tific Tailor System for Cutting

Seamless Waists and Ladies' Garments.

No. 434 Adams Avenue,
Scranton, Pa.

PREFACE.

The first issue of the SCRANTON CITY BUSINESS AND STREET DIRECTORY is herewith presented to the public for their use and approval.

Among the many features of this valuable work will be found a thorough and complete Classified Business Directory, new and improved Street Directory, a new map of the city, prepared expressly for this Directory and is a high grade of lithograph work, printed in colors. We have added a classified Business Directory of Dickson, Olyphant, Peckville, Winton, Archbald, Mayfield and Jermyan.

Especial care has been taken to give every kind of business, however small, in each town, that would instruct the public.

To those who have aided us in the preparation of this work and the courtesies extended to our Agents and to the many patrons of the Directory, we return sincere thanks.

Respectfully Yours.

American Directory and Publishing Co.,

ABSTRACT FROM CITY ORDINANCE,

ADOPTING SYSTEM OF FIRE ALARMS, APPROVED OCTOBER 15, 1887.

Any person or persons who may cause a false alarm to be struck, knowing such alarm to be false, shall incur a penalty of not less than twenty-five dollars nor more than fifty dollars for each and every offense, to be recovered as provided in Section 4 of the Ordinance, and in default, payment may be enforced by imprisonment for not more than thirty days.

49

INSTRUCTION TO KEY-HOLDERS.

1. Key-holders are responsible for the care of the fire alarm key until taken from the box by the proper officer, and are liable for the penalty of not less than twenty-five dollars nor more than fifty dollars for each and every offence, to be recovered as provided in Section 4 of the ordinance, if a second alarm should be sent from the same box for the same fire, unless the same be done by an officer of the Fire Department.

2. To turn in an alarm, put the key in the door, and turn it to the right; open the door, pull the hook down once and let go.

3. Do not pull the hook if the fire bells or the small bell in the box be striking, as that indicates an alarm has already been given.

4. Always give the alarm from the box nearest the fire.

5. Key-holders upon changing their location will please leave word at the Chief's office.

MAILABLE MATTER.

Mailable Matter is divided into four classes, viz.:

First Class—This embraces letters, sealed packages wholly or partly in writing, except book manuscript with corrected proof, passing between authors and publishers, local or drop letters and United States Postal Cards.

Second Class—This class embraces all matter exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark or sign.

Third Class—This class embraces books, transient newspapers and periodicals, circulars and other matter wholly in print, proof sheets, manuscript copy with corrected proof sheet accompanying the same.

Fourth Class—This class embraces all matter not embraced in the first, second or third class, which is not in the form of matter liable to injure, deface, or otherwise damage the contents of the mail bag or injure the person of any one engaged in the postal service, and is not above four pounds in weight, except in the case of single books.

All packages of matter of the fourth class must be so wrapped or enveloped that their contents may be readily and thoroughly examined by postmasters without injuring or destroying the wrappers; but seeds and other articles liable from their form or nature, to loss or damage unless specially protected, may be enclosed in unsealed bags or boxes which can readily be opened for examination and reclosed; or sealed bags made of material sufficiently transparent to show the contents clearly, without opening, may be used for such matter.

RATES OF POSTAGE.

United States letters per ounce or fraction thereof, 2 cents; transient newspapers and magazines, one cent for each four ounces or fraction thereof; unsealed circulars, etc., 1 cent for every two ounces or fraction thereof; merchandise (weight limited to four pounds) 1 cent per ounce or fraction thereof; drop letters per ounce or fraction thereof, 2 cents.

POSTAL CARDS.

The postage is paid by the stamp impressed on the cards, and no further payment is required. The address may be either written, printed or affixed thereto at the option of the sender. No card is a "postal card" except such as are issued by the Post Office Department. An ordinary printed business card may be sent through the mails when prepaid by a 1 cent postage stamp attached, but such card must absolutely contain no written matter except the address; otherwise it will be treated as not fully prepaid, and refused admission into the mails.

WOOD ENGRAVINGS AND ELECTROTYPES

Of the Highest Grade, Made to Order at Short Notice.

THE FOLLOWING ARTICLES ARE UNMAILABLE.

