CAT'S PAW

CUSHION RUBBER HEELS

You ought to have a pair on your shoes

Thousands of people are today wearing Cat's Paw Heels who have tried other kinds first—because the Foster Friction Plug not only prevents slipping and resists wear, but the extra quality of rubber affords greater resiliency, meaning comfort, safety and economy.

They cost no more than the ordinary kinds. The name is easy to remember and they are easy to find.

FOSTER RUBBER CO.

105 FEDERAL STREET . . . BOSTON, MASS.

The
Foster Friction Plug
Prevents Slipping

No holes to
track mud or
dirt

Originators and Patentees of the Foster Friction Plug which prevents slipping

There's SAFETY in

CAT'S PAW

CUSHION
RUBBER HEELS

If
anything
ails your feet
you feel
it all over.

Are your insteps
tired every night
and stiff while your
very backbone be-
gins to ache?

Do the muscles of
your legs get sore
and stiff while your
very backbone be-
gins to ache?

Then you should
wear FosterOrtho-
pedic Rubber Heels

A blessing to all
who are constantly
on their feet.

The corner of the
heel extends down
under the shank,
thus preventing the
arch from falling or
the shoe running
over.

Gives a firm but re-
siliant support to
the arch—keeps the
position of the foot
normal and natural.

75c. attached of
your dealer—or sent
postpaid upon re-
ceipt of 50c. and
outline of your heel.

THAT FOSTER PLUG PREVENTS SLIPPING

—even on wet sidewalks,
pavements or the smooth-
est floors. You step with
safety and comfort when
you wear Cat's Paw Rub-
ber Heels.

Compare them with others—
you will find no holes to track
mud and dirt.

The extra quality of rubber gives
greater resiliency and makes them
wear longer.

Ask your shoeman for Cat's
Paw Rubber Heels. They
cost no more than the ordi-
nary kind—50c. attached—
black or tan.
