In the event of my death there are very few alterations I would have made to the disposition of my estate to what is made by the laws of the State which if I am not mistaken provides that the Widows shall have one third of the estate. I think it also provides that at her option she may take a child's part and the balance is to be equally ^{divided} among the children

The alteration from the above is this that in addition to what falls to my beloved wife I want her to have our little black boy Henry she has raised him from an infant and I think has fully paid for him. It is my wish also that my faithful servant Jacob shall have the full benefit of all he may earn and as the law of the land prohibits my setting him free and he would not be disposed to leave the place where all his children are I wish him to choose some person in whom he may have confidence to act in the capacity of a master who will faithfully give him the proceeds of his labor. Or if he should prefer to go to Liberia or some free state it is my desire that he may be freed for that purpose

It is also my request that my friend John Cowan should act as executor of my estate and should it be thought best for the settlement thereof by the executor & the heirs to sell the property it can be done. Should my wife hold a note on me at my death it must be paid with interest

As Col Cowan is now engaged in the army and will not be able to attend to the business herein intrusted to him. I hereby appoint and request my friend Milton Durham to act as my executor

Furthermore as concerns Jacob in his business he is very liable to accidents which may disable him from making a support and in this case will have no recourse on my estate. I hereby request my executor to invest one thousand dollars in some good solvent interest paying stock Bond the interest accruing thereon to be paid annually or semiannually as the stock or bond may pay it to said Jacob during his lifetime and at his death the Bond to be the property of my son James R Russel

There is a legacy in my hands from the estate of R O Ransethfield decd the parts belonging to my daughters Sue Bell & Pattie and my son James are unpaid. by reference to my account book the amounts due each may be seen and must be paid. It is my wish that my son James should continue with his uncle John M Murtry until it is time he should return to college next fall and that M^r Murtry shall be paid whatever expence he may be at for him

And last tho not least it is my earnest request that my legates may not have any wrangling or heart burnings about the distribution of my estate. remember it is my will that I have written I have tried to do justice to you all and may the good Lord who has watched over me and cared for me to a good old age be your God to whose care I commit you all

In testimony I have hereunto set my hand the day and date above written

It is my wish that at my death a lot should be purchased in the Cemetery and my body deposited thereon. that the remains of my two deceased wives & the remains of my five deceased children should be removed and deposited on so and that head & foot stones (as near as may be) like those have had put at the grave of my son Michel may be placed at the graves of my wives & myself and suitable ones placed at the graves of my four little daughters

For the events my Ex^r & the heirs deem it advisable to sell the real