Packages containing liquids, poisons, glass, explosive chemicals, live animals, razors, sharp pointed instruments, sugar or any other matter liable to destroy the contents of the mail, or injure the person of any one connected with the service. All letters upon the envelope of which, or postal card upon which obscene, scurrilous or abusive epithets have been written or printed or disloyal devices printed or engraved, and letters or circulars concerning illegal lotteries, so-called gift concerts, or other similar enterprises, offering prizes, or concerning schemes devised and intending to deceive and defraud the public. Also all obscene, lascivious books, pamphlets, pictures, papers, prints, or other publications of an indecent character.

Liquids and oils (not exceeding four ounces liquid measures), paste, salves, or articles easily liquifiable, and sharp pointed instruments are permissible through the mails under certain conditions, such as weight, packing, etc. For full particulars see Sec. 20, P. L. and R., or inquire at the Post Office.

RATES OF FOREIGN POSTAGE.

UNIVERSAL POSTAL UNION.

The rates for the countries and places which belong to the Postal Union, a list of which is given below, are as follows:

Prepayment Optional, except for registered articles, but on printed matter and samples, postage must be at least partially prepaid.

Letters, 5 cents per 15 grammes, a weight very slightly over one-half ounce. Post Cards, 2 cents each.

Printed Matter, one cent for each two ounces or fraction. Limit of weight, 4 lbs. 6 oz.; limit of length, except to Great Britain and Germany, 18 inches. To Great Britain and Germany, 24 inches.

Commercial Papers (Insurance Documents, Way-Bills, Invoices, Papers of Legal Procedure, Manuscript of Works, etc.), the same as for printed matter, but the lowest charge is 5 cents.

Samples of Merchandise. The rate is the same as for printed matter, but the lowest charge is 2 cents. Limit of weight is 8½ oz.; limit of length, 8 in.; breadth, 4 in.; depth, 2 in., except to Great Britain, France, Belgium, Ireland, Switzerland, Argentine Republic and Italy, to which countries the limit of weight is 12 oz.; limit of length, 12 in.; breadth, 8 in.; depth, 4 in.

Unmailable Articles. All articles prohibited from domestic mails are also excluded from foreign mails, also liquids.

PENNSYLVANIA COMMERCIAL PAPER LAW.

COMMERCIAL PAPER.—Promissory notes, bills of exchange, drafts and checks, are generally negotiable by indorsement, and if they contain the words, "without defalcation," or "without set-off," are in the hands of *bona fide* holder for value, clear of all equities or set-off between the original parties. Overdue notes are not negotiable, but are subject to existing equities. By the decision of the Supreme Court of Pennsylvania, where a note is endorsed by a third party, before delivery to a payee named in it, such endorser is not responsible to the payee unless he agreed *in writing* to guarantee the note to the payee. He takes the position of second indorser, and as such is responsible only to subsequent holders. The Supreme Court of the United States, however, has decided that such an indorser may be responsible to the payee, and if the latter could maintain an action in the United States courts, he could recover. The holder of a promissory note may bring suit against the maker, or any one of the prior indorsers, or he may bring separate suits, all at his pleasure. He can have but one satisfaction. Notice of non-payment is necessary to hold the indorser responsible but not to hold the maker. Any promissory note or negotiable instrument given for a patent right must have the words, "given for a patent right" prominently written or printed over the signature, and such note, in the hands of any purchaser or holder, is subject to the same defence as in the hands of the original holder. But an innocent holder of a note taken before maturity without these words in it is affected by such defence. But it is a misdemeanor to take, sell or transfer any promissory note or negotiable instrument known to have been given for a patent right, without those words so written or printed over the signature. A sight draft, is not entitled to grace.

COMMERCIAL TRAVELERS.—Business houses employing commercial travelers and having their principal places of business out of the State, are required to take out a license in many of the counties of the State before selling goods there; the cost of the license in the several counties varies. In Philadelphia it is \$300. It is a misdemeanor to sell goods by sample for such a house in Philadelphia without such license, the penalty being a fine of \$300, or 30 days' imprisonment, or both. Travelers for Pennsylvania business houses selling at wholesale are not required, however, to take out license, except at their chief place of business.

