1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the study and the objectives of the research.

2. The second part of the report is a detailed description of the methodology used in the study. It includes information about the sample size, the data collection methods, and the statistical analysis techniques.

Table 1: Summary of the results of the study	
Variable	Value
Mean	1.23
Standard Deviation	0.45
Minimum	0.12
Maximum	2.34
Range	2.22
Skewness	0.15
Kurtosis	0.12
Shapiro-Wilk's Test	0.98
Levene's Test	0.95
Normality Test	0.99

3. The third part of the report is a discussion of the results of the study. It compares the findings with previous research and discusses the implications of the study.

4. The fourth part of the report is a conclusion and a list of references. It summarizes the main findings of the study and provides a list of the sources used in the research.
