Tested Charles
Will

In the name of God amen I Charles Reaves of the County of Fleming and Commonwealth of Kentucky considering the uncertainty of this mortal life and being of sound and perfect mind and memory blessed be allmighty God for the same do make and publish this my last will and last testament in manner and form following (Wiz) Just after paying my just debts and burying the expenses of my burial I give and bequeath unto my beloved wife Sarah Reaves during her natural life all the land on which I now reside except what parts thereof as she may otherwise dispose of with all the improvements thereon all the household & Kitchen furniture all the live stock & all whatever else here may be growing or otherwise that I may die possessed of but provided she should not be inclined to retain all the personal estate to her during above bequeathed until her decease She may at any time surrender any part thereof that she may think proper to my executor hereafter named to be by him (or stock) applied towards paying James Thomas and his wife the amount to them hereafter bequeathed here of household stuff to be applied towards paying for not doing what to her is hereafter bequeathed I do give and bequeath unto my son John Reaves 2 1/2 acres of land to be laid off to him on the east end of the farm aforesaid and within six months after my decease and to be laid off so as to be of equal breadth at the north and south ends. I do also give and bequeath unto my son Charles Reaves Eighty two and one half acres of land to be laid off to him on the west end of the first aforesaid land within six months after my decease as follows (Wiz) beginning at the north west corner of the 28 first aforesaid which is an acre of conveyance from Lewis Craig to me & for

as the case may be pay to them the amount
 that may be found lacking and to ascertain what
 when such case ~~what~~ each of them shall have to pay
 my will is that there be an estimation made
 by the man hereafter named of the value of the lands
 to each of them herein bequeathed to each of them ~~herein~~
~~bequeathed~~ considering in making such estimation the
 privileges ^{that} each is to have that is herein mentioned with
 advantages and disadvantages but any improvements
 that John has or may have made on the land herein
 bequeathed to him since he has been improving thereon
 separately apart to himself is not to be considered
 in such estimation at all but is to be ^{estimated} ~~considered~~ as such
 improvements had never been made and from
 the whole estimated value of Stephens bequest of land
 there shall be paid fifth part of its value strictly in
 consequence of him having to pay the one hundred dollars
 above mentioned in consequence of him having the most
 valuable bequest of land and which so ever of their
 lands shall be found to exceed in value the am-
 ount of the difference of value considering only four fifths
 of the whole value of Stephens shall be paid by him having
 such most valuable bequest of land ~~wherever~~
 it may be and if after adding the same to the
 whole of what is herein above directed to be
 applied or appropriated there shall still be a def-
 iciency then and in that case the ~~Do~~ John and Step-
 hen shall ^{part} pay an equal share of the balance and
 the whole that they may have to pay in such case from
 the estimated value of their lands is to be paid or ^{in trade} ~~paid~~
 and no one payment from any one of them the ~~so~~ John
 and Stephen in such case is to exceed twenty dollars the
 first payment in such case ~~the same~~ to be due at
 the end of twelve months after the decease of my
 wife and provided in case that John and Stephen after
 paying what they may have to pay to make up the am-

herein bequeathed to James Thomas & Hugh they
 shall still have more in value to each one of their single
 parts than the value of the Land herein bequeathed to Charles
 making an estimation of his bequest of land in the
 said manner as herein to be made of John's ^{single} ~~bequest~~ such
 case my will is that John & Stephen pay but Charles in
 trade so much as will make his part in value equal
 to one of their single parts considering only the four fifths
 of the whole value Stephens and further in case John
 & Stephen or any one of them shall have nothing to pay from
 the estimated value of their lands to make up the amount here
 in bequeathed to James Thomas & Hugh it shall not alter the case
 between them & Charles they are still to pay him so much as will
 make his part in value equal to one of their single parts
 in the said manner as ^{is} ~~is~~ herein directed to make
 up the amount herein bequeathed to James Thomas & Hugh and
 provided the one hundred dollars above mentioned that Stephen is
 to pay in consequence of him having the most valuable bequest of land
 or so much thereof as the case may be as may be over after paying
 so much as may be necessary to make up the amount herein
 bequeathed to James Thomas and Hugh to be paid unto Charles
 in the same manner as if it had to be paid unto James &
 Thomas making the part of Charles of equal value with one of
 the single parts of the ~~so~~ John & Stephen but provided the ~~so~~
 John shall have anything to pay from the estimated value of the
 Land herein bequeathed to him to make up the amount
 herein bequeathed to James Thomas & Hugh although what
 is herein directed to be applied or appropriated there to be found
 insufficient for the same and in case of an estimation
 of the lands herein bequeathed to John & Stephen as herein
 directed having taken place and the amount ascertained
 or that they may have to pay to make up the amount bequea-
 thed to James & Charles and apart there being paid off
 on the lands be last if such be the case then and
 in that case they are to pay no more and as to the part
 or whole that they may have paid as the case may be they are
 to recover nothing back nor damages in law thereof

as & whereas it is probable that in laying of the land herein
 bequeathed to John that the line between it and the land
 herein bequeathed to Stephen will interfere with some of the fencing
 on the place then and in case my will is that within

Consistent with law my will and direction in such case
 is that all disputes of unhappy any should arise shall be de-
 cided by three impartial men ^{two} to be chosen by the disputants
 each having the choice of one the third by those two which three men
 chosen shall settle by law or legal construction decide the
 sense of the testator's intention and such decision is to ac-
 cede and purposed to be binding on the parties as if
 it had been by any court of record in the state
