Notice! Please read the following before looking through this book

OFFICIAL ILLUSTRATED HISTORY AND DIRECTORY OF EUCLID, OHIO

This Book is the first of its kind ever published. Our purpose in writing this book is to give the people of Euclid, Ohio and the general public some idea of what Euclid is and what it is bound to become in the near future.

In it you will find many illustrations that will be interesting to you. A few of the beautiful private residences to be found in Euclid and the wonderful scenery in different parts of the Village that will surprise you.

The Directory part of this book is complete to date. It gives the names of all the Streets, and the names of all the people on them and the number of the house in which they live.

Time tables and Schedules of Trains and Busses. Location of depots. Air Mail arrivals and departures. Location of Air Mail boxes, etc.

In this Book is a new Zoning Map, showing plainly the location of every Street in Euclid. Business Maxims, Milage Charts, etc. Location of every branch Library in Cuyahoga County. A complete list of all Cities in the United States that have a population of 30,000 or over, and a great deal of other useful information.

A Book of this kind will prove invaluable to people living in Euclid, and for the information it will impart to other people coming to Euclid.

Don't fail to secure a copy of this book now, the first and only one of its kind that will be published. The price is \$1.50 in Cloth binding, or \$1.00 bound in paper cover.

TO SAVE TIME

For your consideration we are leaving this Book with you and one of our representatives will call for it tomorrow, if you wish to retain this copy please write your name and address below and have the purchase amount ready or state when you wish us to deliver you one.

Irwin, Councilman; Dean C. Finney, Councilman; John Sackow, Councilman; Ian H. Stranahan, Councilman.

EUCLID, OHIO

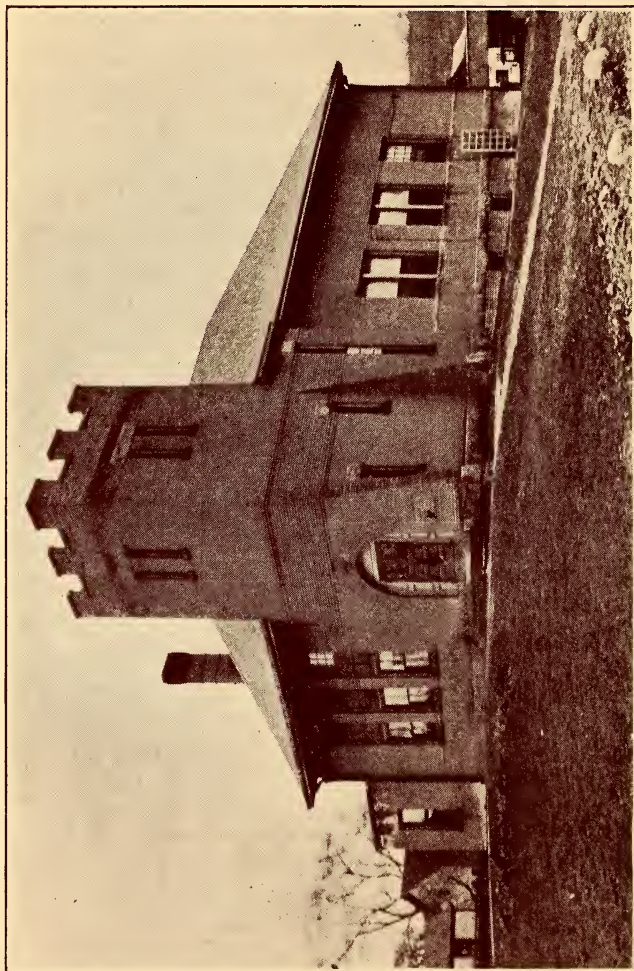

Has four miles of Lake frontage, lying ten miles east of the Public Square of the City of Cleveland, Euclid is without question one of the ideal spots for the some-seeker in Northern Ohio. Along the lake shore side of the town is the justly famous Lake Shore Boulevard Drive, one of the finest drives out of Cleveland, and which is rapidly being built up into a beautiful residential district. We have an eighty-foot boulevard the entire length of the City with two eighteen-foot strips of pavement on either side. This is an exceptionally well-lighted thoroughfare, as lights have been installed on both sides of the street.

Euclid, lying east of and adjoining Cleveland, is logically in a position to reap the benefits of these improvements. On the south side of the City we find the celebrated Euclid Avenue, the street that is known the world over and known to the traveling public as the Cleveland and Buffalo Route. Here again we have an eighty-six-foot boulevard with paved strips on both sides of the highway. The paving of the west end of the Village section of this road was just recently completed by the White Construction Company, as was the City's portion of same road by Floyd B. Stein, Inc., so that now we have a continuous good pavement right to the heart of the city of Cleveland one way and to the city of Buffalo, N. Y., the other way. No wonder it is known as the Cleveland-Buffalo Route. Through Euclid this boulevard runs along at the foot of a beautiful sloping tree-covered hillside, and here is being built a fine residential district.

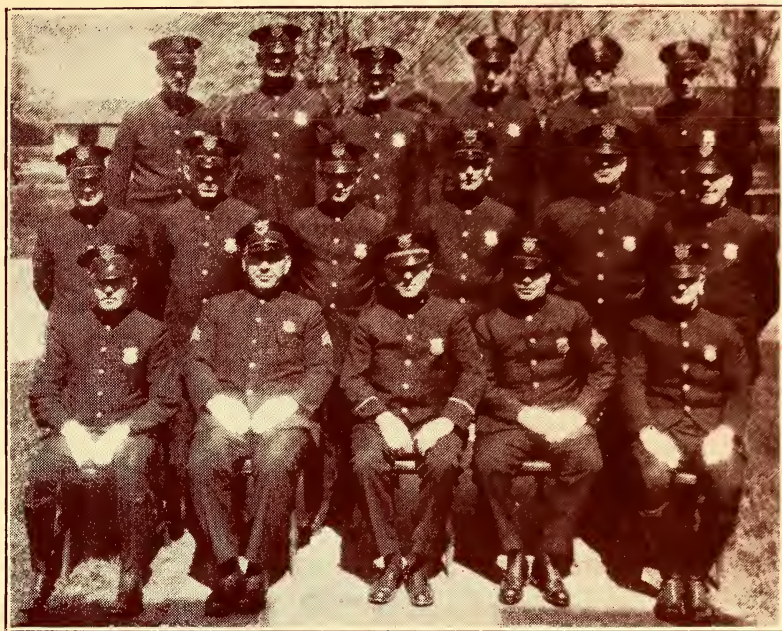

The advantages of this particular section are, overlooking Lake Erie and the town, fresh air, shade and with all city improvements, an ideal place for homes. Upon completion of the paving of Lake Shore Boulevard we will have another route through Euclid for automobilists that will probably be used as much if not more than Euclid Avenue, on account of its being a lake front drive.

East 222nd Street (formerly Bliss Road), the main crossroad through from Euclid Avenue to Lake Shore Boulevard. Euclid is paved. The members of the Euclid Chamber of Industry have been active in the proposed widening of St. Clair Avenue, lying midway between Euclid and Lake Shore Boulevard, and the extension of same as far east as the Chagrin River at Willoughby, Ohio. It is conceded that this will be accomplished, thus giving Euclid three main boulevards from east to west through the entire length of the Village, and will allow of a distribution of the traffic, the St. Clair Road being used for heavy loads and trucks.

POLICE DEPARTMENT

Euclid has a police force of fourteen men and is properly equipped, therefore it goes without saying that the Village is properly policed and has a reputation for such.

BANKING

The Guardian Bank, one of the leading banking institutions in the State of Ohio, is the legal depository for all Euclid funds and also handles all payments of cancelled bonds and coupons of Euclid a tremendous amount of work in itself. This bank also collects for Euclid all payments on bonds sold. All of this work has been carried on to the entire satisfaction of the Euclid officials and the business relations between the Guardian Trust Company and Euclid has been more than satisfactory.

Louis Harms and N. J. Brewer were elected Mayor and Clerk for 1910 and 1911. Brewer resigned in the beginning of 1911 and Fred H. Shoaff was appointed and served during 1911.

Mayor Louis Harms and Fred H. Shoaff were elected and served during 1912 and 1913.

Ralph L. Fuller and H. S. Dunlop were elected Mayor and Clerk for 1914, 1915, 1916 and 1917. Mayor Ralph Fuller resigned in November, 1916, and D. H. Pond, Vice-Mayor, was appointed Mayor and served the remainder of the term.

Mayor D. H. Pond and Clerk H. S. Dunlop were elected and served during 1918, 1919, 1920 and 1921.

Chas. X. Zimmerman and Chas. H. Cross were elected Mayor and Clerk and served during the years of 1922, 1923, 1924 and 1925.

The names of Village officials for the year of 1926 will be found on directory page.

Euclid owns its own Public Park, consisting of about eighteen acres of land situated on Lake Erie at Lake Shore Boulevard and East 222nd Street (formerly Bliss Road). Here the public can disport themselves in the waters of Lake Erie or take a quiet siesta 'neath the shade of large trees. Ample room for baseball or other games is found here and playground equipment for the young is supplied. An excellent dance hall is in evidence, as well as a place where one can obtain refreshments.

Euclid owns and operates its own sewer disposal plant and under plans approved by the State Board of Health takes care of the following cities and villages: Euclid, South Euclid, University Heights (formerly Idlewood), Beachwood Village, north half, part of County Sanitary District No. 3.

