I, William G. Lawson being in my right mind make this my last will and testimony. I will my soul to God who gave it and to my beloved wife Louiza E. Lawson my insurance in ~~a~~ life policy in the New York Life insurance Co but my policy in the Modern Woodman of America I want to remain just as it is and as to my personal property with the exception of house whole and kitchen furniture I want sold and the proceeds equally divided between my children the two boys Herman & Lewis to recive their portion at once The three Girls Mannie May and Mary E. Bula E. portion to be place in trust for them and they to receive each her portion as they become of legal age or at marriage and after the personal property has been listed I empower my son Herman with the power to sell the same and collect for same provided he gives bond for the whole amount listed

I having already given to my oldest son Herman two hundred dollars and wanting all of my children to share equally and to my other Son one hundred and twenty five dollars it being in a horse and only leaving seventy five dollars due him to make him equal with Herman and it taking two hundred dollars each to the three girls to make all equal therefore I want all of the children made equal out of the proceeds of the personal property and then the balance divided equally between the five children

The house whole and kitchen furniture I want to remain in the house and my son Herman and wife alone to have the use of same as they are to take care of and to give my three daughters the whole advantage of a common school education and to support the three girls until they become of age or marrie and Herman and wife are to receive for this all they can make on the farm above what it take to support themselves and the girls and are to have full posession of the farm during this period

And when the girls arrive at legal ----- or marrie that is when they all have arrived at legal age or married then I want the real estate sold and the proceeds divided equally between my liven children

The wheat ropp which is already made is to go as personal property and to be listed and sold as same. But the balance of the growing ropp is to become Herman Lawson with the exception of what part of the present growing corn is needed to put the stock in a saleable condition must be used that way but with the getting the benefit of the present growing ropp Herman is to pay the rent and fertilize accounts out of his own resourcens also out of the sale of the personal property all of my indebtedness must be paid before there is any division made

And my son Lewis I appoint him his own gurdine bequeath him an extra fifty dollars this being given him as an infant heir also he Lewis is to have one third of the about 4 acres of tobacco now growing but he Lewis is to help tend same tobacco

The life policy willed my beloved wife being and constituting her induvement instenst in my whole estate

I want the house whole and kitchen furniture sold with the real estate and proceeds divided in like manner this July 13 1914.

Signed W.G. Lawson
