Flour Mill and Grain Directory OF THE UNITED STATES AND CANADA.

NUMEROUS inquiries for a complete and reliable Directory of Flour Mills and Grain Dealers of the United States and Canada have induced us to utilize our unequalled facilities in the compilation of the work. Among the more important features are

- List of all Mills, U. S. and Canada—capacity of each.
- Kind of Power Used.
- List of Cereal Mills—Buckwheat, Rye, Barley, Etc.
- Grain Elevators.
- Grain Brokers and Commission.
- Grain Buyers and Shippers.
- Flour Exporters.
- European Flour Importers.
- Wholesale Flour Merchants, U. S. and Europe.
- Wholesale Bakeries.
- Mill Supplies.
- Mill Machinery Manufacturers.

It is replete with information valuable and of interest to the Practical Miller, the Grain Dealer, the Machinery Manufacturer, and to all either directly or indirectly interested in milling, grain or allied trades.

LAWRENCE. Population, 12,000. One of the oldest settlements in the State, the county seat of Douglas county, situated on the A., T. & S. Fe Ry., and the U. P. R. R. (depots ½ mile apart), and on the Kansas river, in the northern central part of the county, and an important manu- facturing and commercial center. By means of its railroads and branches it has easy and rapid communication with all parts; and as it possesses un- limited water power, from the im- provement of the river, Lawrence is rapidly becoming a very important western manufacturing center. The following important industries, among others are now in operation here; Straw-paper, carriage and wagon, and wire fence works, a shirt fac- tory, flour mills, and canning works, iron works, sash, door and blind works, vitrified brick factory, horse collar factory, and large sand ship- ments and many others of minor note. The religious and educational facili- ties of Lawrence are very good. It has 3 Congregational, 6 Methodist Episco- pal, 4 Baptist, 2 Presbyterian, 1 Cath- olic, 1 Unitarian, 1 Episcopal, 1 United Brethren and 2 Lutheran churches, and a handsome Friends meeting house, erected at a cost of \$32,000. The Plymouth Congregational church is an imposing structure; the Trinity Episcopal church, though not so large, is a fine architectural edifice and a beautiful Methodist Episcopal church, cost of \$125,000, the largest and finest in the city. There are 10 buildings devoted to school purposes, which are well attended. The city free library is a valuable institution, founded in 1865, and now possess a collection of about 12,000 volumes, while the new Car- negie library is now being erected, at a cost of \$25,000. Here is located the magnificent buildings and grounds of the University of Kansas, a collegiate institute of which Kansas may well be proud; 12 university buildings— grounds and buildings estimated cost, \$1,000,000; the apparatus of instruc- tion, \$265,000; a faculty of 80 mem-

bers; an annual income for current expenses of \$200,000. Within a short distance are the Mount Hope Nursery, Home Nursery and Highland Nursery, owned and managed by men of ability, and whose products are distributed from the New England States south to Florida. The Haskell Institute for the instruction of the Indians in the arts and industries of civilized life is located here and occupies 985 acres of land. The students in this Institution represent eighty different tribes and number 794. There are 3 banks, and 5 newspapers are published, viz: 3 dailies, the Evening Journal, the World, and the Daily Gazette, each with a weekly edition; the Jeffersonian Gazette and the Germania (weekly). The city is well laid out with several miles of wide, brick-paved, streets, and possesses many attractive buildings. There are also water works, gas and electric light. The Oak Hill cemetery, 1½ miles e. of the city limits is well worth a visit, as is also the city park in the center of the town. Telegraph and telephone facilities. Exp., Pacific and W., F. & Co. G. Leavenworth