While the sewer disposal plant was finished in 1925, it is the consummation of a long, hard fought battle to obtain it, and the preparation of plans, profiles, contracts, together with innumerable objections, made it an almost heart-breaking task covering a long period of years. It is now an accomplished fact, and the greatest amount of credit must go to the Pease Engineering Company, for the burden of proof as well as of work was borne by this company, but they, as well as the citizens of Euclid, may well feel proud of the accomplishment.

Euclid owns and operates its own garbage incinerator plant and has established a system of collection and disposal that is very satisfactory. The incinerator plant, of the De Carie type, is located at St. Clair Avenue and Upson Road. This improvement shows the real progressive spirit of Euclid, for how many towns can boast of an incinerator plant? Contrary to all expectation, there is no odor or disagreeable features connected with this improvement. This plant was also built under the supervision of the Pease Engineering Company, the city engineer.

EUCLID IS SIXTEEN SQUARE MILES

HISTORY OF EUCLID, OHIO

Euclid is more than fortunate in having the service of two of the best railroads in the Eastern States to serve its needs.

Running from east to west and almost through the center of the city we have the New York Central and the Nickel Plate Railroads. These roads parallel each other the entire distance of four miles through the town and with the combined double frontage of sixteen miles give to Euclid an extra large amount of factory space and insures us of a wonderful business future for this community. When consideration is given to the fact that these roads are to be electrified in the near future and that Euclid has a zoning law that will keep the factory district from encroaching on the residential sections and yet retain the immense value contributed by same, it is no wonder that the very great possibilities of Euclid's future can be seen and appreciated by those looking for home-sites or investments. This is why Euclid is growing so rapidly and fast becoming one of the most up-to-date towns in the State of Ohio. This fact is probably best shown by the increase in propulation from 3,363 in 1920 to 10,503 in 1925.

Euclid has an area of approximately twelve square miles, room enough for a population of 150,000. The Ohio Bell Telephone Company has predicted (from actual survey) and will provide service for a population in Euclid Township of 22,400 by 1930, and 60,380 by the year 1940. This in itself is an assurance of the future rapid growth of Euclid. It also indicates that the residents of Euclid know the value of the service rendered by the telephone company and are taking advantage of it.

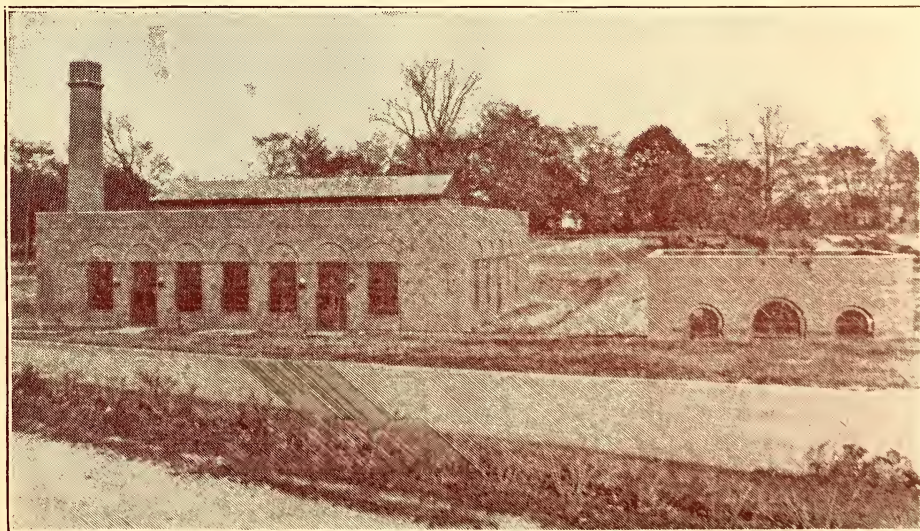

Euclid is one of the best lighted cities in the State of Ohio, having at this time about 600 400-candle power lights distributed through the city. Upon request, the Cleveland Electric Illuminating Company (from which Euclid gets its electric service), in conjunction with Nela Park engineering department, made a complete survey of Euclid's lighting needs and rendered a report of the present needs and plans for future lighting requirements.

The educational features of Euclid are most commendably taken care of by our School Board, the members of which are Nelson J. Brewer, Gertrude C. Witmer, L. L. Marshall, J. Leonard Evans and J. B. Clark, and under supervision of the Superintendent of Schools, Mr. W. A. Franks.

Office Employees

Miss Bernice Beck, Telephone Operator; Mr. Robert Topping, Clerk; Miss Irene Schwed, Abatement Clerk; Miss Katherine Telljohn, Assistant Clerk; Mr. George R. Hamilton, Assistant Clerk; Miss Jeanette Henderson, Stenographer. Reading from left to right.

Sewage Disposal Plant

Euclid's sewage disposal plant adjoins Euclid Park. Completed in 1925, this modern plant serves a great many of the villages surrounding Euclid, sewage being conducted thru miles of large trunk sewers to the lakefront site.

EUCLID, OHIO, INCINERATION PLANT

Built by The De. Carie Corporation Co. and put in operation in 1925

The incinerating plant, located along the New York Central Railroad
just west of Upson Road, serves several of the villages in
the vicinity of Euclid Village

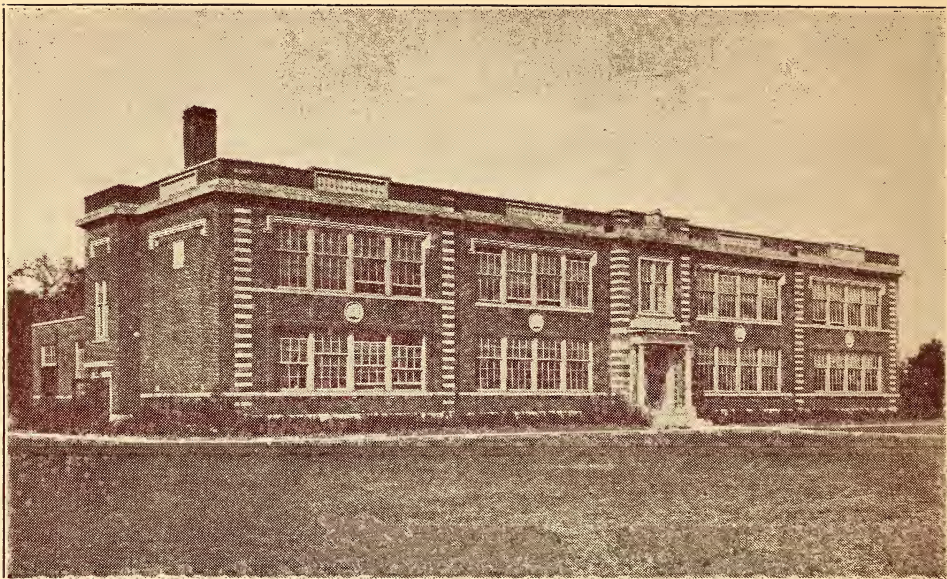

Euclid Central School on Chardon Rd., One Block South of Euclid Avenue, Euclid, Ohio

At the present date Euclid Village has five public school plants housing its school population, Euclid-Central on Chardon Rd., a block north of Euclid Ave., at Stop 10; Shore School, Bliss and Babbitt Rds. at Stop 133 Lake Shore Blvd.; Roosevelt School, E. 200th St. at Monterey Ave.; Noble School, corner of St. Clair Ave| and Babbitt Rd., and Upson School, E. 260th St., one-quarter mile south of Lake Shore Blvd., Stop 139. Of these five, Euclid-Central and Shore both house first grade high schools, Junior high department and all primary and intermediate grades from the kindergarten to twelfth inclusive. Roosevelt provides for grades one to eight inclusive, and Noble and Upson one to seven inclusive, though next year all eight grades are contemplated being provided at the two last named schools.

The Euclid schools have semi-annual promotions occurring at the end of each semester. Grade cards are handed all pupils at the close of each six weeks' period. The Junior High schools at present consist of the seventh and eighth grades, while the senior highs include the ninth to twelfth inclusive.

Both Euclid and Shore senior

highs are first grade high schools chartered by the State of Ohio and inspected annually by the State Department of Education. Both schools also are members of the North Central Association of High Schools and Colleges, which means that they must conform to the high scholastic standards of the association. Through membership in this association graduates of both high schools of Euclid Village are admitted to colleges and universities of the North Central Association without examination providing they are in the first, third or fourth of the class according to the college's ruling. Owing to the great increase in college enrollment the last few years all schools of higher education are making very careful selection from the large number of boys and girls from high schools who are seeking admission to the various colleges and universities. About one-third of the graduates of the Euclid Village High schools enter institution of higher learning. The last two years no student in college was reported to the principals as having failed in his work. The management of the local schools has striven thoughtfully and earnestly to improve the standards of scholarship each year.

