In the Name of God Amen, I George Brunaugh of the County of
Jefferson and State of Kentucky being of sound mind and memory do
make constitute and ordain this to be my last will and testament, First
I have given to my son William Brunaugh at sundry times as far as
kept against him, the sum of Eight hundred and two dollars and fifty
cents, which I now give and bequeath to him as a part of his legacy property.
Second. I have given to my son in law William Dishman at sundry
times in property as far as kept against him the sum of Eight hundred
and two dollars and fifty cents, which I now give and bequeath to the
said William Dishman as part of his legacy. Third I have given to my
son George C Brunaugh at sundry times in property as far as kept
against him the sum of three hundred and twenty dollar and twenty
five cents which I now give and bequeath to the said George C Brunaugh
as a part of his legacy. I also give and bequeath the further sum of
Two hundred and thirty one dollar and twenty five cents to the husband
children of my son George C Brunaugh - I think. It is my will that
my daughter Margaret Brunaugh as she aboves under some mental
and bodily weakness should be taken charge of by my son William
Brunaugh to be boarded and clothed in a decent manner, and that in
my son William in consideration of which shall be paid annually the
sum of fifty dollars by my Executors herein after mentioned but if
the Executors herein mentioned should die before said Margaret, and
a division of my property should take place amongst my children it
is my will that each of my children should pay a proportional part
of fifty dollars to my son William as long as he keeps and supports
my daughter Margaret or if in the said William should fail to
keep and support said Margaret it is my will the sum of fifty dollars
be paid annually to whomever may have charge of her and supports her
decently. In addition to the above bequest to my son William Brunaugh
it is my will that if he takes charge of my daughter Margaret and
keeps her well care and kindred that he be paid out of my estate the
further sum of two hundred dollars provided that my estate even
conveniently pay the above sum of two hundred dollars and not be
prejudiced for it or in other words after my estate is wound up and all
the legacies shall have received their respective bequests -
Then I do give and bequeath to my beloved wife Sarah Eight
hundred & two dollars and fifty cents in property to be retained at the
same rate as near as practicable by her or three men in the neighborhood
who are good judges of the value of property (three men to be chosen
by herself) I say at the same rate as the property given to my son
William, George C, and son in law William Dishman, which valuation
of property will appear by a reference to a book which I kept
the accounts of my son William, George C, and William Dishman in.
It is my will that my wife have choice of property to set out of to
make the above sum of eight hundred and two dollars and fifty cents,
I further more give & bequeath to my beloved wife Sarah the plantation
on which I live during her life if she remains unmarried, if she
remains a widow till death, it is my will that the said plantation be sold.

215. It is my will that the balance of my estate be divided so amongst
 the remainder of my children minors as they become of age or marry (to-wit)
 Lucy Ann, John M., James H., Eliza Jane and Addison. The sum of
 Eight Hundred and two dollars and fifty cents, each so as to make them
 equal to the bequests, I have made to the first mentioned children so be paid
 to them in property to be raised at the same rates as these first named
 children. If any remainder or residue should be of my estate after all the
 above bequests are satisfied and all my just debts are paid it is my will
 that it be equally divided amongst all my children. But if there should
 not be property sufficient to meet the above bequests to Lucy Ann, John M.,
 James H., Eliza Jane and Addison as they become of age or marry then so
 that each may have and every of them must wait for their legacy until
 the plantation is sold and the money for the same realized. It is my will
 that the balance left to Lucy Ann, John M., James H., Eliza Jane and Addison
 remain in the hands of my wife Sarah until they marry or arrive at lawful
 age in consideration of their support education &c. I do hereby constitute
 and appoint my dearly beloved wife Sarah executrix of this my last will
 and testament and also my friend. Executed, it my will
 that they act as such without giving security to the court. Given from
 under my hand and seal this 30th day of May in the year of our Lord

