WITHDRAWN

PREFACE.

In presenting another issue of the Directory, the publisher embraces the opportunity to express his thanks to that portion of the citizens, who are willing to, and do, in any degree, help to sustain it, which, while it includes every citizen who can honestly participate in the benefit which may be derived from its publication as a work of reference, does not, probably, amount to more than the tenth part of those of them who freely use it; the residue without paying for its use, as they should honestly do, even if they wish it only occasionally as a convenience.

We have heretofore remarked that the general arrangement and utility of Directories were so fully understood, that very few if any prefatory remarks in that respect were required, not so in regard to their support. In view of this, while in the compilation and publication of the Directory, we profess to have the public benefit particularly in view, it does not follow that we need entirely to lose sight of our own interest, consequently we write the preface particularly for that—in other words, WE WRITE THE PREFACE FOR OURSELVES. A considerable portion of the preface to the 4th issue is still as applicable as ever—we extract in part from it.

“For the last five years we have devoted nearly all our time to the work of establishing a Directory for Cincinnati, determined not to abandon the undertaking until we could present one to the city, which would be surpassed by none other published; and also one that would afford a profit to ourselves. This is our fourth publication, (*the present is our sixth,*) and we send it forth, feeling confident that after a careful comparison of it with all others, whenever or wherever issued, the unanimous verdict will be, that we have attained the *first* thing proposed. We are happy, also, to say, that with this we have succeeded in securing for the work, a support that will afford us a very plain, but decent living. We state this because we feel very sure that it is the first time it could be truly said in this city. Yet while we say that from the issue of this volume, we expect to derive a small profit, we must also state that for the five years labor which we have devoted to this work, as a whole, (which includes the present,) we have not received a profit of one single dime—WE HAVE NOT EATEN A SOLITARY MEAL AS THE FRUITS OF THE UNDERTAKING. Notwithstanding this, we believe we have secured the confidence of the citizens generally; even of those who never have, and perhaps never will do anything for its support, so far that they would di-

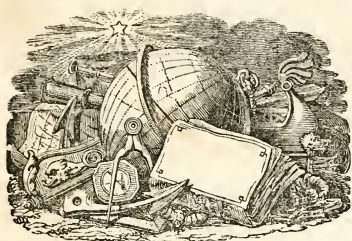

rectly oppose any other that might be started in competition to it. From a comparison of past years with each other, we flatter ourselves that for the future we may rely upon our undertaking for something more than a simple support; we should have it, and we intend to have it, and from this very work too, not by laying an additional tax upon those who have heretofore aided it, but by making it the *interest* of all to have it, of business men to insert their cards in it, and by placing such barriers as we can against the use of it by those who are unwilling to pay for the benefits they derive. Every citizen who wishes, even in a single instance, to use a Directory, should pay for its use. We are entitled to it from them as much as they are to be paid for any article they may furnish us, or for any service they may render us; and those who wish to make use of our labors gratuitously, shall not do so, with even an implied consent on our part. As one of the barriers, we have now given the work an additional name, 'Mirror.' A mirror is to reflect. We mean that ours shall reflect."

Directories are in their character local, calculated principally (*we might almost say solely*) to benefit the particular locality which they represent, they should, therefore, depend for their support, upon the citizens of the locality represented; consisting of cards of address and business, *all properly termed advertisements*, and such as should be paid for by each individual represented, (*all are directly benefitted by their publication*) they should receive their support from that source, and not from the sale of them to the comparatively few, who to benefit the public, would purchase a Directory, when by so doing they would pay equally as much for their neighbor's advertisement and convenience as for their own; yet, while each individual is at liberty *to pay or not to pay* for the insertion of his card, a proper distinction should be made in the insertion, so that those who pay, may receive the full benefit of the publication, while others are allowed the privilege, (*the act is their own*) of representing to the public, in connection with their card, that they are not willing to pay for that which their own individual interest and the public good requires, *thus making of the work A MIRROR in which each individual may see himself, and have a partial view of other citizens, according to their own representation.*

As this Directory is not sold, but supported only in accordance with the principles which have just been stated, citizens are referred to page 166 for information as to terms.

The names of streets and numbers as given in this issue, are those now in use. The alterations in the names of some of them, just made by the Council were too late to be incorporated in this, and if they could have been, they would not have answered as well for practical purposes, as the numbering will in many cases have to be altered before the new names will be of any use, and neither can be put up so that the public can become acquainted with them before the Spring and Summer months.

CONKLING'S

PATENT SCIENTIFIC BRICK.

The Subscriber offers for sale, by State and County rights, the right to manufacture and use his PATENT SCIENTIFIC BRICK.

CHARACTER OF THE BRICK.—This improvement consists in moulding and pressing Bricks in such a form as to secure the *least exposure of the mortar to the weather*, which seriously injures its durability and appearance, and also to provide for the *greatest possible cohesion of the mortar to the brick internally*, thereby securing the greatest solidity of structures.

MANUFACTURE OF THE BRICK.—The form of these Brick is adapted to all qualities and sizes of Bricks and building blocks of whatever material. They require no more skill or labor in manufacture than the ordinary form. For *Mould Brick*, the cavities are made only on the lower side, but deeper, by fastening two pieces of wood of suitable shape at the bottom of the mould. The top of the Brick is cut off as usual. For *Pressed Brick*, the cavities may be made on one or both sides, generally on one side only, leaving the upper side flat to receive a very thin layer of mortar or cement. These Bricks take from *eight to ten per cent. less material than ordinary Brick*.

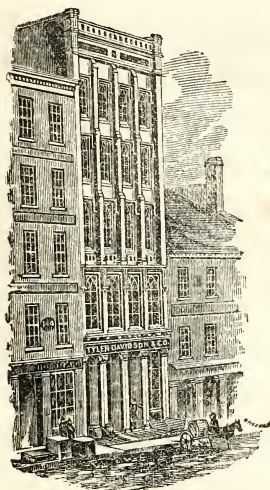

BURNING OF THE BRICK—These Brick are burnt in kilns as usual, but owing to the cavities the heat circulates more freely and thoroughly than in ordinary Brick, and burns the Brick more uniformly and quicker than the ordinary form. *A saving of more than twenty per cent. of time and fuel is effected by this improvement.*

LAYING THE BRICK.—They are laid as expeditiously as common Brick, and in the same manner, with as little mortar or cement between joints as is practicable to cement the surfaces and form a level bed for the courses, the whole to be grouted with thin mortar poured in the cavities. Walls thus made are solid and strictly fire-proof, and at least one-fourth stronger than walls of the same thickness, built of ordinary Brick.

SPRAGUE & CO.,
10 East Fourth Street,
Fashionable Tailors,
AND DEALERS IN
FINE READY-MADE CLOTHING,
FOR MEN AND BOYS.

Feeling much flattered with our success in the sale of **FINE READY-MADE CLOTHING**, well and fashionably got up, we wish to say to our customers, that we are still improving in our manufactured work, and are willing to and do warrant all ready-made articles, to be as good as work made to order. Any that does not prove so, we feel bound to make good, and will do so if called on. Our prices are low for the quality of Goods we keep, and no salesman is allowed to ask more than a reasonable per centage on any Goods offered for sale.

W E R W S C A S H .

Merchant Tailors from the country, wishing to purchase to sell again, can be supplied at ten per cent. advance on net cost. Custom work made at a few hours notice.

For further particulars call on

OPINIONS OF THE PRESS RESPECTING THIS INSTITUTION.

