

and from the statement of the administrator and from other testimony that said adm^r had instructed his attorney to receive nothing but good money for said Mississippi Debt. But the attorney furnished what was owed the money, was broke, had to take their notes or nothing - we believe the attorney did the best he could for the estate, all the accounts not proven, or fully proven were given to by the administrator - Given under our hands May 20th 1840

The Ad^r of James H. Farmer dec^d Rec^d ap^t of the Estate in Current money to the am^t of \$2098-68¹/₂
his credits including 10 per cent Commission amount to 1985-27¹/₂
but the estate in Current money \$ 413-11¹/₂

The Ad^r also Rec^d in Mississippi money \$ 2000
Deduct 10 per cent Commission 200
Due the Estate in Mississippi money \$ 1800
413-11¹/₂
Aggregate \$ 2213-11¹/₂

Of this aggregate amount the Commissioners report \$2000 in Mississippi money instead of \$1800 which I believe is incorrect, from the above statement. This view of the subject is confirmed by the fact that about \$270 is charge the Estate for expenses in sending to Vicksburg &c. The Ad^r should be allowed to pay only \$1800 in Mississippi money instead of \$2000 as reported by the Commissioners.
