Believing that my time on this earth is but short and wishing to dispose of that little property that may be left after the payment of my just debts (a schedule of which is annexed to this as recollated) I do hereby publish, declare and make this instrument written solely by my self my will. In the first place should I die before I can effect a sale I desire that my property adjoining the Seminary be sold immediately after my death and the hereby give and invest the person that shall act in the business to be appointed by the County Court of Jefferson with the complete title to the same & the proceeds arising from said sale to be applied to the discharge of the debt I am owing to the bank of the Commonwealth at Harrodsburg and should it not be sufficient I desire that my personal property be sold & my books if necessary to pay the whole. The estate of Robert Johnson is owing me two hundred dollars and forty eight dollars and six if Wm. McConnell shall not pay me twenty eight dollars the amount they will owe me will be two hundred and twenty eight dollars for which I hold Wm. McConnell's note. I have a sum her of 5 small debts owing me for schooling &c which I wish to be collected as speedily as possible to pay my other debt. I give during my life or widowhood of my wife Judith in conjunction & jointly (so long as they may continue to gather) with my daughter Nancy Mary Eliza & her husband Charles until he shall attain fourteen years of age the one house & two lots N 109 & 110 which I now occupy that is to

a home for my wife & three little children so long as they continue to need to gather but I have intended to cease at 16 years of age at which time I wish him bound to some trade & labor if thought best after my wife shall die or marry. I think that the property be divided until Mary shall attain to the age of 18 years and then to be sold and the proceeds equally divided between John & Mary Charles and Mary Elizabeth. I give my son George for his ungrateful treatment towards me in my sickness and one fourth of the and nothing more to be paid him immediately after probate of this will my gold watch and chain (should it not be needed to pay my debts I give to my son John to paying Mary and Nancy each fifteen dollars when he shall be free from my debt. I in case either or all of the four named children should die before a division their part is to be divided between their survivors. I in no case whatever is going to get of my property more than the 6/4 cts my express meaning understanding and wish is that my wife is to enjoy the house during her life or widowhood and the children to live with her and in as much as my wife's personal property has not been as yet brought in to common stock with mine I do not intend that she shall be entitled to the one third part of my personal property. It is my will that if my wife should prefer that the brick house shall be sold and the proceeds paid out in a small farm I do hereby vest the person who may act in this case with a full authority to convey the property as I have said. I wish to inform is purchased that the title be made to Daniel B Price in Trust for the benefit of the persons before named began Dec 15th and ended Feb 13