The Science of Book Keeping taught at this Institution, and the Course so complete, that students on leaving the College will be able to take charge of and conduct any set of Books. *Chattanooga Gazette.*
 SMITH'S MERCANTILE COLLEGE.—This Institution affords superior advantages for the acquirement of a Mercantile Education, such as all young men would find it for their profit to possess. *Day Worker.*
 We would say to every gentleman and lady, if you want to acquire a thorough knowledge of Writing, Book Keeping, &c., in all its branches, be sure and place yourself under the instruction of E. W. Smith, and our word for it, you will thank us for this information. *Commercial.*
 Smith's Mercantile College is decidedly one of the best Institutions in the West for gaining a thorough knowledge of Book Keeping, or accounts.—*Sun.*

SMITH'S MERCANTILE COLLEGE OPEN DAY AND EVENING, 74 Fourth Street, between Walnut & Vine, CINCINNATI, OHIO.

The object of this Institution is to afford young men an opportunity of qualifying themselves theoretically and practically for the duties of the Counting House.

The Course of instruction embraces Double Entry Book Keeping, and its various applications to trade, viz: Wholesale and Retail, Steamboating, Manufacturing, Shipping, Commissions, Individual, Company and Railroad Business. Also, Levys, Commercial Law, Commercial Calculations and Practical Penmanship.

Applicants can enter the Institution at any time, and attend from 8 A. M. to 9 P. M. It takes from 8 to 12 weeks to finish a full Course.

Students are instructed individually by Illustrations of Business Transactions, independent of a printed book.

The science is thus so completely reduced to system, that Students, on leaving the College, will be able to take charge of and conduct, upon scientific principles, any set of Double Entry Books.

Ladies instructed in separate apartments, prepared expressly for the purpose, in every branch of Mercantile Science, and thoroughly fitted to keep the books of any establishment, however extensive and complicated the business may be.

Also, Night Classes formed at the Preparatory Rooms, for Writing, Arithmetic, Grammar, Composition and Drawing.

QUALIFICATIONS REQUIRED.—Any one will be received into this Institution who possesses a good Common School education, even though they have never studied Arithmetic, beyond Addition, Subtraction, Multiplication and Division. (If entirely deficient in Arithmetic, this will be taught free of charge.)

MEDICAL COLLEGE

OF OHIO.

SESSION OF 1856 '57.

The thirty-seventh Annual Course of Lectures will commence on the **FIRST MONDAY IN NOVEMBER**, under the following arrangement, and close on the last of February.

FACULTY.

THOMAS WOOD, M. D., Professor of Anatomy.

JOHN A. WARDER, M. D., Professor of Chemistry and Toxicology.

JAMES GRAHAM, M. D., Professor of Materia Medica and Therapeutics.

GEORGE C. BLACKMAN, M. D., Professor of the Principles and Practice of Surgery and Clinical Surgery.

JOHN H. TATE, M. D., Professor of Physiology, Hygiene, and Medical Jurisprudence.

N. T. MARSHALL, M. D., Professor of Obstetrics and Diseases of Women and Children.

S. G. ARMOR, M. D., Professor of Pathology and Practice of Medicine and Clinical Medicine.

The Dissecting Rooms will be opened on the first of October, under the care of the Demonstrator of Anatomy, and students may rely on a full supply of *matériel* throughout the session.

Clinical Lectures, by the Professors of the Practice of Medicine and Surgery, will be delivered regularly throughout the Session, at the Commercial Hospital. In addition to this, a COLLEGE CLINIC will be established, which will afford a large amount of clinical instruction.

Preliminary Lectures will be delivered during the month of October, by the members of the Faculty. This course (which will be free,) will embrace Lectures at the Hospital and College. It will not infringe on the regular course.

The New College edifice is an ample and convenient building, and is well adapted to the comforts of students.

FEES.—For the whole course, including the Dissecting Ticket, \$100 ; Matriculation Ticket \$5 ; Hospital Ticket \$5 ; Graduation Fee, \$25.

Good Board, including fuel and lights, will average about \$2 50 per week.

CINCINNATI COLLEGE OF MEDICINE AND SURGERY.

South-west Corner of Western Row and Longworth streets.

FACULTY.

A. H. BAKER, M. D., Professor of the Principles and Practice of Surgery.
 B. S. LAWSON, M. D., Professor of the Theory and Practice of Medicine.
 PLINY M. CRUME, M. D., Professor of Obstetrics and Diseases of Women and Children.
 JAMES S. HARRISON, M. D., Professor of Materia Medica, Therapeutics & Medical Jurisprudence.
 WILLIAM W. DAWSON, M. D., Professor of General and Special Anatomy.
 GEO. M. MACLEAN, M. D., Professor of Medical Chemistry and Toxicology.
 J. WATSON TULLIS, M. D., Professor of Physiology and Pathological and Surgical Anatomy.

FEES.—Professor's Tickets \$90; Matriculation Ticket, \$5; Demonstrator's Ticket, \$8; Graduation Fee, \$25; Hospital Ticket, \$5.

The regular course of Lectures commences on the FIRST MONDAY OF NOVEMBER, and continues sixteen weeks. A preliminary course of Lectures is delivered during the month of October, free of charge. By an arrangement with the Directors of the City Infirmary, the students of this College are admitted to Clinical instruction in the Commercial Hospital. By the addition to the College of the EYE AND EAR INFIRMARY, INVALID'S RETREAT AND CINCINNATI DISPENSARY, very superior advantages are possessed, and Clinical Medicine will be SPECIALLY attended to throughout the Session, and every possible facility afforded the student for personal observation and improvement.

Persons visiting the city for the purpose of receiving medical or surgical advice, will find that the Invalid's Retreat possesses superior advantages, both in reference to comfort and economy. Our accommodations are admirably adapted to the wants of the sick, the house is well ventilated, and located in the most elevated and healthy part of the city.

The kindest and best qualified nurses only are employed, who attend day and night upon the sick. Our charges will be such as to lessen much the expenses under other circumstances, and a studied attention paid by us unitedly, to the comfort and relief of all those who will entrust themselves to our care.

For further particulars, address by letter or otherwise,

A. H. BAKER, M. D., President.

Commissioners of Deeds, &c.

Appointed by the authority of other States to take acknowledgment and proof of Deeds and other Instruments under seal to be used or recorded in said states; and to administer oaths and take depositions, to be read in their respective courts.

This list, we are aware, is very far from being full, and is not arranged as we hope, to be able hereafter to have it, provided our efforts in that direction are properly responded to.

 WM. CLENDENIN, M. D., Demonstrator of Anatomy.
 J. T. WEBB, M. D., Prosector to the Professor of Anatomy.

PRACTICAL ANATOMY,

The room for the prosecution of Practical Anatomy is commodious, well ventilated, and supplied abundantly with water and gas.

This department will be under the supervision of the Professor and Demonstrator of Anatomy, and will be opened on and after the first of October for those wishing to dissect. *Material* can be readily obtained at reasonable rates.

CLINICAL INSTRUCTION—Medical and Surgical—can be had at the Commercial Hospital and St. John's Hotel for Invalids, twice a week, and daily at the College by cases from the City Dispensary, which has become an extensive charity, giving relief to about four thousand patients annually. Patients can be attended at their houses by advanced students.

PRELIMINARY LECTURES will be delivered during the month of October, by the Faculty, free of charge.

FEES.

For the whole Course,.....	\$92 00
Matriculation Ticket, (paid once only,).....	5 00
Dissecting Ticket,.....	8 00
Hospital Ticket,.....	5 00
Graduation Fee,.....	25 00

Expenses incurred by students in the city may be light. Good boarding may be procured from \$2.50 to \$3.00 per week.

Students on reaching the city, by calling at the college, (North-west corner of Fifth street and Western Row,) will be conducted to good boarding-houses, and receive every attention.

For further information, address

GEO. MENDENHALL, M. D., 197 Fourth street,
Dean of the Faculty.