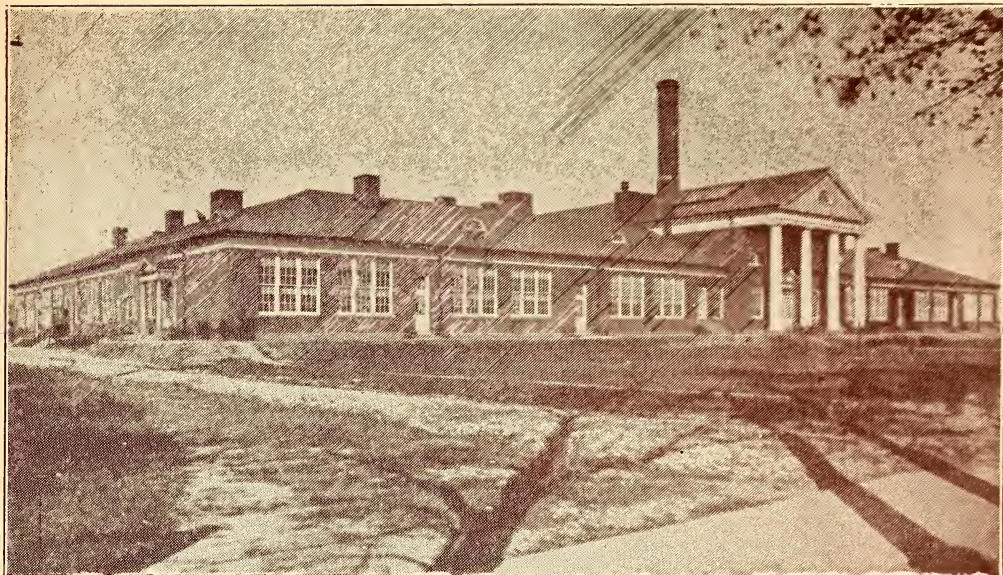

***Upson School, East 260th, One-Quarter of a Mile South of
Lake Shore Blvd., Euclid, Ohio***

Both Euclid High schools are members of the National Honor Society, which admits only schools of the best standards and achievements. The qualifications for membership in this society are character, scholarship, leadership and service. Only members of the junior and senior classes of the senior high schools are eligible to membership in this National Society, which has an organization in all the leading high schools of the United States and is comparable to the Phi Beta Kappa Honor Fraternity. Both schools also have membership in an honorary athletic association which has as its requisites for membership scholarship, excellence in athletic competition and co-operative effort.

The high schools are members of the Greater Cleveland Conference, which consists of eight high schools as follows: Shaker Heights, Rocky River, South Euclid-Brush, John Marshall, West Commerce and Longwood, together with the two local schools, Euclid-Central and Euclid-Shore. Two years ago Shore High school won the basketball championship of this conference, while last fall Euclid-Central, though the smallest school in point of numbers, won the football championship, having defeated each school of the association during the season and having its own record perfect.

Euclid schools have special supervisors of Art, Vocal Music, Instrumental Music and Orchestras, Physical Education, Domestic Arts and Manual Training. This coming year Domestic Arts and Manual Training will be included in the work at each school in the Village for the junior high divisions and the upper grades. An instructor to supervise Physical Education for the boys and Manual Training at all ward schools will start work this fall. At the high school adequate machinery and tools are maintained in the manual training shops which are under supervision of a special teacher. At the three larger schools classes in cooking are a part of the regular program, while this coming year classes in sewing will be offered at all the schools in the Village for the older girls.

The Musical Department has long been noted for its excellence as is evidenced by the production during the last two years of the rather difficult operas, "The pring Maid," by Reinhardt, and "The Mikado," by Gilbert and Sullivan. The coming year emphasis will be placed upon instrumental work and ensemble classes will be offered to pupils desiring instruction in band and orchestral instruments. This individual instruction is offered free to all pupils.

Roosevelt School, Corner East 200th Street and Monterey Avenue Euclid, Ohio

Regular and systematic gym work for each pupil in the public schools beginning with the first grade and continuing throughout the high school is under the general supervision of the Physical Education Department with a lady instructor in charge of the older girls and young men for the upper grade and high school boys.

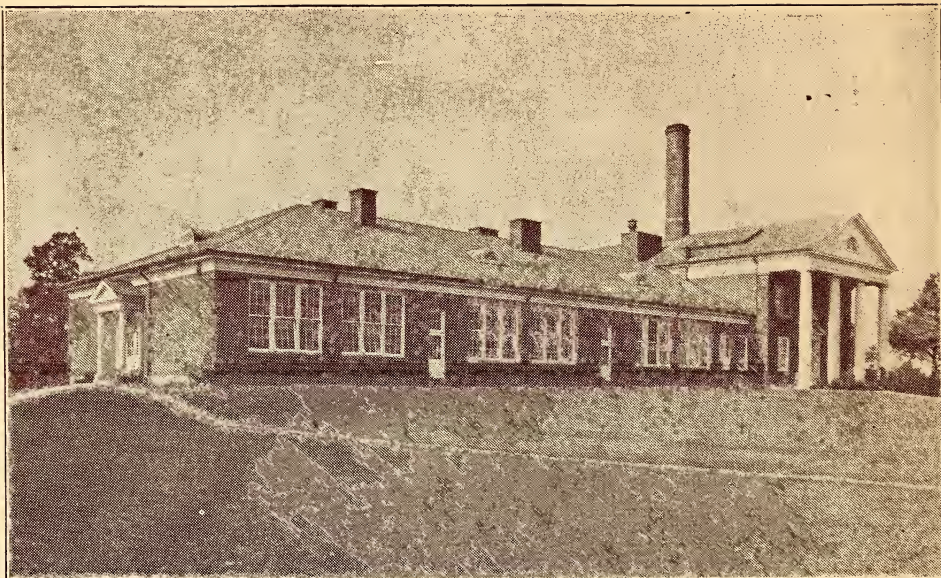

During the school year the Euclid schools have the co-operation of the Cleveland Museum of Art, The Cleveland Museum of Natural History and the Western Reserve Historical Museum. Classes in charge of their teachers visit these various museums and receive instruction and listen to interesting talks from the instructors and those in charge of the museum work. Also at various times during the year interesting lectures are given by representatives from these museums and by various other speakers.

The growth of the Euclid schools in enrollment has been a steady increase. Ten years ago the total enrollment was 419. Last year 2222 were enrolled with a corresponding increase of teachers from 19 to 85. The enrollment as of June 3, 1927, closing the last school year, was as follows for each building: Euclid, 491; Shore, 615; Roosevelt, 716; Noble, 247, and Upson, 153. Distributed by departments these num-

bers indicated a total of 1494 in the first six grades, 380 in the junior high schools, and 348 in the senior high schools. Last year's graduates from both schools numbered 56, the largest in the history of the schools.

The school census, which was completed May 31, 1927, gave 2704 of school age residing in Euclid Village as against a total of 2399 for the preceding year, or a net gain of 305, or nearly 13 per cent increase over the preceding year. These figures indicate as accurately as any statistics the real growth of Euclid Village and would indicate as a conservative estimate a population of about 11,000 or 12,000 for the incorporated limits of the Village. The enrollment in the Euclid schools for the fall of 1927 was an even 2500 or an increase of 400 over the enrollment the same time the preceding year. To care for this increased enrollment additional teachers have been added to the teaching force until the total reaches 100 instructors.

The Euclid schools have the unique distinction of being the largest exempted village schools in the State of Ohio, according to the recent report of the State School Superintendent. They also are unique in having two first grade high schools located so as to serve the patrons conveniently.

Noble School, Corner St. Clair and Babbitt Road, Euclid, Ohio

The Board of Education has wisely provided additions whenever needed so that each child in the Euclid schools is enabled to have his own desk and a full school day. All school grounds have been landscaped during the last year. During the summer the buildings have been painted and renovated wherever necessary. The board is providing two splendid athletic fields for each of its two high school. These will include football fields, quarter-mile running tracks, baseball diamonds and tennis courts. The Osborn Engineering Company, specialists in athletic fields and their layout are directing this feature of the work. Another improvement which the local board is providing for all its

schools is the installation of gas at all its buildings for laboratory, cafeteria and cooking classes. Modern stoves of the latest type are being installed this summer in all Euclid school buildings.

With the steady movement of city dwellers to the suburbs, the Euclid schools will continue to grow rapidly as they have during the past few years, an increase of 160 per cent having occurred during the past five years. Dr. A. E. Winship, editor of the American Journal of Education at Boston, after a personal visit to the schools at Euclid Village, pronounced them as being one of the best in personnel and plan equipment of any of the smaller cities in the United States.

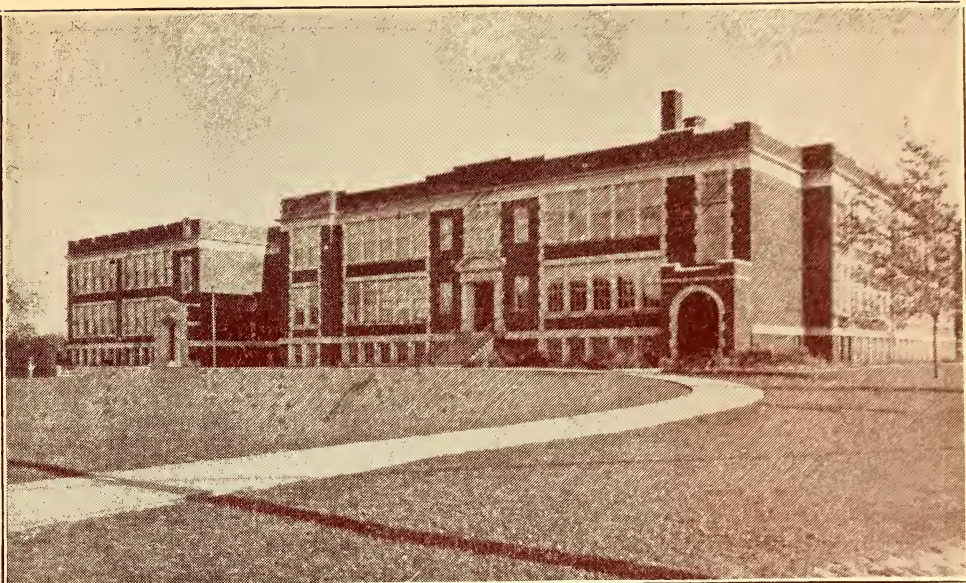

JUST A MOMENT

By Charles W. Mears

The world is beginning to see that to be a successful business man is a decidedly reliable proof of a man's character. A man cannot cheat and survive. He cannot lie and stay in business. He cannot be a drunkard or his business will run away from him. His promises must be kept, else he will find nobody any longer accepting them. He cannot be lazy without finding that competitors have outdistanced him. He must give value received or lose his customers.

