I C. H. Edwards to connect the 10th item and my last will and Testament to make this Codicil and desire it to be in alteration of said 10th item in manner and form following viz. Having considered that it may require too much of my property to make up the one hundred and two dollars that I have directed to be valued and set apart to my daughter Eliza Nevill at my death I wish to avoid distressing my family and to secure the amount sufficient to make the one hundred and two dollars in property I now will and direct that at my death or as soon thereafter as may be convenient Eliza shall have one fourth of the one hundred and two dollars in property and in one year thereafter shall have another one fourth and in two years a third fourth and in three years she shall have the remaining one fourth making one hundred and two dollars in property to be furnished Eliza in four payments with this special condition and provision - that if any one year the property that may be valued and set apart to Eliza (or agreed upon which I prefer should be the case) shall fall short of the said one fourth of the said sum & that in a little more

it shall be added to or taken from the next payment so as to be all paid or guaranteed to be in the three years from the first payment. Done at my hand this 24th day of November 1847. 11th. This my hand and seal