THE LIGHT OF THE AGE.

No person is insensible to the comfort, the necessity and luxury of good light, either for domestic use or consumption in Stores, Warehouses, Hotels or Factories.

GAS! GAS!

is the only article now used that affords sufficient light to meet the wants of the times, and it has become *the desideratum* of the day (next to cheap bread,) to obtain cheap and good

GAS.

This we are prepared to furnish by

N. AUBIN'S NEW AND IMPROVED GAS FURNACE,

To which was awarded the

GOLD MEDAL,

BY THE

AMERICAN INSTITUTE,

At their Annual Exhibition, at the Crystal Palace, in Nov., 1855.

It has been ordered by the Smithsonian Institute, at Washington City.

We have thus far held back, being determined not to offer our Furnaces to the public until they had been fully tested by use, as well as by the most scientific men of the age, and every defect or objection remedied. We are happy to say that this has been now accomplished.

We feel confident in offering our Furnaces to the Public, that they will meet with the reward of surpassing merit.

Such is the simplicity of this Furnace that it can be managed by any common laborer ; there is no danger of EXPLOSIONS, and is entirely free from the intolerable odor of the ordinary gas. In case any leakage should take place in the pipes, or by neglect to cut off the gas when not burning, the odor emitted is not injurious to either health or furniture. We have the

IMPROVED FURNACE

In our establishment, where parties wishing to see it have the opportunity of so doing. We are prepared to erect these Furnaces at our risk, and warrant them to produce a superior Gas, and at a less cost, by about one half, than the COAL GAS usually furnished by the incorporated monopolies of cities.

T. WRIGHTSON & Co.,

167 Walnut Street, Cincinnati.

SAVE YOUR ICE AND DRINK PURE WATER. Economy, Convenience & Purity Combined.

GEORGE D. WINCHELL,

North West Cor. Race and Columbia streets.

MANUFACTURER OF

JAPANNED, ORNAMENTAL AND BRONZED

TIN WARE,

**PRESSED PLATES AND TART DISHES OF EVERY DESCRIPTION,
JAPANNED TINS FOR SIGN PAINTING,**

ALSO,

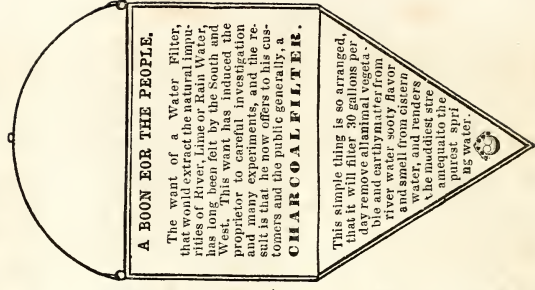

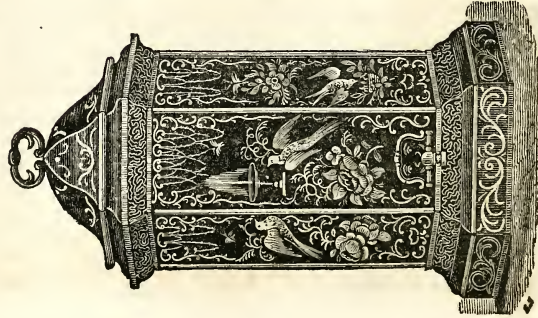

WINCHELL'S OCTAGON

**WATER COOLERS,
AND FILTERS.**

With one of these COOLERS, water can always be had ready for use as cold as ice
itself, and as clear as the purest spring water. Also,

THE CELEBRATED AIR LARD LAMP,

Tinmen's Machines & Tools at Manufacturers' Prices.

A BOON FOR THE PEOPLE.

The want of a Water Filter, that would extract the natural impurities of River, Lake or Run Water, has long been felt by the South and West. This want has induced the proprietor to careful investigation and many experiments, and the result is that he now offers to his customers and the public generally, a

CHARCOAL FILTER.

This simple thing is so arranged, that it will filter 30 gallons per day remove all animal vegetable and earthy matter from river water sooty flavor and smell from cistern water, and renders the most delicate and unpalatable spring water, pure and fit for drinking.

LANE & BODLEY'S

PATENT

POWER MORTISER.

Is adapted to every variety of Work, from the mortising of a Sash Stile to a Car Sill; from a Buggy Hub, to the Hub of a Timber Wheel.

Can use a 3-16, and is the only Mortising Machine in existence that can use a 2½ and 3 inch chisel in hard wood, without any inconvenience to the operator.

They have received the highest encomiums from all parties who have used them, as the numerous certificates in our possession will show, and were awarded a Silver Medal at the Ohio Mechanics' Institute, in May last, and also a Special Premium of \$50, as the best labor-saving invention on exhibition. They also received the highest award, a silver Medal, at the American Institute, N. Y., in Nov., 1855, in direct competition with the best machines of the kind heretofore manufactured.

Seven varieties manufactured and for sale at

No. 98 Pearl Street, Cincinnati, O.

DR. C. W. ROBACK'S SWEDISH SCANDANAVIEN BLOOD PILLS

AND

SWEDISH SCANDANAVIEN BLOOD PURIFIER,
No. 6 Fourth St., between Main and Sycamore Streets,
CINCINNATI, O.

30,000

CASES OF INDIGESTION, DYSPEPSIA, CONSTIPATION, NERVOUSNESS, LIVER COMPLAINTS

Bilious Complaints. Fever & Ague, Spasms of the Stomach,

FALLING FITTS, NERVOUS DEBILITY,

(Incidents to a decline of the passions in the male or female.)

ASTHMA COUGH, PAINS IN THE BREAST,

LOW SPIRITS, CREEPING SENSATION OVER THE BODY & CHILLINESS.

The Purifier is Warranted,

In all cases to cure the above and many other Diseases under a FORFEIT OF

5,000 DOLLARS!

While a dozen or more medical stars have shot up, made a slight noise, a blaze, and been extinguished, (by their own effects,) DR. ROBACK'S Medicines have been slowly but constantly acquiring a reputation, till now at the end of 20 years their celebrity is without precedent, and remain as ever, on the solid and substantial foundation of long tried and severely tested merit and worth.

PATENT INCISED KING WASHBOARDS.

Four machines, patented by, and exclusively used and controlled by the subscriber, are employed in the construction of this Board—inserting the zinc to double the depth of any other process—precluding the possibility of its coming loose, every part of the wood being thoroughly prepared for the reception of the same. An entirely new mode, pronounced by able mechanics to surpass any other Zinc Washboard now known. Persons ordering, may rest assured that their interest will be served as if they were present. The lowest possible freight procured in every instance.

RAILROAD RECORD.

AND

Journal of Commerce, Banking, Manufactures, and Statistics.

PUBLISHERS' CIRCULAR.

RAILROAD RECORD.

E. D. MANSFIELD.....EDITOR.
W. WRIGHTSON, }ASSOCIATE EDITORS.
T. WRIGHTSON, }

The title at the head of this paper expresses its plan and purpose. The VALLEY OF THE MISSISSIPPI is at this time engaged in works of gigantic magnitude, involving immense interests. Its Commerce has increased at a rate heretofore unknown in history. Its Navigation embraces thousands of vessels of various kinds. Its financial engagements extend over the globe; and its cities are rising to a population and wealth, commensurate with such a country and such a Commerce. The object of the RECORD is to promulgate authentic Statistics and reliable information of the RAILROADS, BANKS, MANUFACTURES, and COMMERCE of this great Valley, and thus, of course, aid the interests of that great body of the public engaged in them.

