In the first place I wish all my just debts paid out of my estate that may remain unpaid at my death, out of any money or property belonging to said estate at my death (by my Ex^r)

Item 1 Wherein I have given to each of children that have married and left me certain property, I have given to my son A. B. Morrison a negro boy Edmund 100 acres of land a horse saddle and bridle a bed and furniture and furniture for housekeeping to him and his heirs forever.

2nd I have given to my daughter Martha Ann a negro girl named Massie, a fine mare saddle and bridle a bed and furniture and furniture for housekeeping to her and her heirs forever.

3rd I have given to my daughter Milinda a

negro girl Eunice, a horse saddle and bridle a bed and furniture and furniture for housekeeping to her, and her heirs forever.

1st I have given to my daughter Elizabeth a negro girl Harriet a horse saddle and bridle a bed and furniture and furniture for house keeping to her and her heirs forever.

2nd I have to my son Silas M. Moorman a negro boy by name of James a horse saddle and bridle and bed and furniture to him and his heirs forever.

3rd I have given to my daughter Sally a negro girl name Estira a horse saddle and bridle a bed and furniture and furniture for housekeeping to her and her heirs forever.

4th I have given to my son Thomas Moorman a negro boy named Henry a horse saddle and bridle a bed and furniture two hundred dollars worth of land and furniture for house keeping to him and his heirs forever.

5th I have given to my son William Moorman two hundred dollars worth of land a horse saddle and bridle a bed and furniture and furniture for house keeping to him and his heirs forever, which is in full of his portion and interest of my estate or a final division after my death he having no other full portion.

6th I have given to my son Alfred Moorman \$200 worth of land a negro girl named Maria a horse saddle and bridle a bed and furniture and furniture for house keeping to him and his heirs forever.

10th I have given to my son John Moorman two hundred dollars worth of land a horse saddle and bridle, a bed and furniture, a negro ^{boy} by name of Fortune and furniture for housekeeping to him and his heirs forever.

11th I have given son Robert H. Moorman the land he has sold his brother John and the 5th Robert paid me in part therefor \$200 and in lieu of a negro boy I have and shall pay him \$500 not having a suitable one to give him also a horse saddle and bridle and a bed and furniture to him and his heirs forever.

Items 13th I give and bequeath to my son James H. Moorman the tract of land I now live on altho its more than I can use and he has to take care of his mother & myself during life also the vacant land deeded to me by John Deane, but his mother is to have the land during her life & James to live with her. To live with her, I have given him a horse saddle and bridle a bed & furniture

and bed stand a cow and calf cow and pigs and one lamb and my negro man Julius the old clock is to stay in the house with a request that he take care of his mother to him and his heirs forever.

My will and devise is that my said James live with said father take care of his mother agreeable to an agreement between him and myself before my death, and that my Ex^r allow him for his services what I have agreed to give him. And whereas a certain Blackstone Berryman married my daughter Harriet and for reasons known to myself I never gave her a negro but gave her certain sums of money, to wit, I gave her money at once \$50 at another \$40, I gave her \$12 to buy a cow and calf I gave them a bed and furniture I paid B. M^r Berryman \$18. I gave them \$10 to him a hand to work, and after the death of my daughter I took their infant child some 3 or 4 months old and raised her till death and above her until about 15 years old, until she would go off with her uncle to Mongera and — many years came back with a family of children I then gave her a bed and furniture and when she first went off I gave her a fine lady's saddle I gave \$28 for, all those sums with the raising schooling and clothing my grand daughter is more than I can give to each of my other children and it is in full of my said daughter Harriet's legacy or part of my estate on a final division and Ex^r is hereby directed to pay nothing more they having been dead weight and continual expenses to me ever since said Berryman married my daughter Harriet. — And whereas my wife Nancy Moorhead is old and very infirm, and feeling it to be my duty to make ample provision for her support and maintenance for life Therefore I devise and will to her during her lifetime or widowhood the following property and to wit, to wit, Charles Jupiter Henry Amy Belue Mary Hitting & Orange. The plantation whereon I live, plantation utensils house hold and kitchen furniture, all my stock of horses dogs sheep and cattle waggons gear &c but if my wife and executors should at any time think it advisable to sell part of the stock they can do so, on 12 months notice apply the money to paying of debts, or divide it among my legatees. And whereas my wife father will certain property to her and her heirs that I have no control over I therefore say nothing about them as its not subject to my disposal — And whereas my wife and myself made an exchange of negroes

ago her Mournings Anthony and Sunday for Fortune Dony and Altho her heirs have all satisfy's confirm the exchange in a writing to that effect.