There was a time when business men thought it smart to trick their customers into transactions unprofitable to the customers. Nobody but a fool entertains any such thought today. Today every stable business man knows that the one thing that keeps him in business is his ability and his willingness to give the customer a profit on every purchase.

Among moral training schools there is none more exacting than the grinding mills of business.

Shore High, E. 200th Street(Bliss Rd.) Babbitt Road and Lake Shore Boulevard, Euclid, Ohio.

EUCLID PUBLIC SCHOOLS

Of these Euclid-Central and Shore both have first grade High Schools, Junior High Department and all primary and intermediate grades located in the respective buildings. Roosevelt Noble house all grades, including Junior High Schools, which have been established during the last year at each school.

The Euclid schools have semi-annual promotions occurring at the end of each semester. These promotions include the first eight grades, and for the first time this year a group will be promoted from 8-A to the Senior High School. The Junior High Schools consist of the seventh and eighth grades. The Senior High Schools, the ninth to twelfth, inclusive. Both Senior High Schools are members of the North Central Association of Secondary Schools and Colleges, which means that they must conform to the high scholastic standards of the association.

BUSINESS MAXIMS

Diligence is the Mother of good luck.

God helps those who help themselves.

Drive your business; don't let it drive you.

Handle your tools without mit-tens; a cat in gloves catches no mice.

Three removals is as bad as a fire.

Pride is a loud beggar as want, and a great deal more saucy.

Be strict in your engagements; do nothing carelessly or in a hurry.

Be prompt and decisive with your customers.

Be always at the head of your business; if you don't it will leave you.

If you can't get a job, create one.

FACTORY ADVANTAGES

The advantages of Euclid, Ohio, as desirable for a location of industries is well established and recognized by experts in industrial plant locations. J. D. Kunkle of the Kunkle Factory Site Service, exclusive dealer in factory sites, states that more industries in the past few years have located in this community than in any other similar area in Greater Cleveland.

All of the area between Euclid Avenue and St. Clair Avenue is available for industrial development and equals in area one-fifth of all industrial sites in Cleveland. Factory sites in Euclid Village can be purchased at a very reasonable figure considering availability of labor and transportation, and it is reasonable to believe that the next few years will see an even greater development than has occurred recently.

Within the past few months, the National Iron & Wire Company has acquired the former E. W. Bliss plant through the Kunkle Factory Site Service, and the Cleveland Trencher Company has erected a new plant on St. Clair Avenue near Cut Road, and negotiations are now progressing whereby a plant employing several hundred men is expected to locate in Euclid Village.

*M. and G. L. Okross Residence, 774 E. 232nd Street.
Contractors and Builders of Homes*

Engineering Department

Read, left to right—Mr. A. T. Stewart, Chief Draftsman; Mr. Paul Topping, Rodman; Mr. S. M. Purvis, Draftsman; Mr. F. A. Thomas, Village Engineer; Mr. V. M. Clark, Deputy Village Engineer; Mr. Arnold Turkel, Assistant Engineer; Mr. E. W. Bailey, Field Engineer; Mr. T. S. Wall, Rodman.

The engineering department of Euclid was established in April, 1926, at which time Frank A. Thomas, formerly paving engineer for Cuyahoga County, was appointed engineer. Assistants were appointed as the increase in the work made necessary, until at the peak of the busy season in 1927 about fourteen men were employed.

The original quarters of the department, a small room on the main floor of the Town Hall, became much too small, and an addition to the building was made for the engineers, consisting of a main office and a drawing room.

At the time the accompanying photograph was made, in October, 1927, the force had been decreased to eight men, as their busiest season was about over.

Euclid owns and operates its own Fire Department, located on East 222nd Street (Bliss Road), near the New York Central Railroad. The fire station is a modern, up-to-date building in every respect, and was built under the supervision of Fulton & Taylor, architects. The equipment is of the very latest type obtainable, the engine being an American La France type, and has proven to be a success over a period of three years. During this time the department has been under the management of Chief Chas. Ballou, formerly a fire chief in the City of Cleveland, and a most efficient officer. The American La France engine has performed remarkably well and given all service required of it under all kinds of tests.

ROSE-MARY HOME

*ROSE-MARY—The Johanna Grasselli Home for Crippled Children,
Was Founded for the Care and Education of Mentally
Normal Crippled Children*

19500 Euclid Avenue, Euclid, Ohio

DONATED BY MR. C. A. GRASELLI

A Happy, Healthy, Well-Fed Group. May God's Blessing Rest on All Who
Have a Share in Making This Home What It Is Today

SEPTEMBER of the year 1922 found the deed of this ideal property safe in the hands of our Right Reverend Bishop, who in his characteristic way quickly arranged preliminaries, and October the fifteenth dedicated the home, in memory of Johanna Grasselli, to our Blessed Lady under the beautifully significant title "Rosa Mystica." The fact of the home being dedicated to Mary under this lovely title induced Mr. Grasselli to style it "Rose-Mary," by which name it is familiarly known.

Many hours of pleasure and amusement have been enjoyed by our little children through the thoughtfulness of The Knights of

Columbus, The Rotary Club, The Christ Child Society, The Letter Carriers' Band (under the direction of Mr. Newman), The Cleveland Candy Club, The Newsboys' Band, The Cleveland Plain Dealer, The Press, The News, The Cleveland Automobile Club, Mr. P. J. Daley, Mr. and Mrs. James Braden, Mr. and Mrs. Frank Randel, Mr. and Mrs. James D. Cantillon, Mr. and Mrs. Frank Hoge, Mr. and Mrs. Thomas Brinsmade, Mr. Albert Friedman, Loew's State Theater, and many others who have given the use of their automobiles in transporting the children back and forth on these pleasure trips.

To all, the Sisters wish to express their cordial gratitude.

EUCLID CHURCHES

The churches of Euclid are well located to meet the religious needs of the community, as a glance at the following table will show:

BAPTIST—This church is located on Chardon Road just north of Euclid Avenue, and is diagonally opposite Euclid-Central High School. Established 105 years ago, it is the oldest church of its denomination in the country. It is equipped with a stone church and a parsonage and will erect a Sunday school building in the Spring.

CATHOLIC—St. Paul's Church is located on Chardon Road and East 200th Street. This church is equipped with a church edifice, a priest's house and a parochial school building. A beautiful Catholic cemetery adjoins the church property.

Holy Cross—A very large and beautiful site for this church has been secured on Lake Shore Boulevard. The church will be erected in the near future.

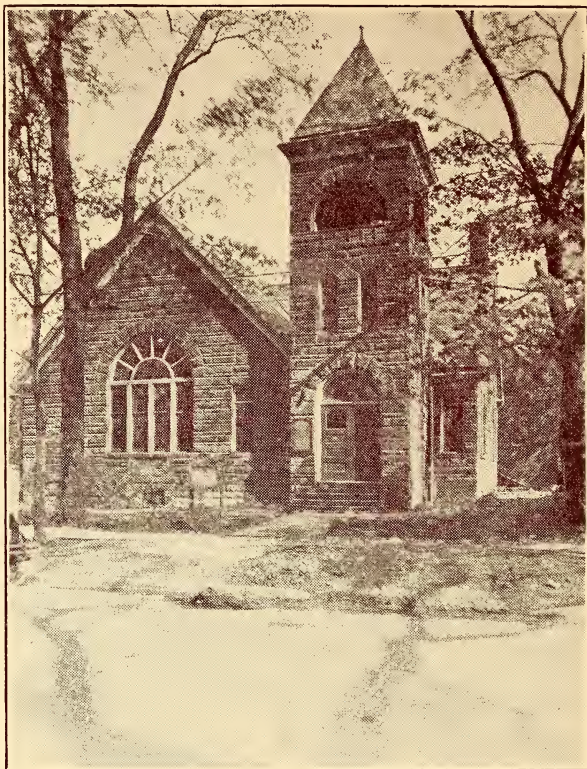

New Catholic Parish in Euclid Named in Honor of St. Christine

A third Catholic parish is being established in Euclid to be known as St. Christine, with its center in the vicinity of St. Clair Avenue and Bliss Road. Regular services are already being held under direction of the new pastor, Rev. Joseph Czirbusz, who comes from Philadelphia, and who has been appointed by Bishop Joseph Schrembs to have charge of the parish.

A most interesting fact in connection with the new parish is that it has been planned by Bishop Schrembs in honor of St. Christine, whose relics were given to the bishop by Pope Pius and which the bishop brought to Cleveland last August. This is the first parish to be so named in this diocese and one of the St. Christine relics will be kept in the new church permanently when it is built.

Announcement has been made by the new pastor that a church, a school and a parish house will be erected as soon as possible. As a long step towards permanent buildings, land for the three new buildings has been donated to the parish by the Edwards Land Co. of Cleveland, which owns a large allotment at the northeast corner of St. Clair and Bliss Road, formerly the Dr. Arms farm. The tract given to the church has a frontage of 250 feet on the east side of East 222nd Street (Bliss Road) and extends to East 223rd Street. It has the same frontage of 250 feet on the west side of East 223rd Street.

