 At a Court held for Montgomery County on the 8th day of
 April 1831 this statement with the Administrator of the
 Estate of John Plank was produced in Court
 examined and ordered to be recorded
 John W. Garrison

Thomas Pitts Esq. a Sheriff and James Smith Esq. Commissioners appointed by the worshipful County Court of Montgomery County to settle with the deceased Henry C. Garrison of the infant heirs of deceased David Davis have this day made the following report, to wit:

The hire of a Negro Man named Frederick who is a blacksmith from the first day of January 1846 to the 31st day of December 1846 inclusive we estimate at \$100 a year exclusive of his clothing bedding and graying his hair

The hire of an old Negro Man named James for the same time at \$80 a year

The hire of a Negro Man named John for the same time at \$60 a year

The hire of a Negro woman Eliza for 5 years commencing the first day of January 1846 and ending the 31st of December 1850 at which time she was taken sick and lingered a long time and then died we estimate at \$24 a year allowing her child named Charlotte to go with her at that time

A Negro woman named Abby for 2 years commencing the first day of January 1846 we estimate at \$84 a year

A Negro Girl named Henry for 2 years commencing the first day of January 1846 we estimate at \$80 a year

A Negro Girl named Cynthia for the same time at \$85 a year

The rent of two houses and a lot and one pasture lot in Mount Airy for the year 1846 the whole

The same houses and lot for the year 1845

The same houses and lot for the year 1846

The rent of the two houses and lot for the year 1847

The rent of the same pasture lot for the year 1847

The rent of the same lot for the year 1848

The rent of the same lot for the year 1849

The rent of the farm of seven years commencing the first day of January 1846 the rent of the farm for seven years from the first day of January 1846 to the 31st of December 1850 inclusive we estimate at \$1207

We think the Davis estate is a credit in the rent of the farm lot for seven years thereon \$1207

We think the Davis estate is a credit of \$585 for the expense of raising seven young slaves from the first of January 1846 to the 31st of December 1850 inclusive

which leaves a balance of \$8998.50 with which

we find that the Davis has paid for Doctor bills for the slaves and for attending the heirs when sick and in the town on the law and slave and for bills in

defending suit for the farm lot \$46.20

which leaves a balance in her hands of

for finding a coffin for Eliza \$5

Balance remaining

for her nursing and attending on Eliza in her sickness for six months before her death

We deduct from this sum one third part in lieu of the share in the law and slave which will leave a

balance in hands belonging to the heirs of

from this sum we take a sum Davis has paid to

which leaves a balance of \$1013.42 to be paid

and among the other eight heirs

the share of each heir is

We are of opinion that William Davis has not made any part of his share of the proceeds of the estate

and the Davis stands indebted to her the amount of his share which is \$1013.42

William Davis came to the age of 21 years about the year 1800 and we are of opinion that between the first day of January 1846 and the time he came of age the Davis as Guardian has expended upon his maintenance and education more than his share of the proceeds of the estate but as the law does not allow her to spend any more than the proceeds we find that the Guardian has expended his share of the proceeds of the estate in his

has as guardian ^{has as guardian} the maintenance and Education