In pursuance of this object, the RECORD has furnished, and will continue to furnish, in still larger proportion, a great amount of STATISTICAL INFORMATION on the Commerce, Agricultural, and Mineral Resources of the West. No other Journal has embraced so much information on these subjects: and we now add that it is our intention, in successive numbers during the year, to exhibit the entire Development of the Agriculture, Mineralogy and Geology of the West, so far as they furnish materials for commerce. We have already furnished views of the Vine and Indian Corn; and we intend to bring out successively similar articles on Wheat, Barley, Oats, Potatoes, Hops, Sugar Cane, Cotton, and Lumber. We shall accompany these with brief but complete views of the Coal, Iron, Lead, Copper, and Gypsum Regions of the West; the demand for the productions, and the effects of these developments on the Railroad System. This, when done, will furnish information which cannot be found in any one work.

The STOCK TABLES in the RECORD are made up from the actual sales in Cincinnati,

New York, Philadelphia, and Baltimore, and are corrected from the latest information received up to Wednesday noon. The STOCK SALES are from the reported public sales in Cincinnati and New York.

The circulation of the RECORD has already extended to every State in the Union, and is becoming more and more extensive. Finding its way as it does into the hands of Railroad Directors, Engineers, Superintendents, and others interested in Railroads, Banking, and Commerce, the Railroad Record as an

ADVERTISING MEDIUM,

offers superior facilities for bringing to the notice of the proper parties everything that has any connection with Railroads, Banking or Commerce.

New Inventions, also, unknown to many, yet very useful, may be thus brought to the notice of those who would be most likely to adopt them. In no portion of the Union is the progress of improvement in Railroads, Machinery, etc., more rapid than throughout the West and South, and at no point is information upon all subjects connected with Railroad progress more eagerly sought for than in Cincinnati. The publishers do not hesitate to say that the circulation of the RECORD is very extensive throughout these sections, and presents a certain means of bringing all inventions, improvements, etc., in machinery directly before those interested in their use

ISAAC TIBBETTS, S O L I C I T O R , AND GENERAL AGENT,

Office and Residence, S. E. Cor. Twelfth and Stevens Sts.,
COVINGTON, KY.

THE DAILY COLUMBIAN,

(INDEPENDENT ON ALL SUBJECTS.)

A NEWS AND BUSINESS PAPER,—furnished to Mail Subscribers at FIVE DOLLARS, in advance, and delivered by Carrier at TWELVE CENTS per Week, in

All important Towns and Villages of
OHIO, INDIANA AND KENTUCKY.

The circulation of the DAILY COLUMBIAN is already upwards of FIVE THOUSAND, and has been increasing steadily at the rate of more than one hundred copies per week, for several months. This fact, particularly when the CHARACTER and EXTENT of its circulation are taken into consideration, renders it decidedly THE BEST Advertising Medium of the West, published in the Columbian Buildings, on the North side of Third St., bet. Walnut and Vine.

THE DOLLAR WEEKLY COLUMBIAN,

A Mammoth Weekly of the Largest Class, containing a vast amount of Reading Matter, arranged with great care, expressly for the Country, and circulating among Regular Subscribers, in every State and Territory of the Union, and every county in the South and West.

Furnished to Mail Subscribers at ONE DOLLAR per annum, invariably in advance. Liberal deductions to Clubs.
STANHOPE S. ROWE, Prop'r. W. B. SHATTUCK, Editor.

THE COLUMBIAN STEAM JOB PRINTING OFFICE.

The Proprietor of the COLUMBIAN has established, in connection with his Newspaper Department, a BOOK & JOB PRINTING OFFICE of the first order, complete in all its arrangements, and of an extent that will enable the Office to meet all requisitions that may be made upon it, with the utmost dispatch. THE MATERIALS ARE ENTIRELY NEW! and were selected with great care. The styles of Job, Card and Ornamental Types, Borders, Ornaments, &c., are of the most tasteful and pleasing character, from the Foundries of New York, Philadelphia and Boston, many of them are from English, French and German Establishments. The best Workmen are employed, and the Office is prepared to execute, in the most beautiful manner,

Every kind of Plain and Ornamental Printing, on Rapid Steam Presses.

Such as Circulars, Bill Heads, Bills of Lading, Letter Headings, Dray Receipts, Envelopes, Checks, Notes, Drafts, Business Cards, Insurance Policies, Books, Pamphlets, Blank Work and RAILROAD PRINTING generally.

THE POSTING DEPARTMENT OF THIS OFFICE IS INFERIOR TO NONE IN THE CITY.

And comprises a full assortment of the latest specimens of large, Plain and Ornamental Wood Type. The Office is therefore prepared to print every description of Posting Bills, for Circuses, Menageries, Country Merchants, Steamboats, Auction Stores, &c., at the shortest notice, and at LOWEST PRICES FOR

Cash! Having in use the Latest Improved and most Rapid Steam

Presses, we can complete the largest Orders in a few hours, with an assurance that the execution will be satisfactory to all who may favor us with their printing.

THE CINCINNATI

ENQUIRER MAMMOTH STEAM JOB PRINTING ESTABLISHMENT,

OCCUPYING THE ENTIRE SECOND AND THIRD STORIES OF

ENQUIRER BUILDINGS, 88 MAIN STREET,

Is supplied with every material necessary for the prompt, neat and economical execution of LETTER PRESS PRINTING, such as FANCY BILLS, for Dry Goods and Grocery Stores, Country Merchants, plain, or with the richest style of Borders. PRINTED IN EVERY COLOR.

Railroad and Steamboat Bills,

For which a great number of appropriate engravings are provided, and an unsurpassed assortment of Types, will be printed with the utmost dispatch and on the most favorable terms.

SHOW BILLS,

For Concerts, Theaters, Menageries, Circuses, Travelling Exhibitions of every kind, or any other place where the largest description of printing is required. The facilities for this kind of work cannot be surpassed by any office in the United States; for, beside the immense assortment of Plain, Ornamental, Small, Medium and **MAMMOTH TYPE**, we have **SIX STEAM JOB PRESSES**, of various sizes, on which work can be done in an incredible short time. Great pains have been taken to provide every Material that can possibly be of service; and therefore Managers and others having occasion for **SHOW BILLS**, will find it greatly to their advantage to patronize this establishment. Any size or form of Bill, from one to twenty sheets, in as many colors, can be furnished at a very short notice. That those interested may understand we make no vain boast, we would state that the fine Decorative and Pictorial Posters required for the Travelling Exhibitions and Concerts of

Barmore's Adriatic Circus, Whitbeck's French Equestrian Troupe, Robinson's Athenaeum, Marsh's Uncle Tom Troupe, Dan Rice's Hippodrome, Stone's Railroad Circus, Kunkel's Nightingale Opera Troupe, Campbell Minstrels, Townsend's Philharmonic Troupe, Madame Henrietta Sontag, Mons. Julien, Kate Hayes, Mad. Rosa De Vries,

And others not known in this section of the country, and indeed for nearly all the Concerts and Public Entertainments that have been given in Cincinnati for the past ten years, HAVE BEEN EXECUTED AT THIS OFFICE.

Mercantile Printing.

Circulars, Bill Heads, Commercial Blanks; in fact, every description of Blanks printed in the most expeditious manner, and with a variety of Type by which any pattern may be strictly followed.

Cards.—Printed in FLOCK, BRONZE, GOLD AND SILVER, or any style designated by the customer.

FOUR TERMS will be found satisfactory, while the quality of the work will bear favorable comparison with any in the Union.

☞ All orders for any kind of Job Printing will be received at the ENQUIRER Counting Room, 88 Main Street; between Lower Market and Third Streets.

☞ Orders by mail will receive prompt attention.

