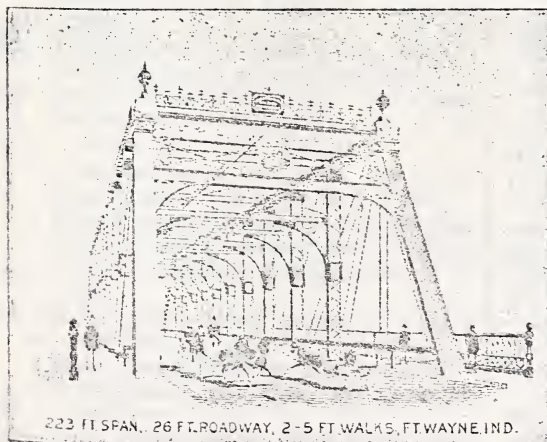

I CAN HELP YOU

to secure money for any legitimate, money-making, business proposition.

Write to me.

THE KEELEY CURE.

THE USE OF ALCOHOL OR OPIUM

Produces a diseased condition of the nervous system, the symptoms of which are a craving or feeling of necessity for alcoholics or opiates. These diseases yield readily to the Double Chloride of Gold treatment originated by Dr. Leslie E. Keeley. The treatment cures the disease by eliminating the poison from the system and restoring the nerves to a healthy state.

The Keeley Institute of Kansas City is one of the largest, best appointed and most successful of the great system of Keeley Institutes. This is the only place in the great southwestern territory tributary to Kansas City at which Dr. Keeley's remedies and treatment can be secured.

For particulars, address

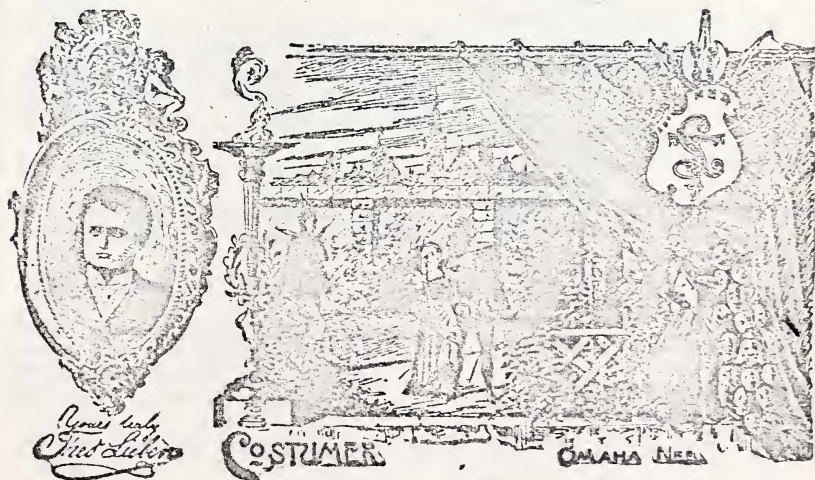

THE KEELEY INSTITUTE,

716 West Tenth Street,

Telephone 1856.

KANSAS CITY, MO.

THIS IS MY METHOD.

Office and Home for the Special Treatment of Cancer.

I never advertised a painless treatment for Cancer, because I did not have it. But now I have so modified my old and reliable treatment that I can cure Cancer without pain. It gives me great pleasure to be able to announce this to those afflicted with this disease and are looking for a cure.

Ask Chas. S. Finch, of Lawrence, Kansas, or George W. Martin, secretary State Historical Society, of Topeka, Kansas, what they think of my treatment of Cancer. Write for my 100-page book on Cancer, FREE.

THE NATIONAL MASONIC ACCIDENT ASSOCIATION

of Des Moines, Ia.

B. P. SCOTT,

General Western
Agent.

Junction City, Kansas.

LAW OFFICE OF JAMES G. YOUNG,

Rooms 315-316 Hall Building,
N. W. Cor. 9th and Walnut Streets,
KANSAS CITY, MO.

I herewith present my card for the purpose of calling attention to the location of my office, which is on the third floor of the Hall Building, northwest corner of Ninth and Walnut Streets.

My office is as pleasantly located and as well adapted to law business as any office in the State. The entrance to the building is at the old place on Ninth Street, or main entrance on the west side of Walnut Street, north of Ninth Street. Have been in the same office for 18 years.