And after the death of my wife my estate is to be sold and equally divided among all my children except my son William who has rec'd his part of said estate. And as I have raised all the negroes I have and have a feeling for the situation. It is my wish that they have the privilege of wearing choice out of the legates who they are willing to live with and they are not compelled to go to any other persons, and either of the children the negro makes choice of, is to have one and two years to pay for it in or giving bond and security and to be well treated — I do hereby will & bequeath to William White Mournings as trustee in trust, for the sole and separate use of Mary A Mournings wife of my son William Mournings and what children she may have, or at present has by her present husband during her natural life, and then to be equally divided divided the following property, to wit, One negro boy named Altho one bed and furniture and two hundred dollars without interest and one 1/2^d part of my estate or a child's part, or a final division of the same among such of her said children as may be then living and the issue of such as may be dead if any, and if not convenient for my friend to attend to this trust, in person he is at liberty to appoint any body else he think proper to do it for him such he may wish And whereas my son John and myself made an exchange of some land. John is to come no lower down than a red oak and white oak mark I M on the south west side of Long Little creek and to begin and he is to begin at our ash his and my line and run down with the meanders of the creek to the Whitford road corner & then and to run along the road to a large white oak mark. thence along the mark line to the mouth of a branch running up said road to his and my line all my lands in that bounds I give him and his heirs forever. I have given my son Blanche Pottery and Mildred a negro man Jack that is lately dead its not necessary to say more about it. I have a small slice of land between Ed's line and Flemmings line. I give & bequeath it to my son Blanche Mournings.

Having the utmost confidence in the honesty and integrity of my sons A. G. Mournings John Mournings and James Mournings I do hereby appoint them Exrs. to this my last and testament, and request the Court not to hold them to security, and my only reason for

appointing those named they all live at the spot -
And lastly I do hereby declare this my only and last will
and testament written with my hand & seal this 16th day
of November 1848.

James. Morreman *(Seal)*

P. S. My family is to take good care of my old negro
man Samuel and not let him suffer.

Witness to this my last Will and Testament, To wit,
In order to do as near equal as I can between my children
- as my wife's children have now five negroes at her death
belonging to them and equally divided among them,
and the negroes that belonged to my first wife have all
died off doing a liberal share in raising all my last
children until grown, now I will and bequeath to my
son A. C. Morreman two hundred dollars to him and
his heirs forever. Also I will and bequeath to my daughter
Patsy Ann two hundred dollars to her and her heirs
forever. Also I will and bequeath to my daughter Mildred
Crown two hundred dollars to her and her heirs forever
now be it fairly understood that those several sums
allotted to my son and his two sisters are not to be
paid until a full settlement and division of my
estate is made, we have a poor unfortunate negro woman
(Anny) that has felt a negro I wish treated well and
not suffer attention she has been valuable should she out
live me I hope my children won't let her suffer for
attention and who ever keeps and takes care of her is to
be compensated for their trouble out of my estate, let all
things be done in peace, have no disputing over the
little I may have behind, take it and try to add to the
little I leave you. May God bless you all.

I have will^d in the foregoing will and preamble all
of my negroes stock &c. during ~~her~~ her life but we
think it most advisable that an alteration be made
so that my wife Anny have Jew or Porey which she
may choose and Kittany or Blane as she may choose
Mary having two many children. two horses or more if
necessary as many cows as is necessary sheep hog &c.
as many do for family use and at her death to be equally
divided among all my children, the sum of \$200 given
to my first children is intended to make them about
equal with my last children and them all to have an
share of all my estate. Written with my own hand this
18th day of June 1852.