DAILY AND DOLLAR WEEKLY TIMES PRINTING ESTABLISHMENT,

**TIMES BUILDING, No. 46 PEARL ST., 2d House West of Walnut,
CINCINNATI, O.**

JOB PRINTING.

The Job Department is under the superintendence of experienced and competent workmen; it is supplied with the latest styles of Metal and Wood Type—plain and fancy; Large and Small Borders; Wood Cuts for Show Bills; and, in fact, all the appliances for Plain and Ornamental Job Work, Which is executed in the best style done in the West and with quickness and dispatch.

BOOK PRINTING.

Selections of large and beautiful founts of TYPE from the best foundries in the country, have been made with special reference to this department of the business, and there is no undertaking in Book Printing that will not be executed in a satisfactory manner. The PRESSES and Machinery are all new and of superior workmanship.

COMMERCIAL PRINTING.

Great attention is given to this branch, and no pains are spared to give entire satisfaction.

**FANCY CARDS,
PLAIN DO.
BILL HEADS,
BILLS LADING,**

**CHECKS,
NOTES,
CIRCULARS,
CERTIFICATES,**

**FANCY LABELS,
PLAIN DO.
DEEDS,
MORTGAGES,**

INSURANCE POLICIES, &c., &c.,

CARD PRINTING.

This branch of Printing, so long sadly neglected in the West, is, in this establishment receiving great care.

PRESSES.

Seven Power Presses of the best patents, and having all the late improvements, are now in successful operation.

BOOK BINDING.

By the late addition of an entire new Bindery outfit, and the employment of the best workmen in the city, the proprietors are prepared to contract for, and are now engaged on every description of Binding.

DAILY AND DOLLAR WEEKLY TIMES.

THE CINCINNATI TIMES

Is published Daily and Weekly, on the following terms—Cash invariably in advance. Complete and extensive Telegraph arrangements have been entered into for the reception of important news from all parts of the Union:

DAILY, per annum,	\$5.00
WEEKLY,	1.00

As a medium of advertising, the Daily Times, from its extensive circulation in Cincinnati, and the neighboring states of Indiana, Illinois and Kentucky, as well as all the principal cities of the Union, stands without a rival in the West.

THE DOLLAR WEEKLY TIMES

Has been recently enlarged and improved, and is now the cheapest and best weekly paper published in the Western country, if not in the United States. Since its first enlargement in July, 1852, when it was comparatively but little known throughout the West, its circulation has grown to be the greatest west of the Alleghanies, and bids fair to outnumber any in the East.

It is especially devoted to the advocacy of the great cause of FREE SPEECH and FREE THOUGHT, and should receive the patronage of every lover of his country, friendly to the great and glorious PRINCIPLES of '76.

WILLIAMS'

CINCINNATI DIRECTORY,

City Guide and Business Mirror:

IS ISSUED ANNUALLY FROM THE DIRECTORY OFFICE.

NO. 194 WALNUT ST., COR. FIFTH.

The Directory has now been published six years, its support having greatly increased from year to year, until for two years past, it has met the expense of publication, and now begins to furnish a small return for the continual labor which necessarily attends the preparation of such a work; from which it may be fairly inferred that it will, as heretofore, continue to receive, annually, an additional support, and may now be said to be permanently established, although it has been done at a heavy expense to the publisher.

While an adequate support will enable us from year to year to improve it very materially, we now unhesitatingly invite a comparison with those published in other cities—it can lose nothing from it, as no city which at this time contains a population of 100,000 or more, is furnished with a Directory as full in proportion or equal in many other important particulars.

As Directories consist almost entirely of Cards of Address and Business—properly termed advertisements—each of which should be paid for as such by those represented, their support should be derived from that source, and this one in particular does rely upon that alone and not upon its sale, and it will be seen that it is not in any case sold, by reference to the following:

TERMS OF PUBLICATION:

THE DIRECTORY IS NOT SOLD.—For the general purpose of benefitting the business of the City, and more particularly to increase the value of the publication to those who support it, one-fourth or more of each issue is distributed where no direct support is expected in return; these are sent to *Post Offices, Public Institutions, the Principal Hotels, the most important offices of the Principal Express Lines, and many other places of business and general resort throughout the country, particularly the West; as well as exchanged for similar works published in other places, which are kept at the Directory Office for the use of such as have occasion to refer to them.* The support which it does receive is,

1st. From ANNUAL SUBSCRIBERS, who have been and must necessarily continue to constitute its principal support. These pay TWO DOLLARS per year, for which their names and card of address receive a conspicuous and very particular insertion, much more valuable to men of business than any other which they can have distributed for the same amount. With each of these in the distribution of the work, a copy of each issue is left, and their subscription is payable when it is delivered.

2d. From SUBSCRIPTIONS FOR A SINGLE YEAR,

only received when paid in advance.

3d. From SUBSCRIBERS, who wish the work for family use, bound in an EXTRA STYLE, particularly adapted for the CENTRE TABLE—such will pay TWO DOLLARS AND FIFTY CENTS, when the work is distributed, if the subscription is an annual one, if not, in advance.

4th. From CITIZENS who do not wish to receive the work, but simply to pay as every individual whose name is inserted should do. The names of such will be inserted in CAPITALS in the alphabetical arrangement, by paying TWENTY FIVE CENTS, and an additional twenty-five, for each insertion (if any) which is requisite to be made in the business arrangement—thus distinguishing them from others who (by their acts) represent themselves to be unwilling to pay for that which their own individual interest and the public good requires. And,

5th. From SPECIAL ADVERTISEMENTS, the value of which in this work has become so generally known, that nothing need be said, except that special pains will be taken to make them still more valuable than heretofore. These are collected each and every year, and specimens of sizes, styles, prices &c., exhibited in order to meet the wishes of all.

WM. R. FEE & BRO.,
QUEEN CITY
LARD OIL LABORATORY,
 No. 19 East Front Street, South side, near Broadway,
 CINCINNATI, O.

From the Report of the Committee of the Ohio Mechanics' Institute Fair, held in Cincinnati, May, 1855

NON-GELATINOUS LARD OIL, exhibited by MESSRS. WM. R. FEE & BRO., we consider a very good article, not only as a burning fluid, but it is also well adapted for oiling Machinery of all kinds, and especially that of a light character and fine finish. In this opinion, your committee are supported by the practical knowledge of many of the mechanics of the city, and also in its effects on some of the machinery running in the Institute during the exhibition. We therefore believe that the exhibitors have succeeded, to a great extent, in producing a substitute for Sperm Oil. The Gluten extracted from this Oil, during the process of manufacture, answers a good purpose for cutting screws and for oiling rough and heavy machinery. The Committee, therefore, recommend the Oil and Gluten to your consideration.

E. GRASSELLI,
 M. R. TAYLOR, } COMMITTEE.

MAISH'S PATENT REFRIGERATOR

MANUFACTURED SOLELY BY J. & J. M. JOHNSTON,

AT THEIR STEAM BOX FACTORY, SOUTH SIDE OF THIRD STREET, BETWEEN PLUM AND WESTERN ROW,

CINCINNATI, OHIO.

For the **Improvements** which are found in this **Refrigerator** over all others now in use, **LETTERS PATENT** were granted April 20, 1852. In its internal structure, it provides a strong, simple and efficient means of appropriating to cooling purposes the water from slowly melting ice, and also all the condensing moisture of the atmosphere as it accumulates, without wetting the parts of the shelves which comes in contact with the articles placed upon them for protection.