Bishop Schrembs, through Rev. J. A. McFadden, chancellor, has given out a letter containing this statement: "The Right Reverend Bishop is very grateful for this splendid piece of land that the Edwards Land Co. donated, for it will care for a territory that is rapidly developing."

Euclid Baptist Church in 1927

Euclid Ave. and Chardon Rd., Euclid, Ohio

Oldest Baptist Church in the County

Officers of the church at this time are:

Pastor, Rev. William S. Lake.

Clerk, Mrs. E. Q. Eminger.

Treasurer—Roscoe E. Scott.

Financial Secretary—L. C. Shank.

Sunday School Superintendent—William White.

Trustees—H. L. Ferrell, G. W.

Slusser, H. M. Pempin, A. W. Rayder.

Deacons—William White, F. D.

Graves, R. E. Scott, L. C. Shank, Geo.

W. Slusser, J. M. Brewer.

HISTORICAL

1820—April—Organization of The Euclid Baptist Church—the first church of its denomination in Cuyahoga County.

1821—Dedicatory services of the first church building of the denomination in Cuyahoga County—a frame structure. The early minutes of the church—now in the Western Reserve

Historical Museum, Cleveland, show that when the money was raised for this building, 20 per cent of it was "paid in advance in wood-ashes and the balance by the first of January (1822) in grain; wheat at \$1.00; rye 75 cents and corn at 50 cents per bushel."

1844—March—Incorporated as a religious body on March 12 under the laws of the State of Ohio.

1861—First parsonage was built. Building still standing. Succeeded as a parsonage about 1910 by the present stucco residence.

1869—June—Death of John Wilcox, an "early settler", at the age of 82. Mr. Wilcox was the donor of the land (225x175) upon which the present church and parsonage stands.

1879—September—The present church bell—worth about \$300, given to the church by Mrs. John Wilcox as a memorial.

1833—February—Moses White, a member, was dismissed in order that he might become one of the founders of the First Baptist Church of Cleveland. Deacon White had come to Cleveland in 1817, when it numbered only about 150 inhabitants; he found only two professing Christians in the "city." Deacon White served the First Baptist Church for 48 years, living to be over 80 years of age. Judge Bishop, Mr. White's son-in-law, bought the property at the corner of Euclid and East 9th Street and held it for the First Baptist Church until the Church was able to pay for it.

1848—April—The members of the Euclid Baptist Church received a letter from the brethren in Cleveland to send delegates to recognize the "Second Baptist Church" (now known as the Euclid Avenue Baptist Church).

STATISTICAL

| | |
|-------------------------------|-----|
| Church Membership | 150 |
| Sunday School Membership | 220 |
| Ladies' Aid Society | 35 |
| Women's Auxiliary | 20 |
| Young People's Society | 30 |

Euclid covers 12 square miles of territory and has a population of 10,000 people; its boundaries extend from Lake Erie to the top of Chardon Hill and from the Quarry railroad tracks (Cleveland) on the west to the village limits of Wickliffe on the east, and has the distinction of being one of the first settlements in the Western Reserve territory.

During 100 years the Euclid Baptist Church has passed through its portals many great men and women who have been identified with the early life of the city of Cleveland. Its present and future ministry demands a better equipped church plant to fulfill its province.

The city is now growing as never before and, to use the words of Theodore Burton, "Euclid is growing faster than any other part of Greater Cleveland and due to the present tendency of people to locate in the environs of a great city, Euclid is destined shortly to have a vast population mainly of industrial workers."

CONGREGATIONAL—This church is located on Euclid Avenue and East 214th Street. It worships in a neat and well equipped chapel. The site is beautiful and large enough to meet all future expansion.

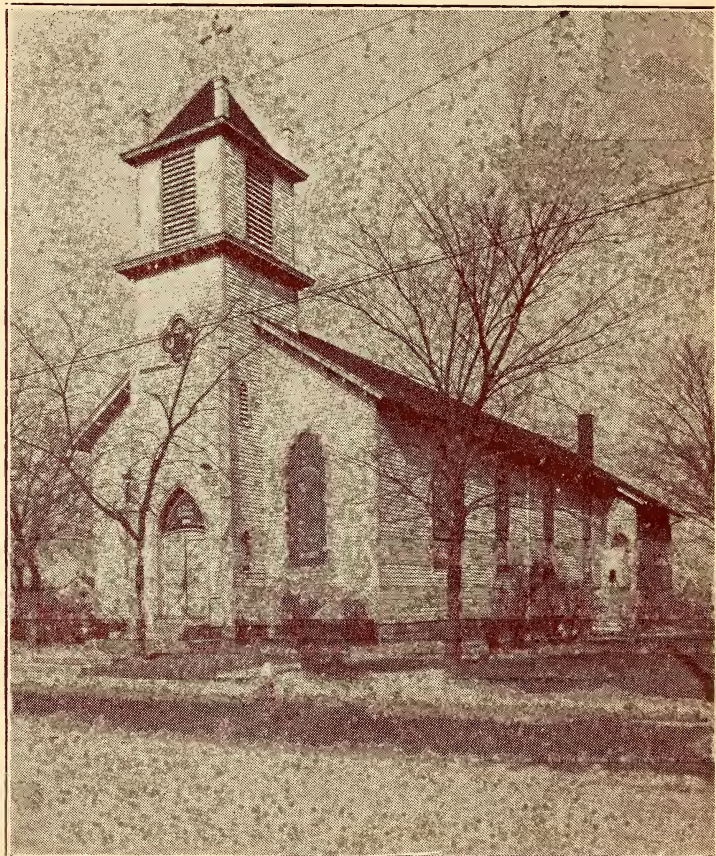

LUTHERAN—The Lutheran Church now meets in the Shore High School. It plans to build soon, probably on Bliss Road.

REFORMED—This church is now located on Chardon Road and East 200th Street. It plans to build a new church edifice on Euclid Avenue.

PRESBYTERIAN—**Beachland Union Church** is located on East 185th Street and Abbey Road. It has a well equipped chapel, recently enlarged.

Noble Union Church—This church is located on the corner of St. Clair Avenue and Babbitt Road and is opposite Noble School. It has a neat church and Sunday school building, which has just been improved and enlarged.

These churches labor to promote the moral and spiritual welfare of the Village. An indication of their progressive spirit and flourishing condition is seen in this: That half of the churches have recently improved their church plans and that every one of the others plan to build in the immediate future.

C. B. Knuth's Present Greenhouses, 21601 Euclid Ave., Euclid, O.

The following story as given to the editor, of how one man by hard work and patience, won success, starting with one tiny green house. But let him tell his own story.

Just a little history of how I came to be in the florist business:

In Aug., 1900, I rented 2 acres of land and a dwelling for \$11.00 per month, from H. P. Winters, who was located on St. Clair Avenue near Eddy Road, better known as Glenville in those days. I bought my first hot bed sash, 1 plow and 1 cultivator for the sum of \$12.00. With these sash and a few more I built my first hothouse, which was 11 ft. wide and 30 ft. long, amounting to 330 sq. ft. of glass. I was gardening at that time and growing leaf lettuce in the hothouse.

Someone gave me their bed of geraniums one fall, and from the lot I grew 85 doz., which sold at that time for \$1.00 per doz., and I remember well a dollar a doz. for geraniums those days looked as big as a cart wheel to me. Having had no experience in a greenhouse, I did the best I knew, and paid dearly for some of my experiments. In 1911 I bought 4 acres of land from John Davis, where I am located at present.

There was nothing but grapes on the land at that time, and with a lot of hard work I have at the present time 25 houses amounting to about 50,000 sq. ft. of glass, growing a complete line of bedding plants for wholesale and retail trade, growing annually about a half million plants, mostly all sold at the greenhouses. I consider I have one of the best retail bedding plant businesses near the city of Cleveland, and I am not sorry that I am located in Euclid. Above is a picture of Mr. Knuth's present extensive greenhouses.

BIRTHDAYS:

Monday's child is fair of face;
 Tuesday's child is full of grace;
 Wednesday's child is loving and giving;

Thursday's child works hard for a living;

Friday's child is full of woe;
 Saturday's child has far to go;
 But the child that's born on the Sabbath day

Is blithe and bonny and good and gay.

Certain flowers symbolize the months of the year.

Snow drop, January; Primrose, February; Violet, March; Daisy, April; Hawthorn, May; Honeysuckle, June; Water Lily, July; Poppy, August; Morning Glory, September; Hops, October; Chrysanthemum, December.

Wedding Anniversaries

First, Cotton; Second, Paper; Third, Leather; Fourth, Fruit and Flowers; Fifth, Wooden; Sixth, Sugar; Seventh, Woolen; Eighth, Indian Rubber; Ninth, Willow; Tenth, Tin; Eleventh, Steel; Twelfth

Silk and Fine Linen; Thirteenth, Lace; Fourteenth, Ivory; Fifteenth, Crystal; twentieth, China; Twenty-fifth, Silver; Thirtieth, Pearl; Fortieth, Ruby; Fiftieth, Golden; Seventy-fifth, Diamond.

HOLIDAYS

January 1st, New Year's Day in all states (including D. C. and Alaska) except Kansas and Mass. (In Maine a bank holiday only legally.)

May 30th. Decoration Day: In all the state (and D. C. and Alaska) except Florida, Georgia, Alabama, Mississippi, North Carolina, South Carolina, Tennessee and Texas.

December 25th. Christmas Day: In all the states (except Kansas) and D. C. and Alaska.

There is no national holiday, not even the 4th of July.