INTEREST.—The rate of interest is six per cent., when a less rate is not agreed upon. When a greater rate is contracted for, the excess only is uncollectable, and if paid, it may be recovered back if suit be brought for it within six months. But when negotiable paper is purchased *bona fide* at a greater discount than six per cent. of one who does not pledge his credit to the purchaser (by indorsement or the like), or where the seller is unknown to the purchaser (as in the usual case of sale through a broker), the transaction is not affected by the rate of discount. Most of the savings and other State banks are authorized to loan at a higher rate than six per cent., and many corporations may borrow at a higher rate and be bound by their contract. Commission merchants and agents may contract with parties outside of the State for seven per cent., and a loan made in another State at a rate that is lawful there can be enforced here according to the terms of the agreement. It is not usurious for a borrower to agree to pay the taxes on a loan or a reasonable sum as an attorney fee for collecting it, in case suit be necessary in its collection.

A SHORT SKETCH OF SCRANTON, PA.

Scranton, the Electric City, is situated 145 miles west of New York city, on the main line of the D., L. & W. railroad. Its location is a most fortunate one, at the very centre of the great Anthracite coal region, itself resting upon, and flanked upon all sides by an unexhaustible coal deposit. Its seaport outlet, New York city, opens a wide channel of lasting prosperity, while its connections to the West and its proximity to the commercial centres of the North ensures its future thrift and greatness.

Its growth for the past twenty-five years has been something wonderful. In 1860 Scranton had a population of 9,233; in 1870 it reached 35,092; in 1880 the federal census credited it with 45,850, and in 1890 with 83,450, and to-day Scranton can boast of a population of over 90,000. There are many manufacturing establishments within the boundaries of the Electric City, turning out goods and articles of various descriptions, such as iron, steel, car-wheels, silk goods, knitting goods, flour, stoves, boilers, elevators, mining tools, and machinery.

Scranton's railroad facilities are among the best in the country. The D., L. & W., D. & H., C. R. R. of N. J., E. & W. V. R. R., and N. Y., O. & W. railroads all enter the city.

The real estate market is active and pushing. The city is completely covered with fine modern buildings. The public buildings, churches, banks, etc., will compare favorably with other cities of over 100,000 population.

The city officials, Board of Trade, and public-spirited citizens, of which Scranton is fortunate in having many, always have the best interests of the city at heart, and all courtesies and assistance possible are extended to manufacturing establishments looking for a location. There are over 100 stock companies, 36 public schools, 9 banking houses, 38 newspapers, and about 70 churches, and the time will not be far distant when Scranton passes the 100,000 population mark.

DR. E. GREWER,

THE PHILADELPHIA SPECIALIST.

DR. E. GREWER
and his associated
staff of English
and German
Physicians are
now permanently
located at

**Temple
Court
Building.**

**311
Spruce
St.**

SCRANTON,
PA.,
Where they may
be consulted
daily
and Sunday.

The doctor is a graduate of the University of Pennsylvania, formerly demonstrator of physiology and surgery of the Medico Chirurgical College of Philadelphia. He is also a member of the Medico Chirurgical Association, and was physician and surgeon-in-chief of the most noted German and American hospitals, and comes highly endorsed by the leading professors of Philadelphia and New York.

His many years of hospital experience enables this eminent physician and surgeon to correctly diagnose and treat all deformities and diseases with the most flattering success, and his high standing in the State will not allow him to accept any incurable case.

Lost Manhood Restored. Weakness of Young Men Cured.

If you have been given up by your physician call upon the doctor and be examined. He cures the worst cases of Nervous Debility, Scrofula, Old Sores, Catarrh, Piles, Female Weakness, Affections of the Eye, Ear, Nose and Throat, Asthma, Deafness, Tumors, Cancers and Cripples of every description.

**Consultation in English and German Free, which shall
be considered sacred and strictly confidential.**

Railroad Speed.

The fastest time made by an American train was on the New York Central and Hudson Railroad, 112 miles in 60 minutes, or one hour; also Philadelphia and Reading Railroad, August 27, 1891, 12 miles, Jenkintown to the Delaware River, in 8 minutes, 42½ seconds, being at the average rate of 82.7 miles an hour. The tenth mile was made at the rate of 90.5 miles an hour, and the ninth mile at the rate of 90 miles. The average for the sixth to tenth mile was 87 miles. The train was composed of an engine, tender, and three cars, all weighing 169 tons.

