Bratton Circular Letter Co.

9 West Long Street

Columbus, Ohio

August 1st, 1913.

Mr. R. U. Wise,
Everywhere, U.S.A.

Dear Sir:-

More business is transacted by mail to-day than ever before, and the volume is constantly increasing. Are you getting your share? It has been proven by pioneer mail order houses that Circular Letter Advertising is positively the best and cheapest means of creating sales.

Our imitation typewritten letters challenge comparison with all others. They are so perfect that no difference between them and the original can be detected, besides, they cost no more than the ordinary printed ones.

We will write, revise, or criticise your letters. Produce them in quantities of from 50 to 500,000. Fill-in, address your envelopes, sign, fold, seal, stamp and mail.

We have built up our business from trial orders. Give us your next order as I feel confident that our work will satisfy you. Samples and prices for the asking.

Yours for business,
Bratton Circular Letter Co.

J. W. Bratton Mgr.

For Those Who Desire Something Better

The Duplex Furnace

Casing Removed, Showing Construction

THE DUPLEX is not a "combination" or compromise, and differs radically in principle and results from the so-called "combination furnaces."

THE DUPLEX is two independent furnaces in one case, each perfectly adapted to the fuel intended.

NO CHANGE in furnace is needed in changing fuel, and perfect results are obtained with either. Installed with

The Ideal Circulating System

gives results superior to Hot Water or Steam, with less First Cost and less Cost of Operation.

Don't arrange for any heating system until you have investigated this. We are putting heating systems in the best homes in Columbus.

The Ideal Heating Co., 16 and 18 E. First Av.

Citizens Phone 9687 ; Bell North 3483

For Those Who Desire Something Better

THE IDEAL HEATING SYSTEM

- ❧ Differs in principle and results from the ordinary hot air furnace.
- ❧ Has all the advantages of a hot water system without its disadvantages.
- ❧ Costs more to install than a common hot air furnace, but a great deal less than a hot water system.
- ❧ Costs less for fuel than either a furnace or hot water.
- ❧ Can be installed for use of either gas, or coal, or both.
- ❧ The only system in the world in which gas can be used successfully and economically.
- ❧ Can be equipped with automatic regulation if desired.
- ❧ Scientific, Sanitary and Successful.
- ❧ Suited to the smallest cottage or the largest church.
- ❧ **Do not install any Heating System until you have investigated THE IDEAL.**

FIRE INSURANCE

*"For of all sad words of tongue or pen,
The saddest are these—'It might have been!'"*
—Whittier.

Many causes may be responsible for a fire, but you alone are responsible if you lose.

I provide insurance that protects you from loss. The cause is not the question—the protection is what you want.

Better be safe than sorry

A City Directory Library

is maintained at the expense of
the publishers in which directories
of most of the cities of the country
are kept for the free use of the
patrons of the Columbus City
Directory. :- :- :- :- :-

R. L. Polk & Co.

Room 317

85 N. High St.

Things You Should Know

THE CITY DIRECTORY is the city in the concrete. Every fact about the city is to be found within its covers.

IT TELLS YOU how many manufacturers there are and what they produce.

IT TELLS YOU how many merchants there are and what they sell.

IT TELLS YOU how many professions are represented and who they are.

IT TELLS YOU who resides at every number on every street in the city.

IT TELLS YOU all about the street intersections and who lives between.

IT TELLS YOU who occupies every office building in the city.

And these facts are sent forth to the directory libraries in the other large cities throughout the entire country thus making Columbus known to the world.
