HOLDENVILLE.

Creek Nation, is a beautiful city of 2,000 inhabitants, located at the junction of the St. L. & S. F. and the C., O. & G. Rys., in the southwest corner of the Creek Nation, 32 miles south of Sapulpa, and 116 miles north of Denton, Tex. Situated as it is, almost 50 miles from any other city of importance, with its splendid railroad facilities, and in the midst of a rich farming country. Holdenville is destined to be one of the best cities of this great territory. There are thousands of acres of the most fertile farming lands still unbroken to be thrown

MISSOURI PACIFIC R'Y. Best ROUTE FROM ST. LOUIS to all Points West and Southwest.

upon the market this year. The land produces abundantly, corn, cotton, wheat, oats, millet, cane, broom corn, Irish and sweet potatoes, apples, peaches, all kinds of small fruits, melons and all the garden vegetables. We have the largest average rainfall of any point in the southwest and at a time when all the rest of the country was suffering from the drought, our fields and pastures were green. The climate is most healthful and delightful and an abundance of cold water is easily procured at almost any point. We have two national banks, one oil mill, three gins, seven dry goods and gents' furnishing stores, five machinery stores, four restaurants, three hardware stores, five drug stores, nine grocery stores, two livery stables, two wagon yards, four lumber yards, two weekly newspapers, the Times and Tribune, two meat markets, three hotels (one of the finest hotels in the territory, Hotel Scott), is located here, two blacksmith shops, one harness shop, telephone system, one ice and electric light plant in construction, two wholesale grocery houses, three wholesale packing houses, three churches, Baptist, Methodist Episcopal South and Methodist Episcopal, a good system of free public schools and a handsome stone school building will be erected immediately. The city is growing rapidly in population. Have many beautiful homes and numerous business blocks of brick and sandstone, while many others even better are being constructed. This is the best point in the southwest for the home-seeker and investor. Tel., W. U. Exp., W. F. & Co. Mail daily. G. B. Roderick, postmaster.

LEHIGH.

Population of 3,500 and 8,000 in a radius of five miles. An incorporated city located on the M. K. & T. Ry., in the Choctaw Nation, 9 miles northwest of Atoka and 60 miles north of Denison, Texas. It is in the heart of the most extensive coal field in the territory and is a mining town, though it is growing very rapidly to be one of the best agricultural towns in the nation. 5,000 bales of cotton were handled the season of 1901 and also about 70,000 bushels of wheat and this industry is rapidly growing. The immense mining interests now developed and constantly being developed offer a market for all classes of mining tools and machinery and this branch of manufacturing will be a bonanza for those

entering the field at an early date. The business men of Lehigh are progressive and up to date. Has milling, lumber and trading facilities and three railroads surveyed in the vicinity and will very soon have every transportation facility desired. The Lehigh National Bank does the banking business of the city. The business men of Lehigh have arranged to build handsome stone and brick business blocks. The live stock interest is the largest of the Choctaw Nation and the Choctaw Live Stock Protective Association has its headquarters here, where they meet each month. The religious denominations are well represented, having Methodist, Episcopal, Presbyterian and Catholic churches, has also good schools. A weekly newspaper, the Leader is also published. Ships cotton, coal, wheat and live stock. Telegraph and telephone connection. Daily mail. Tel., W. U. Exp., Am., J. B. Jones, postmaster.