The fastest long distance run was on the New York Central Railroad, September 14, 1881, from New York City to East Buffalo, 436 1-8 miles, in 425 minutes, 14 seconds, actual time, or 439½ minutes, including three stops. Average speed, including stops, 61.56 miles an hour.

The Jarrett & Palmer special theatrical train, Jersey City to San Francisco, June, 1886, made the fastest time between the two oceans—3 days, 7 hours, 39 minutes, and 16 seconds.

ACADEMY STREET,

Archbald, Pa.

TOILET AND HOUSEHOLD HINTS.

TO SOFTEN THE SKIN AND IMPROVE THE COMPLEXION.—To one cup of milk add a tablespoonful of flour of sulphur, let it stand two hours. Rub milk into the skin without shaking; it will keep it soft and clear.

PAINTING A CORN with equal parts of carbolic acid and glycerine will remove it after a few applications.

FOR FRECKLES.—Two ounces lemon juice or one half-dram powdered borax, one dram of sugar; mix and let stand four days; rub on face occasionally.

WASH FOR PIMPLES.—Half dram salt of tartar, three ounces spirits of wine; apply with camel's hair brush.

WASH FOR THE SKIN.—Four ounces potash, four ounces rose water, two ounces brandy and two ounces lemon juice; mix with two quarts water. Put two tablespoonfuls of the mixture in your washbowl with the usual quantity of water.

AVOID washing the face in cold water: take plenty of open air exercise; go to bed early, wash your face three times a day in hot water; eat the best you can get, and all you want.

To prevent hair from becoming prematurely gray, take one ounce glycerine, one ounce bay rum and one pint strong sage tea. Mix and add a few drops of the oil of bergamot.

WHAT HOUSEKEEPERS SHOULD REMEMBER.

That cold rain water and soap will remove machine grease from washable fabrics.

That fish may be scaled much easier by first dipping them into boiling water for a minute.

That milk which has changed may be sweetened or rendered fit for use again by stirring in a little soda.

That boiling starch is much improved by the addition of sperm or salt, or both, or a little gum arabic dissolved.

That a tablespoonful of turpentine, boiled with your white clothes, will greatly aid the whitening process.

That kerosene will soften boots and shoes that have been hardened by water, and will render them as pliable as new.

That thoroughly wetting the hair once or twice with a solution of salt and water will keep it from falling out.

That salt fish are quickest and best freshened by soaking in sour milk.

That one teaspoonful of ammonia to a teacup of water, applied with a rag, will clean silver and gold jewelry perfectly.

That salt will curdle new milk; hence in preparing porridge, gravies, etc., salt should not be added until the dish is prepared.

HARDWOOD FINISHING A SPECIALTY.

P. O. BOX, "J."

Office, Farmers' Hotel, JERMYN, PA.

The best time to bathe is just before going to bed, as any danger of catching cold is thus avoided ; and the complexion is improved by keeping warm for several hours after leaving the bath.

A bag of hot sand relieves neuralgia.

Warm borax water will remove dandruff.

Salt should be eaten with nuts to aid digestion.

A little soda water will relieve sick headache caused by indigestion.

A cupful of strong coffee will remove the odor of onions from the breath

A well ventilated bedroom will prevent morning headaches and lassitude.

A cupful of hot water drank before meals will relieve nausea and dyspepsia.

That paint stains that are dry and old may be removed from cotton or woolen goods with chloroform. It is a good plan to first cover the spot with olive oil or butter.

That clear boiling water will remove tea stains ; pour the water through the stain and thus prevent its spreading over the fabric.

That by applying kerosene oil with a rag when you are about to put your stoves away for the summer will prevent them from rusting. Treat your farming implements in the same way before you lay them aside in the fall.

That a good agency for keeping the air of the cellar sweet and wholesome is whitewash made of good white lime and water only. The addition of glue or size, or anything of this class is only a damage by furnishing organic matter to speedily putrify. The use of lime whitewash is not simply to give a white color, but it greatly promotes the complete oxidation of effluvia in the cellar air. Any vapors that contain combined nitrogen in the unoxidized form, contributes powerfully to the development of disease germs.

That fruit stains may be removed from linen by rubbing the spot with soap on each side, then laying on thick a mixture of starch in cold water. Rub well in, and expose to the sun until stain comes out.

