THE
LOWELL DIRECTORY
1886

CONTAINING A
GENERAL DIRECTORY OF THE CITIZENS,
STREET DIRECTORY, BUSINESS DIRECTORY,
AND RECORDS OF THE
CITY GOVERNMENT, INSTITUTIONS, ETC.

No. XXXV.

BY SAMPSON, MURDOCK, & CO.,
Formerly SAMPSON, DAVENPORT, & CO.,

PUBLISHERS OF THE BOSTON DIRECTORY, BOSTON ALMANAC AND BUSINESS
DIRECTORY, NEW ENGLAND BUSINESS DIRECTORY, ETC.

OFFICE, 155 FRANKLIN STREET, BOSTON.

LOWELL, MASS.
JOSHUA MERRILL & SON, 78 and 80 CENTRAL STREET.

PREFACE.

Fifty-four years ago, in the year 1832, the first number of the Lowell Directory appeared, containing 90 small pages and about 1200 names. In his introduction, the compiler, Mr. Benjamin Floyd, says "Much pains has been taken to obtain all desirable information, but in many instances it has been found very difficult to designate by streets and numbers the residences of all the inhabitants, in the present unfinished and unsettled state of the place." These inconveniences continued for many years, and the street numbering was very incomplete up to 1851, when Mr. George Adams, the founder of the firm of Adams, Sampson, & Co. now SAMPSON, MURDOCK, & Co. undertook the publication of the Directory. Since that time Lowell has grown rapidly in population and business, and the Directory is now a portly volume of 852 pages, requiring many weeks of laborious and careful work for its preparation.

Special care has been taken this year to make the canvass more complete than ever, the result being a large increase in names, as will be seen by reference to the table of changes below.

The various departments of the book are believed to be complete and accurate, and fully represented in the Index to Contents on the opposite page, to which attention is directed. The Advertisements are worthy of careful notice, representing as they do very largely the business interests of the city. To our patrons, and also the many friends who have cheerfully furnished information concerning Societies, Churches, and Institutions, the thanks of the publisher are tendered.

SAMPSON, MURDOCK, & CO.

CHANGES IN THE LOWELL DIRECTORY.

Names in Directory of 1885.....	22,763
Names erased in compiling Directory of 1886.....	4,497
	18,266
Names added in compiling Directory of 1886.....	7,706
Names in Directory of 1886	*26,062
Increase over last year.....	3,299

*This number includes the names of 831 persons who have died or moved from the city during the year.

Sampson, Murdock, & Co., STATISTICIANS

— AND —

PUBLISHERS of DIRECTORIES

155 FRANKLIN STREET, BOSTON, MASS.

LOWELL STREET DIRECTORY.

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Central Street No. 170 is located, you look at Central Street upon page 22, and find that Church Street runs from 166 and Tyler Street from 188, showing that 170 Central, would come on the left, between Church and Tyler Streets.

When a street crosses another, numbers (or cyphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Cyphers are used where no numbers exist.

A STREET, from opposite 128 Powell.

ABBOTT, from 322 Central to 141 Lawrence.

ADAMS, from 21 Fletcher to junction of Market and Salem.

ALBERTYPE.

The Albertype process, as now perfected, stands pre-eminent
amongst the numerous photo-mechanical methods for the

PERMANENCY, BEAUTY, AND UNIFORMITY
OF ITS RE-PRODUCTIONS.

«Scientific, Historical and Medical Societies»

Will find it specially adapted to the illustration of their

Reports, Fac-Similes of Objects of Scientific Value,
MANUSCRIPTS, DOCUMENTS, &c.

IT IS EXTENSIVELY USED BY PUBLISHERS FOR THE ILLUSTRATION OF

GENEALOGIES, MAGAZINES,

COMMERCIAL CATALOGUES,

AND OTHER PUBLICATIONS.

In all cases, as when STEEL ENGRAVINGS, PAINTINGS, PHOTOGRAPHS,
&c., are re-produced, the prints will be found to combine all the finish
of the original, in detail, with the permanency and equality of an ink
impression.

Specimens and Estimates furnished on application.

Alarms are sounded as follows: 1—, then an interval of seven seconds; then 1—1; then an interval of twenty seconds; then repeat, which means Box 12, Market House. All compound numbers are struck the same.

One stroke dismisses; two strokes call out the entire department. Two strokes at 1.15 denote no school session in the afternoon.

The bells will be struck once at 1 o'clock P.M.

Keys to boxes are in possession of responsible persons in the vicinity of the signal boxes, also in the hands of the police. Citizens are requested to inform themselves where keys to the signal boxes are kept.

FIREMEN'S FUND ASSOCIATION.

Masta's Pulmonic Balsam

— FOR —

DISEASES OF THE THROAT and LUNGS.