city. It is surrounded by a rich agricultural and grazing country. The business portion of the city is well and substantially built. There are more two and three story brick and stone business blocks than in any other town in the territory. It has all the indications of becoming a large city in the near future, having made great progress within the past two years on account of having been the seat of the Dawes commission and the United States Indian inspection office. The largest mercantile establishment in the city and the territory is that of the Turner Hardware Co., capitalized at \$165,000, and doing an enormous wholesale and retail business. Muskogee is the seat of such government as is afforded the Indian Territory. The Dawes commission, the United States Indian inspector, the Indian agent, U. S. marshal of the northern district, the superintendent of schools for the territory and the chief of the Creek Nation are all located here, and the regular sessions of the United States court sit in Muskogee. There are three colleges, Henry Kendall, beautifully situated, a co-educational institution and a preparatory school with fine buildings and in splendid financial condition; Spaulding institute, Indian University and Nazareth institute as well as the Creek National Orphan home are located here. There is a good system of public schools and the educational facilities of the city compare favorably with those of the states. The different religious denominations have fine edifices for worship and are represented by the Catholic, Methodist, Presbyterian, Baptist, Christian and Episcopal churches. The press is represented by two dailies and three weekly papers, the Times, daily and weekly; the Phoenix, daily and weekly; and the weekly Republican, "The Twin Territories" (the Indian Magazine) is edited and published by Miss Ora V. Eddleman and is the only magazine in the United States that is edited by a Cherokee Indian girl. It has a large circulation in the Indian Territory and Oklahoma and is truly representative of these two territories. There are good hotels, the Katy and the Edmonson being the

leading family hotels, three banks, three cotton gins, one cotton compress and cotton seed oil mill, flour mill, corn mill, machine shops, carriage and wagon shops and several other minor industries. An electric light, power and ice plant is owned and operated by the Muskogee Light and Power Co., and furnishes light for the city and ice for the local and outside trade. Bonds have been sold and a system of water works and sewerage will be put in this year. Cotton and live stock raising are the chief industries and D. M. Middleton & Co. and H. B. Spaulding are two of the heaviest cattle owners in the territory. The town is in easy communication with the rest of the territory by telephone and telegraph connection. H. B. Estes is postmaster. Stages run regularly between Muskogee and Fort Gibson, fare 75 cents, and Muskogee and Okmulgee, fare \$2.00. Tel., W. U. Exp., American.

OKMULGEE.

Population 2,000. Capital Creek Nation, an incorporated city located on the St. L. & S. F. Ry., 32 miles south of Sapulpa and 350 miles southwest of Kansas City, Mo. Besides the above road several other lines have been surveyed through the city, two of which will be built this summer, with these roads running into the city there is no doubt that it will become one of the railroad centers of the territory. The situation of the city is picturesque being surrounded by rolling prairies and low wooded hills, the land surrounding is unsurpassed, being rich and produces large crops of corn, cotton, wheat, rye and oats. The climate is the finest in the territory, the city

being so located that winds of the country east and west of this section do not prevail. The city has fine up-to-date business blocks of brick and stone, one of the largest mercantile houses in the territory, Parkinson, Trent Mercantile Co., do an enormous business. The Creek capital and Creek Orphan Asylum are located here, has two banks, cotton gins, good hotels, three weekly newspapers, The Creek Chieftain, Democrat and Capitol News. Has Baptist, Presbyterian and Christian churches and good schools. Corn, cotton, hay, grain and live stock are the leading productions. Mail daily. Stage daily to Muskogee, fare \$2.00. It now goes without saying that Okmulgee is to be one of the very best of the many good towns of the Indian territory. In point of location, resources, wealth and enterprise it is excelled by none. It has a commercial club which any town of more pretensions might well be proud of that leaves nothing undone for the upbuilding of the town and convenience of its people.

The new administration has just been inaugurated with S. L. Johnson, mayor and Frank Haven, Tom Wallace, W. A. Morton, Dr. Bell and F. F. Lamb as the council. With these gentlemen at the head of the city's affairs and with her many good people, Okmulgee will be made a place fit for a king to live in. At the recent election \$20,000 in bonds were voted for building and equipping a school house. The Choctaw railroad has completed arrangements for building through this town. This will give Okmulgee three railroads. The Indian appropriation bill which has passed the lower house of congress and has been reported from the senate committee carries with it a provision for making Okmulgee a place for holding a United States court. It would undoubtedly seem from a survey of Okmulgee and its surrounding territory that there is no better business location in the territory than Okmulgee. Tel. W. U. Exp. W. F. & Co. R. H. Jenness, postmaster.