I was admitted to the bar in 1863; since which time I have practiced in any and all courts, from Justice of the Peace up, including U. S. Courts, and in Bankruptcy Cases, whenever and wherever called on to do so by my clients.

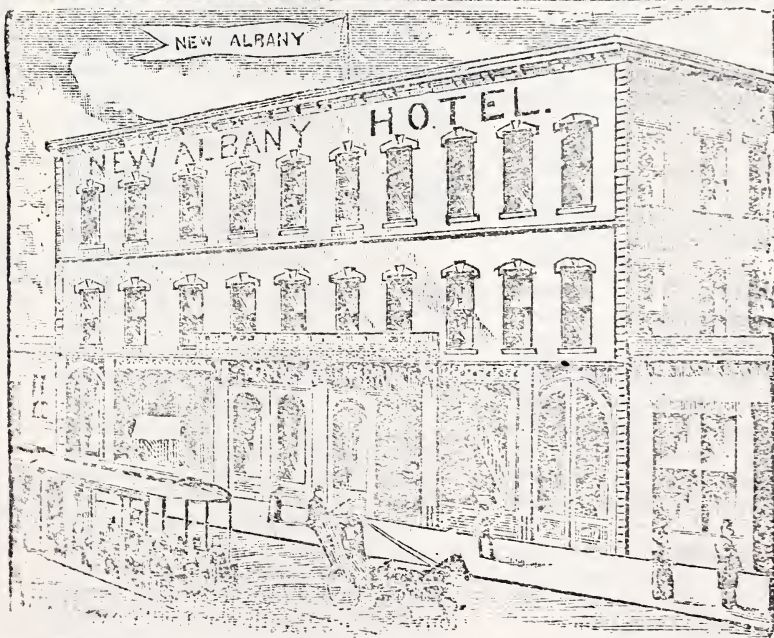

Warranty Deeds, Deeds of Trust, Mortgages, Bills of Sale, Wills, Assignments. Incorporation Papers, and in fact every legal document required, prepared with promptness and care.

Notarial work of all kinds attended to, either at the home of the applicant if sent for, or in the office; and there being two notaries, and the office never closed during the day, the public can be pretty sure of accommodations at all reasonable hours.

Very respectfully,

ROSAMOND YOUNG,
Notary Public.

JAMES G. YOUNG,
Lawyer and Notary Public.

CUISINE EXCELLENT. **SERVICE THE VERY BEST.**
Moderate Prices. Table Unexcelled. Rate, \$2. Per Day.
Everything New, Clean and Bright. Steam Heated Throughout.

When in Kansas City Visit the Finest Mining Office in the World . . .

1108-10 WALNUT STREET,
KANSAS CITY, MO.

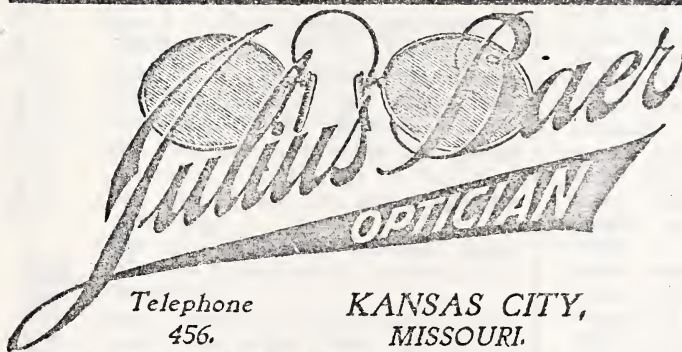

ROLAND E. BRUNER & CO.

Successors to BRUNER & HEDRICK.

Largest, best equipped, and most attractive mining office in America. A few hours may be spent with pleasure and profit to visitors viewing our collection of minerals, comprising over 10,000 rich, rare and interesting specimens.

Our display room is open to the public from 9 a. m. to 6 p. m. daily except Sundays. Tuesday and Saturday evenings until 10 p. m. When visiting our exhibit call for printed information concerning mining properties in which we are interested, *as no one in our offices are permitted to approach any one on the subject of our business.* We have some dividend-paying propositions that may interest and profit you. The B. & H. Mining Company, The Double Eagle Gold Mining Company, The Blue Lake Mining and Milling Company, The Sand Burr Gold Mining and Milling Company are of substantial merit.

It will pay you to inquire and find out about them.
