World's "Largest Circulation"

Names and addresses of 39,977,700 passenger car owners and 8,427,900 truck owners . . . families and concerns who buy more than three-fourths of the nation's consumer goods . . . arranged by street and number . . . by city, county and state . . . by make of vehicle and year model . . . are available to the nation's largest advertisers. Yearly, R. L. Polk & Co. compiles for the automotive industry the official registration list of car and truck owners — the largest, most accurate mailing list in the world.

Through this great "circulation list," and through Polk's nation-wide direct mail advertising distribution facilities, the automotive industry and hundreds of other major concerns reach selected markets for their products . . . send advertising messages pin-pointed to the very prospect or customer they wish to reach . . . each advertising message imprinted with the local dealer's firm name and address, and sent to his own selected sales territory.

This world's greatest "circulation list" is a major sales tool used by industry to help move the goods and services that keep our economy rolling, helping to sell not only automobiles, but oranges, magazine subscriptions, vacation tours, and household appliances.

**DO YOUR EMPLOYERS FURNISH YOU WITH THE
LATEST EDITION OF THE CITY DIRECTORY?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight! • Out of Mind! • Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

OUR
SERVICES

YOUR
SERVICE

SAVINGS ACCOUNTS

There is no substitute for the good old-fashioned habit of **Saving**. You will find great comfort and satisfaction in accumulating a reserve fund which will give you financial security and be readily available when needed.

COMMERCIAL CHECKING ACCOUNTS

This is designed for business men and women and those who write a number of checks a month. It is especially suited to those who carry a moderate or large balance.

CHECKMASTER ACCOUNTS

You can walk into our bank, go to the convenient **Checkmaster** office and open an account with \$5, \$50 or any amount you wish. When you have signed your signature card, and the deposit ticket is filled in, the book of **Checkmaster** checks is handed to you, all neatly bound and with your name neatly printed on each check, plus your name in gold on a handsome wallet.

REGISTER CHECKS

For those who do not have a checking account, **Register Checks** up to \$200 are ideal for paying bills and sending money. You make them out and sign them yourself. Available to everyone at all offices at a minimum fee. Good money management needs good control.

COLLECTION DEPARTMENT

The prompt collection of domestic drafts, notes, trade acceptances and documentary items greatly facilitates business dealing with our commercial clients. Outside of Lowell we use our extensive correspondent connections in all parts of the United States, as well as in foreign countries for your service.

DRIVE-IN-BANKING

At two of the Union's branch banks, the Wamesit and the West Centralville, customers may use the **Drive-In** privilege of banking without stepping out of their cars.

Simply drive up to the window and be waited on promptly by this "automatic" method of streamlined service. It is not necessary to have a car, of course, to do business. Customers within walking distance will find the same services available as at any of our other branches.

BANKING-BY-MAIL

No matter where you live you can maintain an account with the Union National Bank of Lowell by mail. Special **Banking-By-Mail** envelopes are furnished for your convenience and you will save time, energy and transportation costs.

In this way, every mail box becomes a depositing window for the service of your account.

AFTER BANK HOURS

Our **Night Depository** is operated for the convenience of our depositors. If your business leaves you with money to be deposited after banking hours, you can safely make your deposit from the outside of our parent bank building, 61 Merrimack Street, or at the Wamesit or West Centralville Branches, any hour of the day or night. A protection service for store business and others who accumulate cash and are unable to deposit during regular banking hours.

WITHHOLDING TAX SERVICE

An official U. S. government receipt will be issued by us to any employer on receipt of **Withholding Tax Funds** which we will transmit to the Treasury Department without charge to you.

Many business houses find it convenient to accumulate the required amount by depositing it in a special **Withholding Tax Account** each pay day. This service is for the convenience of our customers.

TRAVELERS CHEQUES

We supply **Travelers Cheques** in convenient denominations. They constitute a safe and simple way to carry funds when traveling. They are readily accepted in hotels, shops and on shipboard. These cheques may be purchased at any of our offices. For your special protection, only **You** can cash them.

SECURITIES AND INVESTMENTS

At the request of our customers, we handle the sale, purchase, exchange and redemption of all securities.

DEPOSITORS INSURED

Every depositor wants and deserves safety for funds. In addition to the strength of the Union, our depositors are protected by our membership in the Federal Deposit Insurance Corporation which insures each depositor up to \$10,000.

AUTO LOANS

Automobile Loans to finance your next car are economical. Rates are moderate and repayment terms can be arranged to meet your requirements. Inquire about these bank auto loans.

MORTGAGE LOANS

For farms, homes or commercial property, the general practice is to arrange for a periodic reduction in principal by repayment in a series of installments which include interest. This is known as amortization. Please consult us when there is need for such funds.

TRUST SERVICE

The Union Bank specializes in the investment and management of property entrusted to its care by individuals, corporations and others. You may be interested in one or more of the following services:

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and

social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

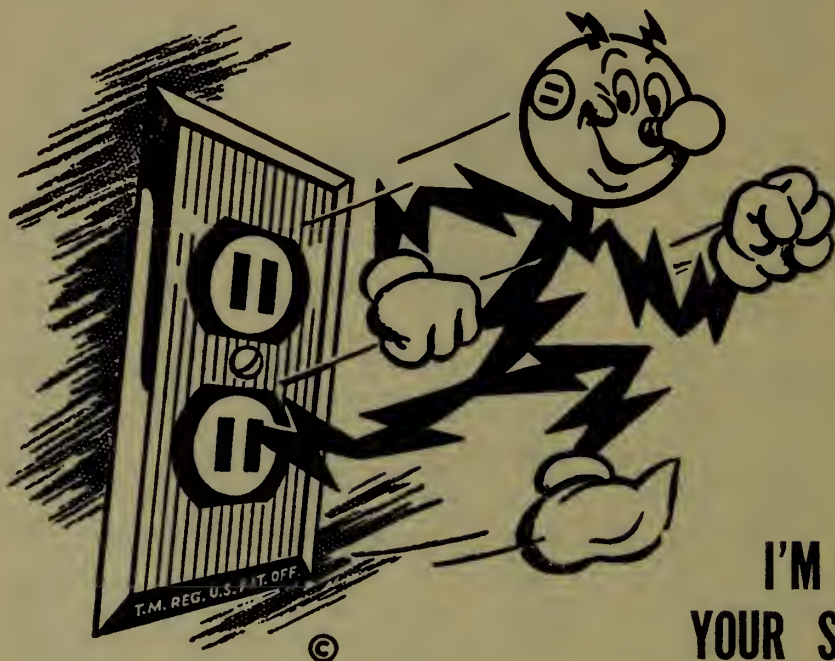

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
