furniture and in fact all and every article and
thing of property that I own except the above named
lot to be sold and as soon as possible at any time
the year whether there be a crop growing or not and
that to be sold also as soon as possible as a net to
make a sacrifice of the property. And when the
property is disposed of as above named and my
debt funeral expenses paid out of the proceeds
thereof I want Elizabeth my wife to have enough
to support her or what would be considered a
reasonable support to be drawn each year as long
as she lives. I appoint George H. Roach my
Administrator to sell or have sold and collect
the money for the same to pay any debts that
is lawful that may come against my estate
I want the above named Roach to put the money
that my property may sell for to interest until
the death of my wife Elizabeth and then the
balance of the money to be over divided between
my children so as to make them equal shares
in my estate allowances being made for
what one has got before more than another
or the other I have a book account in the hands
of James Fitzhugh which will show what
each has got of my estate.