R. L. FOLK & CO.'S

Leavenworth

quarters of the finest Infantry and Cavalry School in the world. There are now stationed at the Fort 4 companies of engineers, 3 battalions of artillery, 4 troops of cavalry and 12 companies of infantry. Brig.-General J. Franklin Bell is commandant of the post and college. \$2,000,000 have been expended in improvements at the Fort and another \$1,000,000 will be expended during the coming two years. The city was first settled in June, 1854. The city's name was taken from General Henry Leavenworth. Leavenworth soon became one of the most important of the then frontier settlements. In 1857 it had 5,000 inhabitants; in 1858, 10,000; in 1865, at the close of the war, 20,000; then the city suffered a reverse which is attributed to various causes resulting from the war, so that in 1870 the population was only 16,550. In 1880 it had increased to 17,873. In 1890, the population, according to the official census, was 19,768, (official census of 1900 was 20,735), and it has continued to grow and at the present time is about 22,000. The city is one of the busiest in the west, and its future is bright and promising. Its railroad facilities are unequalled. It possesses the advantages of the following lines: The Missouri Pacific, running from St. Louis to Omaha, the Central Branch division, which touches as far west and northwest as Lenora in Norton county, a distance of 280 miles; the Kansas division of the Union Pacific, extending to Denver; the Leavenworth, Kansas & Western, running westward as far as Miltonvale, a distance of 170 miles; the Leavenworth, Topeka & Southwestern, operated by the A., T. & S. Fe Ry.; the Chicago, Burlington & Quincy, which has a large passenger depot that cost \$150,000; the Kansas City, St. Joseph & Council Bluffs; the Chicago, Rock Island & Pacific; the Leavenworth, Northern & Southern, operated by the Atchison, Topeka & Santa Fe, the Leavenworth, Northern & Southern being the main trunk line to the north and northeast; the Kansas City, Wyandotte & Northwestern and the Chicago Great Western. The present growth and development of the city are due in

a great measure to its commanding position; the inexhaustible mines of bituminous coal beneath and on both sides of the city, the beautiful and healthy location, magnificent school system, water works and sewerage system and the splendid system of railroads. By means of these great arteries of commerce and dispensers of civilization, Leavenworth reaches out her arms for the trade of a vast territory on all side naturally tributary to her. This city is well provided with churches of all denominations, many of them large and handsome structures. Among the finest churches in the city are the church of St. Paul (Episcopal), the Baptist, First Presbyterian, the Westminster Presbyterian, the Congregational and the Methodist, the Roman Catholic Cathedral and German Catholic and Polish Catholic churches. All Protestant denominations are represented, and the colored people are also equally well supplied with church accommodations. There is a number of excellent business buildings in the city, hotels, 2 opera houses, the Masonic Temple, the Odd Fellows' Hall, 5 banks with a capital and surplus of over \$975,000 and with deposits of \$4,500,000, and a new Carnegie Public Library, costing \$50,000. The Soldiers' Home, which is three miles south of the city, consists of 26 great buildings, which are occupied by 3,500 veteran soldiers, also residences for officers, a hospital and other buildings, such as a chapel, dining hall, theater and store rooms, etc. Three large coal shafts employ 1,000 miners. An electric railway from the Soldiers' Home to the Fort runs trains every few minutes, also an electric line to Kansas City every hour. All the principal business and residence streets are paved with asphalt and brick. The educational advantages are first-class, the public schools are large, well arranged structures with good accommodations and are admirably managed and occupy a high status in educational rank. The Mount St. Mary's Academy was erected at a cost of \$75,000 and is largely patronized. The Cathedral schools have upwards of 700 pupils and the public schools over 3,500.

The JACKSON-WALKER COAL AND MATERIAL CO.
Wholesale Coal. Everything in Building Material. Write Us For Prices. See Adv. in Wichita, Kan.

Among the manufactories may be mentioned the Varney Heating and Manufacturing Co., manufacturing hot air furnaces, bakers' ovens, iron smoke stacks, etc. There are furniture, carriage and wagon works, the Great Western Stove Co., the Missouri Valley Bridge and Iron Works, the largest in the west, the Broadway Mfg Co., manufacturing sash, doors and blinds; the Great Western Manufacturing Co., making mill machinery; manufactories of soap, pumps, engines, agricultural implements, canned goods, paper boxes, brooms, overalls, planing mills, furnaces, boilers, harness, spring beds, gloves, and mittens, boots and shoes, mattresses, cigars, etc., 4 elevators, 2 large flour mills, 2 packing houses, and numerous other industries of minor importance, all giving employment to thousands. The annual value of the manufactured goods produced in Leavenworth is estimated to be not less than \$10,180,000. The Leavenworth Coal Co., and others, also mine and ship large quantities of excellent coal. The wholesale and retail trade is estimated to reach over \$30,000,000 annually. The newspapers of Leavenworth are 2 daily and numerous weekly, semi-weekly, monthly and semi-monthly publications. The city is lighted with gas, and has in addition the electric light, excellent fire and police departments, an excellent water supply, distributed over the city from a large reservoir 300 feet above the level, throwing a stream over the highest buildings, and furnishing an ample supply for all purposes, manufacturing and domestic, and other requisites of a thriving and first-class city. R. L. POLK & CO'S