Birth Stone. Garnet, January; Amethyst, February; Blood Stone or Jasper, March; Diamond or Sapphire, April; Emerald, May; Agate, June; Ruby or Onyx, July; Sardonyx August; Chrysolite, September; Opal or Beryl, October; Topaz, November, Turquoise or Ruby, December.

YOU CAN'T TELL THE SIZE

You may think a sin is harmless
When diminutive in size,
But it's big enough to rob you
Of a mansion in the skies.

* * * *

The men who try to do something and fail are infinitely better than those who try to do nothing and succeed.

* * * *

Associate with men of good quality if you esteem your reputation. It is better to be alone than in bad company.

* * * *

When America was first discovered, men traveled miles and miles to find a place to settle.

Nowadays men travel miles and miles so they won't have to settle.

* * * *

"Honor is a strange commodity. It can not be divided and sold in part. All or none is the rule of the market. While it can be sold in a way, it can not be truly bought. It vanishes in the transfer of its title and is no more. Who seeks to buy it gain only loss. It is the one thing which distinguishes manhood from property. Who sells his honor sells his manhood and becomes simply a thing of meat and blood and bones—a thing to be watched and driven and cudgeled like an ox—for he has sold that he can not buy, not if all the riches in the world were his.

SERVING EUCLID SINCE 1916

BUILD YOUR HOME IN EUCLID

Euclid is a city of home owners, and it is our desire to help make it a city more beautiful and better homes. To every man and woman the building of a home should be an event of the keenest pleasure. It offers the opportunity to work out expression of your own individuality and taste, and all the while you are planning, you are conscious that you are building for the far future and that the structure you are bringing in to existence is to be your home for many years, perhaps for a life time.

With this end in mind, we invite you to bring your building problems to us, and we shall be pleased to place all facilities at our disposal in assisting you to construct your home along architectural lines of beauty and refinement so that we may have a city of well proportioned homes rather than ones misfit and unattractive.

AND BUILD IT TO LAST

We take a natural pride in the quality of our lumber, Long Bell Cypress, Weyerhauser White Pine, Grade Marked Dimension, Premier Standardized Woodwork, Paine Miracle Doors, Weatherbest Stained Shingles, Sifo Quad Asphalt Shingles, etc. The best is none too good for your home and that's what we sell.

Not only that but in keeping with our policy of BETTER LUMBER, all our lumber is neatly piled under cover until you are ready to use it. Whether you are planning to build this year or not, we invite you to come in and see us. We will be pleased to show you our quality material and will give you ABSOLUTELY FREE a plan book containing pictures and floor plans of over 100 homes and several pages of practical hints for builders and prospective home owners.

It will be interesting for you to see the different grades of lumber and you will appreciate your home more for having personally selected the quality items that were or are to be used in the building of same.

The Cleveland Tractor Co.
Cleveland, Ohio U.S.A.*

The Cleveland Tractor Company comprises seven acres of floor space. The Company has been manufacturing Cletracs—the trade name under which its product is made and sold—for more than ten years and is one of the largest builders of crawler tractors for both farm and industrial uses, in the world. The location is at E. 193rd Street and Euclid Avenue, Euclid, Ohio.

Above Shows One of the Oldest Houses in Euclid, O., Called the Brush Residence, the Early Home of Charles Francis Brush, Inventor of Brush Electric Light, Etc.

CHARLES FRANCIS BRUSH, Scientist, was born March 17, 1849, in Euclid Township, Cuyahoga County, Ohio. His father was Col. Isaac Elbert Brush, an early manufacturer of woolen products in Orange County, New York, who in 1846 removed to Ohio, where he engaged in farming. His mother was Delia Williams (Phillips) Brush. Through both families Mr. Brush traces his descent from English ancestry. On the paternal side the founder of the American branch of the family was Thomas Brush, who, coming from England in 1652, settled near Huntington, Long Island. The first of his maternal ancestors to settle in this country was the Rev. George Phillips, an Episcopal clergyman, who came with Gov. Winthrop and settled near Boston in 1630.

To no other agency does the scientific and material progress of our time owe more than to the development of the practical utility of electricity in its application to lighting and power systems. The pioneer in this development was Mr. Charles Francis Brush, whose invention of the Brush arc light and subsequent achievements of equal importance in the electrical field have been of such a character as to be epoch-making

in their benefits to the world's arts and industries and to almost every phase of present-day life.

Mr. Brush received his early education in the public schools of Cleveland, Ohio, and graduated from the High School of that city. At an early age he developed a liking and aptitude for scientific studies, and, entering the University of Michigan, was graduated therefrom in 1869 with the degree of mining engineer. From the same university he received the honorary degree of M.S., in 1899, and Sc.D., in 1912. The honorary degree of Ph.D. was conferred upon him in 1880 by the Western Reserve University and that of L.L.D. in 1900 by the same institution, and also, in 1903, by Kenyon College.

From 1870 to 1873 Mr. Brush was engaged in Cleveland as an analytical chemist and consulting expert, and during the four succeeding years was engaged in the iron ore and pig iron industry. Throughout this period, however, he carried on and made great progress with his investigations and experiments in practical electricity. In 1877, divesting himself of all other interests and vocations, he devoted himself wholly to the development of electric

lighting. In the following year (1878) he perfected and gave to the world the now famous Brush electric arc light. In 1880 the Brush Electric Company was formed and a large plant established for the production of this and other of Mr. Brush's electrical inventions. The superiority of the Brush arc light was demonstrated in the city of Cleveland, the first municipality to adopt it for street lighting; and thereafter this branch of the industry grew with phenomenal rapidity. In 1881 the light was introduced in England and on the European continent, and in a few years it had a world-wide distribution. Today the Brush arc light, in practically its original form, is still in general service in all civilized countries, while all other arc and incandescent lighting and electric power systems embody features of Mr. Brush's fundamental inventions.

In 1891 Mr. Brush withdrew to a great extent from active business affairs, but has since continued to maintain a laboratory at his home, where he carries on his scientific pursuits. He has contributed many important papers to scientific societies and publications, embodying the results of his investigations.

Mr. Brush's achievements have received notable marks of recognition from time to time, both in this country and abroad. In 1881 he was decorated by the government of France, a Chevalier of the Legion of Honor, in recognition of his discoveries in electricity. In 1899 the American Academy of Arts and Sciences awarded him the Rumford Medal for "The practical development of electric arc lighting." In 1913 the American Institute of Electrical Engineers awarded him the Edison Medal.

In addition to his life-long work in the electrical field, Mr. Brush has been identified with many other interests. He has been president of the Cleveland Arcade Company, since 1887, and was the founder and first president of the Linde Air Products Company. He is a trustee of the Western Reserve University, Adelbert College, University School, Cleveland School of Art, and of the Lake View Cemetery, a corporator of the Case School of Applied Science, a warden of Trinity Cathedral. He is a life member and former president, 1909-10, of the Cleveland Chamber of Commerce, a mem-

ber of the Ohio Chamber of Commerce, and of the Chamber of Commerce of the United States.

Mr. Brush is a fellow of the American Association for the Advancement of Science, fellow of the American Academy of Arts and Sciences, fellow of the American Geographic Society, fellow of the North British Academy of Arts, fellow of the American Physical Society, a life member of the American Society of Mechanical Engineers and of the British Association, a member of the Royal Society of Arts of London, England, the American Institute of Electrical Engineers, the National Electric Light Association, the Archaeological Institute of America, the American Historical Association, the Franklin Institute of Philadelphia, the American Chemical Society, the American Philosophical Society, and the American Institute of Mining and Metallurgical Engineers. Honorary member American Society for Steel Treating, member Illuminating Engineering Society.

He is a member of the Union Club, of which he was president for two terms, 1897-98, the University, Country, and Mayfield Clubs of Cleveland, a member and president of the Winous Point Shooting Club from 1895 to 1922, and a member of the University Club of New York City and the Royal Societies Club of London, England.

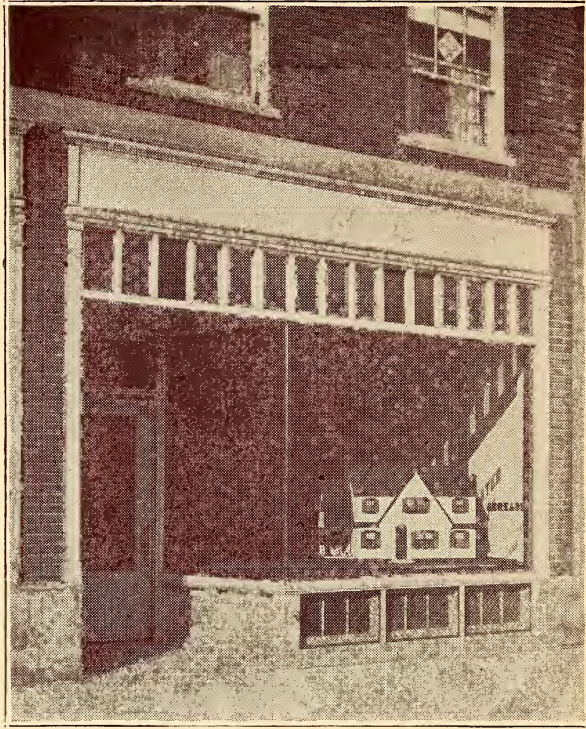

Mr. Brush was married October 6, 1875, to Miss Mary E. Morris, of Cleveland, and of this union are three children—Edna (now Mrs. R. G. Perkins), Helene, and Charles Brancis Brush, Jr. (Harvard, 1915).

