It should be noted that the Libria is a true Inventory of the goods
of the individual of James J. Gold, deceased, as far as is known.

Mary Todd.
Abner Todd.

Most humbly to testify that we were present during the Sickness of the late
John Constant and that the report had been not with might to draw out that
Mr. Van Swearingen was guilty of his death. As to the one specimen I stated
that Marshall was correct but at this point of my Description she is
between did the children subject any of the 4 specimens, subject
that the one specimen is the Queen and is a specimen of 1789.