One chief advantage is in the shape of the shelves. They are formed of corrugated or crimped sheet metal, the upper angles of which support the dishes or other articles above the water which runs in the intervening channels. The ice is contained in a chamber in the top of the Safe. The angular shape of its bottom directs the drip as it falls to one particular point on the upper shelf, the corrugated channels of which are filled to a certain point, and then the water passes down a small pipe at the end of the next shelf, which is filled in its channels in like manner; it then passes down to the next shelf, and so to the bottom, where it is finally discharged through a small tube, over which there is a cap, while at the same time it

lets the water discharge. The angular shape of the bottom of the ice Box allows every drop of water to pass off as it melts, thereby preserving the ice a longer time than most other safes.

Uniformity of temperature is secured from top to bottom, and should it be desired at any particular time to lower the temperature, the form of the shelves will safely allow ice to be placed on any one of the shelves without injury to the surrounding articles. Other Safes are made with hollow shelves for the passage of water, but their shelves being double are much heavier, more costly, difficult to clean, and liable to burst from various causes. This one is light, safe, simple and cheap. They are made of all sizes, to accommodate Families, Hotels and Steamers. They can be made ornamental as furniture for dining rooms, or other positions persons may wish them to occupy. We invite all in want of a good and cheap Ice Safe, to call and examine these carefully, confident that they are nearer perfection in their way than all others now before the public.

☞ We are still manufacturing the **OLD STYLE** of Ice Chests, and are prepared to fill orders for all sizes.

LIBERAL DISCOUNT TO THE TRADE.

CINCINNATI COMMERCIAL SCHOOL.

The undersigned would respectfully inform the public, that his rooms are now open for the reception of pupils, and that his intention is to impart a thorough knowledge of the

THEORY OF BOOK KEEPING,

AS ALSO, TO QUALIFY HIS STUDENTS IN ITS PRACTICE,

Which he thinks he is enabled to do from the fact, that he has had a

PRACTICAL EXPERIENCE
IN ALL THE VARIED DEPARTMENTS OF COMMERCE,
BOTH FOREIGN AND DOMESTIC,

For near Thirty Years.

He thinks it unnecessary to enumerate all the Branches to be taught in his School, for the reason that a thorough knowledge of

BOOK KEEPING

INCLUDES ALL THE VARIETIES

USUALLY SET FORTH IN PROFESSORS' CARDS.

DRS. N. C. & D. N. DANIELS,

Cruss, Brace, and Bandage INSTITUTE,

No. 39 West Fourth street, Cincinnati. Ohio.

This Establishment is patronized by the most eminent surgeons and physicians of the city and surrounding country, where may be found all of the most popular and improved instruments manufactured in the Eastern cities, in addition to the numerous inventions and appliances of their own. Human suffering is relieved by the application of their improved Trusses, Supporters, Shoulder-Braces, Spinal Corsets and Props—Instruments for Bow-Legs, Knock-Knees, Weak Ankles, Palsied Limbs and Diseased Joints, Elastic and Laced Stockings, Knee Caps, Ankle Supports, Suspensoirs, Fracture Bandages, and every kind of Apparatus for the correction and cure of Physical Deformities of the system.

ARTIFICIAL LEGS, ARMS, HANDS & NOSES MADE TO ORDER
Surgeons, Physicians & Druggists supplied on liberal terms.

These Instruments are recommended by the professors of the Medical Colleges of this city, and have received first premiums of the Ohio and Indiana State Fairs, also, at the Mechanics' Institute, Cincinnati, and Louisville, Ky. Ladies waited on by Mrs. Daniels.

N. B. Dr. J. W. Phelps of Boston, Mass., has written certificates of recommendation of these Trusses, from the following eminent men of the medical profession: Drs. John C. Warren, Geo. Hayward, S. D. Townsend, J. Reynolds, Winslow Lewis, Walter Channing, of Boston, Drs. Valentine Mott, Willard Parker, Alex. H. Stephens, Samuel H. P. Lee, New York.

The Association for the exhibition of the Industry of all Nations, at the Crystal Palace, N. Y., 1854, awarded to Dr. J. W. Phelps, of Boston, a prize medal for Trusses, Supporters and Apparatus for Deformities. THESE INSTRUMENTS ARE MADE AND APPLIED BY DRS. DANIELS.

**JOSEPH W. WAYNE,**

**Sole Proprietor and Manufacturer of
 GENUINE O. RICE'S IMPROVED PATENT**

ZINC WASH BOARDS

FACTORY AT OLD ESTABLISHMENT

**SOUTH SIDE OF FIFTH, CORNER OF HOME STREET,
 Between Elm and Plum, Streets**

Office at J. W. Wayne's Hardware Store, No. 136 Main street, opp. 5th, Cincinnati.

These superior Washboards received the FIRST PREMIUM at the "Ohio Agricultural State Fair," held at Cincinnati. Also, "FIRST DIPLOMAS" at the last three Exhibitions of the "Mechanics' Institute" of this city. All other brands of zinc washboards, in which the metallic plate is made to *incise or cut its way* into the wooden sides or legs of the Board, INFRINGE UPON SAID PATENT. This is the case with those heretofore made by J. B. Holmes, I. Abrams & Co., (late Winston & Co.) and G. Waters & Co., against whom suits at law are now pending. Dealers should be careful to purchase THE GENUINE ARTICLE ONLY, which will be found *superior in quality and as low in price* as any of the infringing makes.

FIRE DEPARTMENT.

OFFICE AT ENGINE-HOUSE, ADJOINING MECHANICS' INSTITUTE.

Chief Engineer—F. Clements.

Secretary—Lewis Geulich.

FIRE DISTRICTS.—The City is divided into four Districts, as follows:

1st, or Southeastern District, lying south of 6th and east of Vine.

2d, or Southwestern District, lying south of 6th and west of Vine.

3d, or Northwestern District, lying north of 6th and west of Vine.

4th, or Northeastern District, lying north of 6th and east of Vine.

Assistant Engineer 1st and 4th Districts—John Doran.

Assistant Engineer 2d and 3d Districts—E. C. Megrue.

RULES AND REGULATIONS

For the Government of the Engine, Hose, Hook and Ladder and other Companies attached to the Cincinnati Fire Department.

ART. 1. All the companies of the Department shall be furnished with a copy of the Fire Ordinance and the Rules and Regulations, which shall be framed and placed in their respective houses; and it shall be the duty of the officers and members of the Department to conform to all the requisitions, and perform all the duties herein required.

ART. 2. The Chief Engineer shall have command of the Fire Department, and at all the fires, and direct the respective Assistant Engineers in any and all matters belonging to the same; he shall lay before the Board of Engineers, and the Board of Supervisors, respectively, all such business as may require their con-

sideration; he shall direct the Assistant Engineers at fires how to dispose of the respective companies of their district.

ART. 3. The Assistant Engineers shall examine the condition of the different companies in their districts, and see that the Captains of each company have the apparatus entrusted to their care kept in good working order, and that the Ordinances and Regulations of the Fire Department are strictly attended to. They shall, in the absence of the Chief Engineer, take the command at all fires in their respective districts, and receive the Report from the Captain of each company of any repairs that may be necessary, and report the same forthwith to the Chief Engineer. In the absence of the Assistant Engineer of a district, the Assistant Engineer of the district succeeding, shall have command of the companies of that district.

ART. 4. The Captains of each company shall take command at all fires in their districts in the absence of the Chief Engineer or his Assistants, and when there are more than one company in a district, the Captains of each company shall cast lots who shall have the command in the absence of the Chief or Assistants. They shall see that the men composing the company under their command, comply with the Rules and Regulations of the Fire Department, and shall cause all the orders of the Chief or his Assistants to be strictly obeyed.

ART. 5. The Captain of a Company shall see that all the property in such company is duly taken care of; that the Pipemen, Drivers and Firemen, attend to their respective duties; he shall direct the members of the company at fires, call the roll, and report as often as directed, or as he may find necessary, to the As-

sistant Engineer of his district, or Secretary, respectively.