Residence, 3725 Euclid Ave., Cleveland.

Office, The Arcade, Cleveland, O.

Euclid Avenue took its name from Euclid, Ohio. The Euclid postoffice at this time is a part of Cleveland system. The population of Euclid in 1910 was 1,953; 1920, 3,360; 1927, 11,000. We predict in 1930 a population of over 35,000.

"I have only just a minute,
Only sixty seconds in it,
Forced upon me—can't refuse it
Didn't seek it, didn't choose it.
But it's up to me to use it,
I must suffer if I loose it,
Give account if I abuse it,
Just a tiny little minute—
But eternity is in it.

| Urban & Shafer Coal Co..... | Babbitt Rd. |
| Ohio Coal & Supply Co. | Babbitt Rd. |

Euclid has many miles of improved and paved streets and since the year 1921 has installed—

82.28 miles of sewer mains.
 27.98 miles of paved streets.
 26.01 miles of water mains.
 44.65 miles of sidewalks.

* * * *

TEN COMMANDMENTS OF BUSINESS

Handle the hardest job first each day. Easy ones are pleasures.
 Do not be afraid of criticism—criticize yourself often.

Be glad and rejoice in the other fellow's success—study his methods.

Do not be misled by dislikes. Acid ruins the finest fabrics.

Be enthusiastic—it is contagious.

Do not have the notion that success means simply money-making.

Be fair, and do at least one decent act every day in the year.

Honor the chief. There must be a head to everything.

Have confidence in yourself, and make yourself fit.

Harmonize your work. Let sunshine radiate and penetrate.

* * * *

MAYBE BOTH

First Co-ed—Did you go riding with Billy last night?

Second Co-ed—Yes.

First Co-ed—Well, what do you think of him?

Second Co-ed—Well, he's either a gentleman or a fool.—Vanderbilt Masquerader.

COMMUNITY CLUBS

There are five community clubs in the city as well as a health center and baby clinic, and the good work accomplished by them is recognized by all. The roster of the officers and the time of their meetings follow:

The Main Library is open each week day from 9 A. M. to 9:30 P. M.

On Sundays and holidays it is open for reading and reference from 2 to 9:30 P. M.

Branch libraries, with the exception of Hiram House, are open daily except Sundays and legal holidays.

School branch libraries and library stations are closed on Saturdays as well as on Sundays and legal holidays.

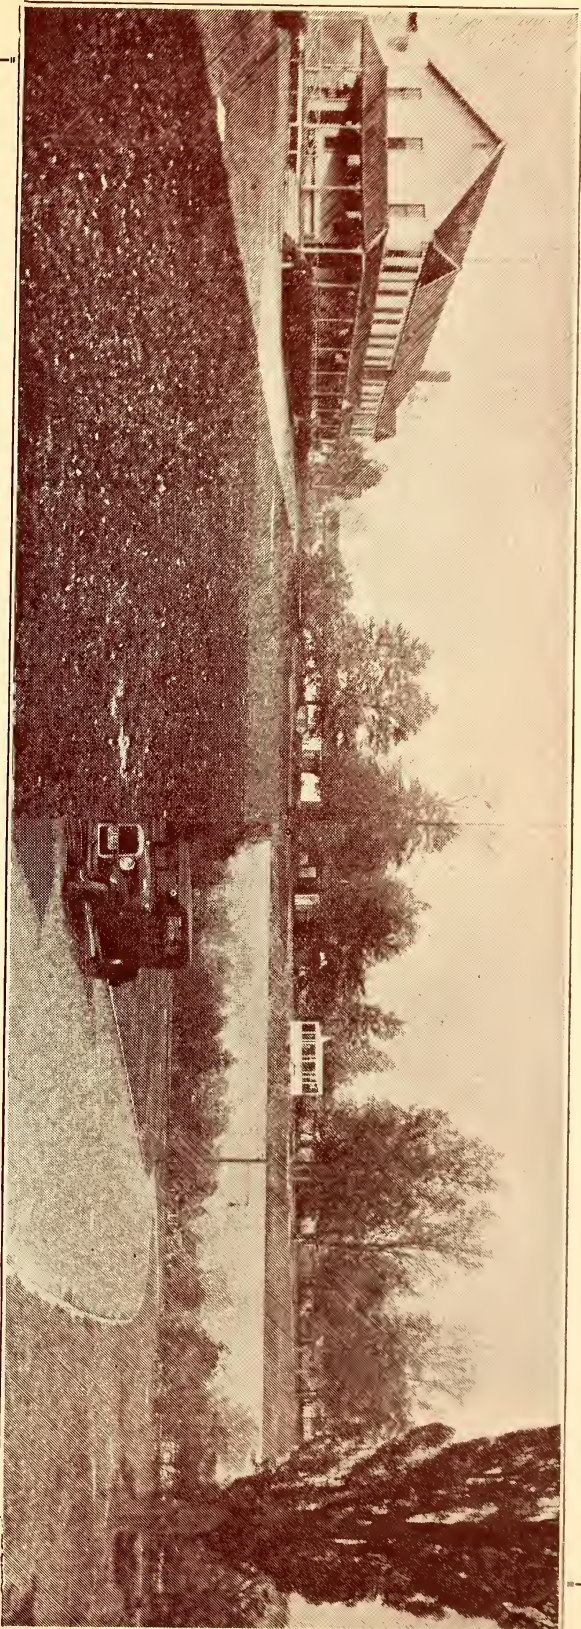

Do you know that the library may have collections of books in the place where you are studying or where you are employed? There are now libraries in all high schools and in many factories, stores, fire engine houses and other institutions.

*Not open in the evening.

**Not open every day.

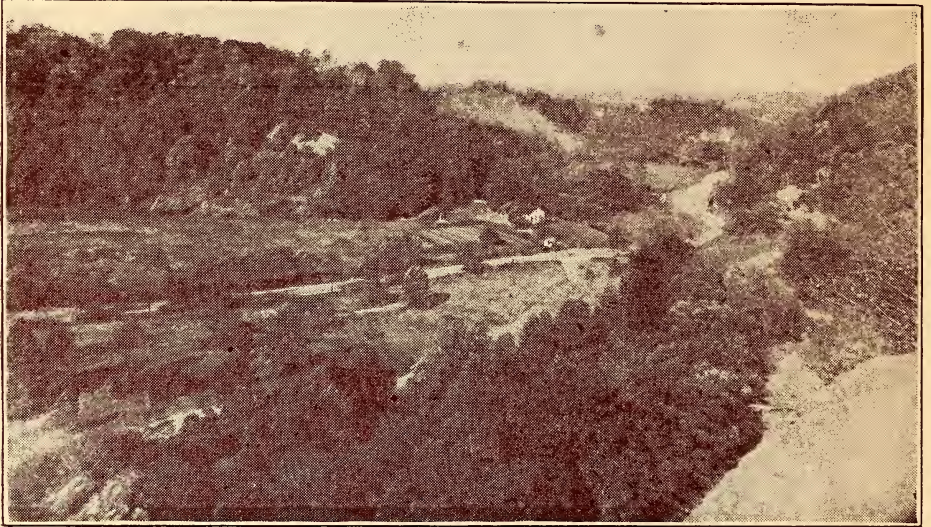

*Drive to the Residence of Mr. Chas. Lezius,

EUCLID PARK.

Euclid Park, Situated Between Lake Shore Boulevard and Lake Erie, Is Located on the Site of Old Camp Wise, Formerly a Home for Jewish Orphans, and Extends Over an Area of Approximately Fourteen Acres.

Part of the Metropolitan Park System Often Called the Grand Canyon of Ohio, in Euclid, Ohio.

Longs Point, Hundreds of Feet Above You as You Pass Through the Park

WRIGHTS SANITARIUM

Founded in 1910 at 1197 E. 105th street, members of American Hospital Association and for the past six years has been located at 1523 Dille Road, Euclid, Ohio.

The Sanitarium has accommodations for 20 patients. While most are of Cleveland, some seek its advantages from nearby cities.

Altho originally established as a general hospital, the patients are now limited to Aged, Nervous, and Convalescent Cases.

Mrs. Anna Wright Kimball, the original founder is superintendent; Mrs. Kimball is a graduate of the Ravenna public and high schools, and graduated from Cleveland City Hospital in class of 1903.

Mrs. Kimball is assisted by Mr. Harry C. Kimball, a graduate of the Northwest Medical Institute at St. Paul, Minn. His earlier education was received in the Augusta, Me., public and high schools, Augusta being his native city.

The Kimballs have three children—Oliver D. Wright of Columbia University and New York City; Clifton N. Kimball, a student in Blairs Academy in New Jersey, and Helen Kimball, in Euclid High School.

EUCLID VILLAGE INCORPORATED

The Village was incorporated in 1903 at an election held the 14th day of February.

The first Council meeting was held May 4, 1903.

Mayor, Henry S. Pickands; Clerk, H. S. Dunlop; Councilmen, Avery, Bentley, Cavanaugh, Cope, Frissell, Lowden.

Ordinance No. 1, fixing bonds and compensation of officers of the Village:

| | | |
|---------------------------|--------------|-----------------------|
| Mayor | Bond \$1,000 | Salary \$ 10 per year |
| Clerk | Bond 500 | Salary 150 per year |
| Treasurer | Bond 3,000 | Salary 100 per year |
| Marshal | Bond 500 | Salary 80 per year |
| Street Commissioner | Bond 500 | Salary 3 per day |

Mayor Pickands and Clerk Dunlop held office until 1908.