It quickly checks the existing irritation, the cause of cough, quiets the disagreeable sensation in the throat and lungs, giving immediate ease and relief. It arrests that distressing feeling usually experienced, tightness and pressure at the chest; induces a free and easy breath; loosens the accumulating mucus, and expels it from the lungs.

Prepared from the balsamic and and resinous properties of medicinal roots and herbs, it possesses soothing and nourishing qualities to impart strength and tone to the system. An effectual and reliable means to relieve and arrest the first symptoms of irritation. Sold by all medicine dealers everywhere.

PRICE FIFTY CENTS.

NATHANIEL CUTLER, M.D.

MANUFACTURERS AND IMPORTERS OF

Surgical & Dental INSTRUMENTS,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public :

INVALIDS' ROLLING

— AND —

BATH CHAIRS,

TRUSSES,

A large assortment of best patterns from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bone. If the rupture is at the navel, the measure should be around the body at the navel.—N.B.—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity; the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, etc.

Also, Crutches of various and most improved kinds; Syringes, Rubber Urinals, to wear on the person day or night, for Males and Females; Galvanic Batteries, Hearing Trumpets, Auricles, and Conversation Tubes for the Deaf.

Together with many other articles for the use of the SICK and INVALIDS. Also, the largest and best assortment of

Atomizers & Nasal Douche,

To be found in the United States. A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician :

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers.

"The Committee have no hesitation in awarding for this superb exhibition the highest premium. * * * The various other instruments for inhalation of atomized liquids, and for Local Anesthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture. GOLD MEDAL.

(Signed), GILMAN KIMBALL, M. D., Chairman."

Arlington Wheat Meal.

AN UNEQUALLED FOOD FOR ALL.

Reasons why it is Preferable to Flour.

FLOUR is the only impoverished food used by mankind—impoverished by the withdrawal of the tegumentary portion of the wheat, leaving the internal or starchy portion. See the facts!

In chemistry we find that in 100 parts of substance—

Wheat has an ash of 17.7 parts;

Flour an ash of 4.1 parts,—an impoverishment of over three-quarters.

Wheat has 8.2 parts of Phosphoric acid;

Flour 2.1 parts Phosphoric Acid,—an impoverishment of about three-quarters.

Wheat has 0.6 Lime and 0.6 Soda;

Flour has 0.1 Lime and 0.1 Soda,—an impoverishment of five-sixths Lime and Soda each.

Wheat has Sulphur 1.5. Flour has no Sulphur.

Wheat has Sulphuric Acid 0.5. Flour has no Sulphuric Acid.

Wheat has Silica. Flour has no Silica.

SEND FOR CIRCULAR.

BEWARE OF IMITATIONS.

For Sale by all Grocers.

Endorsed by all Physicians as an unequalled food for Invalids and Families.

Pure Wheat Meal contains more life sustaining properties than any other food.

It is a natural food for every Brain Worker, containing the necessary Elements to strengthen the Brain.

People who live mostly upon flour will, if they use the Arlington Wheat Meal, find their expenses in this department diminished three-fourths. The Wheat Meal will go further and give four times as much nutriment as an equal amount of flour.

Laboring men can do their work with less exhaustion, because it contains more Sustaining Forces than any other food.

Children who feed on this need never be troubled with Cholera Infantum which destroys so many children.

REGIMEN AND DIET.

Every effort of the mind or movement of a muscle involves the expenditure, or waste, of nervous energy and vitality, in proportion to the magnitude of the effort; these wasted products pass off with effete substances from the body, while recuperation is effected by nutrition. The loss of *physical force* by using Common Flour is immense, which analysis proves. First, then, make use of

Arlington Wheat Meal,

(MADE FROM ALL THE WHEAT.)

A perfect food for Children, making them Strong and Vigorous—also imparts strength to the aged.

This article contains ALL THE WHEAT. In the coverings of the wheat are the Phosphates which go to constitute bone and muscle, and materially assist digestion by causing the rapid decomposition of the food. It is in this way the Phosphates in **Arlington Wheat Meal** act, giving new power and strength to the system.

Many cases of Dyspepsia of long duration have been cured by eating **WHEAT MEAL**, and it is a

POSITIVE CURE FOR CONSTIPATION.

Dogs fed by Magendie (vide Kirks & Paget's Physiology) on flour, died in forty days; other dogs fed on wheat meal bread flourished and thrived. The three-fourths impoverishment of the mineral ingredients proved fatal to the first. Why should mankind suffer from living on impoverished food as they do?

The history of the Roman Empire in the time of Julius Cæsar, shows that wheat, as an article of food, combined with fresh out-door air life, is capable of producing and sustaining the highest type of physical manhood the world ever saw. The empire was built up and maintained by soldiers whose main article of food was wheat.—See *Boston Journal of Chemistry*, February, 1875.
