

Taylor aged 44 years valuation \$250.00
 Julia, aged 7 years valuation 150.00
 Drawn by Mary \$400.00

Namiah, aged 42 years, valuation \$150
 Matt aged 11 years - valuation 225 375.00
 Drawn by Matilda

From the above distribution it will be perceived by the Court that \$955 are each legatee's interest in the above sum of \$1775 - and that Sarah, Mary and Matilda are indebted to the other two legatees - Sarah in the sum of \$45, Mary in the sum of \$45, and Matilda in the sum of \$20 - The Comrs. can not conclude without offering an apology to the Court for their failure in reporting as per Order directed, that is to their family term - Circumstances, however, in the opinion of the Comrs. justified the delay - They committed an error, as they conceived, in reference to the division, which, it seemed desirable, should be corrected, and which could not be done in time to report to the last Court - That error is now corrected and we hope to the advantage and best interest of the heirs - We are now satisfied with our delays, the legatees are satisfied, and we hope the Court will be satisfied. With this impression the Comrs. submit the report to the better judgment of the Court - Made out and signed 20th Feb. 1830.

Mr Henry Dixon, William Green and Gabriel Green Commissioners, appointed by the Henderson County Court to settle and adjust the administration accounts of Francis Mathen administrator of Signatus Barnes deceased, report that we have examined his accounts and vouchers, set down and numbered as above, and it appears that there remains in said Mathens hands, three hundred and twenty seven dollars & 50 cents, and we think from our knowledge of said Mathens trouble in settling the business of said Estate, that 7 per cent as charges above, would be but a moderate compensation - Given under our hands this 2^d day of March 1830.
