BUILDING RECORDS BROKEN BY PARKER

Local Contractor Speedily Completes Railroad Operation

Fred R. Parker, local contractor, is declared to have broken all building speed records in this vicinity in connection with the improvements to the office building of the Pennsylvania Railroad Company, South Clinton Avenue, which was damaged by fire.

At 8:30 o'clock the derrick was placed and then commenced the removal of the entire roof. The new roof was completed and water-proof at 5 o'clock the following afternoon, just 18 working hours having elapsed. The roof is known as a four-hip one, 60 by 70 feet.

WARDS.

The city of Trenton is divided into fourteen wards, which wards are subdivided into precincts or districts for the purpose of election of officers. There are 71 voting districts in the city.

The city, in 1837, contained two wards, known as East ward and West ward.

In 1851 South Trenton was annexed to the city and the Third and Fourth wards created. Two years later the Fifth ward was set off from the First, and in 1855 the Sixth ward was created by annexing Lambertton. The Seventh ward was set off from the Second ward in 1867.

The city continued to increase in population, and in 1888 Chambersburg and Milham were annexed to the city. The former added the Ninth, Tenth and Eleventh wards to the city, the latter the Eighth.

In 1898 the borough of Wilbur was added, making the Twelfth ward, and in 1899 a redistricting of the city created the Thirteenth ward from part of the Seventh. The Fourteenth ward was created by the annexation of a part of Ewing township in 1900.

The wards of the city of Trenton are bounded as follows:

FIRST WARD.

Begins in the middle of Warren street, at the Assanpink Creek, and runs thence northerly, through North Warren street to East Hanover; thence through East Hanover easterly to the Delaware and Raritan canal; thence through said canal northerly, to Perry street; thence through Perry street easterly, to Clinton avenue; thence through Clinton avenue northerly, to Belvidere railroad; thence down said railroad southeasterly, to Assanpink creek; thence down the said creek the several courses thereof, southwest and westerly, to Warren street and place of beginning.

MODERNIZING THE HOME

Dainty, Sanitary, Yet Economical

BATHROOM

and

LAUNDRY FIXTURES

should replace the old wooden top, germ laden sinks; bath tubs and laundry tubs.

Our model fixtures add to the value of the home.

The Caloric Heater

The original pipeless furnace — heats the

home through one register. No trouble or tearing out of walls to install. Costs little. **Saves one-third to one-half the coal bills.**

The Delco Light

The complete electric light and power plant—

lights the house and barn—runs all light machinery.

The Fireless Cooking Gas Range

Gas Range and Fireless Cooker in one.

Saves one-half of the gas bill.

Saves one-half of your time.

Saves one-fifth of your food.