PURCELL.

Population 2,500. Chickasaw Nation. Is pleasantly situated on an elevation on the west bank of the Canadian river. A division point of the A., T. & S. Fe and G. C. & S. Fe. Ry. The company's machine shops, round houses and division headquarters are located here. It is 106 miles north of Gainesville, Tex., and 33 miles south of Oklahoma City. A bridge three-fourths of a mile long spans the river at this point, connecting with Lexington, Okla., an enterprising city of some 1,500 population. Purcell is the seat of the U. S. Courts for this district. The city is substantially built, its business houses being mostly two-story brick structures. Numerous well-stocked special and general stores, a bank, with a combined capital and surplus of over \$100,000. There is also located here a flour mill with 1,000 barrels daily capacity; also an elevator with 200,000 bushels capacity. A wholesale grocery, steam laundry, electric light plant, two cotton gins, three hotels, one weekly newspaper. The Purcell Register, good public schools, a convent and Indian school and leading churches. Tri-weekly mail to Womack, 22 miles northwest, to Dibble, 17 miles west, also through stage to Chickasha, 40 miles west. The principal shipments are cotton, live stock, grain, produce and groceries.

WE CANNOT TELL! If you want a cool refreshing bath, or a velvety shave—

IT is a luxury that man alone can feel.

IS it that you fear you'll have to wait?

A long row of chairs is there, at each of which skilled artists stand, while o'er your head electric fans in silence cool the air. The

SECRET of our success is that we try to treat all men right.

SOUTH McALESTER.

Known as the Black Diamond City and the Mountain City of the Indian Territory. Is located upon a succession of hills and valleys in the north-

ern part of the Choctaw Nation and but a few miles from the geographical center of the Territory. The city was incorporated two years ago as a city of the first class and has a population of over five thousand and a suburban mining population of twice as many more. It is one of the few cities or towns in the territory in which the lots have been sold and in which title can be secured to real estate. The climate is salubrious and pleasant the year round and the health of the community is unusually good. The city is the seat of the United States Court for the Central District, and the headquarters of the Court of Appeals for the Territory which meets there twice each year. Two great railway systems, the Missouri, Kansas & Texas and the Choctaw, Oklahoma & Gulf Ry., afford ample transportation facilities north, east, south and west, and several other important systems are endeavoring to obtain an entrance in that Territory and access to the wonderful coal fields which are the base of the wealth and prosperity of the city. The assessed valuation of personal property for the past year was one and a quarter millions, and the municipal tax levied by the council for the current year was fifteen mills on the dollar, of which ten mills were for the public schools and five mills for general purposes. The city owns ample grounds for public schools and over 1,100 pupils were enrolled for the scholastic term of '01 and '02. All the leading religious denominations are well represented and a number of them have handsome church edifices. The city is headquarters for the Central Division of the Choctaw, Oklahoma & Gulf Ry., and the monthly pay roll of the two railroad systems at that point will average \$25,000. It is the center of the celebrated McAlester coal and coke fields known all over the Union and which are seven miles wide by forty long. There are two National banks and a third one chartered, and the bank clearances for the past year reached the sum of \$5,000,000. An electric inter-urban street car system to connect with neighboring towns is being surveyed.

Flour Mill and Grain Directory

OF THE UNITED STATES AND CANADA.

NUMEROUS inquiries for a complete and reliable Directory of Flour Mills and Grain Dealers of the United States and Canada have induced us to utilize our unequalled facilities in the compilation of the work. Among the more important features are

- List of all Mills, U. S. and Canada—capacity of each.
- Kind of Power Used.
- List of Cereal Mills—Buckwheat, Rye, Barley, Etc.
- Grain Elevators.
- Grain Brokers and Commissioners.
- Grain Buyers and Shippers.
- Flour Exporters.
- European Flour Importers.
- Wholesale Flour Merchants, U. S. and Europe.
- Wholesale Bakeries.
- Mill Supplies.
- Mill Machinery Manufacturers.