Manhattan

here, is located the State Agricultural College, munificently endowed by the general government, the largest agricultural college in the United States; 1,525 students, with a board of instruction numbering 65. There are five courses, agriculture, domestic science, mechanical and electrical engineering, and general science; four short courses, apprentice, dairying, farmers' and domestic science. There are 14 buildings and 430 acres surrounding same. The city contains 14 church edifices, 2 large stone public school buildings, costing \$35,000; Masonic and Odd Fellows' halls, an opera house seating 700, 2 banks, with deposits of \$500,000; first-class hotels, one, the Gillett, is considered among the best in the state and is the recognized commercial headquarters; 2 flouring mills, etc. The Blue Valley Mfg Co. is located here and manufactures feed mills, stoves, churns, stump-pullers, and are also general founders and machinists. Immense quantities of the finest building stone in the west are shipped from this point, also used extensively here for its public buildings, schools, churches and business blocks. A new city hall is being built at a cost of \$25,000, and a court house costing \$50,000 will be erected during the coming year. The press is represented by the Manhattan Republic, the Nationalist, the Mercury and the Industrialist, weekly publications. The city has a splendid system of waterworks, sewerage, electric light and artificial ice and cold storage plant, telephone systems and everything that makes a good, prosperous city. An abundant water power in the rivers is still unoccupied. building can be done cheaper here than at any place in Kansas, the inducements to investing capital are of the most generous nature, and to all who desire to locate in the west, Manhattan offers advantages for residence or manufacturing unexcelled by any city in Kansas. Principal shipments, live stock, flour and produce. Tel., W. U. Exp., Pacific and U. S. Delmer E. Deputy, P. M.

NEODESHA. Population 2,600. Is situated in the s. e. portion of Wilson county, 1 mile from the junction of the Fall and Verdigris rivers, in the center of one of the richest and most fertile agricultural region in the state. The main lines of the St. Louis & San Francisco and of the Missouri Pacific railways form a junction here. It is division headquarters of the Kansas division of the "Frisco," which has a round house and machine shops adjoining the city. The water supply is very pure and abundant. The city owns its own natural gas and water-works systems. Splendid schools and seven churches care for the educational and religious interests of the prosperous community. Has flour mill, oil refining works, brick and tile works, machine shop and ice plant. Seventy oil wells yielding an excellent quality of petroleum, are operated within a radius of 5 miles of the city. Steel oil tanks are located here and a 500-barrel daily capacity oil refinery is continuously operated here by the Standard Oil Co. Natural gas is found here, and the city is heated and lighted by it. Exp., W., F. & Co. and Pacific. Telegraph and telephone facilities. F. E. Shoemaker, P. M.

ETTA SEMPLE,

THE WONDERFUL MAGNETIC HEALER

Having practiced for the past 12 years, desires to announce to all sufferers of chronic diseases or otherwise, to consult her and take her treatments. I diagnose by turgor, often giving a complete diagnosis without asking a single question. I have treated successfully and cured 95 per cent of those taking my treatment in all these years, any of which will cheerfully indorse my statement. I have treated successfully kidney trouble, stomach and bowels, lungs, rectum, rupture, fevers, rheumatism, lacerprie and all its after effects, dislocation and sprains, paralysis, vertigo, sick headache, sore eyes, weak eyes, deafness and appendicitis, "cricks," colds, crooks, cramp colics and childbirth. Chronic cases solicited. The beauty of vital magnetic cure is, that no difference what ails one, nor how many ailments, a good operator will find them all, and with the same skill and power reduce any pain, enlargement, fracture, inflammation or inactivity. Young girls suffering from painful or irregularities, will find relief and health by taking my treatments. No knife used, nor any risking life by anesthetics.