ART. 6. The Lieutenant shall act as Captain in his absence.

ART. 7. The Pipemen shall take due care of the property in use by their respective company, and attend to the hose and pipes at fires; they shall report to the Captain as often as he may direct, or they may find it necessary; one of them shall be on duty at the Engine-house at all times, (to be relieved at such times and manner as the Captain may direct,) the third Pipeman to assist at the work of the other Pipemen, or as he may be directed by the Captain; he shall take the place of either Pipemen or Drivers, when either of them is absent from duty by some unavoidable cause; he shall attend to alarms, and remain at the Engine-house during the absence of the other men at fires.

ART. 8. The Drivers shall take due care of the horses of their respective company, while at the Engine-house, going to a fire, while there, and returning to the house; they shall report to, and otherwise execute the directions of the Captain; one of them shall be on duty at the Engine-house at all times, except during fires, to be relieved as may hereafter be directed, and in practising horses, shall not go more than four squares from their respective Engine-houses, and shall, in all cases, observe the directions of the Horse Doctor in regard to feeding and medicine.

ART. 9. Alarms are not to be given at any Engine-house, unless received from a responsible person or persons, or from another fire-bell; the men on duty at the Engine-house shall be held answerable for all false alarms given by them.

ART. 10. Racing to and from fires is not allowed under any circumstances, under the penalty of dismissal, and if apparatus of several companies proceed on the same street to or from the fire, they shall do so in single file.

ART. 11. The Captain or commanding officer of each company, will remain by his company or apparatus, of which he has charge, to preserve order, and to direct their operations; and all members of the several companies, except when otherwise engaged on special duty, will remain at or about the apparatus to which they are attached.

ART. 12. When the Chief Engineer shall find the fire so far reduced that one, or all the companies may cease work, he shall dismiss them through the respective Assistant Engineers.

ART. 13. No officer or member of the Department shall appear on duty without such badge as may be prescribed by the Board of Engineers, under penalty of twenty-five cents, unless they can furnish a reasonable excuse.

ART. 14. Any officer absent from a fire without a good and sufficient excuse, (except in case of sickness, shall be subject to a fine of one dollar; firemen for a like neglect, fifty cents.

ART. 15. Officers or other members of the Department, who have not attended at two-

thirds (2-3) of the fires during the month, except in case of sickness, are subject to dismissal.

ART. 16. Members of fire companies, or other persons, are not permitted to frequent, meet or loiter around the Engine-houses, without special permission from their respective officers. Men on duty at the Engine-houses, who may allow the same, to the contrary, shall be subject to dismissal.

ART. 17. All charges for misconduct against officers or men, must be presented to the Board of Supervisors in writing, and for such charges he shall have five (5) days' notice, during which time he shall stand suspended.

ART. 18. The Hook and Ladder Companies will take position, when practicable, within lines, and as near the fire as under all circumstances may be found convenient.

ART. 19. No member will be received into any company for less time than one month, and no person shall be entitled to pay for a less time, and any member wishing to withdraw from any company, shall be required to give ten (10) days' notice of such intention, and each enrollment of membership shall date from the first of every month.

ART. 20. Any company returning from a fire, finding that they have hose which does not belong to them, they shall immediately return the same to the company to which it belongs.

ART. 21. The Captain of each Company shall in no instance allow any person, except the Captain, Lieutenant, Pipemen, or Drivers, to ride on the apparatus, either in going to or from a fire.

HOUSE OF REFUGE.

EAST SIDE OF THE CUMMINSVILLE ROAD, ABOUT THREE-FOURTHS OF A MILE NORTH OF THE CORPORATION LINE.

Among the charitable and reformatory institutions of the city, none should hold a higher place in the estimation of citizens than the House of Refuge; for no one of them is better adapted to secure its future happiness and prosperity. The building up and supporting a place where the thousands of vagrant boys and girls, who rove about the streets—the future pests and criminals of society—can be taken, educated morally and intellectually, and trained to habits of industry, is a noble object.

Citizens may essentially, though indirectly, aid this object, by making it a point to furnish themselves with such articles as are manufactured by the inmates, from the store of the Institution, No. 2 College Building, Walnut street, between Fourth and Fifth.

### RATES OF POSTAGE, &c.

#### LETTERS.

For every single letter, for any distance within the United States, not exceeding three thousand miles, three cents.

For a double letter, double, for a treble letter, treble the above rates, and so on.

For any distance over three thousand miles, double the above rates.

Single rate of letter postage to Colifornia and Oregon, ten cents.

The law relating to the registration of valuable letters is now in operation.

By inserting the county in which the office is located upon all letters many errors in super-scription might be detected, and mistakes in mailing be avoided.

All letters to places within the United States must be pre-paid by stamps or stamped envelopes.

For every single letter to or from British North American Provinces, any distance not over three thousand miles, ten cents; over that distance, fifteen cents; pre-payment optional.

For every single letter, conveyed wholly or in part by sea, to or from a foreign country, for any distance over twenty-five hundred miles, twenty cents, and for any distance under twenty-five hundred miles, ten cents, (except when otherwise ordered by treaty.)

For a double letter there shall be charged double the above rates, and for a treble letter treble the above rates, and for every quadruple letter quadruple the above rates.

Every letter or parcel, not exceeding half an ounce in weight, shall be deemed a single letter, and every additional weight of half an ounce, or additional weight of less than half an ounce, shall be charged with an additional single postage.

All drop letters, or any letters placed in any post office, not for transmission, but for delivery only, shall be charged with one cent postage.

The Postmaster General is empowered to establish post routes within cities, to provide for conveying letters to the post office, by establishing suitable and convenient places of deposit, and by employing carriers to receive and deposit them in the post office; also, to cause letters to be delivered by suitable carriers, at a charge not exceeding one or two cents each letter.

All Letters to France, Holland and Belgium, must be pre-paid 21 cents by the American Steamers to Liverpool and Southampton; 20

cents by the direct Steamers to Havre, or 5 cents by British Steamers. Letters to Switzerland and Italy should come under the same rule to reach earlier their destination.

A closed Mail, consisting of Letters and Newspapers for States and Cities of the German-Austrian Postal Union, and Denmark, Norway, Sweden, Poland, Russia, Greece, Ionian Islands, &c., is sent from the New York office semi-weekly.

#### NEWSPAPERS, PERIODICALS, &c.

All newspapers published weekly only, not exceeding three ounces in weight, sent from the office of publication to actual and bona fide subscribers, shall circulate in the mail free of postage in the county where published.

Weekly newspapers not exceeding the above weight, shall be charged five cents per quarter for any distance not exceeding fifty miles out of the county where published.

For any distance over 50, and not exceeding 300 miles, ten cents per quarter.

For any distance over 300, and not exceeding 1,000 miles, fifteen cents per quarter.

For any distance over 1,000, and not exceeding 2,000 miles, twenty cents per quarter.

For any distance over 2,000, and not exceeding 4,000 miles, twenty-five cents per quarter.

Monthly newspapers to be charged with one quarter; semi-monthly, one half; tri-weekly, treble; and daily, five times the above rates.

Upon every other newspaper, and each circular not sealed, hand-bill, engraving, pamphlet, periodical, magazine, book, and every other description of printed matter, unconnected with any manuscript or written matter, and which it may be lawful to transmit through the mail, of no greater weight than one ounce, for any distance not exceeding 500 miles, one cent; and for each additional ounce or fraction of an ounce, one cent; and for any distance over 500 and not exceeding 1,500 miles, double those rates; over 1,500 and not exceeding 2,500, treble those rates; over 2,500 and not exceeding 3,500, four times those rates; and for any distance exceeding 3,500 miles, five times those rates.

