Descriptive==Uhrichsville=Dennison

Dennison and Uhrichsville, the twin cities of Tuscarawas county, are situated on the main line of the Pennsylvania Railroad, west of Pittsburg, in a fertile valley, the natural resources of which are an important factor to the flourishing condition of its people.

One of the chief products of the valley is corn, which is grown in great abundance and is shipped to all important markets of this part of the country, and is a source of substantial revenue to the thrifty inhabitants of this section.

Wheat, rye, barley, fruit and vegetables of a highly cultivated type also add greatly to the local financial stability of the citizens, farmers and merchants in general.

Situated as it is on one of the most important railway arteries of the country, nothing is lacking in the way of transportation and easy access to all commercial centers.

Two banks are located in each city, the last annual statement of each showing a healthy growth over the previous year, making plainly an era of prosperity second to no other city of equal size in the state.

The health of the people is insured by reason of the elevated position of the two cities, and is further benefited by a supply of pure fresh water, which is obtained from the Big Still Water Creek and filtered by a modern water plant.

The education of the younger ele-

ment and the future citizens is provided for by a well regulated school system, there being three schools to each town. A public library containing 3,000 volumes is connected with the Uhrichsville high school and is free to all.

Well established churches of all denominations provide for the spiritual welfare and add an elevating influence among the people.

Both cities are well lighted with natural gas and electricity, the former of which is used to a great extent for fuel, and may be had at extremely low rates.

The neighboring country abounds in coal which furnishes employment to hundreds of men whose labor is well paid for and which enables the working class to live comfortably the year round.

Here also is located one of the largest sewer pipe manufacturing companies in the world and shops of the Pennsylvania Railroad.

Hotel service in both cities is first class, and the visiting and traveling public's wants in this direction are catered to after the most up-to-date fashion.

The rapid growth of the two cities in the last few years but tends to show that the people are anxious to expand in the right direction, and therefore invite investigation of outside public and capital, knowing full well that new comers will be rewarded financially and otherwise by locating where so many opportunities are afforded as may be found here.

You Should Know

That paint stains that are dry and old may be removed from cotton or woolen goods with chloroform. It is a good plan to first cover the spot with olive oil or butter.

That clean boiling water will remove tea stains; pour the water through the stain and thus prevent its spreading over the fabric.

That one teaspoonful of ammonia to a teacup of water applied with a rag will clean silver or gold jewelry perfectly.

That thoroughly wetting the hair once or twice with a solution of salt and water will keep it from falling out.

That a good agency for keeping the air of the cellar sweet and wholesome is whitewash made of good white lime and water only. The addition of glue or size, or anything of this class, is only a damage by furnishing organic matter to speedily putrify. The use of lime in whitewash is not simply to give a white color, but it greatly promotes the complete oxidation of effluvia in the cellar air. Any vapors that contain combined nitrogen in the unoxidized form contributes powerfully to the development of disease germs.

That cold rain water and soap will remove machine grease from washable fabrics.

That fish may be scaled much easier by first dipping them into boiling water for a minute.

That milk which has changed may be sweetened or rendered fit for use again by stirring in a little soda.

That kerosene will soften boots and shoes that have been hardened by water, and will render them as pliable as new.

That salt fish are quickest and best freshened by soaking in sour milk.

That boiling starch is much improved by the addition of sperm or salt or both or a little gum arabic dissolved.

That a teaspoonful of turpentine, boiled with your white clothes will greatly aid the whitening process.

That by applying kerosene with a rag when you are about to put your stoves away for the summer, will prevent them from rusting. Treat your farming implements in the same way before you lay them aside in the fall.

That salt will curdle new milk, hence, in preparing porridge, gravies, etc., salt should not be added until the dish is prepared.

VETERINARY SURGEON & DENTISTS.

Marchand G N 11 N Uhrich

Help in Case of Accident.

Burns and Scalds. Cover with cooking soda and lay wet clothes over it. Whites of eggs and olive oil. Olive oil or linseed oil, plain, or mixed with chalk or whiting. Sweet or olive oil and lime-water.

Lightning. Dash cold water over a person struck.

Sunstroke. Loosen clothing. Get patient into shade and apply ice-cold water to head. Keep head in elevated position.

Mad Dog or Snake Bite. Tie cord tight above the wound. Suck the wound and cauterize with caustic or white hot iron at once, or cut out adjoining parts with a sharp knife. Give stimulants, as whiskey, brandy, etc.

Stings of Venomous Insects. Apply weak ammonia, oil, salt water, or iodine.

Fainting. Place flat on back; allow fresh air and sprinkle with water. Place head lower than rest of body.

Cinders in the Eye. Roll soft paper up like lamp lighter, and wet the tip to remove, or use a medicine dropper to draw it out. Rub the other eye.

Fire in One's Clothing. Don't run, especially not downstairs or out-of-doors. Roll on carpet, or wrap in woolen rug or blanket. Keep the head down, so as not to inhale the flame.

If any Artery is Cut, compress it above the wound. Blood from an artery is red, that from the veins dark.

Fire from Kerosene. Don't use water, it will spread the flames. Dirt sand, or flour is the best extinguisher, or smother with woolen rug, tablecloth or carpet.

Suffocation from Inhaling Illuminating Gas. Get into the fresh air as soon as possible and lie down. Keep warm. Take ammonia—twenty drops to a tumbler of water, at frequent intervals; also two to four drops tincture nux vomica every hour or two for five or six hours.

If Choked. Get down on all fours and cough.

50 Cts.

iodicals), 1c. for 4 oz.

Third-Class (Books, Circulars) 1c.
for 2 oz.

Fourth-Class (Merchandise) 1c an
oz.

Registration fee (additional pos-
tage) 8c

Special Delivery Stamp (additional
to regular postage) 10c.