Mayor Harms and Clerk Dunlop were elected to hold office for the years 1908 and 1909. Dunlop resigned after election and N. J. Brewer was appointed as Clerk of the Village.

POST OFFICE

On March 1, 1926, Euclid, O., became the Euclid Branch Station of Cleveland, O., making the thirteenth station of the Cleveland office, having carrier delivery service.

E. C. Hampton was made clerk in charge, assisted by C. F. Curry and Lee S. Loderick. Office opens at 7 A. M. for benefit of lock box holders; stamp and money order windows open from 7:30 A. M. to 6 P. M. Dispatches arrive and depart at 7:15 A. M., 11:45 A. M., 2:15 P. M. and 6:15 P. M.

During the month of May, 1926, city service was extended to that part of Euclid lying between Euclid Avenue and the lake, as far east as East 221st Street, and this will be further extended as soon as the building and improvement conditions warrant it.

* * * *

DOMESTIC PARCEL POST RATES

Covering all Fourth Class Matter. The maximum weight of parcels addressed for local delivery and in the 1st, 2nd and 3rd zones (within 300 miles) is 70 pounds. Beyond the third zone, 50 pounds.

Rates—All matter weighing four ounces or less will be subject to postage at the rate of 1 cent for each ounce or fraction, regardless of distance. Parcels mailed for delivery on same rural route, or within delivery limits of same city, 5 cents for first pound or fraction, and 1 cent for each additional 2 pounds.

Within 150 miles (1st and 2nd zones) 5 cents for first pound and 1 cent for each additional pound.

Within 300 miles (3rd zone) 6 cents for first pound and 2 cents for each additional pound.

Within 600 miles (4th zone) 7 cents for first pound, and 4 cents for each additional pound.

Within 1,000 miles (5th zone) 8 cents for first pound and 6 cents for each additional pound.

Within 1,400 miles (6th zone) 9 cents for first pound and 8 cents for each additional pound.

Within 1,800 miles (7th zone) 11 cents for first pound, and 10 cents for each additional pound.

All beyond 1,800 miles (8th zone) 12 cents for each pound or fraction.

The parcel post includes the mailing of books those weighing 8 ounces or less 1 cent for each 2 ounces of fraction; those weighing in excess of 8 ounces the regular zone rate shall apply.

The local rate is applicable to parcels for delivery at the office of mailing or on a rural route starting therefrom.

The address of firm making shipments must be displayed, preceded by the word "from." No advertising matter allowed on outside.

Parcels may contain butter, lard, vegetables, fruit; meat fresh or dried; millinery; steel, iron or wooden products. Articles not to be sent include intoxicating liquors, poisons, inflammable articles, live or dead animals, poultry, firearms or anything likely to injure the person or postal employees or damage the mail equipment or other mail matter.

Parcels may be insured actual value only, up to \$5, 3c; \$25, 5c; \$25 to \$50, 10c.

Parcels may be sent C. O. D. An extra postal fee for collection will be charged.

Eclid, Ohio

OVER LAKE BEAUTY PARLOR

14922 LAKE SHORE BLVD.

First Door West of St. Jerome's Parish House

Kenmore 1887

Evenings by Appointment

**We offer a Permanent Marcel Wave
at the Special Price of**

\$10.00

Our high standard of quality work is maintained in spite of the reduction in prices. Our method produces a deep (wide) soft wave with lovely ringlets. An Over Lake Permanent Wave is beautiful at all times.

W. C. T. U.

W. C. T. U. of Euclid, Ohio, was organized five years ago to work for good citizenship, child's welfare, charity, and the distributing of good literature, etc. The officers are: Mrs. B. E. Johns, president, 22150 Euclid Ave., KEn. 0387-W; Mrs. H. Porter, vice president, corner Euclid Ave. and Dille Rd.; Mrs. S. Monroe corresponding secretary, 1552 E. 214th St.; Mrs. H. Frost, financial secretary, 20046 Hillcrest Dr., KEn. 2037-J; Mrs. Carl Schmidt, treasurer, 1465 E. 104th St.; Mrs. John Kline, auditor, Euclid Ave. and Dille Rd. Meetings third Wednesday each month; good speakers at every meetings.

FIRST LINK

The first link of the second air mail, passenger and express route hooking up Cleveland with the Eastern seaboard—the Cleveland-Buffalo leg of the projected Cleveland-Boston route—will go into service on Dec. 17, 1927.

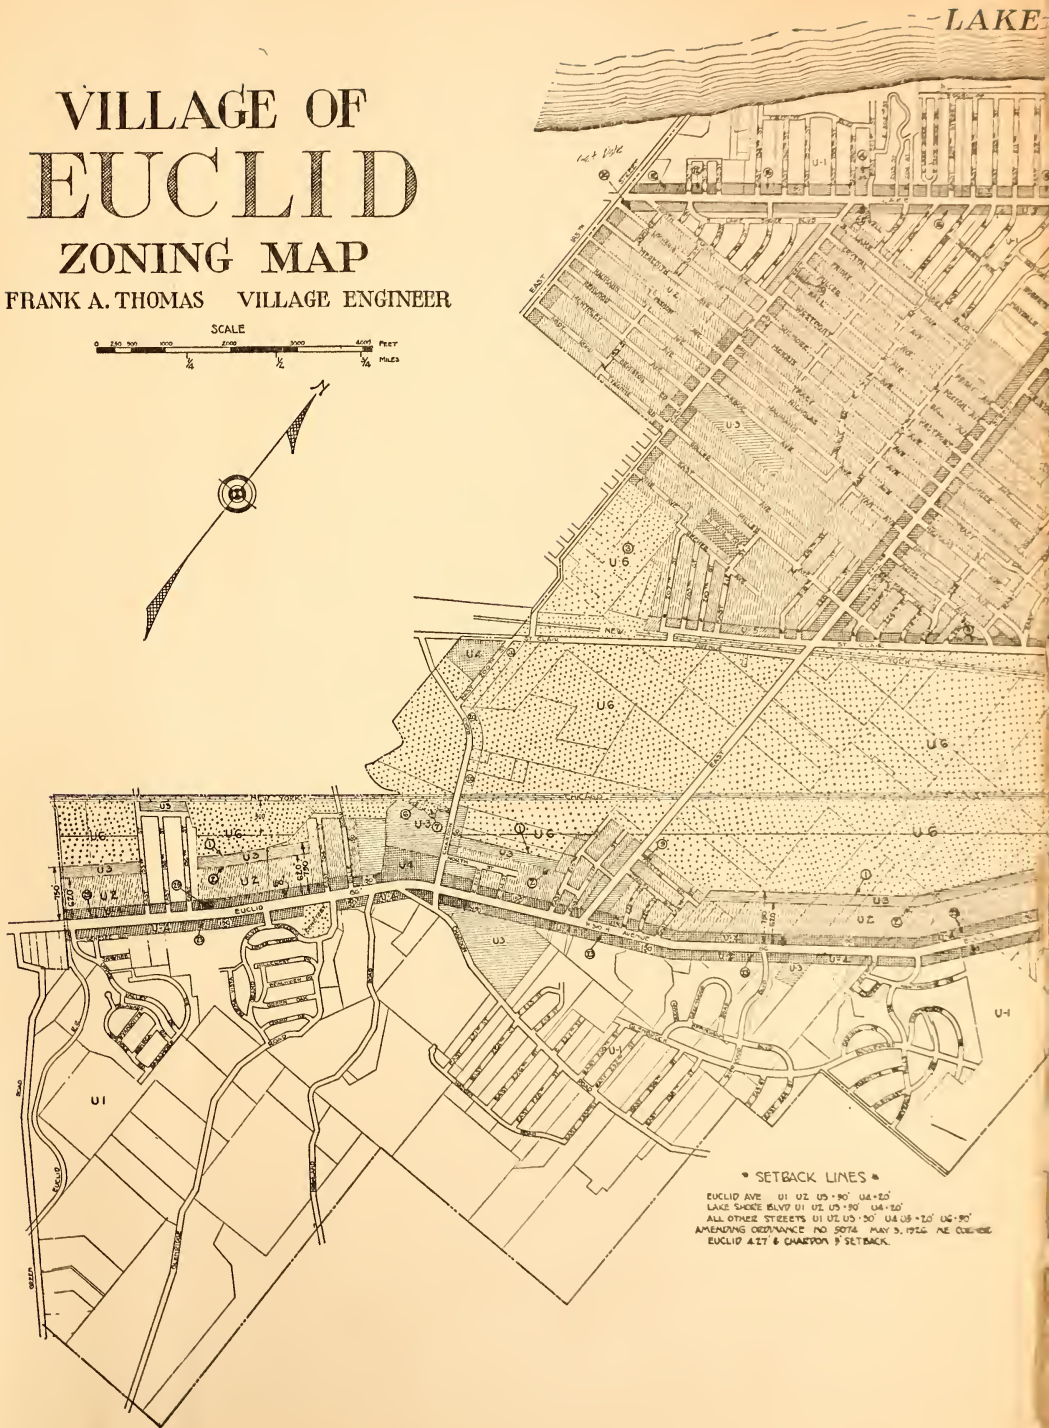

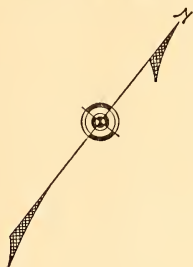

This announcement was made Thursday by Maj. John Berry, superintendent of the Brook Park airport, following a conference with E. M. Ranney, manager of operation for the Colonial Western Airways of New York, contractors for the new line.