In the name of God, Amos, I Jacob Sedowsky being advanced in age and my health being much impaired but perfectly sound both in mind and memory do make and establish this my last will and testament. Item I give and bequeath to my beloved wife Eliza both during her natural life the following property (to wit) One hundred and fifty acres of land so as to include secure all the improvements where I now live land to commence at the corner of my own James Sedowsky's lot and to extend on the One hundred acres I intend giving him and his children in this will hereafter to be mentioned, and to be laid off in the most suitable form so as to include the 150 acres, and if any thing should happen, my daughter Margaret and children are to have seventy five acres of the land vested to my wife immediately. I also give to my wife two negro men namely Paris & Isaac young and her five children, Mary, Eliza, Malinda, Polly and Henry all during her natural life. I give also to my beloved wife Elizabeth my carriage and such horses of her choice as she may want, and as much of the household and kitchen furniture as she may think she wants, together with three farming utensils and cattle that she may need, to be selected by herself or some friend whom she may choose. Item I give to my daughter Rebecca Margaret's children One hundred & fifty acres of land the same that I have vested to my wife during her natural life, to my daughter Rebecca and her children after my wife's death, to her and her children that she now has or may hereafter have for their own use and benefit and not to be under the control of her husband, but she my daughter to have the whole control of the land during her life and at her death to be equally divided between all her children to each and equal share. Item I give and bequeath to my daughter Sally Kelly's children One hundred acres of land on the south end of my present tract to be laid off by my executors in a suitable form, to her my daughter and her children, and not to be controlled by her husband but she is to have the use or rent of the above hundred acres to manage as she sees best, and at her death, I bequeath the above hundred acres to her children, to each one equal share. Item I give to my son James Sedowsky's children One hundred acres of land to commence adjoining the place where Oa Pasture now lies and to be laid off in a suitable form so as to include one hundred acres for him to occupy during his life and at his death to be equally divided between all his children alive at his death to each an equal share. I also give to my son James my negro man Abraham to be for the benefit of raising his land children, but not to be answerable for the payment of his debts, the land is not to be taken from the children in any case to pay his debts but he is to occupy the land if he chooses to maintain his children

But in case he does not occupy the land, the land and negro man to be rented & stored out so to maintain the children by my executors or if he should wish to move to a new country then my executors shall have power to sell and convey the land above named and to make a good and sufficient title by deed, and to lay the money out in a new country for land for his children and make the title of the land so purchased to all his children with liberty for him to occupy the same during his life or as much of the land as he may need for his own use to occupy. - Item I give and bequeath to my daughter Susan Meigs Twenty-five hundred dollars four hundred of which I have paid for a negro woman I bought for her, the balance of nineteen hundred dollars, I give in the following manner, to wit, First it is my wish knowing that there is now several suits pending between Elizabeth Meigs, John Meigs & James Meigs against Jacob Sedowsky for and James Sedowsky it is my will that out of the nineteen hundred dollars, I now propose to give my daughter, all the costs judgments and all the loss or damage that the Meigs may recover of Jacob & James shall come out of my daughter's share part and this will shall be a sufficient voucher for my executors for paying the same and charging against my daughter's life, or finally my son Jacob & James are not to come out by these suits, but whatever amount they have to pay is to be repaid us above either in damages or costs, the balance of the nineteen hundred dollars that I design for my daughter to make her equal with my other children, I give the interest as soon as it shall or can be put to interest, but if any unforeseen accident shall happen that she may be necessitated for money to support herself during her life, then this money may at the discretion of my executors be laid out or fixed in such way as they may think best during the life of the said Susan Meigs and at her death she is to dispose of the balance that may be in the hands of the executors as she pleases. - Item I have already given to my daughter Peggy (Dedmore) DoD, four hundred dollars and it is my wish that her children should receive what I intended for her, agreeable to my estimate there is yet seven hundred dollars to be given them, which I want to divide equal with them after deducting the money that may be spent in educating the same children by executors, the money to pay these legacies is to be raised by selling all my stock and purchaseable property and the hire of all my negroes not until my wife's death and then the sale of a small piece of land that I have not vested, and if this should not be sufficient to pay of the legacies then it is to be made up from the sale of my negroes after my wife's death to make them two legacies equal to twenty thousand dollars each in the way above described. - Item It is my wish that my son Jacob Sedowsky Jr. should receive out of my estate the value of a small portion of land so as to make his quantity I give him one hundred and fifty acres at the real value of the land for a debt for what may be deficient, Last it is my will & desire that after all my just debts are paid and all the legacies are discharged and after my wife's death that every species of property that is mine shall be sold and the amount equally divided between my five children, that is each child children to receive one part, and lastly as this my will I make and say and ordain that if any person claiming under this will or as my heir shall not stand to this will but shall go to law about my estate, then it is my will that they shall forfeit all their right and their share or shares shall be divided amongst the rest, and last of all I set my hand and seal this 25th June 1830. It is my wish and desire that my wife and my sons Ephraim Sedowsky and Jacob Sedowsky may be my acting executors, Given under my hand Test. Nathaniel, James Sedow, } Jacob Sedowsky, Clerk
