Edward V. Cummins being in good mind but intending to start for New Orleans in a short time & knowing the uncertainty of life & the certainty of death do make this my last will & testament. I desire that all of my property that is not hereafter reserved may be sold to the highest bidder on a credit of twelve months. I desire that all of my just debts be paid as soon as possible after my estate. I desire that Thomas C. Barrett have the use of two years longer to redeem on which he lives provided he takes good care of said land with all the opportunities he to pay rent while living on said land at the rate of \$31.25 the per year the amount that Barrett will have to pay to redeem said land will be the amount of the purchase money I paid Joseph Read as Commissioner for said land & the note I hold on said Barrett the purchase money I paid Read not to be an interest. I desire that if Barrett should not redeem the land in the time above named then my executor to sell it to the highest bidder on one, two & three years credit a loan being reserved on said land untill the purchase money is paid. I desire that none of my customers to the Store should be sued under four years as far as I am concerned individually when there is no danger of losing a debt by giving that indulgence, that to be left with my executor though where my executor thinks it is necessary in order to secure a debt he may require & should require security or surement of the debt in some way or make the debt in any way that he sees. All my debts unless

otherwise understood is to bear 6 per cent interest from the time they are due until they are paid. My executor may receive any debts that are owing me at any time that my D^r may propose it though not for me customer unless it is necessary to save a debt or meet my contracts. All money advanced by me on tobacco I request shall be paid forthwith where the engagement had not been complied with. It is my wish that my executor should for all my forfeited obligations for the delivery of tobacco to take note in lieu of the obligations & I request that they shall not be taken due under Regard but not to be an interest from the date though my executor is authorized to receive it any time & any person refuse to execute the note my executor is authorized to sue them forthwith. 6th I desire that James T. Chatham should not be compelled to pay my estate for the building of the Store house which I now occupy for three years after he gets possession of said Store house unless he wishes to pay it though to be subject to the same regularity as my other debts. 7th Whereas I have been somewhat negligent in keeping my books & making the proper entries I hereby authorize & request that where my executors have any good ground to suspicion that this is a mistake in any of my assets or a credit that that should have been given but by mistake has not been entered they are authorized to give the proper credit & state with them as honesty & justice should dictate & not law. 8th I desire that if my executor thinks it prudent & Joseph Read desire it he being my Co-partner in the Store to still go on with it until the term of partnership expires which will be the 1st Dec^r next though there is to be no new debts contracted but the money I produced that is taken in to be used in that way. It is my will that Mr. Joseph Read desire to still carry on the Store that he may take the goods on hand at cost & carriage either at my estate or when the Co-partnership expires no former articles in this to the contrary. 9th I lease & appoint my father James Cummins my executor & authorize & request the County Court not to require any security of him unless my Creditors require it & then only to the amount of the debt. 10th After all of my just debts are paid I desire that what God has been pleased to bestow on me to be divided as follows to wit I desire all the (money, money or property) after paying all debts & expenses that it all be given to my mother Margaret Cummins Subject to the management of my father James Cummins for her lifetime unless she should be left a widow I should marry again then what she gets by me is to be taken & given to my brother & sister though if she should remain a widow she is to have it her lifetime. At the death of my mother or the 2nd marriage I should be 10 to 12 years of age.
