

Your Commissioner and unanimity of opinion that it should be proper to remove the stray pen a few feet below where it now stands in the corner of a lot owned by John Bantam because should it be removed to that place the County would have to keep up a fence on two sides only whereas they have now three. I further am of opinion that should the board be disposed to sell the ground at any time it would sell to a better advantage at the place where it is proposed to move it than where it now stands and am also of opinion that if the board do not think proper to remove the stray pen it will require more fence to repair it which is wiser than it would do to build it anew if moved.
