Many of the entries and accounts marked as paid, were put into the Office hands for collections without my knowing whether they were legitimate or not, and many which I have returned in their list have no doubt been paid or charged. Some have been charged, but I have no doubt legal evidence of that fact. Of this sort is the account against Major Long, except the part which the Major states belongs to his son, that against Supt. Foster & his W. H. Heyden & J. R. Clark were for money and articles which they went to have as apprentices & servants. I have no doubt the account was liquidated when they left the ship. The account against W. B. Parker was settled when Foster bought the Break Point of Providence, but another acct. is still open. I thought it proper to return it.
