 the hands of Margaret Garrison

It was Contained before your Commission that the admrs. were  
 to be charged with the debts of the said John Garrison deceased  
 his executors. This claim has not been allowed because  
 execution is not taken from the Court of said State and  
 because it appears that the widow doer, had not been  
 assigned her 1/3 for that reason she was entitled to the plants  
 their rents for the term - There were also claimed 20. 00  
 to him for a slave (which said Garrison owned & which  
 the widow kept this is not allowed because the widow  
 was entitled to doer in said slave and because she is  
 now dead & the same persons heir her estate that do her  
 husband and it appears they will get the same share  
 the one way as the other & also appeared that Rineaid  
 had not taken any Controver over said slave -
