Note 2. from the evidence given in G. Bowman can  
 has been the active agent in the whole of the  
 administrative business - & attended generally  
 to all the business which has been arising, they further  
 find that said Bowman has had the services of a negro boy  
 named David for about three years of the time he has lived  
 down as Adams, which we deem no more than a compensa-  
 tion for his services during the said time. And for which  
 we are willing to allow him. we also find that

310 Said Bowman has acted as agent for about one year & a half longer than the time the said boy has been with him, for which we deem an allowance of \$60 in Common we allow the paper in making the settlement we are fully assured of the sufficiency of the services rendered the estate being involved, now suits started to, and much difficulty in paying off and arranging the debts all of which has been faithfully and effectually attended to by Bowman -

We also report that there is a judgement as John P. Newman for \$1. obtained in the Cumberland Circuit Court in favor of the State, but nothing yet made there, the amount can be ascertained by reference to the Clerk's office - all of which is submitted to the Hon. Court - June 13. 1826.