Appended herewith are a few of those who have taken my treatment: Ed. Bird, music dealer; Mrs. E. Bird, milliner; D. W. Carter, undertaker; Wm. Clark, attorney; C. D. Crane, dry goods; Wm. Davenport, dry goods; A. P. Elder, hardware; L. C. Jones, of the Walker-Jones Clothing Co.; C. Terham, clothing, Iola, Kan.; W. H. Henderson, Lawrence, Kan.; J. W. Watkins, grocer, Quenemo, Kan.; Henry Todd, J. H. Smith and James McClain, Wellsville Kan.; Judge E. R. Duffey, Omaha, Neb.

ST. MARY'S. Population, 1,600.
Formerly known as St. Mary's Mis-
sion, was first located by the Jesuits
as a mission for the Pottawatomie In-
dians, in the center of their reserva-
tions (30 miles square). It is situated
on the K. div. of the U. P. R. R. in St.
Mary's township, in the s. e. corner of
Pottawatomie county, on the Kansas
river, 90 miles from Kansas City, Mo.,
23 from Topeka, 75 from Leavenworth
and 39 from Westmoreland, the county
seat. In 1876 it was incorporated as
a city of the third class. The Jesuit
college being destroyed by fire in Feb-
ruary, 1879, the Convent of the Sacred
Heart was purchased to take its place,
and is now the St. Mary's College, con-
ducted by the Fathers of the Society
of Jesus, chartered by the State Legis-
lature of Kansas December 24th, 1863,
and empowered to confer degrees and
academical honors in all the learned
professions. It has 24 professors and
teachers and over 400 students; a li-
brary of 3,000 volumes is attached, and
the college buildings, which are spa-
cious, are situated in beautifully laid
out grounds. There are 4 churches,
the Swedish Lutheran, Methodist,
Catholic and the Congregational, and
public and Catholic school, the latter
conducted by the Sisters of Charity.
Sister Columbia, Superior. Three
newspapers, the Star, the Eagle and
the Journal, are published weekly,
and 3 banks are sustained. Has a
flour mill, 3 grain elevators, 2 hotels
and extensive brick and tile works.

IT REACHES THE BUYERS!

THE RURAL KANSAN

Has the largest circulation of any paper in Nemaha county. It is popular with the town people because of the unusual amount of local and county news; it reaches the farmers because its farm department is second to none in the state.

TOPEKA. The capital of Kansas, was founded December 5, 1854, and incorporated February 14, 1857. It is on the main line of the Atchison, Topeka & Santa Fe, Chicago, Rock Island & Pacific and Union Pacific railways; the terminus of the Fort Scott Branch

of the Missouri Pacific system; the Leavenworth, Topeka & Southwestern and Manhattan, Alma & Burlingame railroads. The site of Topeka is an ideal one for a city. It is built on a rolling plain and an excellent sanitary condition is assured by natural drainage into the Kansas river and the smaller streams which surround the city. Its broad thoroughfares, well paved, and skirted on either side with parks and rows of trees, give it an appearance which justifies the pride

STATE CAPITOL BUILDING.

of its citizens. The state capitol is located on high ground near the center of the city and is surrounded by a handsome park covering four square blocks. The building is an imposing piece of architecture and adds greatly to the attractiveness of the city. The court house of Shawnee county, is also located in Topeka and is surpassed by any structure of its character in the west. City hall and auditorium cost \$102,000. The auditorium is the pride of the capital city. It seats 4,000 people, every seat commanding a full view of the stage, and is a model of beauty and finish. Of its acoustic properties Mme. Lillian Nordica says: "It gives me great pleasure to express my delight at your auditorium; and as for the acoustic qualities, I consider them equal to the very best of the large houses in which I have sung." Topeka is the seat of the Supreme Court of Kansas and also the United States Federal courts for this district. It is also the headquarters of the United States Pension Agency covering the states of Kansas, Missouri, Colorado and New

