Attest Wmth Graves clk.

I Gilbert Campbell of the County of Boone and State of Kentucky, being of sound mind memory and understanding (though weak in body) and being desirous to make a disposition of my estate among my children by devise and to make provision for wife in case of my death do make this my last will and testament.

First. It is my desire and will that all my estate both real and personal (except forty acres of land) be left in the possession use and control of my beloved wife Mary Campbell as long as she lives or chooses to keep it for the support and maintenance of her and those of my children who may live with her but it is my wish that out of my personal estate and the proceeds of the farms, that my debts be paid, and that

my wife would if she can spare it educate my children who are not grown, at least as well as those who are grown have been, and also to give to those of my children to whom nothing has been given as much as has been given to those to whom advances have been made, and to make them all equal; which I wish to be done as soon as may be convenient to her, and as they may want or need it, and after they are all made equal and after the death of my wife it is my desire and will that my children all inherit an equal portion of my personal estate and such personal property as may then be on hand - The advances already made by me to my children are as follows to wit: To my daughter Agnes Porter, One horse saddle Cow and sheep, valued to fifty seven dollars, and a bed & furniture. To my daughter Sally Lactor, a saddle, Cow, and sheep valued to twenty five dollars, and a bed and furniture. To my daughter Mary a saddle valued to twelve dollars, To my son Alexander One bed & furniture which is ready for him, To my son George One horse valued to sixty dollars, and a bed and furniture. To my son Samuel One horse valued to fifty dollars.

Secondly, It is my will and desire that the forty acres of land (excepted as above) which is to be laid off at the north end of my tract shall go and belong to my son Alexander provided he will receive it in discharge of his demands against me as that was our contract, if he will not receive it in that way, he is not to have it in any way, & should he refuse it, and be so obstinate as to contend for money & should he be able to succeed, in that event said forty acres of land is to be sold by my Executor to pay it, which land is to be sold for the best price that can be got, for it so as to meet the demand and my executor is authorized if such sale is made to convey the land to the purchaser by a good and sufficient deed.

3^d It is my will and desire that my sons George and Samuel Campbelle shall have One hundred acres of my land out of the tract whereon I now live to be laid off next to Alexander's forty acres and to run across the whole tract which I do bequeath unto them and to their heirs and assigns forever, The possession of which they are not to have during the life of their mother unless she chooses to give it up to them.

4th It is my will and desire that my daughters namely Agnes, Porter, Sally, Lactor, Mary, Campbelle, Elizabeth, McClure and Catharine Campbelle, have One hundred

acres of my land out of the tract whereon I live to be laid off the south end of said tract but that the lines be run so as to leave out my Orchard and Springs which land I do hereby bequeath unto them and to their heirs and assigns forever, The possession of which they are not to have during the life of their mother unless she chooses to give it up to them.

5th It is my will and desire that my sons James Edward Campbelle & John Washington Campbelle, have the remaining One hundred and sixty acres of the tract of land whereon I now live including my residence Orchard & Springs, &c. which I do bequeath unto them and to their heirs and assigns forever, The possession of which they are not to have during the life of their mother unless she chooses to give it up to them.

It is my particular request and desire to them that they be attentive to their mother and see that she does not suffer for any thing in their power to procure as long as she lives, it is indeed a hope and belief that they will thus attend to her; that has induced me to give them more of my land than my other children. Lastly, I do hereby nominate constitute, and my son George Campbelle executor of this my last will and testament, and doth hereunto set my hand and seal this 7th day of March 1828.