It is replete with information valuable and of interest to the Practical Miller, the Grain Dealer, the Machinery Manufacturer, and to all either directly or indirectly interested in milling grain or allied trades.

and is to be constructed within the present year. The city is growing rapidly as a wholesale and jobbing center, having at the present time ten large wholesale houses and also a number of important manufacturing industries. Four newspapers, the Capital (daily and weekly) and the S. McAlester News, Choctaw Gazette and the Voice of the People (weekly, attest the progress of the citizens. A fifty-ton ice and refrigerator plant, an iron foundry, two pressed brick plants, a large cotton compress and a cotton gin, a wagon and carriage factory, a large macaroni factory, planing mills, and the best electric light and telephone systems in the two territories prove that the city is well up in the march of modern progress. The bill now pending before Congress which designs to give this country a territorial form of government with the name of Jefferson Territory, names South McAlester as the capital, and this bill is most likely to become a law. The management of municipal affairs is vested in a mayor and city council of eight members, two from each ward, and the public school system is controlled by a board of trustees elected by the people. There are a large number of very handsome modern residences in the city and a splendidly equipped modern hospital. The business structures will compare favorably with those of any other city, and in every particular the city is progressive and an inviting place for home seekers and investors. Telegraph-W. U. Population, 3,000. An incorporated city. Located at the junction of the M. K. & T. and St. L. & S. F. Rys., in the Cherokee Nation, 359 miles from St. Louis and 207 miles from Kansas City, Mo. Vinita on account of its central location in the heart of the great prairie section of the Cherokee Nation, is fed by the finest and most productive agricultural lands in the Indian Territory. It is the largest market for upland prairie hay, high grade, in the country and ranks with the highest in corn and wheat. Trade is drawn from a rich and fertile country. Every line of business is well represented by wideawake and enterprising men of good financial standing. Most of the business houses are modern two and three story brick and stone. A United States Court is located here. It has schools and colleges and numerous other advantages and is becoming more and more a city of beautiful homes. Two large wholesale grocers supply the retail trade. Several Artesian wells supply an abundant amount of pure water. A system of water works is now contemplated. An electric light plant is in operation and furnishes light to the city. Has three banks, flour mill, grist mill, machine shop, steam laundry and bottling works and ice plant. Has good hotels, the Western being the leading commercial hotel. Churches are represented by Methodist, Baptist, Presbyterian, Episcopal, Congregational and Catholic, who have fine buildings. The educational advantages are first class. The Willie Halsell College and the Sacred Heart Institute being located here. The press is represented by one daily, The Chieftain, and three weeklies, The Leader, Republican and The Chieftain. Ships, live stock, hay, corn, wheat, oats, etc. Has telegraph and telephone connections, and daily mail. Tel., W. U. Exp., American

POLK'S MEDICAL REGISTER AND DIRECTORY.

THE leading and progressive men in the medical profession regard POLK'S DIRECTORY as a standard book of reference which ought to be in every physician's library.

The Register is designed to so completely cover the medical directory field that further investment in that line will be unnecessary.

If you want to know the COLLEGE STANDING of the physicians you come in contact with, you will find it in the Register.

The Register will enable you to locate a LOST FRIEND if he is practicing anywhere in the United States.

List of Physicians and Surgeons, arranged by States, giving Postoffice Address, with Population and Location of each place.

FINE RUGS Made From Old Carpets.

ALL Wool Ingrain and Body Brussels make fine rugs, and are warranted to be first-class. Tapestry Brussels make good rugs, but not as nice as Body Brussels. Moquettes, Velvets, Wiltons, or any cut Brussels make only second class work. My machinery is all improved and I am prepared to, and do, make finer and better rugs than any other manufacturer in the city, and no one can compete with the work at my prices, as I have no rents to pay.