HOW TO KEEP WELL.

Don't sleep in a draught.

Don't go to bed with cold feet.

Don't stand over hot air registers.

Don't eat what you do not need just to save it.

Don't try to get cool too quickly after exercising.

Don't sleep in a room without ventilation of some kind.

Don't stuff a cold lest you should next be obliged to starve a fever.

Don't sit in a damp or chilly room without a fire.

Don't try to get along without flannel underclothing in winter.

~ SIZE, 50x150 ~

Scranton's Most Beautiful Suburban Villa Plot.

Delightfull location for an ideal home, within the reach and good enough for any man; is not to be found elsewhere within 15 minutes of the city's center. HIGHLAND PARK is the easterly side of a beautiful natural basin, environed like a great amphitheatre, with an almost continuous mountain range, behind a section of which the glare of the electric lights of Scranton are nightly visible, and the full sweep of which makes the plot in its entirety fully the half of what is a delectable world in itself. The slope is eastward and southward, well sheltered from the winter's cold, and under the gilding of the sunlight from morn till evening. It may well be said the breezes are life-giving. All the accumulated malaria of the coal fields of Pennsylvania poured in upon Highland Park would vanish with the going down of the sun. Health, rest and inspiration have here their abode. It promises nothing for doctors, for every contingent for sickness is conspicuously absent. Compassing the distance that seperates the bustling Clark's Summit from the staid and quiet halmet of Clark's Green by Highland Avenue, with parallel and intersecting streets, it abounds in beautiful locations for cosy homes, more than three-quarters of which have been already sold and about fifty have buildings already up and as many more going up. A pleasing variety to the surface is the handwork of Nature, and the designers of the park have not overlooked these beauty spots in the arrangement of its streets and object points. Not least among the latter are four beautiful, never-failing springs. The water question will never trouble Highland Park. An abundant supply of the purest is one of its chief glories and will be until the millenium, of which its beauties speak.

HIGHLAND PARK is only 15 minutes' ride from the center of Scranton, on the main line of the D. L. & W. R. R. and on the main line of the Scranton and Abington Electric Railroad which is to pass through the park.

There are some desirable lots which will be sold for \$150 each, on payments of \$5 down; \$5.00 per month. Size of lots 50x150 and larger.

Buy a lot where your investment will double within a year. For maps and particulars call at

Jadwin's Real Estate Agency,

THE FIRST WATCH.

At first the watch was about the size of a dessert plate. It had weights and was used as a "pocket clock." The first great improvement, the substitution of springs for weights, was in 1540. The earliest springs were not coiled, but only straight pieces of steel. Early watches had only one hand, and being wound up twice a day, they could not be expected to keep the time nearer than fifteen or twenty minutes in the twelve hours. The dials were of silver or brass, the cases had no crystals but opened at the back and front, and were four or five inches in diameter. A plain watch cost the equivalent of \$1,600 in our currency, and after one was ordered, it took a year to make it.

SIMPLE INTEREST RULES.

FOUR PER CENT.—Multiply the principal by the number of days to run; separate the right hand figure from the product and divide by 9.

FIVE PER CENT.—Multiply by number of days and divide by 72.

SEVEN AND THREE-TENTHS PER CENT.—Multiply the number of days and double the amount so obtained. On \$100 the interest is just two cents per day.

EIGHT PER CENT.—Multiply by number of days and divide by 45.

Work....

THE LARGEST AND MOST
SUCCESSFUL
PRINTING HOUSE
IN
SCRANTON.

The Scranton Tribune

✱ Daily
✱ Weekly.....

It stands above all rivals in Central and Eastern Pennsylvania as a news getter.

THE TRIBUNE is a synonym for news ; not news gathered with a scoop shovel, but carefully collected, the chaff separated from the wheat.

Its news is palatable, and its readers do not have intellectual dyspepsia.

THE TRIBUNE stands for reliability.

It has an aggressive management, and with this has come circulation, and with circulation comes advertisers.

Circulation.....

The largest of any morning paper outside of Pittsburg and Philadelphia.

It Leads the Van in Home Advertisements.

W. W. CONNELL,
MAJOR EVERETT WARREN,
L. HER KELLER,
F. E. WOOD,
Executive Committee.