Foreign Postage.

All mails at Domestic Rates to
Shanghai, China.

All countries are included in the
POSTAL UNION, to which the rates
are as follows: Letters, per half oz.,
5 cents; second and third-class mat-
ter, per 2 ounces, 1 cent; postal cards,
2 cents each.

First-Class Matter.—Letters and all
written matter (whether sealed or
not), except manuscript copy accom-
panying proof-sheets, also all matter
sealed (see below,) 2c. an ounce, ex-
cept drop letters at Non-Carrier of-
fices, 1c. an ounce. (Postal cards and
private mailing cards, 1c each.

correspondence of the blind, books
(printed, not blank,) circulars, other
printed matter, proof-sheets and man-
uscript copy accompanying same, val-
entines, sheet music, heliotypes, chro-
mos, posters, lithographs and printed
advertising matter in general, all,
when not sealed, 1c. for two ounces or
fraction.

Fourth-Class—Merchandise and all
matter not included in any of the oth-
er classes, and not in its nature per-
ishable or liable to injure the con-
tents of the mails. (By express rul-
ing the postage on seeds, cuttings,
roots, scions, and plants is at the
rate of 1c. for each 2 oz.) all, when
not sealed and not exceeding 4 lbs.
in weight 1c. an ounce or fraction.

Sealing.—Any matter is regarded
as sealed when it is not so wrapped
as to allow of a thorough examination
without in any way injuring the wrap-
ping.

Registration.—First, third and fourth-
class matter, 8 cents in addition to
regular postage. First-class matter
insures to actual value up to \$25.00.
Third and fourth-class matter, no in-
surance.

WEIGHTS AND MEASURES

Troy Weight.

24 Grains makes 1 Pennyweight,
20 Pennyweights make 1 Ounce.
By this weight, gold, silver and
jewels only are weighed. The ounce
and pound in this are the same as in
Apothecaries' weight.

Apothecaries Weight.

20 Grains make 1 Scruple,
3 Scruples make 1 Drachm,
3 Drachms make 1 Ounce,
12 Ounces make 1 Pound.

Avoirdupois Weight.

16 Drachms make 1 Ounce,
16 Ounces make 1 Pound,
25 Pounds make 1 Quarter,
4 Quarters make 100 weight,
2000 Pounds make 1 Ton.

Dry Measure.

2 Pints make 1 Quart,
3 Quarts make 1 Peck,
4 Pecks make 1 Bushel,
30 Bushels make 1 Caldron.

Liquid or Wine Measure.

4 Gills make 1 Pint,
2 Pints make 1 Quart,
4 Quarts make 1 Gallon,
31½ Gallons make 1 Barrel,
2 Barrels make 1 Hogshead.

Cubic Measure.

1728 Cubic Inches 1 Cubic Foot,
27 Cubic Feet 1 Cubic Yard,
128 Cubic Feet 1 Cord (wood),
40 Cubic Feet 1 Ton (shipping),
2150.42 Cubic Inches 1 Standard Bu.
231.8 Cubic Inches 1 Standard Gallon,
1 Cubic Foot four-fifths of a Bushel.

Long Measure—Distance.

8 Barleycorns 1 Inch,
12 Inches 1 Foot,
3 Feet 1 Yard,
5 1-2 Yards 1 Rod,
40 Rods 1 Furlong,
8 Furlongs 1 Mile.

Time Measure.

60 Seconds make 1 Minute,
60 Minutes make 1 Hour,
24 Hours make 1 day,
7 Days make 1 Week,
4 Weeks make 1 Lunar Month,
28, 29, 30 or 31 Days make 1 Calendar Month,
30 Days make 1 Month in computing interest,
52 Weeks and 1 Day, or 12 Calendar Months, make 1 Year.
365 Days, 5 Hours, 48 Minutes and 48 Seconds, make 1 Solar Year.

Cloth Measure.

2 1-4 Inches 1 Nall,
4 Nalls 1 Quarter,
4 Quarters 1 Yard.

Square Measure.

144 Square Inches 1 Square Foot,
9 Square Feet 1 Square Yard,
30 1-4 Square Yards 1 Square Rod,
40 Square Rods 1 Rood,
4 Roods 1 Acre.

Surveyor's Measure.

7.92 Inches 1 Link,
25 Links 1 Rod,
4 Rods 1 Chain,
10 Square Chains or 160 Square Rods 1 Acre,
640 Acres 1 Square Mile.

THE IDEAL
PUBLICATION
FOR WOMEN
and the HOME

EDITED BY
CHAS. DWYER

The **Ladies'** **World**

Literary Attractions:

The serials, short stories and verse include the work of the foremost authors of the day, whose names stand for the best quality of bright, entertaining and wholesome writing.

Domestic Science Departments:

These departments constitute one of the strongest features of the magazine. They are conducted by well known authorities on their respective subjects, and are especially helpful because they are always most practical.

Fashions and Dressmaking:

The former dressmaking expert of The Delineator has charge of these pages, and her descriptions of the new fashions and hints on their making prove invaluable to the home dressmaker. All the styles illustrated are the latest and best of the New York and Paris designs.

Special Features:

Especially popular contributions are the beautifully illustrated "Special Feature" articles published each month that entertainingly treat of some historical, biographical or musical subject; the departments dealing with Etiquette and Good Looks; and the pages devoted exclusively to Stories and Pastimes for Children.

Price—50 Cents Per Year:

This small sum secures to the subscribers a beautifully illustrated and printed monthly magazine of from 36 to 48 large sized pages—unquestionably the best and at the same time the cheapest high grade domestic magazine in America.

Subscription Inducements:

Write for 20-page illustrated Premium List describing over 250 different premiums, or send for our Special Terms for Cash Agents.