Topeka

Mexico, also Oklahoma and Indian territories. The State Insane Asylum and the State Reform School for Boys, both very extensive institutions, are also located at Topeka. Topeka has one of the best public school systems in the country, and it is the aim of the school authorities, teachers and supervising force to see to it that the system of public schools shall remain one of the best in the country. There are 24 public schools with an enrollment of 6,753 and employing 170 teachers. It has the best high school in the state, with an enrollment during 1902-1903 of 800 pupils, taught by 24 teachers. Graduates from the high school are admitted without examination to the State University at Lawrence, Chicago University, and other universities and colleges throughout the country. In addition to the public schools it has several other educational institutions of high character, including Kansas Medical College, Washburn College, Bethany College, German Lutheran School and Catholic School. The headquarters and general offices, as well as the general machine shops, of the Atchison, Topeka & Santa Fe Railway system are located in Topeka, and their employes number over 2,500 people, and the pay roll amounts to \$1,650,000 annually. The Chicago, Rock Island & Pacific Railway also has general offices for their western division in this city. Topeka has 8 banks, with capital and surplus amounting to \$1,200,000; 3 building and loan associations, with assets of over \$1,600,000; manufactories employing 5,525 people and paying \$2,823,780 in wages annually; several prominent foundries, machine shops, iron and steel bridge plant, harness factory, boiler works, creamery and dairy machinery manufacturing, bridge works, lumber and planing mills, etc.; 40 church organizations of the various denominations; the Jane C. Stormont Hospital and Training School for Nurses; Santa Fe and Christ's hospitals, 1 vinegar and preserving works, 1 packing house, employing 250 people; 2 woolen mills employing over 300 men and women; 1 life insurance company, also a fraternal insurance

company, the Knights and Ladies of Security, and 1 fire insurance company. Topeka is also a great milling center; there are 7 large flouring mills, with a capacity of 750,000 barrels annually; also 12 elevators, with a capacity of 500,000 bushels. There are also the Wear Coal Co., the Southwestern Fuel Co., and other large industries. There are 20 hotels, varying in terms from \$3 to 75 cents a day. Among the leading hotels are the Hotel Throop, National, Copeland, Fifth Avenue, Victoria and the new Oxford Hotel and cafe. The state and city libraries furnish ample reading matter for the people of the community. The three daily papers are of unusual merit and are not excelled by the newspapers of any city of the same size in the United States. They are the Topeka Daily Capital (morning), Topeka State Journal (evening), and the Topeka Herald (evening). There are in addition to these numerous weeklies, monthlies and semi-monthlies. The city is supplied with an extensive water works system, electric light and gas plants, and excellent fire department and electric street car system. Population of the city proper, March 1, 1902, 38,897. Exp., Wells, Fargo & Co., Pacific and United States. Tel., Western Union and Postal Cable. John Guthrie, P. M.

It's no Experiment to Send your Clothing or Hats to

Chivers' Old Reliable Topeka Steam Dye Works,

118, 120, 122, 124 E. 7th Street, TOPEKA, KANSAS.

The only legitimate Steam Dye Works in the West employing skilled workmen and machinery equal to any Eastern house. Now that the Western cities and towns are flooded with cheap (so-called) dyers who use the little package dyes for dyeing and gasoline for cleaning, it's small wonder so many people throw their Clothing and Hats away when a little worn rather than have them practiced on by these "migratory" (so-called) Dyers and Cleaners.

Give Us a Trial and you will be Convinced. Phone 809.

25 Years in the Plate Glass Insurance Business. Over \$30,000 paid in Loses. Don't forget the **AMERICAN PLATE GLASS INSURANCE COMPANY OF KANSAS CITY, U.S.A.** furnishes the best protection. See page 4. Not in the Trust or Combine.

Assets, over \$28,000,000. Insurance, over \$125,000,000. Surplus, over \$3,000,000. In ancient times the wise men would say: "Oh, King, live forever." But the King didn't and couldn't do it. Modern wisdom says: "Oh, King, insure and do it quickly." **NATIONAL LIFE INSURANCE CO. OF VERMONT (Mutual)**. Organized 1850. 55th year, doing business in 37 States. Wm. B. Henderson, Gen'l Manager, Suite, 450 Kemper Bldg., Kansas City, Mo. Over \$3,000,000 invested in Kansas; only \$2,000,000 invested in Vermont. Kansas should take note of this.