I do not say any kind of old carpets will make handsome rugs as some weavers claim, for it is impossible to make something from nothing. But if you send me nice material I will make you fine work. Silk Portieres and Rag Carpets also Woven.

J. F. SCHMELZER & SONS ARMS CO.

Kansas City, Mo., Aug. 16, 1902.

D. S. HARRIMAN, Sec'y. American Plate Glass Insurance Co.

Dear Sir:—I beg to thank your company for the prompt and satisfactory manner in which the GLASS LOSSES in our building and SHOW CASES have always been REPLACED. I most sincerely believe in patronizing KANSAS CITY ENTERPRISE, WESTERN PUSH, and Western Companies, instead of SENDING OUR PREMIUMS EAST. We get as good attention to our Interests here, and as satisfactory PROTECTION WITHOUT the necessity of our PAYING the ENORMOUS MANAGEMENT EXPENSES incurred, and EXORBITANT DIVIDENDS we have paid in the past.

Yours very truly,

CHAS. J. SCHMELZER, Prest.

Flour Mill and Grain Directory OF THE UNITED STATES AND CANADA.

NUMEROUS inquiries for a complete and reliable Directory of Flour Mills and Grain Dealers of the United States and Canada have induced us to utilize our unequalled facilities in the compilation of the work. Among the more important features are

- List of all Mills, U. S. and Canada—capacity of each.
- Kind of Power Used.
- List of Cereal Mills—Buckwheat, Rye, Barley, Etc.
- Grain Elevators.
- Grain Brokers and Commission.
- Grain Buyers and Shippers.
- Flour Exporters.
- European Flour Importers.
- Wholesale Flour Merchants, U. S. and Europe.
- Wholesale Bakeries.
- Mill Supplies.
- Mill Machinery Manufacturers.

It is replete with information valuable and of interest to the Practical Miller, the Grain Dealer, the Machinery Manufacturer, and to all either directly or indirectly interested in milling, grain or allied trades.

MESSRS. HIGDON & HIGDON, City.

May 19, 1902.

Gentlemen—We have your esteemed favor of the 19th, stating that the patent on our process for preserving meats has been allowed. We wish to congratulate you upon the speedy solution of this matter and the promptitude with which the patent has been granted.

The writer will call upon you Monday forenoon and let you know whether or not we will apply for the patent in other countries. Yours very truly,

ARMOUR PACKING CO.,

G. W. TOURTELLOT, Superintendent.

H. S. HACKBUSCH, CIVIL ENGINEER AND SURVEYOR,
MUSKOGEE, INDIAN TERRITORY.
CONSULT ME BEFORE MAKING ANY SURVEYS OR BUILDING. I WILL
PUT YOU ON YOUR PROPERTY BEYOND DISPUTE.

Flour Mill and Grain Directory

OF THE UNITED STATES AND CANADA.

NUMEROUS inquiries for a complete and reliable Directory of Flour Mills and Grain Dealers of the United States and Canada have induced us to utilize our unequalled facilities in the compilation of the work. Among the more important features are

- List of all Mills, U. S. and Canada—capacity of each.
- Kind of Power Used.
- List of Cereal Mills—Buckwheat, Rye, Barley, Etc.
- Grain Elevators.
- Grain Brokers and Commission.
- Grain Buyers and Shippers.
- Flour Exporters.
- European Flour Importers.
- Wholesale Flour Merchants, U. S. and Europe.
- Wholesale Bakeries.
- Mill Supplies.
- Mill Machinery Manufacturers.

It is replete with information valuable and of interest to the Practical Miller, the Grain Dealer, the Machinery Manufacturer, and to all either directly or indirectly interested in milling, grain or allied trades.

Come! See the Saddle Ponies and Rags at Half the Regular Rates. McLeod is quoted as saying
"I will make an effort to imitate." A picture from Happy Hollow that does not bear the name
McLeod would disappoint the friend to whom it is sent. Come and see the Animals, ride the
keys and Ponies and get your Photo taken. See Back Cover.