Subscribers to all periodicals shall be required to pay one quarters' postage in advance; in all which cases the postage shall be one-half the foregoing rates.

Bound books and parcels of printed matter not weighing over thirty-two ounces, shall be deemed mailable matter.

The postage on all printed matter, other than newspapers and periodicals, published at intervals not exceeding three months, and sent from the office of publication, to actual and bona-fide subscribers, must be pre-paid.

The weight of newspapers to be ascertained in a dry state.

Matter required to be pre-paid, if neglected to be pre-paid, to be charged double postage.

The Postmaster is authorized to increase or diminish the postage on letters between the United States and foreign countries.

It is made the duty of Postmasters at the office of delivery, to remove wrappers and envelopes from all printed matter and pamphlets not charged with letter postage, to ascertain if there is any writing about the same, which would make it chargeable with higher rates of postage.

Publishers of papers, pamphlets, &c., not exceeding one pound in weight, are allowed to interchange their publications reciprocally free of postage.

Also, that they may inclose in their publications their subscription bills, without any additional charge of postage.

Provision is made for supplying postage stamps of the denomination of three cents, and of such other denomination as the Postmaster General may deem necessary or expedient, to facilitate the pre-payment of postage. Penalties are provided against counterfeiting such stamps.

Postmasters are to cause to be defaced all postage stamps deposited in their office for delivery, or to be sent by mail.

The list of uncalled for letters to be published once only, in the paper having the largest circulation within the range of delivery of the post office, at a charge not exceeding one cent.

Rates of postage on all letters of the weight of half an ounce and under by the *Bremen steamers only*.

Bremen, 10 cts; Altona, 15 cts; Austria, including Hungary, Galacia, Lombardy, Venice, &c., 15 cts; Bavaria, 15 cts; Brunswick, 15 cts; Hamburg, 15 cts; Hanover, 15 cts; Mecklenberg, — cts; Schwerin, 15 cts; Mecklenberg, — cts; Serolitz, 15 cts; Ordenberg, 15 cts; Prussia, Kingdom and Province of — 15 cts; Saxe, Altenberg, 15 cts; Saxony, Kingdom of — 15 cts, all other German States, Cities, and Towns, 22 cts; Alexandria, 30 cts; Constantinople, 33 cts; Hofsu, 30 cts; Denmark, 27 cts; Greece, 33 cts; Italy, (except Lombardy and Venice, 33 cts; Malta, Island of — 30 cts; Netherlands, The 25 cts; Norway, 37 cts; Poland, 29 cts; Russia, 29 cts; Schleswig, 27 cts; Sweden, 33 cts; Switzerland, 20 cts; Wallacha, 30 cts.

Newspapers by this line, when not over 2 ounces in weight, done up singly, in narrow bands, open at the ends or sides, may be fully pre-paid to any part of the German-Austrian Postal Union. The full rate required to be pre-paid being 3 cents per newspaper.

On Pamphlets and Magazines, the United States postage is 1 cent an ounce, or fraction of an ounce, pre-payment required.

On all printed matter, received by the Bremen Mail, the whole postage (United States and Foreign) is pre-paid on the other side.

In the Mail to Great Britain, the single rate of postage is twenty-four cents, pre-payment optional. On either a letter or packet or any weight, the whole postage, or none at all, should be pre-paid. If any less than the whole

is pre-paid, no account is taken of it, and it is ENTIRELY LOST TO THE SENDER. In the Prussian Closed Mail to Germany, thirty cents is the single rate, pre-payment optional. This pays from any part of the United States to any part of the German-Austrian Postal Union. A pre-payment of any sum less than the regular rate of thirty cents is not recognized, and is, of course, LOST TO THE SENDER; but every full rate of thirty cents is credited, whether the postage on a letter or packet is paid or not, leaving any balance due to be collected at the office of delivery.

By the New York and Havre line, twenty cents; by United States Steamers, via England, twenty-one cents; which pays to or from Liverpool, or Southampton, as the case may be, and by British Steamers, via England, five cents, which pays only to or from the port of departure in the United States. The balance of the postage in such instance, is collected in France.

Pamphlets and periodicals cannot be sent through Great Britain in the Prussian closed mail.

The rule for rating letters, to all Foreign Countries (except the British North American Provinces and France,) is to charge one rate for half an ounce and under; two rates, if the weight is over one-half and not exceeding an ounce; four rates, if over one and not exceeding two ounces; six rates, if over two and not exceeding three ounces; and so on, charging two rates for every ounce or fractional part of an ounce over the first ounce.

The French Postage is rated by the quarter ounce for the single letter. To or from France, the single rate of letter postage, which must be collected in the United States, is as follows:

The postage on pamphlets and periodicals to all foreign countries except Great Britain and the West Coast of South America, has been reduced to the uniform rate of one cent an ounce.

Postage on newspapers either for or from Great Britain, two cents each; and there is an additional British postage of one penny, which has to be paid in Great Britain.

If the newspaper is to pass in the open mail through Great Britain, to or from some foreign country, the sum to be collected in the United States is four cents.

# POST OFFICE DIRECTORY

FOR THE  
STATE OF OHIO.

The list of Post Offices in the State of Ohio, which was first prepared for the last issue of this work, has been carefully and thoroughly revised with the additional offices since established. Citizens generally, and others who consult the Directory, will find it a useful appendage, and as Post Masters are generally business men, and such as, when properly applied to, are capable of, and will, freely furnish much useful commercial or other information relative to their respective Districts, it will contribute materially to the facilities of Merchants and Manufacturers in distributing their circulars, catalogues of Merchandise, &c.

Post Masters names are purposely omitted, as the changes are so frequent and numerous that it would be almost impossible to give anything like a correct list. The names of Post Offices are arranged alphabetically, with the name of the County in which they are located attached to each, which is amply sufficient as a direction.

In addition to the Directories furnished to subscribers, large numbers have heretofore been circulated by sending them to Foreign Hotels, Rail Road Depots, Public Libraries, &c.; knowing this kind of circulation has thus far materially increased the utility of the work, we wish it understood that it will be increased to any extent which the support it receives may warrant. Many Post Offices may be selected where a copy hung up would prove essentially useful to the community generally, as well as tend materially to advance the individual interests of subscribers and advertisers; information in this respect we shall at all times be glad to receive, and advertisers in particular are invited to aid in this kind of distribution by pointing out the names of offices to which it should be sent—it will be forwarded immediately.

# CINCINNATI STREET DIRECTORY.

The street Directory is simply an alphabetical arrangement of the Streets, Alleys, &c., with a sufficient portion of the corner numbers attached to each to make it a means by which citizens may become familiar with the system of numbering, and it will be found by them, as well as strangers, to be a practical guide to the different parts of the city, with the exception of the Seventh Ward, which has not yet been numbered. The action of Council in changing names of Streets, not only in that Ward, but throughout the city, came too late to be of any utility for the present issue. During the present year the necessary extension and revision of the numbering will be attended to, and this Directory will be made as perfect in that particular as possible.

EXPLANATIONS.—On all streets commencing at and running directly from the river, the odd numbers are on the West, and the even on the East side of the street, commencing at the river. On all streets crossing Main, the odd numbers are on the South, and the even on the North side of the street, commencing at and running East and West from Main, thus dividing each into two distinct streets, distinguished by prefixing East and West to the name. A few instances occur where two streets have the same name, generally one of them in the suburbs, not numbered. A \* is prefixed to the one at present of the least consequence, to designate it.

It was thought unnecessary to give the corner numbers on both sides, where streets crossed. The odd ones are used in all cases, except where they (without crossing) proceed from or come to the one upon which the numbers are designated.
